HIGHLIGHTS

HIGHLIGHTS

Jawaharlal Nehru University, established in 1966, is a fitting National Memorial to Pandit Jawaharlal Nehru, a great statesman and visionary, and the first Prime Minister of India. Formally inaugurated on 14 November 1969 by Shri V. V. Giri, the then President of India, the University laid down the following objectives for itself:

to disseminate and advance knowledge, wisdom and understanding by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, a democratic way of life, international understanding and a scientific approach to the problems of society.

Towards this end, the University was entrusted with the task of:

- fostering the composite culture of India through the establishment of such departments or institutions as may be required for the study and development of the languages, arts and culture of India;
- taking special measures to encourage students and teachers from all over India to join the University and participate in its academic programmes;
- promoting awareness and understanding of the social needs of the country in the students and teachers and prepare them for fulfilling such needs;
- making special provision for integrated courses in humanities, social science and science and technology in the educational programmes of the University;
- taking appropriate measures for promoting interdisciplinary studies in the University;
- establishing such departments or institutions as may be necessary for the study of languages, literature and life of foreign countries with a view to inculcating an international understanding and holistic perspective amongst students; and
- providing facilities for students and teachers from various countries to participate in the academic programmes and activities of the University.

Given below are details of activities of Schools, Centres and other bodies of the University from 1 April 2018 to 31 March, 2019.

THE SCHOOLS

The University was envisioned as an institution essentially for post-graduate teaching and research. The Academic Advisory Committee of the University had originally planned that the University would be broadly structured into Schools, each with constituent Centres. Today the University has thirteen Schools:

- School of Arts & Aesthetics
- School of Biotechnology
- School of Computational and Integrative Sciences
- School of Computer and Systems Sciences
- School of Engineering
- School of Environmental Sciences
- School of International Studies
- School of Language Literature and Culture Studies
- School of Life Sciences
- Atal Bihari Vajpayee School of Management and Entrepreneurship
- School of Physical Sciences
- School of Sanskrit and Indic Studies
- School of Social Sciences

It also has the following seven Special Centres:

- Special Centre for the Study of North East India
- Centre for the Study of Law and Governance
- Special Centre for Disaster Research
- Special Centre for E-Learning
- Special Centre for Molecular Medicine
- Special Centre for Nanoscience
- Special Centre for the National Security Studies

DEFENCE RESEARCH AND DEVELOPMENT INSTITUTIONS

JNU has granted recognition and accreditation to the following prestigious institutions across the country. This has added to the true national character of the University. Representatives of these institutions serve on various academic and statutory bodies of JNU. Similarly, JNU faculty also participate in the academic bodies of these Institutions.

Defence Institutions

- Army Cadet College, Dehradun
- College of Military Engineering, Pune
- Military College of Electronics and Mechanical Engineering, Secunderabad
- Military College of Telecommunication Engineering, Mhow
- National Defence Academy, Pune
- Indian Naval Academy, Ezhimala, Kerala

Research and Development Institutions

- Centre for Cellular and Molecular Biology, Hyderabad.
- Centre for Development Studies, Thiruvananthapuram.
- Central Drug Research Institute, Lucknow
- Central Institute of Medicinal and Aromatic Plants, Lucknow
- Institute of Microbial Technology, Chandigarh
- International Centre for Genetic Engineering and Biotechnology, New Delhi
- National Institute of Immunology, New Delhi
- Inter-University Accelerator Centre, New Delhi
- Raman Research Institute, Bengaluru
- National Institute of Plant Genome Research, New Delhi
- Bhabha Atomic Research Centre, Trombay, Mumbai
- Inter-University Centre for Astronomy and Astrophysics, Pune
- Translational Health Science and Technology Institute, Faridabad
- Lal Bahadur Shastri National Academy of Administration, Mussoorie

FACULTY

The JNU faculty like the student body is also representative of the diversity of our country. Approximately one third of the faculty members are female. The complete data is given in the table below

Present Strength (as on 31.3.2019)	570	Male	387
		Female	183
Professors	Associate Professors	Assistant Professors	
263	118	189	
Professors Emeritus	Honorary Professors		
22	04		

Academic Achievements

Besides evolving innovative programmes of study and courses, teaching, guiding and conducting research beyond the conventional bounds of their narrow areas of specialization, members of the faculty are engaged in writing and editing books, contributing chapters to volumes, publishing papers and articles, organising and participating in seminars, conferences and workshops, delivering lectures and managing research projects. During 2018 – 2019 their combined output amounted to the following:

● Books	115
● Chapters in books	288
● Papers/Articles in Journals	1024
● Participation in Seminars/Conferences/Workshops	1937
● Lectures delivered (Outside JNU)	1073
● Research Projects	533

STUDENTS

The student community of the University is drawn from all parts of the country and is representative of the linguistic, religious, caste, and economic plurality of Indian society. The data in respect of 2018 – 2019 is given below.

<i>Gender Profile</i>		<i>Social Profile</i>		<i>Programmes</i>	
● Male	3902	● Scheduled Caste	1147	● Research (M.Phil, Ph.D/ Ph.D/Direct Ph.D)	4073
		● Scheduled Tribe	600	● Graduate (MA/M.Sc./MCA)	2385
● Female	3919	● OBC	2565	● Undergraduate (B.A. Hons.)	1016
		● Physically Challenged	199	● Part Time (Undergraduate Level)	202
		● General	3031	● Engineering (B. Tech + M. Phil)	95
		● Foreign Nationals	279	● M. Phil and M. Tech	50
Total	7821				

During 2018 – 2019 following number of students completed their Graduation and Research from JNU:

● Graduates	262
● M.Phil.	840
● Ph.D.	805

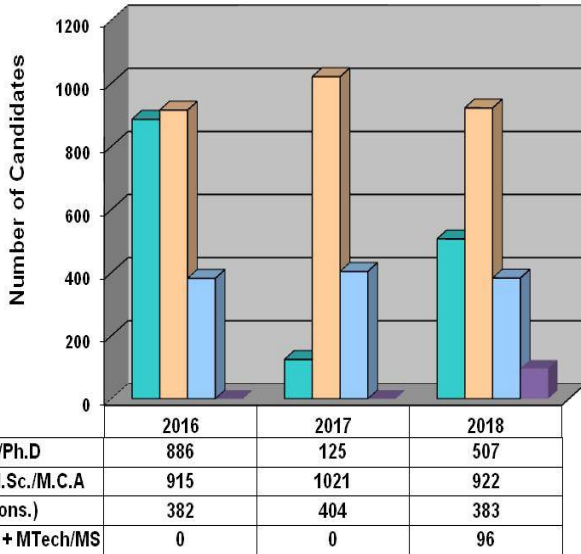

ADMISSIONS

The University admits students through an entrance examination which is conducted at 77 Centres in various parts of the country and at one Centre outside India, i.e. Kathmandu, Nepal. Admission announcements are made in all major national and regional newspapers in English and Indian languages. Admissions are made against a fixed number of seats in each programme of study, on the basis of merit in the admission test.

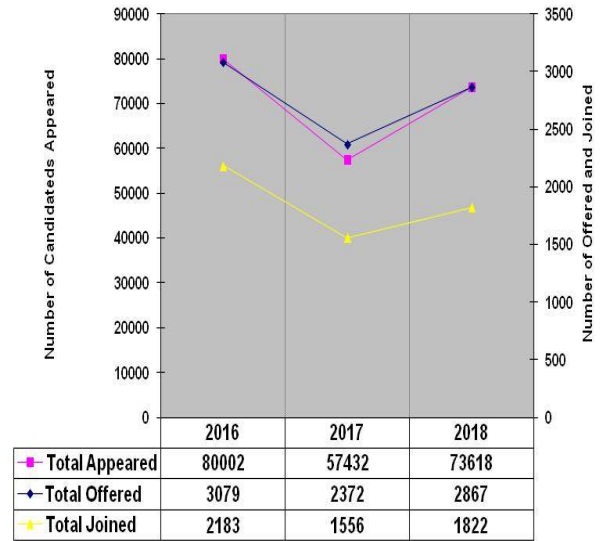

The University also conducts a Combined Entrance Test in M.Sc. Biotechnology, M.Sc (Agri.)/M.V.Sc, and M.Tech (Biotechnology) on behalf of 53 Institutes and Universities, including JNU.

UNIVERSITY LIBRARY

One of the indispensable infrastructural supports for an academic community is the library. The library is under major renovation and has become an intellectual hub for the campus. The library procured 2702 printed books and 31 e-Books worth Rs. 34,72,636.80/- and Rs. 2,34,8479.00/- respectively. The library received 1409 books worth Rs. 3,48,717.25/- as Gifts/ Gratis. The library subscribed to 105 print and online Journals and 28 online databases. Besides this, the Central Library also got access to 14 databases from UGC Infonet Consortia.

UGC – HUMAN RESOURCE DEVELOPMENT CENTRE

Established in 1989, the Academic Staff College (renamed as the Human Resource Development Centre) has been conducting specific Refresher Courses for college and university teachers in International Relations, Social Sciences, Language & Literature Studies, Computer Sciences, Life Sciences, Environmental Sciences, Physics and Biotechnology. It also conducts Orientation Courses in Social and Natural Sciences.

Senior faculty members act as Course Coordinators and scholars from JNU and other institutes act as resource persons. 04 Refresher and 12 Orientation courses were held during the current year.

ADVANCED INSTRUMENTATION RESEARCH FACILITY (AIRF)

The Advanced Instrumentation Research Facility (AIRF) was set up by the university with the state of the art analytical equipments for research in Physical, Biological, Chemical and Environmental Sciences. The Time Resolved Luminescence/ Fluorescence Spectrometer that is one of the analytical equipments of AIRF was installed in the facility in the reporting period and is in regular operation.

The instruments housed in the AIRF are Transmission Electron Microscope (TEM), Scanning Electron Microscope (SEM), Gas Chromatograph Mass Spectrometer (GCMS), Flow Cytometer and Cell Sorter, Circular Dichroism (CD) Spectrometer with Stop Flow, X-ray Diffraction (XRD), Surface Plasmon Resonance (SRR), Liquid Nitrogen Plant, TEM & SEM Sample Preparation Laboratory, Inverted Research Fluorescence Microscope, Manual Hydraulic Press for FTIR, Muffle Furnace, Mixed Signal Oscilloscope, Critical point Dryer, Turbo Freeze Dryer with liquid nitrogen fed cold stage etc.

UNIVERSITY BODIES

The regulating bodies responsible for the functioning of the University are the University Court, the Executive Council, the Academic Council and Statutory Committees such as the Finance Committee.

University Court

The Court is the supreme authority of the University and meets once a year, on a date fixed by the Executive Council, to consider a report on the working of the University during the previous year together with a statement on the receipts and expenditure, the balance sheet as audited and the budget for the next financial year. The Court is vested with the powers to review the acts of the Executive Council and Academic Council (save when these authorities have not acted in accordance with the powers conferred upon them under the Act, the Statutes and the Ordinances) and to exercise the powers of the University not otherwise provided in the Act or the Statutes.

University Court Meeting - 5 December, 2018

The University Court in its meeting on 5 December, 2018 received the Annual Report on the working of the University for the period 1 April, 2017 to 31 March, 2018 with a statement of receipt and expenditure and statement of assets and liabilities as audited for the financial year 2017-2018 and also the budget for the financial year 2018 – 2019.

Executive Council

The Executive Council is the executive body and is inter alia vested with the powers to make appointments of the members of the faculty and other group 'A' officers on the recommendations of the Selection Committees, fix their emoluments and define their duties. The Executive Council is also vested with the powers to maintain discipline amongst the teaching and non-teaching employees in accordance with the provisions of Statutes and Ordinances and manage and regulate the finances, accounts and other administrative affairs of the University.

	-	22 October, 2018
	-	20 November, 2018
	-	15 February, 2019

During the year under review the Executive Council deliberated upon various administrative and academic matters and took important decisions. It also considered and approved action taken by the Vice-Chancellor on matters of urgent nature in exercise of the powers conferred upon him in terms of the Statutes/Organic Ordinances. The Council also approved the action taken by the Vice-Chancellor in approving the recommendations of various Selection Committees for faculty and non-teaching appointments.

Academic Council

The Academic Council is the top academic body of the University and is inter alia vested with the powers to propose establishment of Departments, Special Centres and specialized laboratories to the Executive Council. The Academic Council is also vested with the powers to recommend to the Executive Council the creation and abolition of teaching posts, their classifications, draft ordinances on admissions and examinations, appointment of examiners and fixation of their fees, conferment of honorary degrees and proposals for instituting fellowships, scholarships etc. The Academic Council is further vested with the power to recognize diplomas and degrees of other Universities/Institutions, appoint Committees for admission to the University, make arrangements for the conduct of examinations, fixing dates for holding them and declaring results of various University exams etc.

Academic Council Meetings	-	18 May, 2018
	-	13 July, 2018
	-	5 October, 2018
	-	7 December, 2018
	-	12 February, 2019

During the year under review, the Academic Council in its meetings co-opted members from various institutions, nominated faculty members/experts on the Boards of Studies/ Special Committees of various Schools / Special Centres and received factual data for admissions in 2016-2017.

FINANCE COMMITTEE

The Finance Committee is a statutory body of the University. It considers the Budget and Expenditure proposals, all proposals for new/additional posts, accounts of the University, the Audit Report and all other financial and accounting matters. Its recommendations go for approval of the Executive Council.

Finance Committee Meetings	-	21 June, 2018
	-	16 November, 2018
	-	8 February, 2019

In its meetings the Finance Committee approved the Revised Estimates of the University for 2018 – 2019 at the level of Rs.31766.91/- lakhs and Rs. 15239.39/- lakhs net on "Salary (036) and Recurring (031)" respectively.

THE LEGEND

ACADEMIC PROGRAMMES AND ADMISSIONS

UNIVERSITY BODIES

The Legend

A university stands for humanism, for tolerance, for reason, for the adventure of ideas and for the search of truth. It stands for the onward march of the human race towards ever higher objectives. If the universities discharge their duties adequately, then it is well with the Nation and the People.

This visionary statement by the first Prime Minister of Independent India on the occasion of the diamond jubilee celebration of Allahabad University on 13 December, 1947, reflects the great importance that Jawaharlal Nehru attached to university education in India. He firmly believed that universities could play a crucial role in shaping and strengthening the life of a nation by inculcating in their students the cardinal values in which he believed.

As a fitting tribute to his vision, Jawaharlal Nehru University was established in 1966 under the JNU Act, 1966 (53 of 1966). As a further mark of respect, the University was formally inaugurated by the late Sh. V. V. Giri, the then President of India, on the birthday of Panditji on 14 November 1969, which also coincided with the birth centenary year of Mahatma Gandhi.

The University's objectives are:

to disseminate and advance knowledge wisdom and understanding, by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, democratic way of life, international understanding and a scientific approach to the problems of society.

The uniqueness of JNU is evident from its basic philosophy, policies and programmes which are spelt out and embodied in the University Act. Accordingly, the University has always striven to evolve such policies and programmes of study as would be a qualitative and distinct addition to the national resource base in higher education instead of reflecting mere quantitative expansions of the existing facilities. The University thus has been concentrating on programmes that are of relevance to national progress and development. In this regard, the University has taken the following initiatives:

- A conscious effort has been made to promote ideas of national integration, secularism, scientific outlook, cosmopolitan and humanistic approach towards life.
- The national character of the University has been maintained by selecting students and faculty from all regions of the country.
- An interdisciplinary approach to teaching and research has been promoted in recognition of the fact that knowledge is indivisible and, accordingly, a structure of Schools and Centres of teaching has been established.
- The emphasis on teaching and research in non-conventional areas has ensured that duplication of facilities available in other universities is avoided as far as possible.
- Care has been taken to establish a model School of Language Teaching and Research in Indian as well as foreign languages with well-equipped language laboratories and Centres, where the study of the literature, culture and civilization of the countries concerned becomes feasible and effective.
- A system has been evolved whereby main academic decisions, such as the courses to be taught, their content and the methods of evaluation, are taken by the teachers themselves.
- Admissions are made entirely on merit through an open all-India Entrance Examination, held at 77 centres across the country.
- In accordance with the policy of the Government of India, the University provides reservations in both students' admissions.
- There is a liberal provision for merit-cum-means scholarships/fellowships. Students as well as faculty members are provided with financial support to undertake field trips in connection with their research both within the country and abroad.
- Participation in exchange programmes with universities/institutes abroad is encouraged to promote international understanding. The University has signed Memoranda of Understanding with a large number of foreign universities and institutions.
- A Grievance Redressal Committee has been set up to promote cordial relations between the students and the University administration.

- The University has been organising successfully the combined Biotechnology Entrance Examination for admission to M.Sc. in Biotechnology, M.Sc. in Agriculture Biotechnology, M.V.Sc. (Animal) Biotechnology and M.Tech. programme in Biotechnology of 53 participating universities for a number of years. This entrance examination is conducted all over the country alongwith JNU.

The University was envisioned as essentially a post-graduate teaching and research institution. Presently, the University is structured into thirteen Schools:

1. School of Arts and Aesthetics
2. School of Biotechnology
3. School of Computer and Systems Sciences
4. School of Computational and Integrative Sciences (earlier School of Information Technology)

ADMISSION PROCESS

Admission to various programmes of study is regulated by policy and procedure approved by the Academic Council of the University from time to time.

The approximate number of seats available in each programme of study is decided by the Academic Council on the recommendations of the Centres/Schools concerned.

Reservation in admissions: The University provides (15% for SC and 7.5% for ST,) 27% for OBC category and 5% for the person with disability. Over and above the intake fixed for each programme, 15% of seats are also reserved for foreign nationals, (except M.Phil/Ph.D. and Ph.D. programme). Of this quota of 15%, upto 7.5% of seats are reserved for those appearing in the entrance examination and the remaining 7.5% for candidates applying from abroad whose cases are considered in Absentia. The ratio is interchangeable if necessary.

Admission Notice: The admission notification is published all over India through advertisements in leading newspapers and employment news.

Written test: The written test for admission to various programmes of study is held at various centres all over the country. A question paper of three hours duration is set for each programme or each set of programmes of study. The tests are spread over four days, with two sessions of three hours on each day. Admission is made purely on merit, taking into account the candidate's performance in the written examination and the viva-voce, wherever prescribed.

Eligibility requirements for appearing in the entrance test: The eligibility criteria (for both general and reserved category candidates) for appearing in the entrance examination are formulated as per the guidelines laid down by the University in this regard. Candidates who are appearing in their respective qualifying examinations are also permitted to appear in the entrance examination. In the event of selection, however, their admission is subject to their passing and securing the prescribed percentage of marks in the qualifying examination and submission of all documents, including the final marksheet of the qualifying examination at the time of admission. The last date for admission to any programme of study is 14 August, 2018 and no admission is permitted thereafter.

Viva-voce examination: Candidates seeking admission to M.Phil./Ph.D., Ph.D programmes are required to appear for a viva-voce examination which is assigned 100% marks and M.Tech, MPH, M.Sc. in Computational Biology, M.Sc. in Molecular Medicine, MA programmes in foreign languages (other than English) B.A. (Hons) 2nd year & Part – Time Programmes are required to appear for a viva-voce examination which is assigned 20% marks. For M.Phil./Ph.D. and Ph.D, all candidates who have secured a minimum of 50% marks in the written examination are invited for viva voce. For M.Tech, MPH, M.Sc. in Computational Biology, M.Sc. in Molecular Medicine, M.A., B.A. (Hons) 2nd Year and Part-time programmes where viva voce is prescribed, cut off of 25% for General Category, 22.50% marks for OBC Category, and 15% marks for SC/ST/PWD Category out of 70% marks in the written test is the eligibility to be called for the viva-voce examination.

Selection of candidates: Separate merit lists are prepared for General Category, SC, ST, PWD and OBC candidates and foreign nationals for each course/programme of study. Final selection of candidates is made on the basis of their *inter se* merit in their respective categories based on their performance in the written test and viva-voce examination (wherever prescribed) and the score of deprivation points (wherever applicable).

Registration: The candidates who are selected for admission are required to complete all registration formalities within the time schedule drawn up by the university.

(xx) Advanced Instrumental Research Faculty (AIRF):

Ministry of Science, Department of Biotechnology have recently sanctioned a major project of Rs. 4.58 crore (approx.) "JNU-DBT National Training and Skill Development Facility for state of the art equipment used in industry and academics", to Advanced Instrumentation Research Facility (AIRF).

Objectives of this facility are:

- 1) to provide classroom theoretical and practical training by conducting seminars/ workshops / advanced courses for researchers/ faculty members;
- 2) to Contribute to the intellectual input in research to aid innovation/ process development leading to patents/ publications/ international scientific recognitions.
- 3) To expand, upgrade and maintain a state-of-the-art instrumentation facility catering to the scientific community of JNU and other universities/ research organizations, to ensure quality research at affordable costs.

Achievements of AIRF during the year under report are illustrated below:-

(xxi) Linguistic Empowerment Cell:

Linguistic Empowerment Cell (LEC) is a unique capacity building system evolved by JNU to empower the students, a very heterogeneous population, coming from different sections of the society and remote regions of the country who get admission with deprivation points system of JNU. LEC runs courses in English, Hindi and Sanskrit Languages to the Indian and foreign students. Indian Sign Language is again a new and notable programme offered by LEC. And now, LEC is all set to offer 'English Language Training for Foreign diplomats and professionals under ITEC-MEA programme' from the next academic session sponsored by Ministry of External Affairs, Government of India.

(xxii) Mathematical & Computational Empowerment Cell:

A fair degree of competence and skill in the application of mathematical, statistical and computational frameworks have become indispensable for pursuing advanced academic research in any discipline. Recognizing

this fact, JNU established a Mathematical and Computational Empowerment Cell (a university- level programme) in 2012. The Cell works directly under the university's administrative control as a university facility.

In fulfillment of this objective, the M&CEC offers courses (Basic & Advance levels) on :

- (1) **Mathematics**
- (2) **Probability & Statistics**
- (3) **Computational Techniques and Data Analysis**

(xxiii) Internal Quality Assurance Cell (IQAC):

IQAC was established in January, 2012 to promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices in the university. The Committee meets periodically to access the system of promotion and suggest ways to resolve anomalies in the API system and improve functioning of IQAC. However, IQAC with its limited resources has been able to focus on the followings issues of urgent and immediate nature:

- Faculty Recruitment – Direct & Promotion under CAS
- Preparation of AQAR and NAAC related activities

(xxiv) JNU Alumni Affairs Cell & Alumni Association of JNU (AAJ):-

The Alumni office and AAJ organized a number of activities during the year, to develop Alumni Network of JNU. The objective is to foster close bonds among JNU alumni across the globe as also between the JNU alumni and the University. At present, 7 Members of Parliament are JNU alumni; two are holding ministerial positions. JNU takes pride in the achievements of its alumni.

(xxv) Equal Opportunity Office:-

Equal Opportunity Office (EOO) is the first of its kind in the country to aid and advise students belonging to marginalized sections including the scheduled castes, scheduled tribes, other backward classes, minority communities, persons with disabilities, etc. pursuing various programmes of study.

Additional facilities made available to visually/ physically impaired students during the year include the following:

- Angle Daisy Players: 90 to all Visually Impaired Students
- Laptops: 90 to all Visually Impaired Students
- Wheelchairs: 15 (for Physically challenged students)
- Locker facility to all visually / physically challenged students on demand
- Blind sticks for visually impaired students.

The Equal Opportunity Office has been committed to fulfilling its mandate of maintaining social harmony among various sections of the University community. Whenever any case of social discrimination is brought before the Equal Opportunity Office, it is thoroughly investigated and examined and suitable action is recommended. In order to further strengthen the mechanism of ensuring equal opportunity and to check cases of discrimination, Rector-I has been nominated as Anti-Discriminatory Officer.

- **Remedial Classes**

The Centres/Schools conduct Remedial Classes for SC/ST/OBC (NC) minority community students as per UGC Scheme. The main objective of these classes is to make up the deficiency in the core subjects and optional subjects; improve academic skills; raise level of comprehension of basic subjects as well as to provide stronger foundation for further academic work and to strengthen their knowledge' skills in such subjects where quantitative and qualitative and laboratory activities are involved.

(xxvi) Internal Complaints Committee (ICC): -

- (x) Approved WiFi services (Item No. 1 and Item No. 7) to run through Operation Expenditure (OPEX) as recommended by the Communication & Information Services Advisory Committee (CISAC).

Item No. 1 - Provision to Provide Internet Access over Wi-Fi Services on Chargeable Basis (Through Opex Model)

The objective is to provide sustainable internet access to users through Wi-Fi services in the Residential Areas, Convention Centre, Guest Houses, HRDC, JNIAS and other areas of the campus except the Academic Complexes. The internet service through WiFi in the Academic complexes is free of cost.

The CISAC Committee resolved to charge the following tariff matrix from the users under IT services:

- **Guest Houses, HRDS Hostels, JNIAS** – Rs.20/Room/Day
- **Faculty and Group-A Officers** – Rs.200/Month, for residents of Multi Storey Blocks and Transit Houses, applicable to Wi-Fi deployed areas only
- **Staff (Group B & C only excluding the erstwhile Group D)** – Rs.100/Month – Applicable to Wi-Fi deployed residential areas of the campus
- **Convention Centre, HRDC, GIAN Trainings / Seminars / Workshops** – 500/- for block of 50 users/day, to be opted by the organizer in the registration form at the time of booking.

These charges will be collected through the existing procedures of the University. The collected funds will be transferred to CIS for operational management of ICT services. Applicable GST, if any, will be charged as per GST Rules by the Finance Branch.

Item No. 7 – Wi-Fi Network in Residential Area (Multi Storey and Transit Houses)

The CIS Advisory Committee recommended that the Wi-Fi services at the Multi Storey Towers – Type 4 Houses and Transit Houses (old and New) will be on chargeable basis and will be activated after approval of the proposed IT services tariff matrix by the competent authority. The proposal of tariff matrix is already covered under the Item No.1 above.

It was also decided to set-up a Committee for working out modalities to utilize the money collected from the users of WiFi services. (6.20/25.06.2018).

School of Arts and Aesthetics (SAA)

The School of Arts and Aesthetics offers post-graduate degree courses (MA, M Phil and Ph D) in the theoretical and critical study of cinema, visual and the performing arts. Unlike other schools of fine art, theatre, dance and media studies that teach the practice of the arts (painting, dancing, filmmaking) this is a Humanities School that offers rigorous and advanced- level training in history and criticism of the arts, producing a cadre of scholars, critics and historians of the arts. The MA course offered by the School is cross-disciplinary, with a range of core courses that offer an introduction to the visual, cinematic and performing arts. Optional courses allow for a more intense engagement within the MA with particular areas or methods. The M.Phil programme offers a specialized focus in each of the three disciplines viz. Cinema Studies, Theatre and Performance Studies, and Art History and Visual Studies.

The School's pedagogy and research takes into account new ways of thinking about culture using a wide array of critical and theoretical approaches. During the course of their studies, students are introduced to a range of research methods that combine archival, ethnographic, theoretical and cultural approaches and are encouraged to create theory-practice interface. The faculty also encourages students to visit museums, exhibitions, and monuments and to attend festivals of theatre, film, dance and music. The school frequently hosts interactive sessions with eminent scholars and practitioners from within the country as well as from overseas.

Over the years the School has also built up a valuable and expanding library and archive of photographs, audio and video recordings. The use of multimedia in teaching helps students maintain live contact with performance, visual art and film. Students are encouraged to undertake field trips, learn documentation methods, to curate exhibitions in the art gallery, to organize film festivals on specific themes and observe performance practices. The School continues to enrich the cultural environment of the University and the larger cause of the art studies. Through its degree programmes, research output, conferences, seminars, popular and scholarly publications, curatorial and performative projects and its alumni who are working in innumerable arts institutions and centres of learning, the School of Arts and Aesthetics has made a mark in the fields both in India and abroad.

Students Awarded Degrees (SBT)

School of Biotechnology (SBT)

Jawaharlal Nehru University was one of the first six Universities in India to initiate a Postgraduate teaching and research programme in the field of Biotechnology in 1985. Since 1985, it was running as the Special Centre for Biotechnology (CBT) under the joint sponsorship of the University Grants Commission (UGC) and the Department of Biotechnology (DBT), Ministry of Science & Technology, Govt. of India. To begin with, it was started to initiate Biotechnology education programme with an impetus to generate a workforce that could turn into a substantially trained pool to meet the country's demands. Considering the growth of Biotechnology at an international level, its applications in general spheres of life and the significant contributions made by the faculty of the Centre for Biotechnology, the Executive Council of JNU resolved to elevate the status of the Special Centre for Biotechnology to that of a School of Biotechnology (SBT) in 2006. Over the years, Biotechnology programme at JNU has established itself as a leading academic programme both from the teaching and research point of view. School of Biotechnology has ranked at number one position in the country consistently over many years by Bio-spectrum, Bengaluru and last year by Biotechnology Consortium India Ltd. (BCIL), New Delhi. The faculty of the School is internationally recognized for their contribution to basic and applied aspects of Biotechnology research.

Research Specializations Offered

- "Infectious Disease Biology & Vaccine Development
- Immunology of the Infectious Diseases and Vaccine Development
- Functional Genomics of Complex Diseases (i.e.Type2 Diabetes, Obesity, Dyslipidemia, etc.).
- Oxygen Biology & Microenvironment
- Transcription Control and Gene Regulation
- Protein Stability, Conformation and Folding
- Protein Aggregation and Amyloid Fibril Formation
- Bioprocess Monitoring and Modelling of the Recombinant Cultures; Metabolic engineering and Scale-up of the Recombinant Proteins
- Molecular Biophysics, Structural and Computational Biology
- Biochemical Engineering (Bioprocess Simulation)
- Bio-organic and Bio-conjugate Chemistry
- Nanobiotechnology, Microfluidics and Biosensor Development
- Virus Mediated Signal Transduction
- Molecular Cell Biology
- Optogenetics, Cilia Biology and Ciliopathies
- Recombinant DNA Technology and Cell Biology of the Genetic Disorders
- Metagenomics and Bioremediation
- Plant Molecular Biology and Plant Biotechnology
- Synthetic Biology and Genome Engineering

Research Facilities

The School has excellent state-of-the-art research facilities for training in the modern areas of biological sciences. These include:

- Central Instrumentation Facility (CIF)
- Computer Lab for Computational Biology, Simulations and Bioinformatics
- Biosafety Level 3 (BSL3) Facility
- Biosafety Level 2 (BSL2) Facility
- Recombinant Product Development Facility
- Protein Production, Purification and Characterization Facility
- Spectroscopic Facility
- Microcalorimetric Facility
- Microscopic Facility
- Animal Cell Culture Facility

- Plant Tissue Culture Facility
- Algal Culture Facility
- BD FACSAria Fusion Flow Cytometer and Sorter (4 Laser, 16 Colors) for Cell Analysis

Seminar Organised by the School

- Prof. Alok Chaturvedi, Professor of Management & Computer Science, Purdue University, “Big Data and Agent-based Simulation for Strategy Mining”, School of Biotechnology, JNU, New Delhi, 9 May, 2018

Conferences /Lecture Organised by the School (03)

- “BioEpoch 2018”, Annual Conference of School of Biotechnology, Jawaharlal Nehru University, New Delhi, 21 April, 2018.
- “The Ninth Professor P.N. Srivastava Endowment lecture on ‘Air Pollution & Health’ ” delivered by Dr. Randeep Guleria, Director, AIIMS, 4 October, 2018.
- “BioEpoch 2019”, Annual Conference of School of Biotechnology, Jawaharlal Nehru University, New Delhi, 14 March, 2019

List of Patent Filed by the SBT Faculty

National Patents filed:

- Reversal of latency of retroviruses with Galectin protein. US patent publication number: 20180153901; filed: 10 March, 2016; Publication date: 7 June, 2018. Inventors: Satish K. Pillai, Mohamed Abdel-Mohsen, Leonard Chavez, Lishomwa Ndhlovu, **Tandon Ravi**, Toshiro Niki, Misuomi Harashima
- **Bhattacharya Jaydeep**, Ranjita Ghosh Moulick, Ashwathi Asha Madhavan, Subhavna Juneja, A Gold nanoparticle based colorimetric biosensor for the detection of Advanced Glycation End Products- Patent Application Number-201811014098, 12 April, 2018
- **Bhattacharya Jaydeep**, Rupesh Chaturvedi, Ajita Jindal, Bio-Engineered mesoporous dialysis nano beads for specific removal of excess body toxins, water and ions from kidney failure patients. Patent Application No: 201711020373, 10 June, 2018
- **Bhattacharya Jaydeep**, Sounik Sarkar, Roshni Thapa; Antibiotic Delivery System; Patent Application No: 201811019105, 22 May, 2018

Students’ Achievements

- Ms. Priyanka Singh, (**R. Bhat**) received European Molecular Biology Organisation (EMBO) short-term fellowship award to carry out advanced research in the area of Ion mobility Mass spectroscopy of human brain synuclein protein in the presence of neurotransmitters, at the Michael Barber Centre for Collaborative Mass Spectrometry, Manchester Institute of Biotechnology, UK, January – March, 2019
- Ms. Priyanka Singh, (**R. Bhat**) presented her research work entitled “The neurotransmitter noradrenaline binds α -synuclein and modulates its structure and aggregation properties” at the 32nd Annual Protein Society Symposium held at Boston, 9 – 12 July, 2018

School of Computational and Integrative Sciences (SC&IS)

The **School of Computational and Integrative Sciences (SCIS)**, Jawaharlal Nehru University, presently has two academic groups dedicated to the areas of *Computational Biology and Bioinformatics* on the one hand and a *Center of Excellence of the Department of Biotechnology, Govt. of India*. The overarching objective of the School is to develop and apply computational methods and techniques in different subject domain cutting across disciplines, and particularly life sciences. This mission is reflected in the diverse faculty profile of the school which comprises researchers from fields as varied as Genomics, Computational Biology, Plant Biology, Complex Systems, Bioenergy, Statistical Data Analysis and Modeling, Theoretical and Computational Chemistry, Petri nets and Graph Theory, Mathematical Biology, Computational Radio Frequency and Microwave, Antenna applications for Biomedical application. The integrative and interdisciplinary mode of the school is unique in the University system.

Programmes of Study

- Teaching and research programs in **Computational and Systems Biology** involve undertaking research, development, and application of computational tools and approaches in expanding the use of biological, agricultural, medical, behavioral or health data, including those to acquire, store, organize, archive, analyze, or visualize such vast data. In addition, research programs focus more on the development and application of data analytical and theoretical methods, mathematical modeling and computational simulation techniques to the study of biological, behavioral, and social systems.
- The School has initiated a program in **Complex Systems** which will study the behavior of mathematical, physical, living and social systems, identify patterns that underlie these inter-related systems, and examine properties such as emergence, evolution, network, structure and dynamics of these systems in a competitive environment.
- Taking note of the data explosion and emerging presents SCIS an ambitious Post Graduate Diploma in Big Data Analytics in Bioinformatics to augment human resource in this new area. This short-term academic programme is much needed now to keep pace with technological advances and societal needs.

The teaching and research programs are supported by good computational and communication infrastructure. The School manages a centralized facility for high-performance computers, consisting of computer clusters with multiprocessor nodes, large-memory nodes and GPUs to facilitate specialized research. The school takes pride in being among the country's best institutions in imparting high-value employability-related skills to its students such as in genomics data analytics, molecular simulations, data science and financial modeling and simulation.

We have set-up a small-scale experimental facility to validate theoretical prediction and test innovative ideas as a small scale. These test beds are part and parcel of the school and seemingly drives our innovative idea.

The School organizes International conferences and many seminars/symposiums regularly for the benefit of the academic community. Faculty of SCIS also has great collaboration with industry in their research and development efforts. Similarly SCIS has several MoUs with leading Universities of the world to provide exposure collaboration and cooperation for faculty and students in a mutually benefited way.

Academic programmes of the School

- Ph.D. program in Computational Biology and Bioinformatics/Complex Systems
- M.Sc. programme in Computational and Integrative Sciences
- Post-Graduate Diploma in Big Data Analytics (Biological data)

Conferences Organized by the School

- Summer School 2018 @ SCIS: a Series of workshops organized by Prof. Andrew M.Lynn, 18 June – 27 August, 2018
- GIAN Workshop Series on “Synthetic Analog Circuit Design in Living Cells”, organized by Prof. Andrew M. Lynn, 30 July – 4 August, 2018

- International Conference on “Bioinformatics (INCOB18)”, organized by Prof. Shandar Ahmad, 26 – 28 September, 2018
- GIAN: Cloud-based bioinformatics with Spark, organized by Prof. Shandar Ahmad, 3 – 7 October, 2018
- CNSD18: the Conference on “Nonlinear Systems and Dynamics”, organized by Dr. Brojen Singh, 11 – 14 October, 2018
- International workshop on “Multi-scale Simulation & Mathematical Modelling of Complex Biological Systems”, organized Dr. Arnab Bhattacharjee, 28 – 29 January, 2019
- International conference on “Multi-scale Simulation & Mathematical Modelling of Complex Biological Systems”, organized Dr. Arnab Bhattacharjee, 30 January – 1 February, 2019

Accomplishment of Students

- Mr. Syed Shariq Husain, a Ph.D. student, attended an International School on “Computational Social Science and Complex Systems”, (Varenna CS 2018), Italy, 16 – 21 July, 2018
- Mr. Amit Jangid, a Ph.D. Student attended the 3rd Symposium on complex Biodynamics and networks at Singapore, 10 – 12 December, 2018
- Rakesh Srivastava, Participated in the CECAM Workshop “Multiscale Modeling from Macromolecules to Cell: Opportunities and Challenges of Biomolecular Simulations”, held at the CECAM headquarters based in EPFL Campus, Lausanne, Switzerland, 4 – 6 February, 2019

Future Plans

The centre aims to focus heavily on data-driven sciences with the purpose of software and tools that can be developed together with industry and that can be commercialized over time. Machine learning, big data analytics, artificial intelligence and genomics level software solutions will be a major focus. Application of machine learning and advance data analytics techniques to the molecular simulations will be another set of focus areas.

SCHOOL OF COMPUTER AND SYSTEM SCIENCES

School of Computer and Systems Sciences (SC&SS)

The School of Computer and Systems Sciences was established in 1975. It is among the first few institutions in the country to offer degree in Computer Science & Technology. The School offers Masters and Research programs leading to degrees in M.Tech., MCA in Computer Science and Technology and Ph.D. in the areas of Computer and Systems Sciences. The School attracts the very best and most talented students from all over the country. The large number of applicants for admissions to the research programme of the School clearly indicates the prestige, reputation and popularity of the programmes offered by the school. This trend is also prevalent in the case of admission seekers from neighboring and other foreign countries. Besides the teaching and research programmes of the School, the School has been engaging methods and ways to stimulate research further and enhance the learning skills of the students by organizing weekly research seminars and National Seminar-Cum-Technical Festival for students from across India.

3rd International Mini Workshop on VLSI Design & Embedded Systems, 9 – 11 January, 2019

School of Computer & Systems Sciences and School of Engineering organized the 3rd international mini-workshop on VLSI Systems on 9 – 11 January, 2019 at School of Computer & Systems Sciences, Jawaharlal Nehru University. The coordinators of the workshop were Dr.A. Srivastava and Dr. Poonam Agarwal. The workshop was intended to provide opportunity to the participants to upgrade their knowledge in recent advances in Information Technology with special focus on VLSI Design and Embedded Systems. Eminent researchers in the area of VLSI design and Embedded Systems delivered talks in the workshop.

The Vice-Chancellor Prof. M Jagadesh Kumar, inaugurated the workshop. He also delivered an invited speech on the journey of semiconductor devices from its inception along with state of the art device designs. Two overseas speakers Prof. Manoj Sachdev from the University of Waterloo, Canada and Prof. Masahiro Fujita from the University of Tokyo, Japan jointly chaired the session with the honorable Vice-Chancellor.

Speakers from academia included Prof. M. Balakrishnan (IIT Delhi), Prof. Raj Singh (Director, CSIR-CEERI, Pilani), Prof. A.S. Mandal (Chief Scientist, CSIR-CEERI, Pilani) and speakers from industries included Mr. Alok Jain (VP R&D, System & Verification Group, Cadence), Mr. Amardeep Punhani (Director R&D, NXP Auto BU), Mr. Sanjay (Technical Leader, ST Microelectronics).The workshop was intended to provide foundations of TCAD Tools, introduction to Device Simulation, ASIC design implementation Flow, VLSI Verification, and VLSI testing by experience people from industries like Eigen, CoreEL.

The Workshop was attended by more than 50 participants from Academia and Industry which included IIT Delhi, NIT Delhi, Jamia Millia Islamia University University, DMSRU Lucknow, NSIT Delhi, THDC Uttarakhand, etc. Of the volunteers, to mention a few active members were L. Beloni Devi (PhD student), Amit Sharma (PhD student), Rakesh Kumar (PhD Student) and Jitendra Kumar (PhD Student). The workshop was concluded with certificate distribution and vote of thank by Prof. D.K. Lobiyal (Dean SC&SS, JNU).

Workshop on Computer Vision and Machine Learning using Python (WCVMLPy 2019), 1 – 2 February, 2019

The School of Computer and Systems Sciences organized a “Workshop on Computer Vision and Machine Learning using Python (WCVMLPy 2019)” on February 1 – 2, 2019 at the Seminar Hall of the School of Computer and Systems Sciences. The coordinators of the event were Dr. Ayesha Choudhary and Dr. Aditi Sharan. The main aim of the workshop was to introduce the subjects of Computer Vision and Machine Learning to undergraduate and post-graduate students as well as give them hands-on Python training from the very basics to developing application in computer vision and machine learning. More than 35 participants from School of Computer and Systems Sciences, School of Computational and Integrative Sciences and School of Engineering and colleges in Delhi benefitted from the application based workshop curriculum. The workshop was inaugurated by Prof. D. K. Lobiyal, Dean, SC&SS, with inspiring words, motivating the students to learn and explore the new subjects with zeal. Prof. R. K. Agarwal and Dean, SOE gave an enlightening lecture and introduced Machine Learning to the audience. Mr. Tanmoy Deb from Equinox Techlabs took the sessions on Computer Vision as well as the hands-on sessions in Python. Overall, it was a successful workshop with students yearning for further such events.

School of Engineering (SE)

The School of Engineering offers five-year dual degree programmes with BTech in an Engineering discipline, and a Master's (MS/MTech) programme with specializations in Social Sciences/Humanities/Science/Technology. The School has attracted bright students for the academic year 2018-2019 in two streams: (a) Computer Science and Engineering and (b) Electronic and Communication Engineering through JoSAA-2018 on the basis of Joint Entrance Examination (JEE) Main Ranking from all over the country.

The five-year dual degree programme is one of the very few programmes in the country, where the student would acquire skills in Technology and its application to a sustainable development of society. In the first half of the dual degree programme, the students would need to do compulsory foundation courses in the areas of basic sciences, humanities, social sciences and engineering sciences apart from their departmental requirements in the core engineering discipline. The students will have option of choosing open category electives from a pool of courses to develop a broad interdisciplinary knowledge base. This will provide them with an opportunity to do MS/MTech in an area outside their parent discipline. The dual degree programme in JNU is novel in the sense that it would provide an opportunity to the students, especially in their fourth and fifth years of their programme to involve themselves in projects/dissertations and courses on Humanities, International Studies, Sciences, Languages, Linguistics and Social Sciences, in order to understand the demands of such disciplines and acquaint themselves with the frontier areas. Also, the proposed programme would offer beyond these goals a special set of skills that makes engineers sensitive to their social and environmental responsibility.

The School plans to start the following two programmes from the academic year 2020-21:

- Ph. D in Computer Science and Engineering
- Ph. D in Electronic and Communication Engineering

Seminars organized by School of Engineering

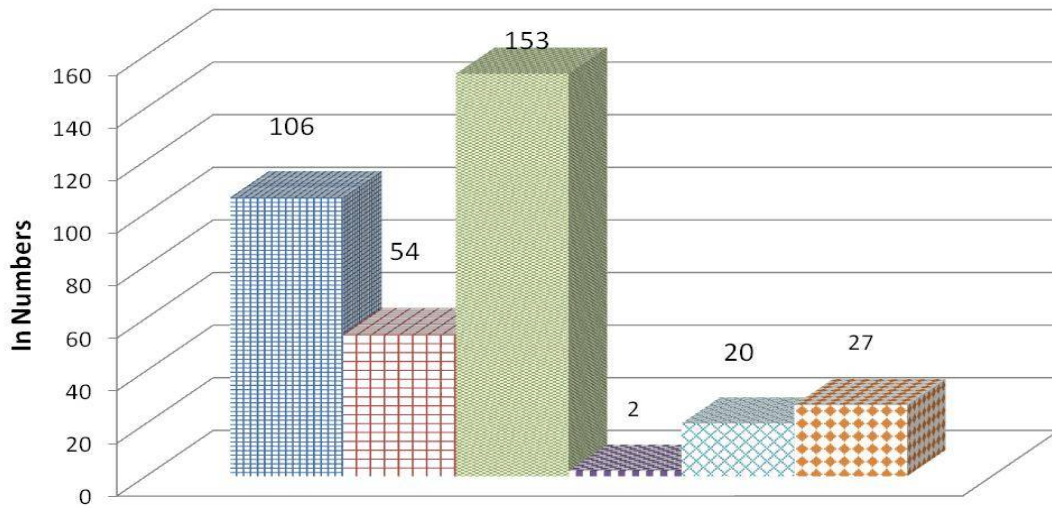

- Dr. Naresh K. Sehgal, Director of Datacentre Security, Intel Corp, "Cloud Computing Concepts and Practices", 7 September, 2018
- Prof. Kim Do Young, Director, Korean Studies, Faculty of Humanities and Languages, Jamia Millia Islamia University, New Delhi, "Korean Language Education and Industry in India", 19 September, 2018
- Shrikanth (Shri) Narayanan, University of Southern California, Los Angeles, "Engineering and Speech Science: From Data and Models to Applications", 21 September, 2018
- Prof. Masahiro Fujito, VLSI design and Education Centre, University of Tokyo, "Template based Synthesis of Secured Neural Networks with Memory based Computation", 21 September, 2018
- Dr. Naresh K. Sehgal, Director of Datacentre Security, Intel Corp, "High cost of ESL Design" and "Blockchain Technology", 15 February, 2019
- Dr. Vivek Singh, Intel Corporation, "Computational Imaging: Scaling Walls", 28 March, 2019
- Ms So-yeon Park, Counselor, Korean Embassy, "Indian-Korean Relations and its implications on the technology sector", 26 September, 2018

Workshops and Fests Organized By School of Engineering

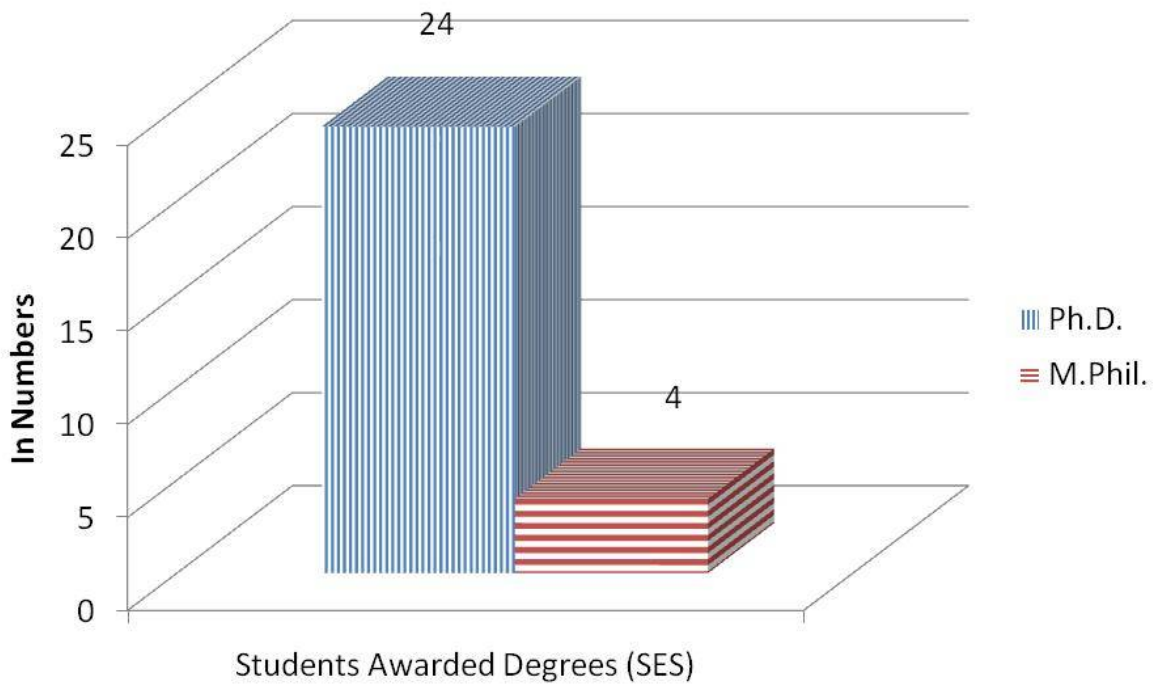

- "Mobile based applications using Arduino and Sensors", workshop organised by Dr. Anju Agrawal and team, 26 – 28 October, 2018
- "Computer Vision and Machine learning using Python", workshop organized by Dr. Ayesha Choudhary and Dr. Aditi Sharan, 1 – 2 February, 2019
- Dr. Ashutosh Srivastava and Dr. Poonam Agrawal organised 3rd mini International VLSI workshop, 9 – 11 January, 2019

School of Environmental Sciences (SES)

The School of Environmental Sciences, established in 1974, offers M.Sc. and M.Phil/Ph.D programs in Environmental Sciences. The School is truly multidisciplinary in character focusing on physical, chemical, geological and biological components of our environment. The academic programme of the school has been periodically reviewed, revised and updated, keeping in mind the need for sharper focussing, the available expertise at any given time, and the changes desired in curriculum of individual courses or specific programmes. The faculty (15 Professors, 04 Associate Professors and 04 Assistant Professors at present) have diverse interests and specializations required to get an insight into various earth, atmospheric and biological processes and their interactions with our environment. Over 150 students have so far successfully completed their Ph.D. programme in different aspects of Environmental Sciences and are well placed in reputed institutions in India and abroad. In addition to the regular faculties we have also got few Emeritus Professors working in our school time and again supported by INSA, DST, UGC, etc. Our faculties are also recognized as adjunct professors in Indian universities and abroad besides other schools in JNU.

Conferences organized by the School/Centre (04)

- SES organized a Planning Workshop of Project Coastal Forest Management in the face of Climate Change, at Delhi University, jointly with Department of Botany, Delhi University, United Nations University Institute for the Advanced Study of Sustainability, Tokyo, Forest Research Institute, Myanmar and University of the Philippines Los Baños, Philippines. Organizer: Professor K.G. Saxena, SES, Delhi, 24 – 28 April, 2018
- Prof. Paulraj R, SES organised an International Union of Radio Science (URSI) Asia Pacific Radio Science Conference (URSI-APRASC 2019), at India Habitat Centre, New Delhi, 9 – 15 March, 2019
- SES organised a one day National Conference on Environmental Pollution: Impact Assessment and Remediation and Mitigation (NCEPIARM -2019), at SES, JNU, New Delhi, 7 March, 2019, Convenor: Prof Paulraj R., SES
- SES organised International Conference on Environmental and Biomedical Nanotechnology (ICEBN 2018), at Convention Center, JNU, New Delhi, 14 – 15 September, 2018. Convener: Prof Paulraj R, SES

Visitors to the School/Centre (07)

- Dr. P.S. Roy, NASI Senior Scientist Platinum Jubilee Fellow, Centre for Earth, Ocean and Atmospheric Sciences, University of Hyderabad delivered an invited talk entitled “Biodiversity Characterization at Landscape Level – Some experiences and the way forward”, 27 April, 2018.
- Dr. Bharat Jhunjhunwala delivered a talk entitled. “Hydro Power and Water Waves”, 10 May, 2018.
- Prof. Mark G. Macklin, Head of the School of Geography and Director of Lincoln Centre for Water and Planetary Health, University of Lincoln, UK, delivered a lecture on “Management and Remediation of Rivers Contaminated by Metal Mining”, 26 November, 2018.
- Dr. Oliver Sontentag, Associate Professor and Canada Research Chair in Atmospheric, Biogeosciences of High Latitudes, Université de Montréal Département de géographie delivered a lecture on “Changing land-atmosphere interaction of thawing boreal forest landscapes in northwestern, Canada”, 27 November, 2018.
- Dr. Ramesh Yadav, IITM, Pune delivered a lecture on “Atlantic Niño modulation of the Indian summer monsoon”, 7 December, 2018.
- Dr. Hemant Ritturaj Kushwaha, PhD, Assistant Professor, SBT, JNU delivered a lecture on “Institutional Innovation Councils (IICs)- A MHRD initiative for HEIs”, 17 January, 2019.
- Prof. Anirban Chakraborti, SCIS, JNU delivered a lecture on “Science of Philosophy”, 21 January, 2019.

Accomplishment of Students

- Claiivate Analytics highly cited Researcher 2018 - Prof. Mohan Dinesh included in the 2018 'highly cited researchers' list published by Claiivate Analytics for the FIFTH consecutive year. This recognizes world-class researchers selected for their exceptional research performance, demonstrated by production of multiple highly cited papers that rank in the top 1% by citations for field and year in Web of Science of the world population of scientists and social scientists, the Clarivate Analytics Highly Cited Researchers are one in 1,000. Approximately 6,000 researchers are named Highly Cited Researchers in 2018 - some 4,000 in specific fields and about 2,000 for Cross-Field performance. Earlier, Prof. Mohan Dinesh appeared in the Claiivate Analytics/Thompson Reuters highly cited Researcher lists 2017, 2016, 2015, 2014
- Prof Mohan Dinesh and his team from School of Environmental Sciences published a major article in *Chemical Reviews* (impact factor = 52.613) – entitled “Pharmaceuticals of Emerging Concern in Aquatic Systems: Chemistry, Occurrence, Effects, and Removal Methods by M. Patel, R. Kumar KishanKishor, T.Mlsna, C.U. Pittman Jr., and Mohan Dinesh” *Chemical Reviews*, 2019, 119 (6), pp 3510–3673 (Impact factor = 52.613). This is the highest impact factor journal in which any JNU faculty member has ever had a paper published. This paper covers the topic of pharmaceutical compound pollutants released into the environment worldwide, their distribution, fate, breakdown, effects on health, removal and remediation techniques, and recommendations for the future. This publication spans the breadth of pharmaceutical contamination as a pollutant class of emerging concern in the environment, citing 1006 references. This is a topic of great and growing concern in India.
- Snow/ice harvest/conservation in cold dry regions of Leh and Ladakh
- Initiated the identification of ground water discharge zones in Indian coast to understand the nutrient dynamics of coastal water and to conserve the fresh ground water in the regions
- Initiated the delineation of the source and distribution of Emerging contaminants in the river Ganges
- Mass balance and water resource potentials in the Sikkim Himalayas
- Resilience of mangroves through biogeochemical approach

Future Plans

- Development of biochars from agricultural residues and their applications in water, soil and climate change mitigation.
- Development of low cost adsorbents for aqueous arsenic and pharmaceuticals remediation.
- Sources, transport, transformation, dispersion and different processes of pollutants in the environments (also initiated).
- Remediation (chemical and biological) and recovery processes of pollutants (natural, inorganic and organic) in environment (also initiated).
- Evaluation of fate and detoxification processes of remediated pollutants by Life Cycle Assessment for safe removal from environment (also initiated).
- The study of aerosol-cloud interaction and its impact on hydrological cycle (also initiated).
- South Asian Nitrogen assessment.
- Estimation of (Ice) water availability in the Indian Glaciers in Himalayas
- Identifying the alternate aquifers for drinking water supply in Ground water affected by As, F, U., etc., and also use nano materials to remove and degrade them and supply drinking water to rural villages.

School of International Studies (SIS)

The School of International Studies is engaged in teaching and research of international relations, international politics, international trade, and area studies. It offers three Masters level Courses, and M.Phil/Ph.D programmes. Students who choose to do the Masters Program are part of the School, while those who wish to pursue their M.Phil and Ph.D can join any of the thirteen centres within the School. Admission to these programmes is based on a rigorous entrance test and selection process.

The School has highly qualified faculty members who specialize in various fields of studies and research. The faculty members draw inspiration from the highest traditions of scholarship set by the School and the JNU at large.

The SIS was established in 1955 and is one of the oldest schools of the University. The School is highly multi-disciplinary in its approach. The SIS has been a pioneer in establishing international relations as a distinct academic discipline and advancing knowledge of various regions of the world through Area Studies programmes. The School has acquired national and international reputation as a centre of advanced learning.

In its very early years, the School focused exclusively on research with the PhD programme being at the core of its academic activities. However, subsequently after becoming a part of JNU in 1971-72, the School added M.Phil curriculum to its academic programme. Later in 1973-74, the School started offering a two year MA (Politics: International Studies) programme, which was further strengthened by offering an MA programme in Economics (with specialization on World Economy) at the Economic Division of the Centre for Studies in Diplomacy, International Law & Economics in 1995-96. The School started offering two year MA (International Relations and Area Studies Programme) from Monsoon Semester 2015-16.

Over the years, admissions have become fiercely competitive with the School attracting the brightest minds from India and abroad. The School has, as on 31 March 2019, awarded 1597 Ph.Ds and 4141 M.Phil degrees

Admissions to various academic programmes at the School are supplemented by financial assistance (details available at JNU website). Further, a number of our M.Phil/PhD students also qualify the UGC/JRF, RGF, MANF fellowships.

Presently, the School has 101 faculty members: 50 Professors, 26 Associate Professors and 25 Assistant Professors, 01 Prof. Emeritus, 01 Research Assistants and 02 Documentation Officers. The faculty strength is further supplemented by several prestigious Chairs being instituted at the School (Appadorai Chair, Nelson Mandela Chair (CAS), Jean Monet Chair in CES and Chairs in Environmental Law and Space Law). The faculty of the School, by advancing pedagogical and applied knowledge, has established global reputations in their respective areas of expertise. It is also a matter of pride that several of our faculty members are on important government and non-government bodies, while others constantly engage with public discourses and civil society issues.

The School also engages with issues of contemporary relevance by organizing regular national & international seminars, workshops and symposia on various aspects of area studies, bilateral relations and themes relating to study of international relations.

The School also publishes a refereed quarterly journal, *International Studies*, which publishes original research articles on international relations and area studies. The journal, from its inception in 1959, has been publishing original research articles and has received international recognition. The School is known for the large number of seminars and workshops that all the Centres organize on multiple issues and themes. A large number of dignitaries, academics and others visit the School regularly.

The School also has UGC sponsored/ funded Area Studies Programms like Gulf Studies in CWAS, Centre for Russian & Central Asian Area Studies Programme in CRCAS, European Area Studies Programme in CES, Francophone Area Studies Programme in CAS and Centre for Inner-Asian Studies in CIAS. Foreign languages like Arabic, Japanese, German, Russian and others are taught in the various Centres.

The School organized the 3rd All India International and Area Studies, Convention from 30 January 2019 to 1st February 2019 on the theme *Ascending India: Reflections on Global and Regional Dimensions*.

The School has 13 Centres and 2 special programmes and offers the following M.A./M.Phil/Ph.D. programmes

1. American, Latin American and Canadian Studies
2. European Studies
3. International Legal Studies
4. International Trade and Development
5. Chinese, Japanese and Korean Studies
6. International Politics, International Organization, Diplomatic and Disarmament Studies and Political Geography
7. Comparative Politics and Political Theory
8. Russian and Central Asian Studies
9. South Asian Studies
10. Indo Pacific Studies
11. Inner Asian Studies
12. West Asian Studies and
13. African Studies
14. Human Rights Studies
15. Energy Studies

The profiles of the Centres contain a detailed description of the M.Phil/Ph.D programmes and other academic activities being undertaken at the respective Centres

M.A. Politics (International Studies): The M.A. in Politics (with specialization in International Studies) at the School remains one of its flagship and most popular programmes, offering core and optional courses based on discipline and areas studies. Presently, with an intake capacity of 104 students [37 male and 67 female] and 00 casuals, the programme is being run by faculty from all the Centres of the School.

M.A. Economics (with specialisation on World Economy): Male: 10, Female: 13, This programme is run by the Centre for International Trade and Development (CITD). A detailed description of this programme of study is given under the profile of CITD.

M.A. (International Relations and Area Studies) started from Academic Session 2018-19. Student admitted- Male: 23, Female: 28: Total: 51.

This programme offers core courses in IR and Courses on Area Studies offered by all Centres/ programme of the School. This is the first fullfledged Area Studies Masters programme offered in India.

Centre for Canadian, US & Latin American Studies

The Centre for Canadian, US & Latin American Studies (CCUS&LAS), consists of three programmes viz.—Canadian, US and Latin American Studies. The Centre offers an M.Phil programme that runs for two years and a Ph.D. programme for four years. It also offers several elective courses for the Masters' Programme of the School. The evolution of the Centre can be traced as far back as 1955 when the Department of American History and Institutions was established as part of the Indian School of International Studies intended to stimulate interest in the North American affairs. It became a part of Jawaharlal Nehru University in 1970. Latin American Studies started as a full-fledged programme in 1971 and Canadian Studies was formally launched in 2001.

All teaching faculty are engaged in teaching, research, guidance, participation in conferences and seminars both in India and abroad, organizing special lectures, round tables and discussions. They give lectures at various government institutions, such as Foreign Services Institute, New Delhi, Army War College, Indore, and Academic Staff Colleges of various other universities in India. The Centre has several activities involving the students: they initiate discussions on their Ph.D. themes with the rest of the Centre and defend their synopses; they also participate in relevant media programmes and assist the faculty in the course work. There are a total number of 52 students enrolled in the Centre for this year.

Centre for African Studies

The Centre for African Studies is an interdisciplinary centre for study of Africa. It aims at promoting African studies as an academic discipline for advancing knowledge and understanding of African affairs through inter-disciplinary perspective. It brings together scholars having an active interest in Africa from all over the country and abroad. The Centre has two major programme of studies- M. Phil. and Ph.D. It also offers courses for the M.A. programme offered by the School of International Studies. The teaching and research programme of the Centre has been designed to cover both the traditional as well the contemporary issues relating to the region.

The current academic curriculum of the Centre focuses on the following thrust areas: regional organizations, government and politics, state and civil societies, ideologies, governance, Diasporas, bilateral relations, issues of development and foreign policy of major African countries. Besides this the Centre has its own research focus on Asian engagement with Africa.

To facilitate the development of research, training and interaction with scholars from abroad, the Centre holds a Nelson Mandela Chair, funded by ICCR, through which visiting faculty from African countries are invited every semester. The visiting faculty participates in various programmes and activities of the Centre.

Seminars and conferences are organized regularly by the Centre in order to strengthen its academic programmes by facilitating exchange of views among scholars. In pursuance of its aim, the Centre is involved in several academic outreach programmes on African affairs involving Indian academic institutions. It hosts the permanent secretariat of African Studies Association of India (www.africanstudies.in), which is an apex academic association of Indian Africanist coming from all disciplines and from all Indian Universities and academic institutions.

UGC Area Studies Centre on African Studies (UGC-CAS)

The Centre has a regular UGC Centre for African Studies. It provides funding support to the faculty for field visits to Africa and supports academic activities like research seminars and publications.

Diaspora and International Migration Programme (DIMP)

The Centre has a major research programme on “Diaspora in Development: Comparative Assessment of Harnessing Globalization”, funded under UPE II Scheme by JNU for 2014-2019. The Principal Investigator of the project is Prof. Ajay Dubey and co-investigators are Prof. S.N. Malakar and Dr. J. M. Moosa.

Centre for International Legal Studies

The Centre for International Legal Studies conducts advanced studies and research on a vast compass of issues and challenges in the various sub-disciplines of public international law: Theories of International Law, International Human Rights Law, International Humanitarian Law, International Criminal Law, International Refugee Law, International Environmental Law, International Dispute Settlement, International Courts and Tribunals, International Trade Law, International Economic Law, International Energy Law, Intellectual Property Rights, Law of the Sea, International Water Law, International Maritime Law, International Air and Space Law, International Institutional Law. Legal research at the Centre has contributed to the articulation of Third World Approaches to International Law. Through its critical engagement with mainstream scholarship and theoretical frameworks, the Centre aspires to contribute to a deeper understanding of the theoretical premises and biases of International Law today.

Centre for Comparative Politics and Political Theory

The Centre, which began as a programme with a faculty of two, was recognized as a full Centre for Comparative Politics & Political Theory, in the School of International Studies, in 2008. CCPPT currently has 7 faculty members – 2 professors, 1 Associate Professor and 4 Assistant Professors. The Centre offers four MA core courses and 3 optional MA courses for the School of International Studies, JNU. At present 15 students are pursuing their Direct Ph.D. in the Centre. In 2016, CCPPT began an M. Phil. programme with 10 students. The CCPPT offers 2 core courses and 3 optional M. Phil. Courses. There are a total number of 35 students enrolled in the Centre for this year. The CCPPT regularly holds 2 workshops each for Ph.D. and M.Phil. student annually.

Centre for International Politics, Organization and Disarmament

The Centre for International Politics, Organization and Disarmament (CIPOD) comprises four distinct yet interlinked divisions:

- International Politics
- International Organization
- Diplomacy and Disarmament
- Political Geography

It is noteworthy that of the three original Divisions of the Centre, the two on International Organization and Disarmament were extremely innovative and remain rare in the university system of today. Soon afterwards, a separate division on Political Geography was also created in the Centre. In the latest restructuring of the School of International Studies in 2005, a new division of Diplomatic Studies (which was earlier part of another Centre) – was merged with CIPOD. The Diplomatic Studies division, since its inception in 1970, has been involved in teaching and research in historical and contemporary issues in diplomacy. In the year 2007, the Diplomatic Studies and Disarmament Studies have been merged into one Division, to be known as Diplomacy and Disarmament Studies Division (DAD).

In the reporting year, the Centre had **127 M.Phil and Ph.D. students**: 26 in International Politics (INP), 28 in International Organization (ORG), 51 in Diplomacy and Disarmament Studies (DAD), and 21 in Political Geography (POG). During the year, the Centre admitted into the Centre's M. Phil /Ph. D. Programme: NIL in INP, NIL in ORG, 03 in DAD and 03 in POG.

Centre for Inner Asian Studies

The Centre for Inner Asian Studies became an independent Centre in August, 2013. The Centre has two Professors, one Associate Professor, two Assistant Professors, one Research Associate and one Post-Doctoral Fellow. As on 31 March, 2019 the total number of students was around 65. The faculty members of the Centre have contributed immensely to the Centre's academic pursuit through high quality publications in the form of articles and research papers, both at the national and international level. Eleven chapters / research articles in books and journals were published.

One faculty member (Prof. Sharad K Soni) conferred Bharat Ratna Atal Behari Vajpayee Excellence Award from India International Friendship Society (IIFS), New Delhi on 24 December, 2018 for outstanding individual achievements & distinguished services to the nation in the field of education. Prof. Soni was also Visiting Scholar, Mongolia and Inner Asia Unit at University of Cambridge, Cambridge, United Kingdom from 3 – 16 July, 2018. Another faculty member (Dr. Mahesh Ranjan Debata) has been continuing as Visiting Professor till June, 2020 at the School of International Education, Yinchuan University of energy, Yinchuan, Ningxia, China.

The faculty members have participated in various national and international seminars, conferences and workshops, and presented papers, chaired sessions and acted as panelists and moderators. They have also occupied positions as members of national and international academic institutions, organizations etc. Almost all the faculty members have undertaken research projects on the thrust areas of the Centre. Students of the Centre have been active in publishing research papers and participating in national and international seminars. The Centre also organised Young Researcher's Conference exclusively for students to present their research works. The students, through the Student-Faculty Committee (SFC), have been active in giving inputs to the Centre.

In view of the growing importance of Inner Asian Studies in India, the University Grants Commission (UGC) has recognized the Centre for Inner Asian Studies as advance studies and research Centre on Inner Asian region and provided grant under its Area Studies Programme. In order to add more strength to the research activities of the Centre, students and faculty members are allowed to undertake field visits under the UGC-Area Studies Programme of the Centre. The Centre has thus made successful efforts to carry out research and academic mandate of the University.

Centre for Russian and Central Asian Studies

The Centre for Russian and Central Asian Studies is engaged in teaching and research of the Eurasian region which includes Russia, the Central Asian Republics, states in south Caucasus, Baltic countries, Ukraine, Belarus and Moldova.

The region is important because it lies in India's extended neighbourhood and has become strategically very important in recent time. India has strong ties with the states of the region historically, strategically and for economic and geopolitical interests. Hence the Centre is involved in research on a very significant area.

The Centre is recognized for advance research, knowledge and scholarship on the region and not just in India but across South Asia, Central Asia, Russia and elsewhere. Faculty members and researchers from the Centre link with scholars from many countries as this report shows. Students from this Centre after finishing their research join academic and research related occupations and are known for their contribution in all parts of India and abroad.

The Centre, previously known as the Centre for Soviet and East European Studies, was the largest area studies centre in the country and was accorded great importance. The Centre is the premiere department in the country for research and teaching on Russia, Central Asia and other republics of the former Soviet Union. Since its inception in 1975, primary aim of the Centre is to foster an interdisciplinary research and insight on issues pertaining to this region by bringing together scholars, trained in diverse social science disciplines. We have an excellent community of scholars who specialize in disciplines ranging from Political Science, International Relations, History, Economics and Sociology to Russian Language and Literature. The Centre encourages interdisciplinary thinking and promotes opportunities for meeting, interaction and exchange of views with scholars from India and abroad. In terms of facilitating academic interaction, the Centre regularly organizes international/national seminars, round table discussions, talks and lectures.

The Centre has a regular M.Phil/Ph.D programme and offers courses for two M.A. programme of the School of International Studies. The number of seats available for M.Phil/Ph.D programme in the Centre varies according to vacancies every year. Since 1978, the Centre has immensely benefited from the UGC Area Studies Programme in terms of faculty appointment, capacity-building, research based on primary sources and fieldwork, collaborative endeavours with scholars and institutions in former Soviet republics and interaction. Our international seminars bring large number of scholars from India and abroad to deliberate on issues of common interest. The Centre faculty has a number of research publications that helps in creating Indian perspectives on various issues relating to politics, society, economy and foreign policy of the states in the Eurasian region. It has fulfilled the original ideas inherent in the creation of Area Studies Programmes in the Country – interdisciplinary research, and to develop knowledge based on independent and in-depth research. The Ph. D research of scholars and faculty reveal the breadth and depth of inter-disciplinary research done in the Centre. Through field-works and interaction with scholars and policy makers in post-Soviet countries, the faculty members and research scholars have provided different perspectives on various aspects of post-Soviet development.

The Centre has a library-cum-reading room entirely out of its own resources and those of individual faculty member's contributions and without any fund support from outside. It has a collection of about 1,200 books and journals, including some rare ones. Under the Area Studies grant, the Centre procures books written on various themes such as economy, political system, society, culture, energy security, terrorism, geo-politics, foreign policy etc. related to Russia and Central Asian Republics. These books have been kept in the reference section of the main library of the university.

The Centre invites as visiting faculty foreign scholars from post-Soviet countries, some of whom spent a month each as visiting professors, and delivered lectures in the Centre.

Centre for South Asian Studies

The Centre for South Asian Studies is one of the oldest centres of the School of International Studies, Jawaharlal Nehru University (JNU), New Delhi, India. The importance of the centre is self-evident by the fact that it lies in the South Asian region. The centre has the privilege of having widely known faculty members. The centre also takes pride in the fact that it has directly participated in the foreign policy making exercise in the country as two of its former faculty members, Late Prof Bimal Prasad and Prof Emeritus SukhDeo Muni served as Ambassadors to Nepal and Laos respectively. The centre has organised a range of national and international seminars, round tables, symposia and workshops with regional and international experts, policy makers, academicians and civil society members. The Centre has hosted and conducted projects for various Ministries, Indian Council for Social Science Research, University Grants Commission, Asian Development Bank, Ford Foundation, International Development Research Centre, Regional Centre for Strategic Studies, USAID, United Nations High Commissioner for Refugees, UNESCAP and many other national and international bodies. The Centre for South Asian Studies covers studies and research on a range of aspects of 8 countries. All the academic activities including teaching and interdisciplinary research have been designed to objectively study and

analyse history, politics, foreign policy, security, societies, economies, environment, regional cooperation/integration and contemporary affairs in different regions/countries covered by the Centre. The Centre has focused on academic pursuits that have strong intellectual value, deeper social relevance and wider national and international utilities and policy dynamics. Its programme of studies has attracted bright students having diverse background from various parts of India and also from other countries. It has evolved into a full-fledged institute of academic excellence, much admired by students, frequently consulted by the national governments and eagerly sought after by international organizations and other academic institutions. The profile of the students who have completed their studies from the Centre does show that a large number of them have joined premier academic and research institutions and equally handsome numbers are in the national and state civil services. Many of the students have done exceedingly well in media and non-governmental organizations, other tertiary sector activities and national and regional politics. The importance of the Centre has become more critical and vital both in the context of large-scale transformation in the global scenario and also within the countries that have been traditionally covered and studied by the Centre. There are immense opportunities for academic inquiry triggered by these new developments.

Centre for East Asian Studies

The Centre for East Asian Studies is one of the thirteen Centres in the School of International Studies, Jawaharlal Nehru University, New Delhi. Initially, established as a Centre for Chinese and Japanese Studies, it subsequently grew to include Korean Studies as well.

The students of the Centre are drawn from various social sciences and humanities such as History, Political Science, Economics, Sociology, International Relations and Chinese, Japanese and Korean languages. The key objective is to impart an interdisciplinary knowledge and understanding of the foreign policy, government and politics, society and culture and political economy of the respective areas. Students can explore new and emerging themes such as East Asian regionalism, the evolving East Asian Community, the rise of China, resurgence of Japan and the prospects for reunification of the Korean peninsula. Additionally, the Centre lays great emphasis on enhancing language skills. The academic curriculum covers various dimensions of modern and contemporary East Asia -China, Japan and Korea – one of the most dynamic and significant regions of the world today. The M. Phil programme involves two semesters of classes followed by dissertation over the next two semesters. A total number of 98 students are currently registered (about 57 in Chinese Studies, 28 in Japanese studies and 13 in Korean Studies) in the M. Phil and Ph. D. Programmes.

There are eight faculty members in the Centre. Each faculty member specializes and teaches courses in an area of his/her interest in the region. Several distinguished faculty who taught and mentored the young research scholars include late Prof. Gargi Dutt, late Prof. P.A.N. Murthy, late Prof. G. P. Deshpande, late Prof. Naranarayan Das and late Prof. R.R. Krishnan and Prof. K.V. Kesavan. Besides, Dr. Madhu Bhalla, Prof. H.S. Prabhakar, Prof. Lalima Varma taught at the Centre in the Korean, Chinese and Japanese Programmes during 1994-2019. The faculty members of the Centre supervised 105 Ph. D. theses, (Chinese Studies 61, Japanese Studies 40, and Korean Studies 4) and 315 M. Phil. dissertations (Chinese Studies 160, Japanese Studies 111 and Korean Studies 44) till date. In addition, Ms Kamlesh Jain and Dr. M. M. Kunju served as the Documentation Officers in Chinese and Japanese Studies respectively at the Centre and retired.

Several students of the Centre have been recipients of prestigious research fellowships awarded by Japan Foundation, Mombusho (Ministry of Education, Government of Japan), Saburo Okita Memorial fellowship, Nippon Foundation, Korea Foundation, Korean Government Scholarship (up to 4 years) under the India-Korea Cultural Cooperation Agreement, Academy of Korean Studies Scholarship, Nehru Memorial Fellowship, China Government Scholarship (up to 4 years) under the India-China Cultural Cooperation Agreement, and Fellowship from the Chinese and Taiwanese Governments. Besides, students from Japan receive fellowships from the Indian Council of Cultural Relations. Apart from the scholarships for higher studies and research available at the University level, offered by the University Grants Commission, (Government of India) the Rajiv Gandhi Foundation and the Nehru Memorial Fund, there are a number of scholarships are available specifically for area studies research.

Centre for European Studies

The Centre for European Studies is a multi-disciplinary department in the School of International Studies which aims to promote teaching, research, and outreach activities that improve the understanding of Europe, the European Union and Indo-European/India-EU affairs. The Centre became functional in 2005. It was an outcome of the larger restructuring

exercise initiated by the School in 2004 following which it came into existence by merging the West European Division of the erstwhile Centre for American and West European Studies (CAWES) and the East European Division of the erstwhile Centre for Russian, Central Asian and East European Studies (CRCA&EES). The Centre for European Studies aims to develop a pool of experts on Europe. Every year, the Centre admits about twelve to fifteen students in its M.Phil. Programme. Currently more than 60 students are on the rolls of the Centre for the MPhil/Ph.D. programme and are pursuing research on wide ranging issues of security, economy, European integration, society and politics. The main objective of the programme is to prepare candidates for inter-disciplinary doctoral research on Europe. The M.Phil./Ph.D. research in the Centre is of high-quality, both in academic rigour and relevance. Since the research in the Centre is interdisciplinary in nature, efforts are made to expose students to other social science subjects which go beyond their parent disciplines. Learning of at least one European language (apart from English) is a critical component of the research programme of the Centre. A one year language course is compulsory for all students. From July 2014 the Centre has introduced French language course in addition to German which had been offered since 2005. In the newly emerging globalizing international environment, the emphasis is given to broad social science concepts along with specific European issues. Apart from empirical research on Europe, students are also encouraged to develop skills in broader theoretical research and analysis. The Centre has also identified the Nordic region as a focus area of research/teaching and a joint course on Contemporary Issues in the Nordic Region is being offered along with two new focus areas: the Baltic region and the Mediterranean region. The Centre has got recognition from the European Union and has 2 Chairs held by Prof. Gulshan Sachdeva and Prof. Ummu Salma Bava and a module held by Dr. Sheetal Sharma. The Centre was awarded the Jean Monnet Centre of Excellence 2018-2021 making it the Second Centre in India to get this distinction.

CENTRE LIBRARY

The Centre also has an in-house library called the Erasmus Collection which was started by the generous gift of €50,000 by the Prime Minister of The Netherlands, H.E. Dr. Mr. Jan Peter Balkenende when he visited JNU as part of his state visit to India in 2006. Prof. Ummu Salma Bava coordinated the visit and library. Since then many more volumes have been added through special Area Study grant by the UGC.

Centre for International Trade and Development

The Centre for International Trade and Development (CITD) was established as an independent Centre in the School of International Studies, Jawaharlal Nehru University in July 2005. Prior to this the Centre was known as the International Trade and Development (ITD) division as part of the erstwhile Indian School of International Studies, which integrated with the newly established Jawaharlal Nehru University in the early 1970s as the School of International Studies.

Over the last 50 years ITD has created a niche for itself in teaching and research in international economics and economic development. The first head of ITD was the renowned economist, the late Professor A K Dasgupta. He was succeeded by our distinguished colleague Professor Ashok Guha, who was the guiding force of ITD since 1963, until his retirement. He continues to be involved in the teaching programmes of the Centre. Former faculty include B.S. Minhas, Subimal Mukherji, Partha Dasgupta and others. Stalwarts like John Hicks, James Meade, Robert Baldwin and Richard Baldwin have visited the division to deliver lecture-series.

Initially ITD was primarily geared towards research, running very successful MPhil and PhD programmes for several decades. In 1995, we introduced a unique MA programme in Economics (with specialization in world economy), keeping in mind the changing economic environment of India and its integration with the world economy. The curriculum has been designed with a clear emphasis on emerging global. This MA programme has proved to be highly successful, and is one of the most popular MA Economics programmes in the country.

CITD is perhaps the only economics department in the country focusing exclusively on international economics and economic development as its main areas of teaching and research, specializing in areas like trade & investment, technology, environment & natural resources, health & nutrition, finance, law & economics, poverty, inequality, and education.

The Centre is served by distinguished faculty trained at top ranking universities of the world. The Faculty strives to maintain highest academic standards in teaching, and produce high quality, cutting-edge research and regularly publish

articles in the leading academic journals of their field. Faculty members have been conferred with various honours, awards and distinctions for their academic and professional contributions.

Our graduates are well established in the academic world in India and abroad, holding positions of great responsibility in the government, international organizations and the corporate world.

The Centre runs a discussion paper series for early dissemination of research results, which is recognised by Ideas/Repec. To expose students to recent developments in the discipline of economics and provide a stimulating research environment, the Centre also conducts weekly seminars and organizes conferences on select themes.

The Centre received an endowment from the Ford Foundation in 1993. This enabled the centre to provide scholarships to students, to maintain its own well stocked library and to appoint a Ford Fellow from time to time, who participates in its teaching and research activities.

Center for West Asian Studies

The Centre for West Asian Studies conducts teaching and research programmes covering countries of West Asia and North Africa. It specializes in the domestic politics, foreign policy and socio-economic issues pertaining to countries extending from Morocco in the west to Iran in the east. The Centre conducts M.Phil and Ph.D. programmes and actively participates in and offers courses for the M.A. programme of the School of International Studies. It organizes periodic national and international seminars on important themes concerning West Asia and North Africa. Weekly student-faculty meetings (on every Thursday) offer opportunities for academic presentations for students and faculty and to listen to many scholars from national and foreign universities and institutions. The Centre provides an active intellectual environment for an interdisciplinary understanding of this dynamic region.

The Gulf Studies Programme (GSP) of the Centre was established in March, 1978. It has developed into a vibrant centre of activities organizing seminars, symposia and lectures besides teaching research and publications. Initially, the focus of its activities was confined to the Gulf Cooperation Countries, i. e. Saudi Arabia, Kuwait, UAE, Oman, Qatar and Bahrain, now, Iran, Iraq and Yemen are also covered. It has been promoting studies on issues of contemporary relevance and of academic importance. In promoting these studies, the focus is not only on the emerging political, economic and strategic dimension of bilateral relation but also on policy framework. Future Plans

Centre for Canadian, US & Latin American Studies

Committed to upholding highest standards of research, the Faculty of the Centre are updating their lectures by incorporating the use of latest acquired knowledge/technology such as the use of software programmes to make it more interesting. Faculty are engaged in constantly updating curriculum so as to provide relevant scholarly and policy materials through various programmes.

As was done in the previous years, the Centre plans to augment the faculty strength by involving visiting fellows and professors from the countries being studied by the Centre. Currently, the Centre has a US researcher under the Fulbright Programme. Other visitors the Centre is planning to invite for lectures and seminars in the coming year for a month are Dr. Fabio Luis Barbosa dos Santos, Universidade Federal de São Paulo (UNIFESP), Dr. Cristovam Buarque, former Senator of Brazil and former Minister of Education, Brazil and Dr. Guillermo Gonzales Arica, Former Ambassador of Peru in Honduras.

The Centre plans to organize National / International Conferences on relevant themes and invite high ranking officials, experts and policy makers to interact with students and faculty. Tentative themes are 'India-US-China: Emerging Strategic Equations' to be held in the month of August 2019; 'India and Brazil: Seventy years of Relations' to be held in October, 2019. Centre faculty expects to engage with the media and other universities as subject experts and resource persons in order to engage public opinion.

Centre for Comparative Politics and Political Theory

To build research networks with universities of the global south and hold workshops in building research capacity in the region. The Centre has plans to input more audio-visual elements in teaching and research and awaits sanction of equipment from the administration. The Centre has also initiated steps to deploy social media to exchange ideas and experiences among research students and faculty of the Centre.

Students Awarded Degrees (SLL&CS)

School of Language Literature and Culture Studies (SLL&CS)

Established in 1969, and thus one of the founding blocks of the University, the School of Language, Literature and Culture Studies (SLL&CS) is one of the premier institutions in the country in the field of learning languages and pursuing higher studies and research in linguistics, literatures in various languages, and culture studies. Its global reputation has earned it place as one of the five degree-awarding partners of the prestigious Erasmus Mundus Joint Doctorate in “Cultural Studies in Literary Interzones” of the European Union, and one of its constituents, the Centre for English Studies, has been repeatedly adjudged as one of the top 100 departments of literary studies in the world. Furthermore, all the Centres of the School, and the School itself, have active international collaborations with leading universities of the world through AoC-s and MoU-s. SLL&CS has twelve centres: Centre of Arabic and African Studies (CAAS), Centre for Chinese and South-East Asian Studies (CCSEAS), Centre for English Studies (CES), Centre for French and Francophone Studies (CFFS), Centre of German Studies (CGS), Centre of Indian Languages (CIL), Centre for Japanese Studies (CJS), Centre for Korean Studies (CKS), Centre for Linguistics (CL), Centre of Persian and Central Asian Studies (CPCAS), Centre of Russian Studies (CRS), and Centre of Spanish, Portuguese, Italian and Latin American Studies (CSPILAS). Besides, the School also has a well-equipped Language Lab and Multimedia Complex (LLC). The different units of the School offer a variety of programmes in diverse subjects. There are Certificate, Diploma, and Advanced Diploma of Proficiency programmes in foreign languages like Bahasa Indonesia, Italian (currently not on offer), Mongolian, Portuguese and Pushtu, and also in Urdu language and Mass Media in Urdu. The School offers BA (Hons.), MA and MPhil/PhD programmes in foreign languages like Arabic, Chinese, French, German, Japanese, Korean, Persian, Russian and Spanish. The School also offers MA and MPhil/PhD programmes in English, Hindi and Urdu literature, and in Linguistics. Apart from these, SLL&CS offers MPhil in Portuguese, and MPhil/PhD in Hindi Translation, and in Tamil. Besides, the School also offers optional courses in Greek, Hebrew and Turkish languages. Over and above these existing programmes, the School has a Kannada Chair, and currently vacant professorial positions in Bengali, Assamese and Marathi, and there are concrete developments towards establishing a Chair of Odiya. Besides these formal programmes, a variety of Tool/Optional courses are offered within the School, which promote interdisciplinarity. The School also is at the spearhead of the highly successful Remedial Course in English under the Linguistic Empowerment Cell to all students of the University who need to increase their competence in the language for academic purposes. Besides teaching and research activities, the School also publishes its own journal, Journal of the School of Languages (JSL), which started publication in the seventies and has over the years published significant research on literatures, languages, culture studies, comparative studies, and translation that cut across language boundaries. Besides, some constituent units of the School have their own publications, like the CRS has its journal Critic, and the CSPILAS has its journal Hispanic Horizon. SLL&CS produces the very best scholars in the fields of language teaching, linguistics, literature and culture studies, as well as internationally acclaimed translators and interpreters. Members of the School, while providing directions and visions to their respective Centres and the School in general, have also distinguished themselves nationally and internationally by the quality and range of their individual research, publications and other achievements.

About the Centres

Centre of Arabic and African Studies

The Centre of Arabic & African Studies offers B.A. (Hons.) M.A. and Ph.D. Programmes in Arabic. It also offers four tool courses on History and Culture of the Arab World and two optional courses on Modern Hebrew Language as well as two optional courses in Arabic. In addition to that the Centre also runs Certificate of Proficiency (COP) and Diploma of Proficiency (DOP) courses in the Modern Hebrew Language. The faculty members apart from participating and presenting their valuable papers in the national and international conferences and symposia have also extensively contributed articles and research papers to various leading magazines and journals of Arabic Studies and edited volumes being published in India and abroad.

In addition to all this, the Centre has produced a good number of M.Phil and Ph. D scholars. Most of the research works done by our scholars have been well appreciated by the external experts and were recommended by these experts for publication. During the period under report 18 Ph.Ds and 39 M.Phils were awarded to different scholars. Their scholarly interventions during students’ viva voce examinations and other academic interactions and their guidance of students in and outside the classroom proved to be very useful for the students.

Centre for Chinese and South East Asian Studies

The CCSEAS offers BA (Hons.), MA and MPhil/PhD programmes in Chinese, and Certificate of Proficiency and Diploma of Proficiency in Bahasa Indonesia. As for the future, the Centre plans to offer additional courses in Bahasa Indonesia, and a Tool Course on the sociopolitical, cultural and historical realities of China through the medium of English for the benefit of all the undergraduate students of the School.

Centre for English Studies

The CES offers MA and MPhil/PhD programmes in English. The programmes are interdisciplinary and transdisciplinary in nature, in which theoretical and comparative research is undertaken in a wide range of areas emanating from linguistic, literary and cultural studies. The Centre also offers Optional and Tool courses in English language and literature for undergraduate students of the School. The thrust areas of the Centre include British Literature, Literatures in Other Englishes, contemporary literary and cultural theory, folklore and popular culture studies, classical Indian poetics and grammatical tradition, and the theory and practice of translation. Given the nature and range of academic engagements at CES, we envision becoming a Special Centre for English and Cultural Studies, with autonomous and interdisciplinary linkages with foreign and Indian languages as well as other disciplines in the humanities and social sciences. We see the further strengthening of our research programmes as an important priority. Our plans include (a) organizing research workshops for MPhil and PhD students at regular intervals to introduce them to new areas and methods of research, and (b) creating a forum for regular presentations by PhD students to peers and faculty on their work in progress, to which specialists in their areas may be invited. This will give them valuable feedback and also allow them to share their work, and for the Centre to be apprised of the range of research being carried out. We also look forward to further international collaborations with adequate students' mobility, so that our researchers can get exposed to the international best practices of research in their field. We also have future plans of promoting and subsidising students' publications through funds received by the Centre, to make the massive and pathbreaking research output of the Centre more visible.

Centre for French and Francophone Studies

The CFFS offers BA (Hons.), M.A. and M.Phil/Ph.D. Programmes in French. It also pursues multidisciplinary research on the cultural, socio-economic and political reality of France and Francophone (French speaking) countries. Major thrust areas of the CFFS include Language learning as well as research in French and Francophone Literature, Interpretation, Translation, Linguistics, Language Didactics, and Culture Studies.

Centre of German Studies

The CGS offers BA (Hons.), MA and MPhil/PhD programmes in German. The focus of the Centre is on German Studies as an integrative part of Culture Studies. This includes comparative and contrastive studies between German speaking countries and India, in the areas of Culture, Translation, Methodology of teaching German as a foreign language, Applied Linguistics, as also in fields of inquiry emerging out of socio-cultural changes such as media studies, film studies, oral culture studies and aspects of Indo-European studies, etc. 84 The Centre has received generous assistance from governments and institutions of Germany, Austria and Switzerland, and the Centre will continue to cooperate with HSS Foundation and DAAD as both agencies will continue their support to research scholars from CGS.

Centre of Indian Languages

The Centre of Indian Languages was established in 1974 with a view to undertake socially relevant and intellectually provoking research and higher studies in Indian Languages. An implicit benefit of having such a Centre was to promote the interdisciplinary approach and comparative perspective in the study of Indian languages & literatures in accordance with general orientation of JNU and SLL&CS. This perspective has been a motivation behind the course content, teaching methodology and academic orientation of the Centre over the last three decades. The acute limitation however had been the fact that the CIL had been forced to confine itself only to Hindi, Urdu and Hindi Translation for long time, thus virtually reducing itself to a Centre of selective North Indian Languages. However, the situation has now taken a better form with the inclusion of Tamil programme and sanction of two positions in Bangla, a chair in Kannada. The establishment of chairs in Marathi and Odia is almost in final stage. Efforts are on to establish chair in other Indian languages too. The proposal of School of Indian Language and Literature & Culture Studies is under the consideration of the Academic Council of the University, if it comes through will be a step in the right directions.

Presently Centre of Indian Languages is offering M.A. in Hindi & Urdu, M.Phil./Ph.D. courses in Hindi, Urdu, Hindi Translation, Tamil, Kannada and a new Udia Chair in introduced in CIL (likely to be started from the next semester), ADOP Mass Media (Urdu)/COP(Urdu)/Tool/Optional in Hindi Urdu & Beginners courses I&II for Foreign Students and altogether there are around more than 392 students and research scholars registered under various programmes and course offered by the Centre of Indian languages.

The Centre has the largest number of faculty and research scholars in the school of language, literature and culture studies.

Centre for Japanese Studies

The CJS offers BA (Hons.), MA, MPhil and PhD programmes in Japanese. The Centre has academic and cultural exchange programmes with various educational institutions, which include operational Agreements of Cooperation with Shinnyoen, Japan, and an MoU between JNU and MOKPO International University. The Centre also collaborates with Japan Foundation, Japanese Language Teachers Association of India (JALTAI), Mombusho Scholars Association of India (MOSAI), etc. in organizing seminars, conferences and workshops related to Japanese studies. The Centre for Japanese Studies, in its endeavor to develop a variety of areas of research, has started courses on Folklore and Folk Culture at the Masters Level. In this regard, a field trip of selected meritorious students of M.A and M.Phil (accompanied by faculty) to a Japanese University is undertaken where the students get an opportunity to share their research with experts in the field. This is supported by the Japan Foundation.

Centre for Korean Studies

The Centre for Korean Studies went into its 5th year of existence as an independent Centre quite smoothly and organized various academic and cultural events throughout the year for the promotion of Korean Studies in India and South Asia. Future plans include consolidation of ongoing programmes and improvement in the research output of the Centre. Also, collaboration with foreign Institutions and Governments shall continue in an effort to enhance academic research as well as professional opportunities for the students.

This year the Centre for Korean Studies introduced following some new M. Phil and BA optional courses.

Centre for Linguistics

The Centre for Linguistics offers MA and MPhil/PhD programmes in Linguistics as well as Optional courses in Linguistics for undergraduate students of the School. It is one of the leading centres for linguistics and language studies in India and focuses on core areas such as phonetics, phonology, morphology and syntax, as well as on areas in interdisciplinary language studies such as psycholinguistics and sociolinguistics. The CL is also known for its expertise in Semiotics and in the Indian grammatical tradition. Some of 85 the other areas of research by the faculty include language typology and sign language, with bio-linguistics being an emerging area of common interest among the faculty.

Centre of Persian and Central Asian Studies

The Centre of Persian and Central Asian Studies offers BA (Hons.), MA and MPhil/PhD programmes in Persian, and Certificate of Proficiency, Diploma of Proficiency, and Advanced Diploma of Proficiency in Pashto. The thrust areas of the Centre include modern and medieval Persian literature, translation from and into Persian and English, Indo-Iran relations, and Area Studies involving Iran, Afghanistan, Tajikistan and Uzbekistan. The future plans of the Centre include introduction of MA in Pashto (from 2018 – 2019) and programmes in the Uzbek language.

Centre of Russian Studies

The Centre of Russian Studies offers BA (Hons.), MA and MPhil/PhD programmes in Russian. It was founded in 1965 as an independent Institute of Russian Studies, and became a founding constituent of JNU in 1969. The thrust areas of the Centre include Russian philology, Russian literature, and Comparative Studies. The Centre also publishes its own journal, Critic and has a film club 'RUKI' (Russkoe kino). As throughout its long history, this year too the Centre has been actively engaged in strengthening its existing programmes of studies. A complete overhaul of the syllabus is

regularly undertaken in a bid to keep abreast of the everchanging scenario in the field of Russian education in general, and more and more emphasis is given to the use to the latest technologies in teaching. Future plans include a total revamp of the M.A. syllabus.

Centre of Spanish, Portuguese, Italian and Latin American Studies

The Centre of Spanish, Portuguese, Italian and Latin American Studies (CSPILAS) offers BA (Hons.), MA and MPhil/PhD programmes in Spanish, Certificate of Proficiency, Diploma of Proficiency, Advanced Diploma of Proficiency, and MPhil in Portuguese, and Certificate of Proficiency and Diploma of Proficiency in Italian. The Centre has state-of-the-art equipment and resources for studying Spanish, Portuguese, Italian and Latin American languages and cultures. The Centre publishes its own journal, Hispanic Horizon, and this year it also organized an International Conference in collaboration with CES, SLL&CS. During the year under review, the four streams of academic disciplines continued to be strengthened in the ambit of their disciplines. Inputs from internal discussions and interaction with outside agencies/individuals have become a part of the Centre's vibrant academic performance, especially in the light of the application of the new compounds of the syllabus restricted in the recent past. Keeping in mind the technological advances and their impact on pedagogy under the e-PGPathshala initiative the Centre has successfully completed all the requisite 16 Papers in Spanish and they are being uploaded on the MHRD/UGC website. Greek Chair and Turkish Chair These two chairs, directly under the Dean, offer courses in Greek and Turkish languages, literature and culture.

Language Labs and Multimedia Complex

The Language Labs and Multimedia Complex (LLC) – housed in an acoustically treated, air-conditioned building adjacent to the SLLCS, and in the SLLCS Building itself – is one of the best developed complexes of its kind in Asia. It houses three Multimedia Language Labs, three Audio Active Language Labs, a Phonetics Lab, six AudioVisual Rooms, an Internet Room for students, an Auditorium with film projection facilities, and a state-of-the-art Conference Room with multi-channel simultaneous interpretation and video conferencing facilities. The LLC also has a Studio with recording, editing and duplication facilities for audio and video. All facilities of the LLC are extensively used for teaching and research from 9 am to 4 pm on all working days. In future, the LLC plans to upgrade its existing studio and transfer its rich software resources from analog to digital format.

Future Plans

Centre of Arabic and African Studies

The Centre intends to restart course of Swahili language as optional and CoP in near future. Other self- financed courses are also on the cards.

Centre for English Studies

Given the nature and range of academic engagements at CES, we envision becoming a Special Centre for English and Cultural Studies, with autonomous and interdisciplinary linkages with foreign and Indian languages as well as other disciplines in the humanities and social sciences.

We see the further strengthening of our research programmes as an important priority. Our plans include (a) strengthening the dissertation component at the MA level through the introduction of courses and training modules in research methods and academic writing, (b) organizing research workshops for MPhil and PhD students at regular intervals to introduce them to new areas and methods of research, and (c) creating a forum for regular presentations by PhD students to peers and faculty on their work in progress, to which specialists in their areas may be invited. This will give them valuable feedback and also allow them to share their work, and for the Centre to be apprised of the range of research being carried out.

We also look forward to further international collaborations with adequate students' mobility, so that our researchers can get exposed to the international best practices of research in their field. We also have future plans of promoting and subsidising students' publications through funds received by the Centre, to make the massive and path-breaking research output of the Centre more visible.

Centre for French and Francophone Studies

- To develop further the sub-Saharan francophone component in the courses offered at Postgraduate level.
- To develop courses on subtitling & dubbing in films.
- To promote interdisciplinary research at M. Phil/Ph. D level.
- To promote interdisciplinary research in collaboration with other departments in the University and outside.
- To develop a translation database in collaboration with end users.
- To promote intercultural studies.

Centre of German Studies

Continue AOC with the University of Wuppertal, Germany. A faculty member and two research scholars from CGS will be visiting the University of Wuppertal in 2018 – as part of the academic exchange program- with fellowship/scholarship for a period of one to three months.

Continue AOC with the University of Freiburg, Germany, has been established. Under the GIP and Baden-Wuerttemberg scholarship programs, six students from M.A., M.Phil and Ph.D programs are at present studying and pursuing research at the Albert-Ludwigs university Freiburg for time periods varying from one to six months. One faculty member will also be availing the one month research fellowship offered under the AOC in June 2018. A workshop has been planned in October 2018 as a collaborative undertaking between the German Departments in University of Freiburg, University of Mumbai, Delhi University and JNU.

CGS will continue to cooperate with Hans Seidel Foundation and the DAAD and both agencies will continue their support to research scholars from CGS.

Possibilities of an academic collaboration with the University of Vienna, intimated by the renowned scholar Prof. Wolfgang Muller-funk, are being explored. Two lectures have been planned in Monsoon semester 2019 along with discussions regarding the modalities of an academic cooperation.

Centre of Spanish, Portuguese, Italian and Latin American Studies

Given the number of MOUs the Centre has signed, we would like to renew them and make them workable than just on paper. Further exchanges of students and faculty would be encouraged to ensure free flow of ideas and develop new research interests. The Centre is also working towards developing MOOCs for MHRD and UGC, as well as, have another lot of MOOC courses for JNU also. The next International Conference on Hispanism which has been met with very warm response previously would be organized shortly to encourage Indian and international scholars and academicians to participate.

School of Life Sciences (SLS)

During this reporting period, the School has made substantial all-round progress in teaching and research. This year 31 of our students obtained Ph.D. degree and 30 students obtained their M.Sc. degree. The students and faculty members of the School published 98 papers in peer-reviewed journals, in addition to book chapters. Currently, the faculty of the School have 48 ongoing projects from various funding agencies. The School has funding under the FIST II and CAS (DRS-I) programmes of DST and UGC, respectively, and have acquired new equipment for its Central Instruments Facility.

During this period, the School re-organized its research activities under the Ph.D. programme and created five research groups for admission of Ph.D. students as per the table below. This should provide new impetus to showcase the research activities in the School and attract talented students and funding to the School. The School also organized field trip for its students to the Dabur research laboratories to learn first-hand about research activities in a pharmaceutical industry. The School continued its annual Summer Research Programme and the BioSparks research festival as part of its outreach activities.

Research Group	Topics (For a detailed list, see SLS website www.jnu.ac.in/sls)
Group I Plant Biology; Virology; Plant Biotechnology	Biology of Plant-virus Interactions; Plant microbe Interactions; Functional Genomics and Metabolomics of Abiotic stress in Crop Plants; Comparative, Functional and Evolutionary Genomics of Capsicum species
Group II Microbiology; Immunology; Infectology, Radiation and Cancer Biology	Parasitology/ Basic biology; Carcinogenesis, Cancer Chemoprevention and Therapeutics; Yeast Molecular and Cell Biology; Microbiology; Cell Signaling and Cancer Biology; Yeast Molecular Genetics in <i>S. cerevisiae</i> and the pathogenic fungus <i>Candida albicans</i> ; Radiation and Cancer therapeutics; Molecular Mechanisms and protein traffic during immune cell effector responses; Cell and molecular biology of the malaria parasite, <i>Plasmodium falciparum</i>
Group III Genetics; Cell & Molecular Biology; Developmental Biology	Non-coding RNA, Stem Cells; Chromatin, transcription and Gene Regulation; Developmental biology with emphasis on autophagy in <i>Dictyostelium</i> ; Epigenetics & Chromatin Remodeling
Group IV Animal Physiology; Neurosciences and Systems Biology	Neurobiology of Sleep-Waking-REM Sleep; Brain Ageing and its counter strategies; Sleep, Learning and Memory; Neurodegenerative disorders
Group V Biochemistry; Biophysics; Bioinformatics; Nanobiology	Biochemistry & Redox biology of degenerative diseases; Structural Biology; Structural & Parasite Biology; Biophysical Chemistry; Biophysical, Nanobiotechnology

The School would further strengthen its teaching and research activities along these five research groups during the next year. As part of our regular feature, the School would revise the curriculum and courses for M.Sc. and Ph.D. programmes.

Profile of the School:

The School of Life Sciences (SLS) came into existence during 1970-71, and has been a premier department in the country undertaking inter-disciplinary research and teaching in Life Sciences.

The School has been reaching out to all parts of the country to pick students and has tried all possible methods of communication with the students including class-room interactions, examinations, quizzes, seminar presentations, reading and summarizing of research papers, undertaking original research projects and conceptualizing and convening of conference on current topics in the field, etc., in order to ensure maximal reception of information by the students. With the main focus on **CELL AND MOLECULAR BIOLOGY**, SLS has built reputed research programmes in the areas specified in the table above, employing microbes, plants and animals as model systems for these studies.

Conference Organized by the School

School's Events

The Summer Research Programme-2018 was successfully organized during summer vacation, on “Emerging Areas in Biology”, 25 students participated the Programme, 5 June – 10 July, 2018

Biosparks-2019, a unique event of the School organized, managed and convened entirely by students, was a Symposium during “Biospark-2019”, which was held in the School, bringing together current researches in Life Sciences, 15 – 16 March, 2019

Visitors to the School:

- Dr. Yashpal Rawal, Visiting Fellow, NICHD, National Institutes of Health, Bethesda, MD, USA., “SWI/SNF and RSC cooperate to reposition and evict promoter nucleosomes at highly expressed genes in yeast”, 25 April, 2018
- Abhijit Bakre, Research Scientist, Department of Infectious Diseases, College of Veterinary Medicine, University of Georgia, Athens GA, USA., “MicroRNAs at the host:virus interface”, 9 July, 2018
- Dr. Rupesh Kumar, Postdoctoral Fellow, Group for Neural Theory, Laboratoire des Systems Perceptifs, Ecole Normale Supérieure, Paris, “Encoding and Perception of Sound categories in Auditory Cortex of the Brain”, 12 July, 2018
- Dr. Malathi Krishnamurthy, Associate Professor, University of Toledo, Toledo, OH, USA., “RNA signaling pathways in crosstalk between autophagy and apoptosis”, 23 July, 2018
- Dr. Sushma Naithani, Assistant Professor, Department of Botany and Plant Pathology, Oregon State University, Corvallis, Oregon, USA., “GRAMENE: A Resource for plant genome and pathways”, 13 July, 2018
- Prof. MEC Rey, School of Molecular and Cell Biology, University of the Witwatersrand, Johannesburg, South Africa, “Resistance to cassava Geminiviruses”, 5 September, 2018
- Dr. Catharine H. Kaschula, Stellenbosch University, South Africa, “The chemistry of garlic: insights into its cancer preventative activity”, 17 September, 2018
- Dr. Serge Ankri, Department of Molecular Microbiology, B. Rappaport Faculty of Medicine, Technion, Haifa, Israel, “Mechanisms of *Entamoeba histolytica* adaptation to environmental stresses”, 4 October, 2018
- Dr. Joseph M. Beechem, Senior Vice President of Research and Development, Nanostring, “Central Presentation for Nanostring technologies”, 4 October, 2018
- Prof. Gyan Bhanot, Rutgers University, “Predating response to immune checkpoint therapy”, 26 October, 2018
- Prof. Nina V. Fedoroff, Emeritus Professor of Biology, Pennsylvania State University, USA., “The GMO wars: what do we do when scientists and citizens deeply disagree?”, 12 November, 2018
- Prof. Kadambot H.M. Siddique, Hackett Professor of Agriculture Chair, Director The UWA Institute of Agriculture, Perth WA 6001, Australia, “Genotypic variation in phosphorus-use efficiently among a large set of chickpea germplasm and underlying physiological mechanisms”, 22 November, 2018
- Dr. Maria Sahun Roncero, Scientific Support Specialist, Abcam pic, UK., “Optimization, Troubleshooting for WB/IHC Technique”, 3 December, 2018
- Dr. Mudasir Ahmad Khanday, BIDMC, Harvard Medical School, Boston, MA- USA., “Role of parabrachial glutamatergic signaling in the regulation of arousal and coma”, 14 December, 2018
- Prof. Dipankar Nandi, Department of Biochemistry, Indian Institute of Sciences, Bangalore, “The 2018 Nobel Prize in Medicine on T cell costimulation and anti-tumor therapy”, 23 January, 2019
- Susana Guerra, Prof of Microbiology and Vice-Dean of Research, Faculty of Medicine, Universidad Autónoma de Madrid, Madrid, Spain, “ISG15 governs mitochondrial functions in macrophages after Vaccinia virus infection”, 5 February, 2019
- Prof. Indranil Biswas, Kansas University Medical Center, Kansas, “Regulated Proteolysis in Bacteria: Streptococci Do it Differently”, 7 February, 2019

Accomplishment of Students:

Prof. Supriya Chakraborty

- **Neha Gupta**, Best oral presentation award (First Prize) at the Intervirocon: 27th International conference of virology “Global viral epidemics: A challenging threat”, Post-Graduate Institute of Medical Education & Research, Chandigarh, 12 – 14 November, 2018
- **Tsewang Namgial**, Best oral presentation award (Second Prize) at the Intervirocon: 27th International conference of virology “Global viral epidemics: A challenging threat”, Post Graduate Institute of Medical Education & Research, Chandigarh, 12 – 14 November, 2018
- **Ragunathan Devendran**, Best poster presentation award at the Intervirocon: 27th International conference of virology “Global viral epidemics: A challenging threat”, Post-Graduate Institute of Medical Education & Research, Chandigarh, 12 – 14 November, 2018

Dr. Niti Puri

- Patent: **Priyanka**, Puri, N., and Tyagi, R. K., Title of Invention: Generation and Characterization of Hybridoma Clones-Producing Monoclonal Antibodies Against Specific Domains of Human Pregnane and Xenobiotic Receptor (PXR), (Indian patent published on 09/11/2018), (Application No.201711016149 A).
- Appreciation Award to student **Rangati Varma**, for Oral Presentation: Varma, R. and Puri, N., (2019) Modulation of mast cell responses to allergen by inducing tolerance with various primary challenges. Biosparks 2019: Celebrating Science, School of Life Sciences, Jawaharlal Nehru University New Delhi, 15 – 16 March, 2019

Conferences Organized

- **Singh Rana Pratap**, Organized, international symposium on “Tumor Microenvironment and Cancer Prevention & Therapeutic”, Jawaharlal Nehru University, New Delhi, 8 – 9 February, 2019
- **Singh Rana Pratap**, Organized, workshop on “Handling and Care of Laboratory Animals”, at School of Life Sciences, Jawaharlal Nehru University, New Delhi, 4 – 7 February, 2019
- **Singh Rana Pratap**, Organized, Hands on workshop on “Handling and Care of Laboratory Animals”, at School of Life Sciences, Jawaharlal Nehru University, New Delhi, 28 May – 2 June, 2018

School of the Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSM&E)

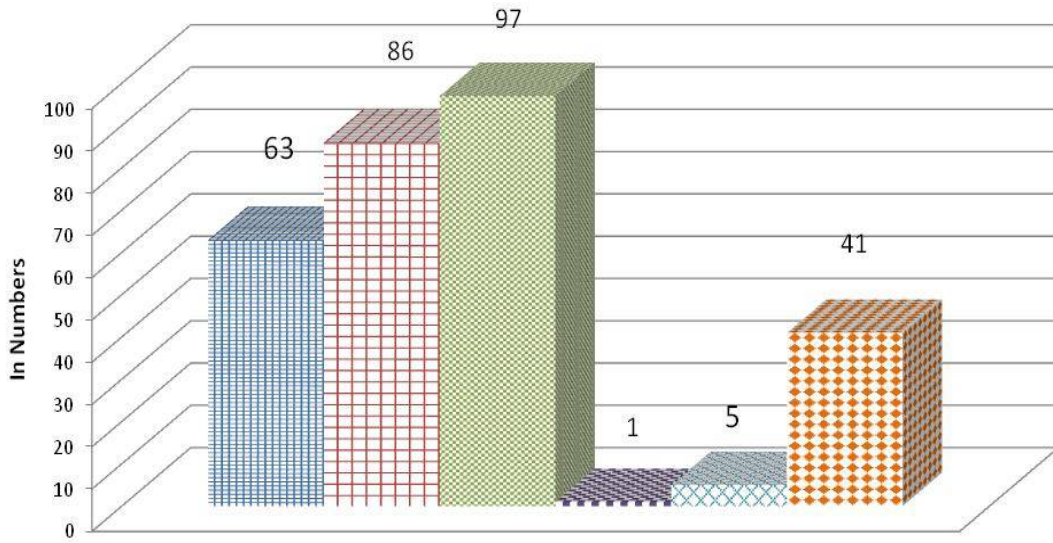

The School was established on 18 December, 2017 (vide Notification No. Acad.III/AC/144/2017) as **School of management and Entrepreneurship** and the 275th Executive Council Meeting held on 23 August, 2018 “Resolved to approve the recommendations of the Academic Council meeting held on 13.07.2018, with the following remarks: ‘i. Naming of newly created School of Management and Entrepreneurship as Atal Bihari Vajpayee School of Management and Entrepreneurship.’”

The Board of Studies of the School held its meeting 30 June, 2018 discussed and approved the proposal for three Programmes and Courses of Study for the School: MBA, Ph.D. and Diploma in Entrepreneurship. This proposal was recommended by the 147th Academic Council meeting held on 5 October, 2018, which was approved by the 276th Meeting of The Executive Council (Resolution 6.1 (A) 05) held 22 October, 2018

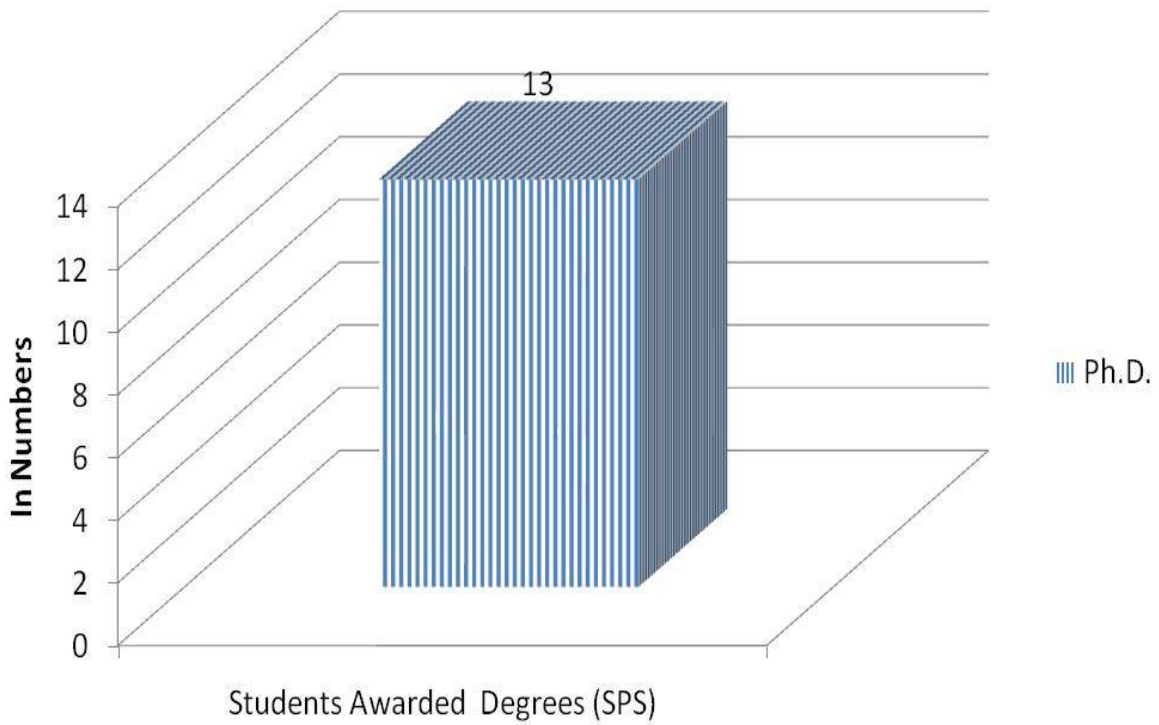

The process of the first batch of MBA Admission 2019 – 2020 was initiated by the School through the Director of Admissions, JNU, in the beginning of the year 2019.

School of Physical Sciences (SPS)

The School of Physical Sciences (SPS), Jawaharlal Nehru University (JNU) is one of the leading departments of India in research and teaching in the fields of Physics, Chemistry and Mathematics and the faculty of SPS has made a significant contribution to these subjects as well as interdisciplinary areas bordering them. The Physics M.Sc. and Ph.D. programs have been in place for last few decades. The Ph.D. programs in Chemistry and Mathematics started in 2007 and 2010 respectively. In the year 2017, SPS started M.Sc. program in Chemistry and M.Sc. in Mathematics will be starting in 2019. It is noteworthy to mention that the unique coexistence of three major subjects in SPS has truly facilitated collaborative and interdisciplinary research programs in the School. At present, almost all the labs are well equipped with state-of-the-art research instruments. SPS has well established modern computational research facilities. In M.Sc. programs, SPS not only offers traditional core courses in each subjects, but focuses to offer specialized courses to students as an elective course to enrich their understanding of the subject. SPS also offers well designed M.Sc. laboratory courses including the traditional and modern experiments. Over the years, these programmes have attracted sincere students in their respective fields. SPS has a well-stocked library with good collection of books and journals in all the three subjects. In terms of research, SPS is one of the leading Schools of India, where the faculties have made significant contributions to the traditional disciplines of Physics, Chemistry and Mathematics, as well as to the areas at the interface of these subjects.

The faculty in SPS has been continuously publishing research papers in reputed journals and present works in conferences/seminars. During the last year, around 98 peer reviewed research papers and 5 chapters in books were published by SPS faculty and students. These were in the following areas of Physical, Chemical and Mathematical Sciences in which research works are being pursued actively: Algebra, Chemical Physics, Complex Fluids, Computational Physics, Condensed Matter Physics, Disordered Systems, Elliptic Curves, Ergodic Theory and Dynamical Systems, Granular Materials, High Energy Particle Physics, Magnetism, Material Science, Quantum Dots, Mathematical Physics, MOF and zeolite membranes, Nano-chemistry, Nano-particle Physics, Non-equilibrium Statistical Mechanics, Nonlinear Dynamics, Nonlinear Optics, Algebraic and Analytic Number Theory, Organic-Inorganic Hybrid Materials, Polymers, Operator Algebras, Probability Theory, Quantum Chaos, Quantum Optics, Semiconductors, Statistical Nuclear Physics, Spectroscopy, String Theory, Superconductivity, Supra-molecular Chemistry, Synthetic Organic Chemistry and Ultrafast Photo-physical Processes in Bio- and Nano-materials.

The research and teaching contributions of the School have been widely acknowledged attracting visitors from premier institutes across the world. Last year, there were around 40 talks delivered by eminent researchers on concurrent subject areas of Physics, Chemistry and Mathematics. SPS has also received large amount of research funds from various funding agencies at national and international level.

New Courses (regular or remedial) introduced by the School/Centre.

The following two new B-Tech-Practical courses have been introduced:-

Sl. No.	Name of the Course	Credits	Name of Faculty who prepared syllabus
1	Practicals in Chemistry	01	a) Dr. P. Mukhopadhyay b) Dr. S. Sen, Dr. S. Sabbani c) Dr. D. Das d) Dr. A.Rai e) Dr. M. Munde f) Dr. P. Sasmal
2	Practicals in Physics	01	a) Prof. H.B. Bohidar b) Prof. Kedar Singh c) Dr. Rabindra Nath Mahato d) Dr. Tanuja Mohanty

Conference organized by the School/Centre

- SPS March Meeting on “Current Developments in Physics of Materials”, Organizers: Dr. Ashim Kr. Pramanik and Dr. Rabindra Nath Mahato, 8 – 9 March, 2019

The School of Physical Sciences, JNU has a long standing tradition to organize its March Meeting. This meeting is an annual academic activity of SPS where subject experts from across the country are invited to speak on a dedicated theme. This year, the meeting had been organized on the theme “Current Developments in Physics of Materials” during 8 – 9 March, 2019. Evidently, material physics is of current interest having immense application in addition to its importance for theoretical understanding. This academic program provided enough motivation to our M.Sc and Ph.D students offering a viable platform for discussing recent advances on the subject as well as to exchange vivid ideas.

It is worthwhile to cite that this year also many subject experts from prestigious institutes across the country were invited to deliver talks at this meeting. The list of speakers include Arghya Taraphdar (IIT Kharagpur), Anjan Kr. Gupta (IIT Kanpur), Sujit Manna (IIT Delhi), Tanusri Saha-Dasgupta (SNBNCBS Kolkata), Subhro Bhattacharjee (ICTS Bangalore), Ajeet Kumar (NPL, Delhi), Sunil Nair (IISER Pune), Pintu Das (IIT Delhi), Goutam Sheet (IISER Mohali), Aparna Deshpande (IISER Pune), Tanmoy Das (IISc Bangalore). In addition, Subir Kr. Sarkar, Ashim Kr. Pramanik and Dinabandhu Das from the School also presented talks. On this occasion, a special lecture was also delivered by Prof. Ashoke Sen (HRI).

During this academic event, students from SPS presented their research works with posters showcasing their research mechanism. A poster competition was also organized for the students of SPS and three prizes were awarded for the best poster presentation. At the end, gold medals were awarded to pass-out M.Sc students in recognition of their academic excellence. The whole meeting was organized with financial support granted from UGC-DSA II (SAP I) program and various sponsors. Overall, the meeting was very effective in promoting the intellectual milieu, for which the School of Physical Sciences is widely celebrated.

Visitors to the School/Centre

Like every year, SPS invited many distinguished researchers as Visitor. During the last year, a total of 40 eminent researchers visited SPS from subject areas of Mathematics, Chemistry and Physics (06 in Mathematics, 10 in Chemistry, 16 in Physics and 06 interdisciplinary) and delivered enriching well-documented talks. During 2018-2019, among notable visitors were Kari Rissanen, Kazuo Takatsuka (Chemistry); Jean-Marc Deshouillers, Kumar Murty (Mathematics), Sourendu Gupta, Subir Sachdev (Physics), etc.

- **Sobhan Sen**, Co-Convener of “National Workshop in Fluorescence and Raman Spectroscopy (FCS-2018)” organized by School of Physical Sciences, Jawaharlal Nehru University, Department of Chemistry, Indian Institute of Technology Delhi and Tata Institute of Fundamental Research Mumbai, 12 – 17 November, 2018.
- **Sobhan Sen**, Organizer of symposium, “ACS & India: Partners in Progress” organized by School of Physical Sciences, Jawaharlal Nehru University and American Chemical Society (ACS), 30 October, 2018.
- **Sobhan Sen**, host faculty for the visitor to School of Physical Sciences to Prof. Yoshitaka Tanimura, Department of Chemistry, Kyoto University, Japan, 21 – 26 February, 2019

Accomplishment of Students

It is relevant to mention that the students graduating from SPS are well placed in academics and industry. Following is some of our students settled in various excelling fields:-

- **Dr. Nibedita Pal**, Ph.D. student of Dr. Sobhan Sen, joined Department of Biology, Indian Institute of Science Education and Research Tirupati (IISER Tirupati) as an Assistant Professor.

Postdoctoral Positions

- **Dr. Bimla Danu** (former PhD student of Prof. Brijesh Kumar) has recently joined Prof. Fakher Assaad's research group as a post-doctoral fellow at the University of Wuerzburg in Germany.
- **Dr. Pratyay Ghosh** (former PhD student of Prof. Brijesh Kumar) has been offered a post-doctoral position by Dr. Markus Müller in the Condensed Matter Theory group at the Paul Scherrer Institute (PSI), Zurich, Switzerland. He has accepted this offer, and will soon be joining Dr. Muller's group at PSI.
- **Dr. Yogendra Kumar**, Post-Doctoral Fellowship, University of Wroclaw, Poland
- **Dr. Jyoti Shakya**, PhD student of Dr. Tanuja Mohanty, has been awarded NPDF at IISc, Bangalore for pursuing Post Doctoral studies.
- **Dr. Ms. Him Shweta**, Ph.D. student of Dr. Sobhan Sen, was offered postdoctoral research fellowship in the School of Medicine, University of Pennsylvania, USA. She joined the postdoctoral position (with Prof. Yale E Goldman) tentatively in August, 2018.

Research students in SPS regularly attend the academic conferences/workshops at national and international arena.

Following is the list of students who participated in conferences/workshops over the year.

Attending Conferences/Seminars/Workshops by Students

International

- **Amit Kumar**, Impact of the Sr doping on structural and magnetic properties of nanocrystalline $Ba_{1-x}Sr_xCo_{0.9}Mn_{0.1}O_{3-\delta}$ ($0.0 \leq x \leq 0.5$)” presented as poster at 9th Joint European Magnetic Symposia (JEMS) 2018, Germany, 3 – 7 September, 2018

National

- **Arpit Bansal**, Attended “Workshop on Number Theory” at NISER Bhubaneshwar, 30 November, 2018 – 6 December, 2018.
- **Parath Kumar Kasana**, Attended International Conference on Materials for Energy Applications (ICME 2018), SS Jain Subodh College, Jaipur, 6 – 8 December, 2018.
- **Sanjeev Kumar**, Presented paper “Modulation of Optoelectronic properties in Annealed MoS_2 - TiO_2 Nanocomposites through Structural Modification” at the International Conference on Advanced Materials, Centre for Nanoscience and Nanotechnology, Jamia Millia Islamia, New Delhi, India, 6 – 7 March, 2019.
- **Sanjeev Kumar**, Presented paper “Photocatalytic degradation of anionic and cationic dye by using Nitrogen doped MoS_2 ” at the 63rd DAE Solid State Symposium, Guru Jambheshwar University of Science and Technology, Hisar, Haryana, India, 18 – 22 December, 2018.
- **Tanmay Mahanta**, Attended International Conference on Materials for Energy Applications (ICME 2018), SS Jain Subodh College, Jaipur, 6 – 8 December, 2018.
- **Tanmay Mahanta**, Attended Workshop on Scanning Probe Microscopy, SPM 2018, IIT Delhi, 20 – 21 December, 2018.
- **Rajdeep Palit**, Attended Indian Women and Mathematics Annual Conference 2018, Shiv Nadar University, U.P., 21 – 23 June, 2018.
- **Manoj Prajapati**, Attended The 33rd Annual Conference of the Ramanujan Mathematical Society, University of Delhi, 1 – 3 June, 2018.
- **Manoj Prajapati**, Attended International Meet on Analysis, University of Delhi, 24 November, 2018.
- **Manoj Prajapati**, Attended International workshop and conference on Topology and Applications, Kochi, India, 5 – 11 December, 2018.
- **Lav Kumar Singh**, Annual Foundation School-III, 2018 (Kerala School of mathematics) organised by National Center for Mathematics, 2 – 28 July, 2018.
- **Lav Kumar Singh**, National Workshop on Topology and Functional Analysis organised by Dept. of Mathematics, LNMIIT-Jaipur, 11 – 15 March, 2019.

- **Alok Kumar Yadav**, Attended the 33rd Annual Conference of the Ramanujan Mathematical Society, University of Delhi, 1 – 3 June, 2018.
- **Alok Kumar Yadav**, Indian Women and Mathematics Annual Conference 2018, Shiv Nadar University, 21 – 23 June, 2018.
- **Alok Kumar Yadav**, Attended the International Meet on Analysis, at University of Delhi, Delhi, India, 24 November, 2018.
- **Alok Kumar Yadav**, Presented paper “Dynamics of certain distal actions on spheres” in “The 33rd Annual Conference of the Ramanujan Mathematical Society”, University of Delhi, 1 – 3 June, 2018.
- **Prashant Shukla**, Presented Poster at 25th International Conference International Society of Chemists and Biologists Conference, “Trends in Chemical and Biological Sciences-Impact on Health and Environment”; at Hotel Tulip, Lucknow, Uttar Pradesh- 226016, 12 – 15 January, 2019.
- **Prashant Shukla**, Presented Poster at “National Conference on Chemistry for Human Health and Environment (CHHE) 2018”, University of Delhi, Delhi-110007, 15 – 16 December, 2018.
- **Prashant Shukla**, Presented Poster at XIV J-NOST Conference for Research Scholars, CSIR-Indian Institute of Chemical Technology, Hyderabad, Telangana, India, November 22-15, 2018.
- **Puneet Kumar Singh**, Presented Poster at 25th International Conference International Society of Chemists and Biologists Conference, “Trends in Chemical and Biological Sciences- Impact on Health and Environment”; at Hotel Tulip, Lucknow, Uttar Pradesh- 226016, 12 – 15 January, 2019.
- **Puneet Kumar Singh**, Presented Poster at “National Conference on Chemistry for Human Health and Environment (CHHE) 2018”, University of Delhi, Delhi-110007, 15 – 16 December, 2018.
- **Harendra Sheshma**, Presented Poster at 25th International Conference International Society of Chemists and Biologists Conference, “Trends in Chemical and Biological Sciences-Impact on Health and Environment”; at Hotel Tulip, Lucknow, Uttar Pradesh- 226016, 12 – 15 January, 2019
- **Harendra Sheshma**, Participated at “National Conference on Chemistry for Human Health and Environment (CHHE) 2018”, University of Delhi, Delhi-110007, 15 – 16 December, 2018.
- **Rahul Kumar**, Attended, International Conference on Environmental and Biomedical Nanotechnology (ICEBN 2018), at Jawaharlal Nehru University, New Delhi, 14 – 15 September, 2018.
- **Shobha Gondh**, Attended and presented poster in conference MRSI-2019 at IISc Bangalore, 12 – 15 February, 2019.
- **Virendra Kumar**, Attended workshop on Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, organized by ICC, JNU, New Delhi, 1 – 2 May, 2018
- **Virendra Kumar**, Attended Workshop on Organic Photovoltaics & Electronics Technology 2018 (OPET 2018), CSIR-NPL, New Delhi, 6 – 10 August, 2018.
- **Lalita Negi**, Poster Presentation entitled “Switching from positive to negative axial thermal expansion in two crystalline compounds” at March Meeting “Current Developments in Physics of Materials”, organized by SPS, JNU, 8 – 9 March, 2019.
- **Lalita Negi**, Poster Presentation entitled “Switching from positive to negative axial thermal expansion in two crystalline compounds” at International conference on “OrganiX-2018; an international conference in Chemistry”, at Tezpur University, 20 – 21 December, 2018.
- **Lalita Negi**, Poster Presentation entitled “Biaxial Zero Thermal Expansion in an Organic Crystal” at Science Day, organized by JNU and DST, 28 February, 2019.
- **Lalita Negi**, Poster Presentation entitled “Switching from positive to negative axial thermal expansion in two crystalline compounds” at Jan Jan JNU, organized by JNU, 30 November, 2018.
- **Lalita Negi**, Participated in “Workshop on TGA and DSC jointly organized by IIT-Delhi and Setaram at IIT-Delhi”.
- **Bhavna Dwivedi**, Poster Presentation entitled “Anomalous thermal expansion induced by scissor-like motion of 2D hydrogen bonded network in an organic salt” at Science Day Organized by JNU and DST, 28 February, 2019.
- **Bhavna Dwivedi**, Poster Presentation entitled “Anomalous thermal expansion induced by scissor-like motion of 2D hydrogen bonded network in an organic salt” at March Meeting on “Current Developments in Physics of Materials”, organized by SPS, JNU, 8 – 9 March, 2019.
- **Ashutosh Shrivastava**, Attended Jan Jan JNU, organized by JNU, 30 November, 2018.
- **Ashutosh Shrivastava**, Participated in Workshop on TGA and DSC jointly organized by IIT-Delhi and Setaram at IIT- Delhi.
- **Ashutosh Shrivastava**, Participated in One day workshop on “BET Surface area and pore size distribution”, Organized by Anton Paar India at Gurugram, 19 February, 2019.
- **Ashutosh Shrivastava**, Poster Presentation at Science Day organized by JNU and DST, 28 February, 2019.

- **Ashutosh Shrivastava**, Poster Presentation at March Meeting on “Current Developments in Physics of Materials”, organized by SPS, JNU, 8 – 9 March, 2019.
- **Sunil Kumar**, Participated as a volunteer at Jan Jan JNU, organized by JNU, 30 November, 2018.
- **Sunil Kumar**, Attended Science Day Organized by JNU and DST, 28 February, 2019.
- **Sunil Kumar**, Attended at March Meeting on “Current Developments in Physics of Materials”, organized by SPS, JNU, 8 – 9 March, 2019.
- **Kishor Kharkwal**, DAE solid state physics symposium 2018, at GJUS&T Hisar, Haryana, presented a paper titled “Magnetism in Sr₂FeIrO₆/La_{0.67}Sr_{0.33}MnO₃ Trilayer”, 18 – 22 December, 2018.
- **Kishor Kharkwal**, International conference on advances in basic sciences 2019, at GDC Memorial College Bahal, Haryana, presented a paper titled “Magnetic Behavior of Sr₂FeIrO₆/ La_{0.67}Sr_{0.33}MnO₃ Bilayer”, 7 – 9 February, 2019.
- **Rachna Chaurasia**, Attended international conference on advances in basic sciences 201 and presented paper “influence of film thickness on transport behavior of compressive strained SrIrO₃ films”, 7 – 9 February, 2019
- **Amar Nath Yadav**, Attended international conference on Environmental and Biomedical Nanotechnology (ICEBN 2018) at Jawaharlal Nehru University, New Delhi, 14 – 15 September, 2018.
- **Amar Nath Yadav**, Attended international conference on Advanced Materials (ICAM-2019) at Centre for Nanoscience and Nanotechnology, Jamia Millia Islamia (Central University), New Delhi, 6 – 7 March, 2019.
- **Amar Nath Yadav**, Poster presentation on Science day, 28 February, 2019.
- **Amar Nath Yadav**, Poster presentation on Jan Jan JNU Open day.
- **Amar Nath Yadav**, Poster presentation in SPS march meeting, 8 – 9 March, 2019
- **Ms. Sheeba Shafaq**, Attended the SERC Preparatory School held at the School of Physics, University of Hyderabad, Hyderabad, 20 August – 15 September, 2018.
- **Aman Bhardwaj**, Oral Presentation in national conference on Nano Structured Materials and Device Technologies (NCNSMDT-2018), organized by Aggarwal College, Ballabgarh, India, 21 – 22 December, 2018.
- **Aman Bhardwaj**, Oral Presentation in International Conference on Advanced Materials for Energy Science and Technology, organized by North Eastern Hill University Shillong, Meghalaya, India, 26 – 28 February, 2019.
- **Aman Bhardwaj**, Paper presentation and participation in 63rd Solid State Physics Symposium (SSPS), organized by Bhabha Atomic Research Centre (BARC) at Guru Jambheshwar University of Science & Technology, Hisar-Haryana, 18 – 22 December, 2018.
- **Aman Bhardwaj**, Best Oral Presentation in national conference on Nano Structured Materials and Device Technologies (NCNSMDT-2018), organized by Aggarwal College, Ballabgarh, India, 21 – 22 December, 2018.
- **Aman Bhardwaj**, Young Researcher Award in International Conference on Advanced Materials for Energy Science and Technology (AMEST), organized by North Eastern Hill University Shillong, Meghalaya, India, 26 – 28 February, 2019.
- **Aman Bhardwaj**, As Leading Scientist visit to National University of Science and Technology NUST, MISIS, Moscow, Russia, 12 – 28 November, 2018.
- **Prakriti Neha**, Got best poster award in “National Science Day-2018”, Jawaharlal Nehru University, New Delhi.
- **Pawan Kumar**, Paper presentation and participation in 63rd Solid State Physics Symposium (SSPS), organized by Bhabha Atomic Research Centre (BARC) held at Guru Jambheshwar University of Science & Technology, Hisar-Haryana, 18 – 22 December, 2018.
- **Shivani Chaudhary**, Paper presentation and participation in 63rd Solid State Physics Symposium (SSPS), organized by Bhabha Atomic Research Centre (BARC) held at Guru Jambheshwar University of Science & Technology, Hisar-Haryana, 18 – 22 December, 2018.
- **Ganesh Gurjar**, Oral and Poster Presentation at “Department of atomic energy solid state physics symposium (DAESSPS2018)”, at GJUST Hisar, Haryana, organised by Bhabha Atomic Research Centre (BARC), Mumbai, India, 18 – 22 December, 2018.
- **Ganesh Gurjar**, Oral Presentation at international conference on Magnetic Materials and its application (ICMAGMA-2018) held at NISER, Bhubaneswar, Orissa, India, 9 – 13 December, 2018.
- **Vipin Nagpal**, Paper presentation and participation in 63rd Solid State Physics Symposium (SSPS), organized by Bhabha Atomic Research Centre (BARC) held at Guru Jambheshwar University of Science & Technology, Hisar-Haryana, 18 – 22 December, 2018.
- **Vipin Nagpal**, 2nd Annual Meeting on Physics of Strongly Correlated Electron Systems (PSCES 2019), Department of Physics, IIT Delhi, 6 – 8 March, 2019.

- **Karn Singh Jat**, Paper presentation and participation in 63rd Solid State Physics Symposium (SSPS), organized by Bhabha Atomic Research Centre (BARC) held at Guru Jambheshwar University of Science & Technology, Hisar-Haryana, 18 – 22 December, 2018.
- **Amardeep sagar**, Paper presentation and participation in 63rd Solid State Physics Symposium (SSPS), organized by Bhabha Atomic Research Centre (BARC) held at Guru Jambheshwar University of Science & Technology, Hisar-Haryana, 18 – 22 December, 2018.

Any Other Information

As recognition of academic excellence of School in terms of teaching and research output, SPS has attracted generous funding from several agencies such as, UGC, DST; to name a few. The SPS received prestigious DRS-COSIST and DSA research schemes from UGC since 1994. Further, SPS has received major funding from the DST under the FIST program in 2002, 2007 and 2013. It is also worth mentioning that SPS faculty members have received considerable amount of research projects at individual capacity from various national and international funding agencies such as, IFCPAR-CEFIPRA, CSIR, DST, DBT, UGC, etc.

Future Plans

The School of Physical Sciences has three groups: Physics, Chemistry and Mathematics and the work culture in the School is truly collaborative and interdisciplinary in nature. To strengthen these existing academic programs, the immediate future plan would be to fill-up all the vacant faculty positions with researchers working in a wide variety of areas in these three subjects. More instruments will be arranged for M.Sc. laboratories. The SPS has just started Chemistry M.Sc. program, and in future this program will be expanded. Similarly, the Mathematics M.Sc. program has been approved and going to start from academic year 2019-20 and in future continuous efforts will be carried out to expand the same. Focus will be paid to apply for collective research proposals as well as to submit the proposals to organize the seminars/conferences of national and international echelon aiming to strengthen the academic programs in the school and to establish the collaborative research programs.

School of Sanskrit and Indic Studies (SS&IS)

The **School of Sanskrit and Indic Studies** was created by upgrading the Special Centre for Sanskrit Studies to a full-fledged school on 18th December, 2017. The earlier special centre was set up in 2001 with the following goals -

- Negotiate between, and bring together, through interactive projects, the traditional scholars/scholarship and the mainstream university scholars/scholarship
- Undertake maintenance and preservation of heritage texts and manuscripts
- Constitute and expound theoretical framework from the primary intellectual texts of the Sanskrit tradition,
- Extend and validate the classical theories by applying them both to contemporary Indian reality (modern Indian languages, literature, etc.) and to contemporary European Languages and literature (to reverse the existing data-theory relationship between the Indian academy and the Western academy and to recover theory status for the Indian thought),
- Undertake comparative research in Indian and Western traditions of thought in linguistics, literary and cultural theory, philosophy including philosophy of language, metrics and prosody, sociological thought, polity, gender, and ethnic studies and culture.

The **School of Sanskrit and Indic Studies (SSIS)** currently has M.A., M.Phil, Ph.D. programmes and five Certificate of Proficiency (CoP) courses in Sanskrit, Pali, Sanskrit Computational Linguistics, Yoga Philosophy and Vedic Culture. The school is planning to start several new courses and programmes soon.

New Courses: 2 (Regular)

About the Centres

Centre for Economic Studies and Planning

CESP has been a premier centre for teaching and research in Economics in India since its inception in 1973. Its drive for excellence has been based on a conscious aim at providing an objective environment for education and research in the subject, straddling all major intellectual traditions. The Centre actively encourages critical and independent thinking, respect for facts, and logic. These have been combined with a recognition of the need to adopt a constructive approach to the development of the subject within each tradition, the need to represent alternative traditions in a faithful manner, and the need to be useful to society. There is continuous effort to combine theory, history, quantitative methods and field study, in the curricula.

The Centre's faculty actively engages in research both in the realms of abstract economic theory, development, and socio-economic history, and the formulation, evaluation and criticism of economic policy. Over the last four and a half decades, the efforts of the faculty have been honoured with awards and recognition both from within the academic community and outside, in India and abroad. Yet the most eloquent testimonial to their efforts has been provided by the Centre's alumni, who have, by any yardstick of collective achievement, made meaningful and valuable contributions as part of a wide range of professions. Whether as members of faculty in some of the best known academic and research institutions in the country and abroad, as members of the administrative services and public sector organisations, as officers and economists in the financial and banking sector including the country's central bank and the World Bank, or as members of private sector organisations including research organisations and the media, and as leaders in the country's politics, our alumni continue to serve society at large, and provide the Centre with the motivation to build on its past achievements and scale even greater heights in the future.

Centre for the Study of Social Systems

The Centre for the Study of Social Systems (CSSS) was established in 1971 with the objective of conducting teaching and research on problems related to the processes of social change in the context of development and modernization. From its very inception and in keeping with the mandate of the JNU Act there was an expressed concern to the question of national development and problems of special groups like the scheduled caste, scheduled tribes and other marginalized groups. This thrust has been a persistent feature of CSSS since and not surprisingly both its teaching and research have shown an engagement with pressing questions of development and marginalization, social movement and social justice.

The teaching and research programmes of the CSSS were aimed at developing systematic and comparative approach to the analysis of social phenomena. This it sought to do by drawing upon the extant social, anthropological and sociological perspectives by combining it with an interdisciplinary orientation. The prospect for sociology in India was seen as resting on a continued tradition of research based on a variety of methods and intellectual orientations. This plurality of theoretical and methodological approaches remains a persisting and defining feature of CSSS. This made it possible for CSSS to respond more quickly to both critical social developments as well as new intellectual currents. The institutional flexibility of JNU and intellectual openness of CSSS made it possible for new areas such as gender studies, diasporic studies, tribal studies, Dalit studies to be incorporated more readily.

The Centre was set up with the idea that it should be a pioneering institution which was able to carry out the task of sociological analyses in a way which was not being done elsewhere. The frontiers of research were seen to be the study of the developmental processes/ modernization and social change, sociology of social movements, study of professions, sociology of politics and economic life. Apart from teaching courses in sociological theory and applied areas, the Centre emphasized on the training students in social science methodology and the techniques of social research, both qualitative and quantitative. Thus, an introduction to philosophy of social science was viewed as critical.

The applied courses to be taught at M.A level are designed to be India centric, while the M. Phil. courses have a comparative focus, looking toward other societies and generalizing principles. Need for undertaking empirical research, using both quantitative and qualitative methods was underlined by the founders and continues to be a tradition with Ph.D. scholars and the faculty of the Centre today. While teaching was and is seen a primary obligation, individual scholars pursue long term research interests which are area specific and problem oriented.

From the time of its inception, the CSSS has actively tried to represent the diversities of Indian society in the profile of its faculty. This diversity continues to be a landmark of its students and faculty even today. The CSSS also pursues the principle of diversity and inter-disciplinarity in the way it has designed its teaching and research programmes. The inter-disciplinary approach today is expanded further with increased optional courses which included culture studies, psycho-analyses, Indian social thought and gender-studies.

The Centre is one of the largest departments of sociology in India with faculty strength of 19 and a student body of around 400, of which 165 are pursuing doctoral degree and another around 80 M. Phil. degrees. The CSSS is recognized as a Centre for Advanced Studies in the discipline of sociology by the University Grants Commission. The Government of India funded Ambedkar Foundation has also housed a chair in the name of Dr B. R. Ambedkar in the Centre to study marginalized groups and minorities. We also have several collaborative research and teaching programmes with universities from different parts of the world. The most active of these has been the Global Studies Programme with Freiburg, Germany, Kwazulu Natal University and the University of Cape Town, South Africa.

Achievements: *During the year 2018-19 the Centre has been ranked 55 among sociology departments in the world by QS World rankings.*

Centre for the Study of Regional Development

The Centre for the Study of Regional Development was established in 1971 with a mandate to focus on interdisciplinary programme of studies for teaching and research, placed in an overall framework of regional development in India. Over the years, an interdisciplinary team of scholars has been engaged in realizing this dream.

The Centre offers M. A. (Geography) and M. Phil/Ph.D. programmes in three major fields: Geography Economics, and Population Studies. In keeping with the interdisciplinary tenor and focus of the Centre, these programmes interface socio-economic, human, institutional, technological, infrastructural and environmental factors with issues of regional development in multi-various and pluralistic manner. In doing so, research and teaching in the Centre over the years have evolved appropriate paradigms and tools of analyses including remote sensing and GIS.

The M. A. Geography curriculum in the Centre is unique in terms of a judicious mix of courses which combine the classical with the modern and the theoretical with the practical in response to emerging disciplinary challenges, particularly in the Indian context. In the classical traditions in geography, fieldwork occupies a prime place. The M. A. students are exposed to two compulsory courses that are exclusively based on physical and social field surveys. Apart from getting trained in specific methodologies and gaining first hand field observations -often in rural settings and tough mountainous terrains in the Himalayas - prolonged group living under spartan conditions helps students develop interpersonal skills and mutual interdependencies and team spirit.

In terms of students and faculty strength, the Centre for the Study of Regional Development is one of the largest centres in the School of Social Sciences in the University. During the period under review the Centre had 16 Professors, 6 Associate Professors, 7 Assistant Professors and 1 Professors Emeritus The faculty has published 10 books, 52 articles in refereed journals, and contributed 46 papers as chapters in edited books. The faculty members are engaged in over two dozen projects (39 currently running) sponsored by different national and international agencies. Six projects are being supported by the university under UPE-II scheme.

During 2018-19, 40 M. A., 34 Ph. D. and 53 M. Phil degrees were awarded. The research and post- graduate students in the Centre form an important academic hub of the Centre. Apart from supporting regular and remedial teaching programmes, as well as co-curricular activities of the Centre, research students have presented papers in a number of national and international conferences in India and abroad. They have also published in leading academic journals. Students of the Centre have visited the University of Kaiserslautern, Germany, under exchange programmes of the Centre. Students from these foreign universities, have in turn, visited the Centre and have benefited from its teaching programmes and other activities.

The Centre for the Study of Regional Development was granted the status of '***Centre of Advanced Studies'*** (CAS) under the Special Assistance Program (SAP) of the UGC in April 2003. With this, the Centre became the first department in Geography in India to get this status. In view of the Centre having successfully completed the first phase, the support as

CAS was renewed in April 2009 for a period of five years (2009-March 2014). Third phase of CAS is granted to the centre and money is received for the third phase. The CAS has enabled us to enhance our teaching and research activities in continuing as well as new research areas including building up of infrastructural facilities. The thrust areas identified for the current phase: Advanced Remote Sensing and GIS, Climate Change and Disaster Management, Natural Resource Management, Globalization/Urbanization/Population, and Regional Disparities and Social Exclusion. The Coordinator of the Program is Professor Sachidanand Sinha and the Deputy Coordinator is Professor Milap C Sharma.

The teaching and research activities of the Centre are supported by professional and technical staff and the centre is equipped with necessary infrastructure for this purpose. The Centre has a Documentation Centre and six laboratories. The Centre is maintaining the School's Computer Unit and has a laboratory for computer aided GIS and cartography.

Centre for Historical Studies

The Centre for Historical Studies offers M.A. and M.Phil/Ph.D. programmes in three different periods --specialization: Ancient, Medieval and Modern History. The centre also conducts teaching and research in Contemporary History. An innovation that has been introduced in recent years is to allow students to choose thematic specialization as well, by doing a minimum of four courses on the theme chosen. Themes offered at the moment are economic history, social and popular movements, state and power, and ideology, culture and society. While period specialization is compulsory, theme specialization is not.

Within the broad spectrum of socio-economic history, the CHS shows a predilection toward the neglected areas of popular protest movements, or of life at the lower end of society comprising the mass of Indian society peasants, artisans, workers etc. If these aspects claimed a considerable share of the CHS faculty's and research scholars attention, explorations are also being made into several other themes: the history of ideas, histories of technology, histories of art and literature. Now research and teaching has expanded into still wider areas: histories of law and power, histories of crime and punishment, histories of gender, histories of caste and communities, histories of mobility and migration, histories of identity and culture, histories of environment, histories of power and legitimacy.

One of the objectives of JNU has been that research should be inter-disciplinary in nature, drawing the best from many disciplines. The CHS has generally followed the principle that no historian can remain a true researcher without basic interest in other disciplines related to his/her concern e.g. either as an economic or social historian drawing from anthropology or ethnography to interpret data, are as a historian of culture drawing from literary and culture studies.

The expanding frontiers of history have made it imperative that the historian's efforts should be directed towards incorporating within historical practice the insights from other disciplines. A more explicit stimulus to interdisciplinary study of history is provided by the option, available to the students, of taking courses in other disciplines i.e. economics, political science in the other Centres of the Schools of Social Sciences – with relevance to the set of courses done by them in their own specializations in the CHS. Students with no background in history but with knowledge of other social and physical sciences have also been admitted to all the post-graduate programmes.

Zakir Husain Centre for Educational Studies

The main thrust of teaching and research at Zakir Husain Centre for Educational Studies has been in the multi- and inter-disciplinary social science perspective towards the study of education. It distinguishes itself from the other Departments of Education in the country in its outlook and its actual academic programmes. It is this social science approach towards educational studies that had made the Centre duly recognised as a unique and a premier centre in India. Acknowledging this uniqueness, the Centre has been awarded the status of Centre of Advanced Study (CAS) by the University Grants Commission (UGC) in 2015, after being a Department of Special Assistance (DSA) of the UGC since 1999.

Currently, the M Phil/Ph D programme of the Centre offers teaching and research in four social science disciplines - History, Economics, Sociology and Psychology. The focus of the academic programme in the Centre has been to develop a theoretical as well as empirical understanding of education and develop critical reflections on the emerging challenges, conceptual nuances and social and education policy discourses confronting the contemporary society, in general, and Indian society, in particular. One of the significant contributions of the Centre so far has been in terms of providing an international and comparative outlook to the study of education. Faculty of the Centre has been engaged in various joint collaborative projects with institutions in India and abroad which then feeds into the teaching and research programme of

the Centre. Students (both Alumni as well as currently enrolled) too are dynamic and have been making enormous amount of efforts to make contributions to the furtherance of educational studies across the world.

The Centre has nine faculty members at present (as on March 31, 2019). One faculty member, Professor Binod K Khadria had superannuated during the reporting period. The total strength of the students (M Phil and Ph D) is 87, out of which about 4 students are in M Phil and the rest in Ph D. During the reporting period, seventeen (17) students were awarded M Phil and fourteen (14) students were awarded Ph D.

It is indeed very satisfying that the Centre had been academically very vibrant just as it has been in the past. In 2018-19, six (6) conferences/workshops/round table discussions were organised in the Centre by various faculty. One of the recurring and most successful event has been organising annual Graduate Seminar with the help of grants from UGC-CAS. Research students and young researchers from different universities in India have taken part in this Conference and shared their research work. Besides, it is of immense satisfaction for the Centre to organise two Refresher Courses (RCs) for Teacher Educators and one Refresher Course in Global Studies at the UGC-HRD Centre, JNU. This activity is certainly an important addition to the Centre's profile and we are happy to state that the programme has received excellent feedback from the participants and is immensely popular among the teacher educators across the country. It is a matter of pride for the Centre that its faculty had made the Refresher Courses so popular and has made it most sought after.

Nearly Five (5) scholars have visited the Centre as UGC-CAS Visiting Fellows during the reporting period and another scholar from Rossier School of Education, University of Southern California, had visited the Centre as a Fulbright-Nehru Fellow during the reporting period. The Centre had also facilitated affiliation of a student from University of Bayreuth, Germany. A total of 12 special weekly lectures by experts from outside the Centre were organised during the period.

During 2018-19, the faculty produced 3 books, 8 research articles in journals, and 9 chapters/articles in edited books. The faculty had participated in 8 international conferences, 29 national conferences, and 29 lectures (6 international and 26 national). The faculty had also received recognition through various Awards/ Honours/ Fellowships (total of 10) and memberships of Boards/Committees outside JNU (total of 6).

The Centre has been active in upholding the academic standards that it has always been known for and has charted new activities for keeping such strive for excellence afloat.

Centre for Philosophy

The Centre for Philosophy has been growing since the time we started our M.A. programme in 2013. In 2018-2019 we received the sixth batch of M.A. students. The Centre has already been effectively running its M.Phil/Ph.D. research programs since 2005-06. We have been able to consolidate our teaching program further by adding more optional courses for the students to choose from and thereby enabling them to build up their specialization in area of study of their choice. The programs of the Study have been so designed that they focus on engaging with problems and concerns of philosophy cutting across traditional and narrow disciplinary boundaries. There is a special emphasis on the methodological interface for generating new knowledge whether basic or applied. Besides Metaphysics, Epistemology, Ethics and Logic, we have introduced courses on Culture and Multiculturalism, Justice, Philosophy of Mind, Philosophy of Language, Philosophy of Social Sciences, Phenomenology, Social & Political Philosophy, Cognitive Science and Contemporary Indian Philosophy. We have had several visiting faculties in the Centre, who have contributed immensely to the academic activities of the Centre. In the last academic session, there were 08 foreign scholars who visited the centre. The Centre had three visiting professors.

In the last academic year, the centre has organized a large number of talks by renowned scholars of both national and international repute. The Centre has been endeavoring to promote teaching and research in philosophy with its distinct position as a foundational discipline keeping a close connection with other disciplines in the Humanities and the Social Sciences.

Centre for Political Studies

The centre for Political Studies is a leading institution of teaching and research in the field of Political Philosophy and Indian Government and Politics in JNU. It has been a major centre for focusing on issues critical to India and the world. It is a major centre for research programmes in M.A., M.Phil and Ph.d in Political Science in the country. The graduate

program which has entered an exciting period of expansion offers several new perspectives and areas of teaching and research. Considered as one of the top departments in the country, it has intellectually diverse and vibrant community of scholars and students. The contribution of the centre to the public life in India and abroad is well known and appreciated.

Centre for Media Studies

The Centre for Media Studies (CMS) is an inter-disciplinary centre for the study of media, its history, and its interface with contemporary society, polity, economy and culture.

The Centre has four faculty members: (One Concurrent faculty): Professor Heeraman Tiwari (Chairperson and Concurrent Faculty); Dr. Rakesh Batabyal (Associate Professor); Dr. Chitralkha (Assistant Professor); Dr. Sujith Kumar Parayil (Assistant Professor). And Honorary Visiting Faculties, Dr. Swapan Dasgupta, Prof. Subhash Kak, Shri Rajiv Malhotra, Ms. Malini Awasthi, Visiting Scholar: Dr. Sangeet Kumar (Denison University, USA), Dr. Maya Raganathan (University of Queensland).

According to the M.Phil, Ordinance students must complete at least 50 per cent of the course work (i.e., two courses) in the first semester itself. However, those students who secure a minimum C.G.P.A. of A Minus (7.0 on the nine-point scale of evaluation) in the course-work can opt for the Ph.D. programme without writing the M.Phil. Dissertation

Research Advisory Committee:

Starting this academic year, the centre has decided to constitute a 'Research Advisory Committee' (RACs) for all research students to enrich the research programme. The RAC would consist of three members; the supervisor and two additional faculty members from either within the centre, school or outside. The research scholars would be required to make three mandatory presentations during the entire duration of PhD at the following levels:

- Synopsis and PhD Confirmation
- PhD work in progress seminar.
- Pre- PhD Submission

Centre for the Study of Regional Development

All MPhil and PhD Courses have been updated in the light of the UGC guidelines and submitted to the School for approval. All M.Phil and Ph.D courses will have the same course numbers and will be offered to research candidate's relevant to their area of research.

M.Phil/Ph.D Programme

M.Phil/Ph.D. is a continuous programme and students are admitted to the Ph.D programme after they successfully complete MPhil programme of study in accordance with the provisions of university ordinances. Direct admission to the Ph.D programme is also possible provided a student has M. Phil degree or equivalent research experience/publications. Students admitted to direct Ph.D are advised to credit or audit courses relevant to their research topics.

The M.Phil/PhD teaching and research programme broadly takes place under the following three streams:

- Geography
- Economics
- Population

In each stream, a number of courses are offered by the faculty and they are open to students across various streams. In tune with the Centre's overall approach of taking into account economic, geographical, demographic and other dimensions in dealing with issues of regional development, the courses are interdisciplinary in content. Accordingly, a number of faculty members are associated in teaching and research activities in more than one stream.

The courses that have been designed over the years for the M.Phil/Ph.D. Programme are listed below.

M.Phil./Ph.D.

S.N.	Course No	Course Title
1	RD 601	Introduction to Economic Development
2	RD 602	Regional Economic Analysis
3	RD 603	Elements of Indian Regional Structure
4	RD 604	Levels of Regional Development In India
5	RD 605	Fluvial Processes in Geomorphology
6	RD 606	Regional Hydrology
7	RD 607	Regional Geomorphology and Facies Analysis
8	RD 609	Social Factors in Indian Regionalism
9	RD 612	Agriculture in Regional Development
10	RD 613	Industry in Regional Development
11	RD 614	Urbanisation and Regional Development
12	RD 617	Quantitative Methods in Regional Analysis
13	RD 618	Advanced Quantitative Methods in Regional Analysis
14	RD 624	Institutions and Agricultural Development
15	RD 625	Introduction to Demographic Methods
16	RD 626	Advanced Methods in Demographic Analysis
17	RD 627	Census and Vital Statistics System

33	RD 663	Economics of Health
33	RD 667	Geography of Trade

Each M.Phil/Ph.D. student is assigned the optional courses by the faculty according to his/her research topic. However, some of the courses are compulsory. Each student is required to do at least one methodology course, particularly in quantitative research. The following courses in research methodology are offered by the Centre.

Research Methodology Courses

Sr. No.	Course No.	Course Title
1.	RD 616	Introduction to Quantitative Methods in Social Science Research
2.	RD 617	Quantitative Methods in Social Science Research
3.	RD 618	Advanced Quantitative Techniques
4.	RD 625	Introduction to Demographic Methods
5.	RD 626	Advanced Methods in Demographic Analysis

M.A. Programme in Geography

The M.A programme in Geography consists of four semesters spread over two years. In addition to other compulsory and a few optional courses, the two compulsory physical and socio-economic field based courses are conducted during the summer and winter vacations respectively. The Centre offers specialization in the following major streams.

- Advanced Techniques
- Agricultural Geography
- Geography of Resources
- Population and Settlement Geography
- Regional Planning and Development
- Social Geography
- Geomorphology
- Remote Sensing and GIS

Note: The * marked specialization streams were not offered during the year under the review.

The specialization streams offered in the 4th semester have four papers each of 4 credits. Following is the list of courses designed for the M.A. programme over the years.

The M.A. programme has two courses involving extensive field work. Information on the field work during 2018-19 is given below:

RD 413: Field and Survey Methods (Socio-Economic)

RD 413 Field Survey Methods (Socio-Economic), 2018-19 Chuli Bagriyan & Chaudhariwali, Hissar, Haryana

The socio-economic field survey for M.A. Geography students aims to introduce basic methods and techniques required for conducting a socio-economic field survey at the village level. This year 37 students from M.A. fourth semester were taken to Chuli Bagriyan and Chaudhariwali villages in Hisar district for their field work. The faculty coordinators for this year were Dr. Suresh R., Dr. A. Thorat and Prof. Sachidanand Sinha assisted by Ms Uma Dey Sarkar, a doctoral research student at CSRD. Before departing for the field work, the students were briefed on the basics of sampling techniques and drawing up interview schedules and questionnaires, introduced to large scale surveys such as NSSO and IHDS to familiarize them with different questionnaires and data sets. The students then proceeded to make a draft questionnaire which was then verified and approved by the faculty coordinators. The students and teachers (Sh. Kirpa

Ram, Sh. Pavan Kumar, Prof. Ashok Beniwal) helped with the local organization of the field work and their hospitality and warmth helped in the successful completion of the field work.

Keeping the larger aim of understanding and assessing development in a rural perspective, the students attended lectures regarding agriculture and issues related to land before departure for the field work. During the field work, the students were familiarized with administering interview schedules, doing reconnaissance and mapping village clusters before narrowing down to the sample households, understanding how revenue maps work and their importance in tracing changes in landholdings, village commons etc. A total of 380 samples were collected from the two villages depending on the village size and based on major clusters in the village. They interacted with the Village Panchayat members, village level revenue officer who also helped them to understand the village level revenue and agriculture records as in *Shizra, Khata Khatauni and Laal Kitab*.

One of the villages had predominantly Bishnoi population and the other was a Jat-dominated village, the students learnt how to understand caste and religious articulations in villages and how that affects opportunities and livelihoods for different social groups in villages. The students also visited the local schools and interacted with the teachers and students to better understand the dynamics in the village. Lectures were organized in the evenings and Prof. Ashok Beniwal talked about the linkages between the rapidly growing town of Hisar and its impact on agriculture in the villages which were being surveyed. Deputy Comm. of Fatehabad, Mr. D. Khadgata, also visited the students while the field work was in progress in Chaudhariwali village and talked about the unique topography and water crises in the region and innovative practices which are now being facilitated by the Government to overcome water crises in the area. Prof. Mahabir Jaglan, Kurukshetra University, who has worked in this area, also visited the field with the students and shed light on his experiences on the socio-economic transformation in the villages. The students also visited Firoze Gandhi Memorial Government College in Adampur and interacted with the students at the college. Since many of the students from CSRD were not familiar with the local dialect, the student groups were accompanied by one student from FGM College, Adampur in each group which also helped in developing friendships and camaraderie over the time of the field work and instilled in our students an understanding and appreciation for local networks for fieldwork.

The Centre puts on record its appreciation to Prof. Mahabir S Jaglan, Professor Kurukshetra, Sri Dharendra Khadgade, DC Fatehabad, Sri Ashok Meena, DC Hissar, Sri Kripa Ram, Lecturer, FGM Govt College, Sri Ashok Beniwal, Lecturer, FGM Govt College, Commissioner of Police Hissar, Principal, teachers and students of FGM Government College, Adampur and local administration for extending all possible help during the period of the field work.

RD 415 Physical Geography Summer, (Field Survey (19 June – 3 July, 2018))

Dr. Sanjeev Sharma, Dr. Indrani Roy Chowdhary and Dr. Rajesh Kumar, CSRD/SSS: The Centre for the Study of Regional Development (CSRD), under School of Social Sciences, Jawaharlal Nehru University, New Delhi conducted a Physical Geography Field Survey from 19 June 2018 to 3 July 2018 in the Kugti Wildlife Sanctuary (KWLS, Lat 32° 20' N and 32° 35' N and Long 76° 35' E and 76° 55' E; 3500 msl) covering Bharmour, Dughi Valley and Kugti Pass base camp. The Kugti Wildlife Sanctuary is located in the Pir Panjal Range of Himalayas which lies in Tehsil-Bharmour, District Chamba, Himachal Pradesh. It represents the Biogeographical Zone 2A of North-Western Himalayas. KWLS covers an area of 379 sq km and its altitude varies from 2400 m to 5000 m above mean sea-level and it touches the Lahul-Spiti District of Himachal Pradesh. The field survey was conducted under the guidance of Dr. Indrani Roy Chowdhary, Dr. Sanjeev Sharma and Dr. Rajesh Kumar. Later in the field students were joined by Prof. B.S. Marh (Professor of Geomorphology) from HP University, Shimla; Dr. M. Salariya (Sociologist) from Govt.

Degree College, Chamba; Dr. Bipne Rathore (Zoologist) were resource persons during the field survey.

The major objectives of the field survey was to acquaint students about the physical geography field survey techniques that are being used by the geographers worldwide to enquire about the physical setting of the landscape and landforms in the mountain area and their related geomorphology, ecology and environment by their personal observation and data collected through various geographical instruments and interaction with the local community and environment.

The major focus of field survey was to study the geomorphology of the Ravi River in general and its major tributaries (*Budhil, Bhujla, Kugti nala, Dughi nalla etc.*). The students learnt to carry out the morphometric data collection of river channels and their landforms using various morphometric instruments and collect first hand ground level data. Students

also collected information about the various flora/fauna and the impact of human interventions in the Kugti Wildlife Sanctuary. To know about the transhumance practices by the local Gaddi community and status of rising man-animal conflicts in the KWS.

The camping experience was new for all the students, as it was their first field survey tour to such a high altitude area where they had also learnt about how to live in such harsh climatic conditions and they have also got experience about how to adjust themselves in such terrain or remote geographical areas. The camping site was located in the habitat of the Himalayan Black and Brown Bear. Students have also observed the live incidence of man-animal conflicts whereby one Gaddi shepherd was attacked by Himalayan Brown Bear. Students along with teachers and guide have given the first aid to the victim in far remote area which also saved his life and later shepherd was taken to district hospital. Local communities along with Gaddis were very thankful to CSR, JNU students for providing immediate help. During field survey, students learn how to respect the nature and local community and collected first hand experiences of the surrounding geomorphological features and processes. They also learn and developed coordination, leadership qualities and team spirit which will surely be helpful in making them a good field geographer in near future.

Undergraduate Programme

The Centre offers courses at the undergraduate level meant for students who are registered for the integrated five years Master's Programme in the School of Languages, Literature and Culture Studies of the University. Apart from a general coverage of the fundamental aspects of Physical and Human geography, the courses are geared to specific needs of students coming with different language backgrounds. The courses offered are:

Remedial Courses

The Centre for the Study of Regional Development offers remedial courses to bring those students who find themselves inadequately equipped to deal with course work at par with others. The remedial courses were conducted for two categories (a) remedial classes in the school of languages, (b) centre level remedial classes in quantitative techniques and economic geography. Four research scholars assisted in these courses. Out of these only one research student was paid while other three were fellowship holders.

Student Faculty Committee (SFC)

Student faculty committee is a forum for periodic joint discussions on issues of academic and other related concerns and resolutions, a democratic unit at grass-root level. Matters relating to evaluations are outside the purview of SFC. There were elections for SFC and students were elected through voting using ballot paper. The SFC met periodically and discussed different issues related to academic functioning.

Infrastructure

The Centre has a dedicated laboratory for Remote Sensing and Geographic Information System. And another lab for data analysis and housing database and software server with LAN network connectivity to faculties and to various labs. The laboratory has latest version of GIS, Image analysis and statistical analysis softwares along with scanning facility. Besides, the Centre has Geomorphology, Cartography, and Photogrammetry laboratories.

Computer Lab

The Centre has a computer laboratory with facilities for GIS. Over the years, the laboratory has acquired advanced software packages in GIS which are updated from time to time. The Centre maintains an automatic weather station through which weather data are made available online through JNU website. The information is automatically updated every five minutes.

Documentation Unit

The Documentation unit at the CSRD maintains books, journals, reports, as well Ph.D. and M.Phil thesis and dissertation. The reading material pertaining to the courses taught in each semester, if not available in the CSRD-Library, is borrowed from the Central Library of JNU for consultation. Multiple photocopies of relevant material/chapters from books available in other libraries are also stored in the Unit. The Centre adds substantially to the existing stock annually as and when the funds become available under the CAS Programme. All documents have been accessioned, classified, catalogued, digitised and spined with class and book numbers and listed separately.

Centre of Social Medicine and Community Health

The Centre of Social Medicine and Community Health had an academically successful year. The process for restructuring of courses has made considerable progress. The proposal to introduce a new course i.e. DrPH has been placed before the UGC for notification. All faculty members have published in leading international and national journals. Their papers have been accepted in prestigious peer reviewed conferences. Several faculty members have lectured extensively outside the University. The AROYGAM collaboration has facilitated exchange of students and faculty between its Partners University i.e. Achutha Menon Centre for Health Services Studies at the Shri Chitra Tirunal Institute for Medical Sciences and Technology, Trivandrum; the School of Social and Political Science, University of Edinburgh; and the Südasiens-Institut-Ruprecht-Karls-Universität Heidelberg. New collaborative initiatives between York University, Foundation for Revitalisation of Local Health Traditions (FRLHT), the University of Trans-Disciplinary Health Science and Technology, Bengaluru and Kaziranga University, Jorhat are being initiated. Several students published their work, participated in conferences and were selected for exchange programmes. Besides the regular teaching and research activities, collaborative academic activities and research projects were undertaken by the faculty members. Several distinguished scholars visited the Centre several students' publications appeared in journals and books. The Centre's Documentation Unit was upgraded, with substantial addition of books and automation.

Centre for Studies in Science Policy

The Centre is listed as one of the **Top Science and Technology Think Tanks** in "2018 Global Go To ThinkTank Index Report" (of the TTCSP, University of Pennsylvania, USA). CSSP secured 11th global rank in the category of Top S&T Think Tanks in 2018. CSSP also secured 66th rank in the category of Best Use of Social Media and Networks, and 66th rank in the category of Best University Affiliated Think Tanks.

Future Plans

Centre for Economic Studies and Planning

CESP has established itself as a premier centre for teaching and research in Economics. In the coming years, the Centre plans to further strengthen its teaching and research programmes.

CESP has been recognised as a Centre for Advanced Studies by the UGC under its SAP/DSA scheme. The CAS funds are used for purchase of books and databases, for obtaining technical services, for fieldwork, for holding conferences and seminars, and for upgrading infrastructure.

CESP currently maintains a data repository. While datasets from major official sources like the Census, NSS and CSO are included in the repository, there are significant gaps. Also, subscription to other important databases for international

trade and finance, corporate affairs etc, some of which are commercial databases, need to be obtained. All of this would require considerable resources.

Finally, in an increasingly integrated world, it is important to forge ties with other universities to facilitate programmes of research collaboration and faculty/student exchange. CESP has already initiated the process and hopes to accelerate progress on this front.

Centre for the Study of Social Systems

- To Celebrate /Organize an International conference to mark the Golden Jubilee of the Department.
- To Organize a Conference on the topic: Sociology of South Asia in March 2020.

Centre for Political Studies

The centre plans to upgrade its courses, both at the M.A. and M.Phil level, for instance, by incorporating new optional courses. The centre also plans to upgrade its infrastructure through the utilization of the DSA fund.

Centre of Social Medicine and Community Health

- Held Seminars and workshops relevant to the focus areas of the Centre

Zakir Husain Centre for Educational Studies

- The Centre is planning to organize a special lecture series on the broad theme identified under CAS as a research area, 'Globalization, Inter-disciplinarity and Education' and bring out occasional papers with support from UGC-CAS. International seminars and researches will be carried out on the specific thrust areas mentioned above leading to publication of edited volumes.
- The Centre has constituted a committee to work on the proposed M. A. programme in Educational Studies. The committee is now working on the basic structure of this M.A. programme.
- The Centre has also decided to continue offering regular refresher courses for the education faculty from different universities and institutes of India, for UGC-HRD Centre.

Centre for Studies in Science Policy

- The Centre is in the process of setting up a 'South Asia Hub on Frugal Innovation Research', in collaboration with the Centre for Frugal Innovation in Africa (CFIA), and Erasmus-Leiden Delft Universities in the Netherland.
- The collaborative research in the areas of Responsible Research and Innovation (RRI) Framework, Sustainability Studies, UN Agenda 2030 (Sustainable Development Goals), has been given priority to align with the international research agendas.
- The Centre is planning to establish an Infographics Laboratory to promote information visualization and research data analytics; and also, to undertake advanced research in the areas of scientometrics, altmetrics, and new age research evaluation metrics. This Infographics Laboratory will be very unique within the Indian higher educational institutions. We are also very keen to collaborate with research institutions and research networks in the Global South to make use of this Lab for preparing various reports. The scientometric and altmetric studies will also be undertaken to measure national and regional progress in different branches of STEM (science, technology, engineering and mathematics) subjects as these are the foundations of the industrial and corporate world.

Centre for Philosophy

- The Centre for Philosophy plans to apply for the UGC Special Assistance Programme (SAP) with a thrust in contemporary Indian Philosophy.
- Centre also plans to set up International collaborations with universities abroad in order to facilitate student and faculty exchange programs.

- With relation to development of syllabi the centre for philosophy plans to introduce new courses especially in the areas like Classical & Contemporary Indian Philosophy and Applied Philosophy which are not adequately represented in the Centre at present.
- The centre plans to explore possibilities of collaborations with Management and health care Institutes with special reference to Moral Philosophy & Applied Ethics.

Centre for Informal Sector and Labour Studies

- To initiate collaboration with other University and trade unionist.
- To initiate internship programs for students.
- Training programs and capacity building for workers organizations
- Policy dialogues with and inputs for government.

Centre for the Study of Social Exclusion and Inclusive Policy

We had applied for funding for organizing conferences

Centre for Women's Studies

- The Centre hopes to develop an interdisciplinary M.A. programme that introduces students to both theoretical and empirical concepts in the field of study.
- Building the infrastructure of the Centre.
- Resource Centre in the field of books and films.
- Refresher Course
- Nodal Centre and Networking as a part of JNU, the CWS is very well placed for developing linkages and providing resources to colleagues in the city, but also within the northern region.

Centre for the Study of Law and Governance (CSL&G)

The Centre for the Study of Law and Governance (CSLG) adopts a multidisciplinary approach to framing research and teaching on the relationship between law and governance. The study of governance, in its various forms and at different sites, is central to several contemporary issues: reform of public institutions and public law; the creation and establishment of procedures and rules that lead to greater efficiency, transparency and accountability; and the challenge of making governance more inclusive and participatory through the strengthening of democracy and civil society. The programme's inter-disciplinary focus is distinct from mainstream social science approaches to governance or law in its attempt to explore how practices of law and governance are embedded in political, economic, social and historical processes; how practices of governance are dispersed over various sites ranging from the government, bureaucracy, judiciary, community and family; the socio-legal processes that deter or provide access to justice; and notions of govern mentality, sovereignty and rights in specific politico-jural regimes.

While the Centre's academic programme produces scholarly research on law and governance, it also seeks to translate theory into practices of governance by initiating debate, sharing research and encouraging dialogue between the academia, government, civil society and NGOs at the local, national and global levels. In the decade since it came into existence, CSLG has developed at least three attributes that make it a distinctive part of the intellectual landscape. First, the Centre is explicitly inter-disciplinary. Second, the Centre has developed a reputation as a location where academic rigour can be meshed with reflection on policy and advocacy. Third, the Centre has become a focal point for understanding the links between the formal legal framework and governance in practice.

Since its inception, CSLG has initiated a renewed interest in looking at how practices of governance get stabilized through law and how these practices open law to further contestation. CSLG is the only academic space in India, and possibly one of the few academic spaces in the world, to have directed intellectual energy towards bringing together an inter-disciplinary focus on the relationship between law and governance.

The agenda of public policy through an examination of doctrinal law remains incomplete without interrogating the socio-legal processes that embed the practices of governance. CSLG has moved away from the conventional methods of looking at black letter law to using economic and sociological approaches to law in order to redress lacunae in legal research per se in India. The manifold agendas of legal reform and public policy in India remain impoverished in the absence of substantial socio-legal research in many areas of law that impact the everyday life of Indian citizens.

Special Centre for Disaster Research

The Special Centre for Disaster Research is the first transdisciplinary centre at JNU. Beginning as one of the research clusters under the Committee for Transdisciplinary Research Clusters (TRC, formed in 2015) it graduated to a full scale academic research centre on 18 May 2017. Notwithstanding this formal statutory status achieved in 2017, collaborative research teams within the embryonic Centre had started conducting disaster research since June 2013 Uttarakhand Floods. The MC Mehta's Ecoashram at Doiwala was the sprouting ground for transdisciplinary dialogue between academics, administrators, lawyers and scientists for the sake of preventing such environmental catastrophes. It opened up an enormous universe of knowledge and the realization that a disaster is beyond the capacity of one single discipline to explore and understand. As the region passed through severe ecological losses the spectre of infallible, indemnified and ineffaceable human designed masterpieces being reduced to mere floating carcasses intensified the demand that social sciences and natural sciences should throw open their dark labs of knowledge to let fresh breeze enter their constricted arterial systems of knowledge pedagogies. The research teams travelled from Uttarakhand Ganges zone to Sundarbans delta and then to Manipur's fragile zones to the coastal belt stretching from Kerala and Vishakhapatnam reaching beyond borders to the neighbourhood coasts of Sri Lanka. Yet, there was mere pintsize literature which emerged from the land. There was a deluge of western literature and so the Centre also took upon itself the task of generating non-west literature which brought in an alternative vision for understanding disasters. The Centre was suitably supported by the Ministry of Home Affairs and a Memorandum of Understanding was signed with the National Institute of Disaster Management, Delhi on 6 August 2015. This not only facilitated research but also helped in a worldwide networking of experts to bring a series of transdisciplinary and comparative publications in disaster research. The Centre has signed a publication contract with Springer-Palgrave for a series on Disaster Research. Three publications on the series have already been released (Disaster Law, Development and Disasters in Northeastern India, Governance Case studies) and three more are forthcoming (Coastal Resilience, Sustainable Development Goals & Artificial Intelligence).

Transdisciplinarity suggests that the nature of research would not be confined to strict parent disciplines of social sciences or natural sciences but transcend their boundaries and limitations to absorb both the scientific findings which provoke decision making and social sciences sensitivities to decipher and direct these findings to communities and institutions of decision making. The three key functional areas are: (1) Legal Framework of Disaster Management, Governance and Implementation Machinery, (2) Geospatial Sciences, Satellite Imagery and New Information and Communication Technologies and (3) Ecological History, Anthropology and Study of Communities.

Master's and Ph.D. Programme in Disaster Studies

Programme of Study: (check detailed courses on [www.http//scdr.jnu.ac.in](http://scdr.jnu.ac.in))

- Ph.D. Programme in Disaster Studies
- M.A. Programme in Disaster Studies

List of Academic Events (1 April, 2018 – 31 March, 2019)

- One-day national workshop on "Early Warning Systems and Community Resilience to Floods with focus on Regional and Institutional Coordination", 27 April, 2018
- "SCDR Collaborating Meeting with Beijing Administrative Institute (BAI)" New Delhi, 15 May, 2018
- SCDR participated as a knowledge partner in "Global Inclusive Disaster Management Conference", at India International Centre, New Delhi, 10 – 11 July, 2018
- SCDR-IERB collaborative annual lecture on "Bethikalism: A journey, a core, in all 'isms!", held at Convention Centre, JNU, New Delhi, 5 September, 2018
- SCDR-NAPSIPAG international conference on "Governance of Sustainable Development (ICGSD 2018)" held at Colombo, Sri Lanka, 6 – 7 October, 2018
- Memorandum of Understanding (MoU) signed between Special Centre for Disaster Research, Jawaharlal Nehru University and University of Colombo, 8 October, 2018
- Memorandum of Agreement (MoA) signed between Special Centre for Disaster Research, Jawaharlal Nehru University and SKYMET Weather Services Pvt. Ltd, 23 October, 2018
- National conference on 'Media and Disasters', Release of report on "2018 Kerala Floods: Governance and Legal Compliance", at Constitution Club, New Delhi, 26 October, 2018

- International workshop on "Reinforcing Coastal Zone Management: Saving Lives, Habitats and Livelihood of People", held at SCDR, JNU New Delhi, 15 – 17 November, 2018
- Two- day conference on “Media and Disaster Management”, held at Constitution Club, New Delhi, 6 – 7 December, 2018
- One week UGC-HRDC “Refresher course on Disaster Management”, at JNU, New Delhi, 17 – 21 December, 2018.
- SCDR participated in “Gyaan Sangamam in Economics”, workshop held at Ernakulam, Kerala, 15 – 16 January, 2019
- SCDR a knowledge partner in “4th World Congress on Disaster Management”, held at IIT Bombay, 29 January – 1 February, 2019
- World symposium on “Artificial Intelligence in Governance and Disaster Management”, at JNU, New Delhi, 11 – 13 March, 2019

Transdisciplinary Deliberation Meetings of Experts during the period

A total number of 17 national and international experts’ meetings were held for coordination and collaborative research/teaching/publications at the centre. These meetings focused on strengthening transdisciplinarity and sustainable communication amongst academia, natural scientists, administrators, artificial intelligence experts/commercial establishments/journalists & media professionals/public sector undertakings/social sector volunteers and NGOs.

All Faculty at the Centre is concurrent and therefore their list of publications and wards are given on their parent Centre websites.

**Special Centre for Molecular Medicine
(SCMM)**

SPECIAL CENTER FOR MOLECULAR MEDICINE

Special Centre for Molecular Medicine (SCMM)

Molecular medicine is an emerging area within biomedical sciences that aims to understand the molecular determinants of health and disease with the ultimate goal of applying this knowledge for the prevention, diagnosis and treatment of diseases. The Special Centre for Molecular Medicine (SCMM) at JNU has pioneered research and education in this field in India and is imparting Ph.D. level training in this field. The centre aims to accomplish its goal through innovative and collaborative basic and clinical research programs and has initiated many collaborative research activities with reputed national and international medical research institutes.

The objective of SCMM is to foster teaching and research activities in the study of human diseases using advanced tools of molecular and cell biology. SCMM conducts academic programs for the training of young scientists (clinical and non-clinical) who are keen to pursue a career in basic medical research. The academic programs have been designed for non-clinical biologists/chemists, with sufficient knowledge to deal with medical problems, to enable them to deliver product/processes to society and clinicians with a basic clinical degree, who understand modern biology and chemistry at the molecular level to enable them to apply this knowledge to drug development. For successful implementation of these objectives, SCMM offers the following programs of study.

To encourage students from basic sciences and medical graduates, the centre offers Ph.D. Programs in Molecular Medicine and is pursuing teaching & research activities in the following thrust areas:

1. Metabolic disorders such as cardiovascular diseases, role of iron in insulin resistance related pathogenesis, neurodegenerative disorders like Parkinsons and Alzheimers diseases, and endocrine-related cancers.
2. Nuclear receptors in health and diseases: to study underlying molecular mechanisms of nuclear receptors functions with specific reference to PXR, RXR, CAR, SHP. Involvement of PXR in drug metabolism and hepatic cancer.
3. Diseases associated with cell-cell junctions and modulation of cell-cell junctions by pathogens.
4. Infectious and non-infectious diseases: hepatitis C, Leishmaniasis, Helicobacter pathogenesis, Candidiasis, Inflammatory Bowel Disease, Pathobiology of innate immune dysfunction, DNA replication and cell cycle regulation of medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*, application of codon-shuffling against *Mycobacterium tuberculosis* and *Plasmodium falciparum*, *Mycobacterium tuberculosis* and drug resistance.
5. Chemical biology, radiation biology and cell signaling; development of novel synthetic methodology for drug development and study of their mechanism of action based on genomics and proteomics against radiotherapy; cancer; development of antibiotics for gyrase resistant strains targeting topoisomerase 1A gene in bacteria.
6. Synthetic organic chemistry: Synthesis of biologically active heterocycles using novel methodology with transition metal catalyst.
7. Designing /Discovering codon shuffled de-novo peptide/protein inhibitors against essential/crucial proteins of pathogens. To study crucial host-pathogen interactions by designing codon shuffled de-novo peptide/protein inhibitors. Synthesis and selection of novel drug like de-novo peptide binders by codon shuffling method that may inhibit crucial host-pathogen interactions in Malaria and Tuberculosis diseases.
8. Diagnostics and medical proteomics, and mass spectrometry based metabolomics.

Selected students will have the option to choose their research area depending on their merit/aptitude and according to the vacancy available.

SCMM also offers **M.Sc. Programme in Molecular Medicine**. The goal of this program is to train students in modern areas and techniques of cell, molecular biology and organic chemistry in relation to human health and disease and the subsequent application of this training to identify new targets for the diagnosis and therapy of different diseases. The completion of the Human Genome project and various other genomes including pathogenic organisms has opened new opportunities for the understanding of the molecular mechanisms of diseases both from the host as well as pathogen's perspectives. Students will be trained to use the tools of modern biology including bioinformatics so as to understand, retrieve and exploit the wealth of information provided in the Genome projects to design modern and personalized medicines.

Visitors to the School/Centre

- **Mr. Jim Cybulski** from President & CEO, Foldscope Instruments, Stanford, US visited the centre and delivered a lecture entitled “Foldscope: The Original- Inspired Paper Microscope”, 18 April, 2018.
- **Dr. Amit K. Bhattacharya** from Premas Life Sciences, Delhi, visited the centre and delivered a lecture entitled “Deep Interrogation in Biology and Disease: a CyTOF Approach”, 27 July, 2018.

Future Plan

- **Research:** Special Centre for Molecular Medicine is planning to expand its scope in the frontier areas of ‘*Infectious Diseases, Metabolic Disorders, Radiation Biology, Cancer Biology, Drug Design and Drug Discovery*’ with an approach towards studies on *Molecular targets, Molecular Diagnostics and Translational Research*’.
- **Teaching:** We have moved to our new building with ample laboratory and class room space, and are in the process of expanding our infra structure and teaching faculty. The first batch of Integrated M.Sc.-Ph.D. Programme in ‘Molecular Medicine’ was started from academic year 2015-16. The course contents have now been finalized and approved by Academic Council, Jawaharlal Nehru University.
- SCMM has ten faculties and recently one more faculty will be joining the center. Our faculties are excelling in the different area of research and all of us collaborating with different research institutions and hospitals in the area of several major human diseases such as malaria, cancer, AIDS, Tuberculosis, Gastritis. The future research plans of faculties are given below.

Prof. Chinmay K Mukhopadhyay

This Research Group is working on ‘Infectious diseases and metabolic disorders’. Below are the main objectives for future research work:

1. To study the role of iron in leishmania–macrophage interaction.
Objective: Iron is essential for survival and growth for both the host and pathogen. The objective of the current study is to understand the mechanism by which *Leishmania donovani* interferes with the iron homeostasis of host macrophages for its survival benefit.
2. To study the role of catecholamine stress hormones on cellular iron metabolism.
Objective: Adequate availability of iron is important for cellular energy metabolism. Catecholamines like epinephrine and norepinephrine promote energy expenditure to adapt to conditions that arose due to stress. To restore the energy balance epinephrine/ norepinephrine exposed cells may face higher iron demand. So far, no direct role of epinephrine/norepinephrine on cellular iron homeostasis has been reported. The objective of the current study was to explore the role of epinephrine/norepinephrine on cellular iron homeostasis.
3. Brain iron homeostasis and neurodegenerative diseases
Objective: To study the regulation iron homeostasis in response to oxidative stress in neuronal and astroglial cells.

Prof. Gauranga Mukhopadhyay

Prof. Mukhopadhyay’s Laboratory is working on *H. Pylori* Cag type IV secretion system. The work revealed a novel CagI independent surface localization of Cag A. Since it has been established that CagX and CagT is surface exposed protein therefore they wanted to see whether CagX or CagT affecting surface localization of each other or not. Few in

vivo experiments are also required to establish these facts. Following are the major objectives and future plans to ascertain all the facts:

1. To find out the amino acid residue(s) responsible for the interaction of CagX and CagT.
2. To find out the role of other region of CagX which is a matter of investigation. The biological significance of these new interactions may have the way for the development of new avenues of research in TFSS.
3. Also it has been planned to define the role of other component of *H. pylori* TFSS to understand the specialized and well adapted functions in detail.

Prof. Rakesh K Tyagi

This research group is primarily focused on investigation of ‘Nuclear receptors in Health and Diseases’.

The Nuclear Receptor super family is a large group of ligand-activated transcription factors with 48 members presently identified in the human genome. Members of this superfamily of transcription factors are involved in regulation of numerous physiological and patho-physiological processes and have immense potential as targets for the treatment of diseases such as cancer, diabetes, coronary heart disease, asthma etc. Research work in Prof. R. K. Tyagi’s Laboratory is primarily focused on a ‘xenosensor’ Pregnane & Xenobiotic Receptor (PXR) along with initiation or continuing work with other receptors like Retinoid X Receptor (RXR), Androgen Receptor (AR) and Constitutive Androstane Receptor (CAR).

The major objectives and future plans of this research group are as follows:

1. Studies on regulation of nuclear receptor Pregnane & Xenobiotic Receptor (PXR) gene
2. Molecular characterization of nuclear receptor Pregnane & Xenobiotic Receptor: influence of polymorphism and receptor truncation on its cellular function
3. Nuclear Receptors as Epigenetic Marks: Role Cellular Transcriptional Memory

Prof. Suman K. Dhar

The research group is primarily focused on investigation in the areas of ‘Infectious diseases’ related to understanding DNA replication and Cell cycle regulation in two medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*. Below are the future plans and objectives:

1. Characterization of a putative helicase loader Hp0897 that interacts with and modulates the enzymatic activities of replicative helicase (DnaB) in *Helicobacter pylori*
2. Role of Histone H3K9 acetylation in gene expression and DNA replication in human malaria parasite *Plasmodium falciparum*
3. To understand the adaptation of *Helicobacter pylori* Type IV Secretion System (T4SS) to pathogen-host interactions using variety of biochemical, cell biological and molecular biological methods.

Prof. Vibha Tandon

This research group is primarily focused on ‘Drug Discovery’ and ‘Cancer Biology’.

The major objectives and future plans are as below:

1. Development of radioprotectors for cancer therapy and elucidate their mechanisms of actions in normal tissues and cancerous tissues. The bisbenzimidazoles showed protection of normal cells and no effect on tumor in tumor bearing mice.
2. Her group is trying to do the repurposing of drugs several. Drugs. She is trying to establish new small molecules as radio sensitizers.
3. Design, Synthesis and Development of a New Class of Antibacterials to Combat Multi Drug Resistance – Mechanistic understanding. Her group has developed small molecules targeting topoisomerase IA, a comparatively novel bacterial target to overcome the resistance generated due to mutations in gyrases and other DNA enzymes.

Prof. Gobardhan Das

The research group is primarily focused on ‘Infectious diseases’ related to understanding *M. tuberculosis* infections.

The major objectives and future plans are as below:

1. To study the molecular mechanism of susceptibility and resistance in murine models of *M. tuberculosis* infection.
2. To compare the immunogenicity of virulent strain H37Rv and its mutant in macrophages derived from susceptible (BALB/c) and resistant (C57BL/6) strains of mice.

3. To compare the T cell responses of virulent strain H37Rv and its mutant during *M.tb* infection in mice model.
4. To study the molecular mechanism of activation of T helper subsets.

Dr. Anand Ranganathan

Dr. Ranganathan's research laboratory has invented the novel method of directed evolution of proteins called codon-shuffling. Using this pioneering method, the laboratory has discovered a completely *de novo* protein M5, that was able to disrupt the ICAM-1 dimer formation *in vivo*.

The major objectives of this research group are as follows:

1. To study the mechanism of role of Host ICAMs in cell invasion by *Mycobacterium tuberculosis* and *Plasmodium falciparum*.
2. To explore the possibility of an HCL2-attenuated *M. tuberculosis* strain as a viable vaccine candidate.
3. To study the effect of a novel molecule on mycobacteria, and represents a viable starting point for developing potent peptidomimetics.
4. To discover new molecules for TB treatment..

Dr. Souvik Bhattacharjee

Plasmodium falciparum causes the majority of malaria morbidity and mortality worldwide, with an estimated 781,000 deaths and ~200 million confirmed cases annually (World Malaria Report, WHO, 2014). The current front line drugs are artemisininins that are used in combination with longer acting antimalarias (sulfadoxine/pyrimethamine) in artemisinin combination therapy (ACT). Currently there is no vaccine against malaria and the recent development of clinical resistance of *P. falciparum* to artemisinin derivatives threatens malaria control and eradication strategies in implementation worldwide.

The major challenges of this research group are as follows:

1. To understand the cellular functions of kelch propeller domain containing protein PfKelch13.
2. To study the artemisinin-resistance (reduced parasite clearance rate and increased survival half-life in peripheral blood
3. following ACT) through the use of reverse genetics at the parasite level and host modification at the cellular level.

Dr. Shailja Singh

Their research focuses on understanding of the molecular signal and machinery involved in invasion and egress of *Plasmodium falciparum* merozoites from host erythrocytes, involving multidisciplinary approach such as live cell imaging, molecular biology, cell biology and protein chemistry. Real-time light microscopic visualization of *in vitro* blood-stage egress in live parasites has played a special role in studies on signals regulating these processes. They have demonstrated for the first time a role of intracellular Ca²⁺ in regulation of egress of *P. falciparum* merozoites from schizonts. A sharp rise in intracellular Ca²⁺ just before egress, observed by time-lapse video microscopy, suggested a role of intracellular Ca²⁺ in this process. Chelation of intracellular free Ca²⁺ with chelators such as BAPTA-AM or inhibition of Ca²⁺ release with phospholipase C (PLC) inhibitors blocks merozoite egress. Interestingly, chelation of intracellular Ca²⁺ in schizonts was found to block the discharge of a key protease PfSUB1 (subtilisin like protease1) and Perforin like proteins from apical organelles of *P. falciparum* merozoites to parasitophorous vacuole (PV) and host cell membranes. This leads to inhibition of processing of PfSERA5 (serine repeat antigen5); block in parasitophorous vacuolar membrane (PVM) rupture and permeabilization and merozoite egress. A complete understanding of the steps regulating egress and invasion of *P. falciparum* merozoites may provide novel targets for synthetic biology approaches that block invasion and egress and limit parasite growth. We are now studying the role of effectors on signaling cascades in invasion and egress of *P. falciparum* merozoites.

Dr. Saima Aijaz

This research group is primarily focused on investigations to study mechanism(s) of regulation of Epithelial Tight Junctions in pathobiology.

The major objectives and future plans are as below:

1. To investigate the mechanism(s) of regulation of Epithelial Tight Junctions in pathobiology
2. To characterize of EspF-mediated TJ disruption by calcium switch assays.
3. Functional characterization of the role of actin cytoskeleton in EspF-mediated TJ disruption

Dr. Dipankar Ghosh

This research group is focused on 'Infectious diseases' is primarily involved in the investigations on 'infectious biofilms'.

The major objectives and future plans are as below:

1. To study the early host-microbe relationships in oral *Lichen Planus*
2. To study the mechanism of pathobiology of MDR Nosocomial Bacterial Biofilm Infections.

Special Centre for Nano Sciences (SCNS)

SCNS is an inter-disciplinary research and teaching centre at JNU. The Nano Sciences related research topics pursued currently include nanoscale interface, bio-sensors, spintronics, ferromagnetic nano-elements, ferroelectric materials, nano-composites, hybrid nanomaterials, nano-biotechnology, nanomedicine (nano-based drug delivery, therapy, toxicity and bioimaging) for infectious diseases to name a few. The Centre has faculty members with background in Physics, Electronics, Biology, Materials Sciences, etc.

The research agenda of SCNS involves synthesis, characterization and device development of nanomaterials. These include (i) magnetic nanostructures (nano-wires and nano-particles)-based nano-devices (microwave monolithic nano-devices and magnetic sensors) fabrication, (ii) magnetic nano-particles for target-specific drug delivery by radio-frequency-hyperthermia, (iii) semiconductor quantum dots, nanoparticles and nanocomposites for solar cells and biosensors, (iv) multiferroic and ferroelectric nanomaterials for capacitors, UV sensors, wireless actuators, infra-red detectors, micro-electro-mechanical system (MEMS) devices, piezoelectric devices, and ferroelectric nonvolatile random access memories (FeRAMs).. The fabricated signal processing devices are on-chip, light weight and hand held type use.

Sensors and biosensors are in great demand for clinical diagnoses and environmental contaminants detection. Different types of biosensors based on transducers and recognition elements can be fabricated for the desired analytes (mycotoxins cholesterol, glucose, LDL, urea, etc.) detection. Electrochemical biosensors are promising techniques for early detection of diseases like cancer that can detect very low concentration (pg) of biomarkers. Microfluidic biosensors also have increasing interest to integrate advanced biosensors into lab-on-a chip for multi-analytes detection. Besides this, different nanomaterials are being used for water pollutants, pathogen detection and remediation of the heavy metals ions (lead and chromium) present in aqueous solution.

The central theme of thin-film and electron microscopy research group is “Nanostructure - Physical property correlation in technologically important nanostructures using Transmission Electron Microscopy (TEM) and Scanning Electron Microscopy (SEM)”. Thin-film and electron microscopy laboratory has installed an RF-DC magnetron sputtering system in September 2016. In addition, thin-films and bulk materials of functional oxides are being synthesized using sol-gel spin coating and solid state synthesis methods. Lead-free ferroelectrics and antibiofilms are currently being investigated. TEM investigations are an integral part of the research which is carried out at AIRF of the university. An ion milling machine for preparing TEM samples has been installed at AIRF in November of 2016.

Nanomedicine research group work on synthesis of nano-based drugs for infectious and study of their molecular mechanisms of action. The investigations include nano-based: drug delivery, therapy, toxicity and fluorescent bioimaging labels for study of infectious diseases.

UGC- Human Resource Development Centre (HRDC)

The Human Resource Development Centre (formerly Academic Staff College), JNU is India's premier institution for the upgradation of knowledge and skills of college and university teachers. An intellectual nerve centre, the UGC - Human Resource Development Centre at the Jawaharlal Nehru University was started in the year 1989. It has successfully completed 30 years and has emerged as a major meeting ground of teachers in the country.

Drawing upon the faculty of JNU as well as other prestigious institutions in and around Delhi, the HRDC, and JNU brings to its participants the cream of Indian scholarship as resource faculty.

The following main target groups have been identified for capacity building, knowledge enhancement and similar other programmes with the objective of a holistic approach focused on transformation of our institutions of higher education to a more facilitating academic environment conducive to innovations, creativity and quality advanced learning and research.

- Faculty members in institutions of higher learning engaged in teaching and research
- Teacher Educators
- Key non-academic functionaries in institutions of higher learning for better governance and to facilitate efficient use of various fast growing ICT resources and applications
- Research scholars.

Web link: <http://www.jnu.ac.in/HRDC>

We receive hundreds of applications for Orientation Programme, Refresher Courses and Short-Term Courses from all over the country. The selection of participants for the various courses is thoroughly done by the screening committee for equal representation from every State, reaching to different segments of the society and the deserving individuals. Inaugural and valedictory programmes are organised for every course by inviting renowned personalities, Vice Chancellors, Rectors, Directors of Institutes, etc. Interactive sessions with the Faculty trainees are done throughout the course to get their feedback and suggestions on their needs and the required changes are incorporated in the curriculum accordingly.

The UGC-HRDC, JNU organizes yoga classes four times a week (Monday, Tuesday, Thursday and Friday) for the participants. We provide hostel accommodations to all outstation participants. There are 49 rooms and 8 fully furnished guest rooms for the participants and resource faculties at HRDC.

Coordinators and Resource Persons for 2018 – 2019

The HRDC, JNU has been fortunate in having the support and willing participation of some of the most distinguished scholars and public intellectuals of the country in all the programmes. Most of those who were invited have responded to our request to share their expertise with the participants. It is through their valuable cooperation that has made the HRDC, JNU, a very stimulating place for academic exchange. Apart from the different Schools and Centres of JNU, the HRDC, JNU gets its support from a number of institutions that cooperate with us by sending their distinguished scholars as resources persons. The academic environment and standard maintained by the HRDC, JNU attract the scholars in various fields to continue interactions with its participants.

Programme Convener

- Prof. Madhav Govind, Director, UGC-Human Resource Development Centre, Jawaharlal Nehru University, New Delhi & Chairperson, Centre for Studies in Science Policy, School of Social sciences, Jawaharlal Nehru University

Objective

The main goal of the leadership development programme (LEAP) was to equip higher educational leaders and educational administrators to handle competently and efficiently the complex problems and leadership challenges which arise in the academic, financial and administrative aspects of the functioning of their respective institutions. The three-week programme was aimed to provide in-depth familiarization with required leadership and management skills, preparation of a vision a strategy plan, understanding complexity of Governance in higher educational institutions, financial and general administration, handling conflicts, promoting research etc.

The specific objectives of the leadership development programme are:

- To provide visionary leadership and strategic thrust to higher educational institutions
- leading to academic excellence
- To lead and enable the academic as well as administrative teams, diverse workforce, through positive work culture and team work throughout the institution.
- To facilitate higher education leaders to competently deal with the leadership challenges, that arises in academic institutions.
- To explore technologies for deeper engagement to bring in performance culture and efficiency.
- To facilitate innovation and creativity in teaching as well as learning, and overall effectiveness of the Institutions.

Japanese Language Teachers' Training Centre

Japanese Language teachers training Centre steered by Ministry of External Affairs and Embassy of Japan was started at UGC-Human Resource Development Centre, Jawaharlal Nehru University, New Delhi with the support of Japan Foundation, MHRD, UGC, JNU, MSDE, MoC, MoHFW, MeITY, CSIR and others.

Objective: During the India-Japan summit meeting held on 14 September, 2017, the two governments signed a Memorandum of Cooperation in the field of Japanese Language Education in India, which provides to establish Japanese language certificate courses in 100 universities/colleges/institutions and train 1000 Japanese language teachers within 5 years. Teachers who will undergo training are expected to engage in Japanese language education at different institutes, including at Science and Engineering universities in India.

Two courses have been successfully completed, July – October, 2018 and January – April, 2019.

Equal Opportunity Office

Jawaharlal Nehru University has been established by an Act of Parliament (53 of 1966). In order to ensure equal opportunity, the University has an Equal Opportunity Office (EOO), which was set up, perhaps, as the first of its kind in the country to aid and advise the students belonging to marginalized sections including the Scheduled Castes, Scheduled Tribes, Other Backward Communities, minority communities, persons with disabilities, etc. pursuing various programmes of study at the University.

The terms of reference wherein the Equal Opportunity Office at the University may undertake activities are *inter alia* as under:

- To work out suitable programmes/schemes, including Remedial Courses, for improving performance of students from marginalized sections (whether at undergraduate, postgraduate, M.Phil, Ph.D. or other levels) and/ or to monitor the implementation of such programmes/schemes;
- To establish co-ordination with Government and other funding agencies (including Public Sector Undertakings/ Public Sector Banks) with a view to mobilizing financial and other resources required for educational empowerment of the students from marginalized sections;
- To provide information and act as a counseling-cum-guidance centre for students belonging to the marginalized sections, especially with regard to academic, financial and other matters;
- To help and create a socially conducive atmosphere for the growth of healthy inter-personal relations among students from marginalized sections and from various social backgrounds;
- To help and develop cordial inter-personal relationships between teachers and the students from marginalized sections for academic interaction and extra-curricular activities;
- To extend help/support to the students from marginalized sections to overcome problems and barriers emanating from discrimination at any level within its mandate;
- To organize or conduct seminars/ symposia/workshops/conferences/exhibitions, etc. from time-to-time on issues of contemporary significance for empowering, educationally and culturally, students belonging to the marginalized sections.

Access-Audit for Barrier-Free Campus

An Access Audit of the entire campus had been carried out so as to make the academic, administrative and residential buildings and public places in the University campus accessible for the wheel-chair users and the visually impaired persons.

The University has been identified as a model higher education institution by the Department of Disability Affairs, Ministry of Social Justice and Empowerment, Government of India under the Scheme for Implementation of Persons with Disabilities Act (SIPDA) along with a grant-in-aid of Rs 8.51 Crore approx. for the execution of the first phase of work for creating a barrier-free environment, facilitating the University to make the requisite structural and other changes on the campus. Wherever possible, the Equal Opportunity Office has been assisting the University in the activities which are underway for creating such changes.

Steps Towards Creation of a Barrier-Free Environment

Though certain measures (such as putting special ramps, disabled-friendly toilets, etc.) have been taken earlier in order to facilitate persons with disabilities, there were areas which necessitate further attention and improvement to make the University accessible for disabled persons. The ongoing activity under SIPDA to make the campus barrier-free is a major effort in this direction, making facilities for persons with disabilities which *inter alia* includes the following:

Ramps

- i. Ramps have been provided in the following hostels for physically challenged students:

a	Kaveri	b	Godavari
c	Periyar	d	Jhelum
e	Sutlej	f	Ganga
g	Koyna	h	Shipra
i	Brahmaputra		

Ramps with tactile paving have been provided for physically challenged students:

- a) In all academic complex, School Buildings, Kaveri, Godavari, Periyar Hostels,
- b) Pavement from North Gate to Admin. T-Point
- c) Aravali Guest House, Aravali International Guest House, 24X7 Dhaba, Main Shopping Complex, Health Centre etc.

Lifts

Lifts have already been installed in various buildings of the University for facilitating the independence and mobility of persons with disabilities. While certain measures have been taken in the past to make the lifts accessible to persons with disabilities, further steps, such as, installation of Braille Systems, voice systems, etc., were undertaken to make the lifts more disabled friendly.

Installation of lift(s):

- i. Lift installation completed in:
Admin building, SSS-I, SSS-II, SSS-III, SES, SIS-I and SIS-II, SLL&CS-I, SLL&CS-II, Library Building, SLS, SC&SS
- ii. Lift installation work in progress in:
Kaveri hostel, Godavari hostel, Periyar hostel, School of Physical Sciences, Centre for Law and Governance, Centre for Sanskrit Studies
- iii. Lifts proposed:
HRDC (Old Academic Staff College) and JNIAS New Building

Toilets

A special measure has been taken to provide adequate lights in the toilets in the Schools and the Library to assist students with low vision. Construction was carried out in the toilets on the ground floors in Koyana and Shipra hostels to make them more disabled-friendly. However, certain problems which are still being faced by students have been identified and efforts are underway to rectify such problems under the SIPDA scheme. Structural modifications in toilets in other areas of the campus are also underway for improved accessibility to persons with disabilities.

Construction of specially designed toilets for physically challenged students:

i.	Kaveri Hostel	ii.	Godavari Hostel
iii.	Periyar Hostel	iv.	Brahmaputra Hostel
v.	School of Life Sciences (East & West Wing)	vi.	Admin. Building
vii.	Social Science-I & III	viii.	SES Building
ix.	SLL&CS-I, II & III	x.	SIS- I & II
xi.	Centre for Sanskrit	xii.	Centre for Law and Governance
xiii.	SC&IS	xiv.	SPS
xv.	SCMM	xvi.	JNIAS New Building

ATMs

Two ATMs, touted as the State Bank of India's first 'real' disabled-friendly ATMs, have been installed at the University; one in the Poorvanchal Complex and the other near the Dr. B. R. Ambedkar Central Library building.

Most of the ATMs are available with ramp in the campus.

Work in progress

- i. Creation of Barrier-free Campus including installation of barrier-free lifts in Academic & Hostel Buildings.
- ii. Construction of tactile footpath on right hand side from East Gate to Admin. Block at JNU.
- iii. Construction of footpaths and repair of all the roads in the Campus.

Wheelchairs

Wheelchairs are provided by Equal Opportunity Office to required students.

Blind Sticks for Visually Impaired Students

A significant proportion of visually impaired students pursuing various programs of studies at the University suffer from total blindness. As visually impaired students typically use blind-sticks for their mobility on the campus and in negotiating their way outside the campus, the Equal Opportunity Office purchased fifty good quality blind sticks from Ramakrishna Mission (Kolkata) and were distributed to the needy students (Visually impaired) of the University.

Mini Bus for Physically Challenged Students

Equal Opportunity Office has purchased a disabled friendly AC mini bus from M/s. Samson Motor, Vasai under Corporate Social Responsibility (CSR), duly funded by Bharat Heavy Electrical Limited (BHEL)

Laptop Customized Software for VH Students

Equal Opportunity Office and Project Implementation Committee (PIC) to implement the initiative of Rural Electrification Corporation Ltd. (RECL), New Delhi supporting JNU generous donations under its CSR activity, purchased 50 laptops with customized software for the visually impaired students of JNU and 26 laptops have been distributed to Visually impaired students on 31.3.2016. presently redistributed to required students.

DR. B.R. AMBEDKAR CENTRAL LIBRARY & HELEN KELLER UNIT

To meet the special needs of the visually impaired students the following facilities have been put in place at the Dr. B.R. Ambedkar Central Library of the University in collaboration with the Equal Opportunity Office.

- a) A Unit named after Helen Keller (Equipped with 20 Desktop installed with screen reading software, CD Rack & Book Rack) has been instituted at the ground floor of the Central Library building. It also provides special services using assistive technologies to the visually impaired students/ researchers of the university by providing E-books, E-journals, Online Databases, books, apart from providing scanning facilities on demand. The MAGIC software has also been installed on 5 Desktops for the low vision students/ researchers. Two Braille Embossers are capable of printing Hindi, English text, graphics and maps into Braille.
- b) The Helen Keller Unit is equipped with the following assistive technologies:
- | | |
|--------------------------------------|----------------------------|
| • Desktop Computers | 30 |
| • JAWS | 30 on each computer |
| • Kurzweil 1000 | 30 on each computer |
| • Computer headphones | 30 to each Computer |
| • HP flatbed scanners | 20 to each computer |
| • LexCam Scanners | 02 |
| • Refreshable Braille Display | 02 |
| • Braille Embossors | 02 |

This unit has been extended to different Schools/ Centres like. SSS-I, SSS-II, SIS, CSL&G and Sanskrit Centre. These software support features enabling the user to hear the e-text in different European languages, English and Hindi Language. The EOO has been working in collaboration with the Central Library to provide further support to the facilities at the library.

Certain additional facilities are made available to Visually Impaired students include the following:

- | | |
|--|---|
| • Angle Daisy Player | 90 to all Visually Impaired Students |
| • Laptops | 90 to all Visually Impaired Students |
| • Wheelchairs | 15 (for Physically challenged students) |
| • Locker facility to all visually / physically challenged students on demand | |

The library organizes training and orientation programmes on the uses of assistive technology for the benefit of students to encourage the use of the technologies in day to day studies. The library is also a member of the Daisy Forum of India (DFI) and Bookshare.org to provide the e-text facilities to visually impaired students of the University.

Remedial Classes

The Centres/Schools conduct Remedial Classes for SC/ST/OBC (NC) minority community students as per UGC Scheme. The Centres/Schools have designated conveners. Students who need Remedial Classes are identified by conveners. The main objective of these classes is to make up the deficiency in the core subjects and optional subjects; improve academic skills; raise level of comprehension of basic subjects as well as to provide stronger foundation for further academic work; to strengthen their knowledge' skills attitudes in such subjects where quantitative and qualitative and laboratory activities are involved, so that the necessary guidance and training provided under the programme may enable the students to come up to the level necessary for pursuing higher studies efficiently and to reduce their failure and dropout rate. Time table for Remedial Classes is displayed on the notice Boards of Centres/Schools from time to time. (Annexure I enclosed)

Welfare Activities for Students

Besides this, Equal Opportunity has purchased many books for the students, preparing for civil services, staff selection commission and UGC NET examination etc.

Equal Opportunity Office provides the space facility for SC/ST/OBC disabled persons for free coaching/lectures Audio/Video/Desktop (12) with projector facility in SC&IS building from 5 pm to 9 pm as per rule.

Equal Opportunity Office as Complaints Redressal Mechanism

The Equal Opportunity Office has been committed to fulfilling its mandate of maintaining social harmony among various sections of the University community. Whenever any case of social discrimination is brought before the Equal Opportunity Office, it is thoroughly investigated and examined and suitable action is recommended. Addressing of issues related to any social discrimination faced by students or staff at any level is amongst the principal objectives of the Equal Opportunity Office.

Complaints: During the period under report 05 complaints were received of which 3 complaints were resolved and 2 were under process.

University Level Anti-Discrimination Committee

In order to further strengthen the mechanism of ensuring equal opportunity and to check cases of discrimination, the University has constituted the following committee.

1. Rector-I	Chairperson
2. Dean, School of Environmental Science	Member
3. Dean, School of International Studies	Member
4. Chairperson, Special Centre for Molecular Medicine	Member
5. Prof. Narendra Kumar, Centre for Political Studies/SSS	Member
6. Chief Advisor, Equal Opportunity Office	Special Invitee
7. Assistant Registrar (Academic)	Member Secretary

Anti-Discrimination Officer

The Chairperson of the Anti-Discrimination Committee as shown above also act as Anti-Discrimination Officer

Prof. G. K. Chadha Memorial Fellowships for Differently Abled Students

The University has created an endowment fund of Rs. 5 lakh donated by the family of Late Prof. G. K. Chadha, former Vice-Chancellor of JNU, for award of 2-3 fellowships to Master's level students with the highest percentage of marks.

Linguistic Empowerment Cell (LEC)

Linguistic Empowerment Cell (LEC) is a unique capacity building system evolved by JNU to empower the students, a very heterogeneous population, coming from different sections of the society and remote regions of the country. It caters to the linguistic needs of these students who may find it hard to cope with their regular programmes in their respective schools and centers primarily for reasons of language. LEC runs courses in English, Hindi and Sanskrit Languages to the Indian and foreign students. Indian Sign Language is again a new and notable programme offered by LEC.

New Courses: (01)

- **Rayapa, Sandesha**, Designed and Implemented a course titled 'English in Practice' for the first batch of B.Tech students at the School of Engineering, JNU, Monsoon Semester 2018 as Concurrent faculty.

Conferences Organized by the School

- The LEC organized "English Language Training Programme for Foreign Diplomats & Professionals (ITEC-MEA-JNU)", in collaboration with Ministry of Educational Affairs, Linguistic Empowerment Cell, JNU, Delhi, 9 July – 12 October, 2018
- The LEC organized 6th Annual Indian Sign Language (ISL-VI) workshop titled "Creating a Marvel in Expression: The Indian Sign Language", in Convention Centre, JNU, Delhi, 15 – 16 March, 2019

Institutional Ethics Review Board (IERB)

Institutional Ethics Review Board (IERB), set up in September 2008, offers assistance and guidance to researchers of JNU who need to work on Human Subjects and apply for ethical clearance for the same. The JNU – IERB is one of those regulatory mechanisms which builds capacities for a more meaningful interaction on the ground and facilitates international standards in research and publications. In fact, IERB, its constituent elements and all the panelists are aware of the fact that for the advancement of knowledge, real life experimentation- based research must go on, which may on most occasions involves living beings both human and non-human. It is both an individual as well as an institutional responsibility to protect the biosphere, and cause no harm through experimentations to any of its constituents, be it a human being or any other form of life, or even the fine balance of the ecosystem. Besides this, the Constitution of the country has set up many institutions which have established laws and codes on data collection, data sharing, and information dissemination to protect national interests, intellectual property rights, creative copyrights and human dignity of marginalized and vulnerable communities and people. It is a collective responsibility of the researcher and the institution to balance the risk against benefits, try and minimize risk and maximize benefits through appropriate study design and appropriate research procedures and tools. This is where the institutional ethical committees play a critical role, more as an advisory body with a multi-sectorial, multidisciplinary body of experts rather than just another administrative hurdle for the young enthusiastic scientists.

The Constitution of IERB for the year:

Chairperson: Prof. Dr. Shiv K. Sarin, Director, ILBS

Co-Chairperson: Prof. S.C. Malik, Former Prof of Psychiatry, LHMC,

Member Secretary: Prof. Amita Singh (Centre for the Study of Law and Governance, JNU)

Co-Member Secretary: Dr. Sushil K. Jha (School of Life Sciences, JNU)

Events and Activities of the IERB

National Conference held on ‘Bethikalism: a journey a core in all “isms” ’,

Teachers Day Annual lecture was presented by **Padma Bhushan Dr. Shiv Kumar Sarin, Director ILBS** on "*Bethikalism: a journey a core in all 'isms'!*" on 5 September, 2018 at JNU. More than 200 number of participants attended this workshop. The Welcome address was by Hon'ble Vice Chancellor of Jawaharlal Nehru University, Prof. M. Jagadesh Kumar and Chief Guest was Hon'ble Chancellor Prof. V. K. Saraswat. Inaugural ceremony and the opening session was Chaired by Prof. Dr. Shiv K. Sarin, Chairperson, IERB & Director of Institute of Liver and Biliary Sciences. The experts and panellists of IERB, from JNU and outside who spoke included Prof. S.C. Malik, Prof. Madhuri Behari, Prof. Vaishna Narang, Prof. Ravinder Gargesh, Dr. Sushil Kumar Jha, Dr. Paul Raj, Dr. Madhav Govind, Dr. P. K. Gulati, Advocate Omika Dubey, and Advocate Rukhsana Chaoudhary. Monograph writing was also include in this session. Prizes were later distributed by Hon'ble Chancellor Prof. V.K. Saraswat.

Institutional Ethics Review Board, JNU also organized a one day workshop on "Ethics in Research" at Convention Centre, JNU on 20 December, 2018. Interactive sessions were held with the participants of UGC-HRDC faculty development programme on “New ICMR Guidelines and Social Science Challenges” at Convention Centre, JNU. More than 250 participants attended this workshop.

Mathematical & Computational Empowerment Cell

A fair degree of competence and skill in the application of mathematical, statistical and computational frameworks have become indispensable for pursuing advanced academic research in any discipline. Recognizing this fact, JNU established a Mathematical and Computational Empowerment Cell (a university- level programme) in Monsoon Semester 2012. The Cell works directly under the university's administrative control, like a facility. It is headed by a Coordinator, who is advised by a committee of members from different schools of the university.

The M&CEC will offer courses (Basic & Advance levels) on :

- (1) Mathematics**
- (2) Probability & Statistics**
- (3) Computational Techniques and Data Analysis**

Including training in the use of appropriate software & packages for the benefit of students, faculty members & staff of JNU, who may be interested in acquiring basic domain knowledge and skills. Depending on the requirements and interest of candidates enrolled for the courses, it may be considered to offer more advanced topics. Some efforts would be taken in the direction of popularizing mathematics, statistics and Data Analysis amongst the university students and faculty members from diverse background.

Following courses were taught :

Public Relations Office

The Public Relations Office of the University issued a number of press releases on various activities, forwarded press clippings and other reports/information pertaining to JNU appearing in the press, as feedback to the University authorities. It also responded to public queries relating to academic as well as administrative matters and received important visitors and delegations to the University. Replies to written queries were sent to those who sought information regarding various aspects of the University functioning.

A bi-monthly journal *JNU News* is brought out by the Public Relations Officer. It is edited and published by the PRO on behalf of the University. The journal serves to bridge the information gap and tries to initiate and encourage a constant dialogue between various constituents of the University community as well as with the rest of the academic world. The Annual Report of the University was also prepared and published both in English and Hindi by the PRO Office.

During the year under review, the PRO office assisted the University in organizing functions regarding felicitation of the retired employees, faculty, and organizing various lectures of the University.

Guest House

JNU's three guest houses Gomti, Aravali and Aravali International provided accommodation to approximately 4900 guests during the year under review. They included teachers and research scholars from various universities and educational institution in India and abroad for collection of research material or other academic pursuits. Official guests of the University, guests of faculty/staff, parents of students and UGC guests were also provided with accommodation.

Rajbhasha Cell

The Rajbhasha Cell for Translation and various Hindi related services in JNU was active during the period. It is headed by Assistant Director (OL) and assisted by Senior Translator, Junior Translator, Stenographer, Computer Operator among others.. Rajbhasha Cell acts under the administrative control of the Administration of JNU. It keeps on monitoring the implementation and the progressive use of official language of the union in the University & facilitates various schools/centres/sections/departments of the university to do office work in Hindi.

During the year under report, Rajbhasha Cell of the university undertook the following assignments/activities:

- **Quarterly Hindi Meetings:-** Rajbhasha Cell convened three Official Language Implementation committee meetings. During the year the 1st meeting was convened on 20 June, 2018. It makes the arrangements for the Kendriya Vidyalaya children to present patriotic songs and other activities on the occasion of Independence Day (15 August) and Republic Day (26 January). Children receive some gifts on behalf of the Vice Chancellor on this occasion.

Apart from the above, Rajbhasha Cell constantly strives to propagate official language Hindi among the staff members of the University. It collects the **Quarterly Progress Report** of Hindi from the various sections/schools/centres/ departments of the university and arranges to send the compiled report to the MHRD, UGC and Regional implementation office (RIO) of the Department of Official Language. The above report is filled in online on the platform of DOL, MHA.

Rajbhasha Cell undertakes various Hindi translation works in respect of Annual Report of JNU, Annual Accounts, Audit Report, Academic Ordinance, Court Meeting Agenda and Minutes, Tender Notices, Admission Notices, advertisement for recruitment and other purposes and all the documents covered under section 3(3) of the Official Language Act i.e. routine orders, Circulars, Notices, memoranda, etc. Hindi translation is the main work of the cell. Rajbhasha Cell also offers help to facilitate use of Hindi on computers and E-Office and monitors the Hindi version of the website of the University.

Chief Proctor

Statute 32 of the Statutes of the University deals with maintenance of discipline among students of the University; all powers relating to discipline and disciplinary action in relation to students vest in the Vice-Chancellor. Statute 10(3) (a) states that there shall be a Chief Proctor appointed by the Executive Council of the University.

The Chief Proctor's Office has been in existence since 1986. The Proctorial Team consists at present of one Chief Proctor assisted by five Proctors (including two woman Proctors). The Chief Proctor's office is responsible for maintaining discipline among the students of the University. In the execution of its duty of maintaining peace and harmony on the campus, it relies, by and large, on the philosophy of taking reformatory measures rather than punitive steps. In cases involving violation of disciplinary norms, however, appropriate disciplinary action is taken.

Legal Cell

The Legal Cell was set up in JNU around the year 2007. Earlier, the existing cases against the University were being dealt with by their respective concerned departments/sections. There were no inter-linkages among the departments *vis-à-vis* the legal issues. After the formation of the Legal Cell, all the pending legal issues/cases with different sections were clubbed together and consolidated functioning happened through the empanelled legal counsels of the University. The Legal Cell therefore is a nodal point for all University related litigations, vetting of Memorandum of Understanding, tender documents and other legal documents.

The Legal Cell has been assisting all the stake-holders, viz. faculty, staff and students in the legal issues faced by them from time to time *vis-à-vis* providing legal advisory work like vetting of legal documents, draft agreements, MoUs, Tender documents and interpreting matters having potential of legal repercussions. The number of court cases dealt by the Cell from its inception are as under:-

S. No.	Particulars		
1.	Total cases listed	-	344
2.	No of cases Disposed off	-	214
3.	No. of cases Pending	-	130

During the period under report, number of fresh cases received and disposed of were as under:-

From 01.04.2018 to 31.03.2019

S. No.	Particulars		
1.	Total cases listed	-	95
2.	No of cases Disposed off	-	35
3.	No. of cases Pending	-	60

130 cases are pending in the court as on 31.03.2019 including the 60 cases for the period 01-04-2018 to 31-03-2019.

The Legal Cell has been continuously monitoring the court cases and liaising with various departments of the University and legal counsels for legal compliances. It also continues to exercise constant liaisoning with Standing/Additional Standing Counsels of the University for feedback and compliance in matters of court cases and other issues also concerning interest of the University.

User Awareness Programmes on Digital Collections, Hindi typing were organized for the visually impaired students.

Research and Information Support Services

- Access to Language Learning Tools i.e.. Grammarly
- Access to plagiarism detection tools like Turnitin
- Electronic document delivery system
- Training on reference management tools like Mendeley, Endnote and Zotero
- Organisation of workshops on plagiarism.
- Organisation of author workshops how to write and get published in academic journals and books

Cyber Library

Cyber library is located at the ground floor and has 145 computers for the students community to access OPAC and the subscribed online resources.

Remote Access

Ezproxy-remote access has been provided to all registered users. It is an advanced authentication system which facilitates remote access to subscription-based content through single sign on facility.

Single Window Search

Central Library, JNU has implemented Web-scale Discovery Services (WDS), Ebsco Discovery Services (EDS) which is known as single window search. This service integrates a number of resources and facilitates the users in accessing required information through a single search interface.

Turnitin

To check plagiarism, all JNU faculty and M.Phil./PhD. students have been provided Turnitin account. The account for JNU faculty has been created by the Central Library. The faculty members are responsible for creating accounts for their research scholars. Approximately 5590 files/articles were checked and similarity reports generated. This facility is also available for the affiliated institutions of the university.

Urkund

Central Library, JNU with the support of INFLIBNET also provided access to URKUND-anti plagiarism tool for the JNU Faculty and Students.

Grammarly

Central Library has subscribed to the Grammarly@edu Software/ Tool. It is an automated grammar tutor and revision support tool and works one-on-one with students to develop essential writing skills, reinforce proper revision habits and prevent plagiarism. One may upload drafts of one's writing assignments to Grammarly to receive immediate instructional feedback on over 250 points of grammar. An algorithmic and structured approach to text revision ensures that valuable learning moments are seized upon when proofreading. It is accessible through <http://www.grammarly.com> or a link given on website.

Access to Online Newspapers and Press Clippings:

The library has an indigenous database of about 8 lakh news clippings which can be accessed through OPAC (Online Public Access Catalog). These news clippings which are from 21 newspapers, from 1974 onwards, have been categorized under 72 subject categories.

Pest Control

Comprehensive pest control treatment was done 4 times during the period to protect the library material from termites and other insects.

Binding of Books

Books and Journal Volumes, 1536 in number, were bound for Rs. 76,800/- during the year.

Display of JNU Faculty Books at Word Book Fair 2019

Central Library organized a display of books at World Book Fair-2019 at Pragati Maidan, New Delhi, 5 – 13 January, 2019

Users Attendance System

Library has designed and developed system using Open Source Software for tracking entry of authentic users at the entrance. (<http://10.107.16.102/libatten>)

Digital Notice Board

Library has a Digital Notice Board which displays information pertaining to latest news related to JNU, forthcoming Holidays, Library opening and closing times & events.

Document Delivery Services

Library also provides research papers/articles on demand to the users. Around 300 Research Papers were provided to Faculty members/tudents.

Electronic Theses and Dissertations Section

- Total no. of Theses and Dissertations 26,135.
- Approximately 1080 CDs of M.Phil/Ph.D. theses were received and verified.
- Approximately 229 additional M.Phil/Ph.D. theses files were downloaded from Theses Tracking System.
- Approximately 267 theses files were split chapter-wise for uploading to shodhganga.
- Approximately 1198 theses and dissertations in Theses Tracking System were verified.
- Approximately 1532 records of M.Phil/Ph.D. were catalogued and classified.

Other Activities:

Workshop/Seminar/Demo/Orientation Programmes Organized

- Fire drill on 13 August, 2018
- Received a delegation from Myanmar, 27 September, 2018
- Workshop and hands on training session for visually impaired students, 28 September, 2018
- Received a delegation of Library and Information Science students from West Bengal, 4 October, 2018
- Received a student delegation from Sikkim, 5 October, 2018
- Workshop on KOHA, 22 October, 2018
- Orientation programme for new students and faculty, 23 October, 2018
- Workshop on Plagiarism, 24 October, 2018
- National Book Week Celebration in Central Library, 14 – 20 November, 2018
- Workshop on Research Methodology sponsored by ICSSR for Visually Impaired Students, 9 – 19 January, 2019
- Workshop on publishing in Journals: Tips to help, 10 January, 2019
- Exhibition of Faculty Publications in World Book Fair- 2019, 5 – 13 January, 2019
- Workshop on Turnitin (Anti Plagiarism Software), 5 February, 2019
- Author Workshop by Brill, 15 February, 2019
- Author Workshop on Academic Publishing for Quality Research: How to Get Published & Avoid Pitfalls, 26 February, 2019

University Science Instrumentation Centre

During the period of report the work at the workshop of centre remained obstructed due to the complete renovation work by the engineering department. Due to this about 78 jobs related to the fabrication and repair of scientific equipment/instruments of various science schools could be done. Most of these jobs were of mechanical nature. Two staff members were temporarily transferred to other departments of the university due to the disconnection of machines and shifting of workshop items. However, even after renovation is nearly complete our staff has not been deployed back.

Fabrication of Instruments

The facility of design and fabrication of USIC was used by the researchers of various science schools and a number of instrument parts and attachments of equipment were fabricated. But this remained confined to not so sophisticated designs. The number of job requests for fabrication and repairs has diminished considerably after decentralization of purchases and repairs to the schools and centers. Some of the technical staff of the USIC not having adequate work can be redeployed to the engineering branch and other schools and centers.

Invited Talks/ Guest lectures by the Faculty

Prof. Shatendra K. Sharma Director USIC, delivered the following talks during the year of report

- **Sharma Shatendra K.**, Delivered an invited talk on “Rediscovering Science Around Us” at Shivaji College, Delhi, 1 November, 2018.
- **Sharma Shatendra K.**, Delivered a Guest lecture on “How to Innovate, Invent and Incubate” at a national HRDC, JNU, Delhi, 13 March, 2019.
- **Sharma Shatendra K.**, Delivered an invited talk on “History of Technical Education in India” at one day workshop on “Modernity, Institutions and Education: Humanities, Technology and Sciences in a Globalized World”, 11 February, 2019 at Convention Centre JNU in collaboration with the Centre for Historical Research.
- **Sharma Shatendra K.**, A guest lecture on “Nanotechnology and its Applications in Life Sciences” At Rajguru College of Applied Sciences Delhi, 6 February, 2019

PhD Thesis supervised

- Shailendra Rawat a student co-supervised by Prof. Shatendra K. Sharma, submitted his PhD thesis titled “Experimental and Theoretical Studies of Structural, Electronic and Optical Properties of Titanate Nanostructures”, under co-supervision with a faculty of K R Mangalam University, Gurugram.

Training and Skill Development

- Four students of Rajguru College of Applied Sciences, Delhi, completed their 6 months summer project training on “Synthesis of nanoparticles and study of their antibacterial properties”.
- Two M.Sc. (final year) students of Amity University, Gurugram, completed their training on experimental project on synthesis and characterization of nanoparticles.

Conferences/Seminars Organized/Attended

- Organized a two-day “National workshop on the Principles and Techniques of Electron Microscopy”, in collaboration with Amity University Gurugram, New Delhi, 28 – 29 March, 2019
- Organized a visit of a delegation from University College Dublin Ireland to JNU. The delegation was headed by its President Prof. Andrew J. Deeks. He also delivered a talk on “Changes, constants and challenges in the evolving University”, 11 February, 2019
- Organized a half day workshop on “Modernity, Institutions and Education: Humanities, Technology and Sciences”, in a Globalized World, at Convention Centre JNU in collaboration with Centre for Historical Research, 11 February, 2019.
- Presented two research papers in International conference on “ICPP 2018” in Vancouver, Canada, 4 – 8 June, 2018.

Books Published

- **Sharma Shatendra K.**, Co-authored text book titled *Engineering Physics*, published by Pearson India Education, Delhi, ISBN: number 978-93-868-7331-6, June, 2018

Research Papers

Papers Published in International Journals

- **Sharma Shatendra K.**, “Experimental investigation of plasma instabilities by Fourier analysis in an electron cyclotron resonance ion source”, *Phys. Review. Accel. & Beams*, Vol.21, No. 9, 14 September, 2018.

Papers Published in National Journals

- **Sharma Shatendra K.**, Hydrothermal synthesis and characterization of nickel doped potassium titanate, *Indian Journal of Pure & Applied Physics*, Vol. 56, June, 2018, pp.453 – 460.

Participation in Conferences

International Conferences

- **Sharma Shatendra K.**, “Study of X-ray emission from atmospheric arc plasma in magnetic field,” 19th International Congress on Plasma Physics (ICPP 2018), University of Alberta, Vancouver, Canada, 4 – 8 June, 2018.
- **Sharma Shatendra K.**, “Experimental study of instabilities in ECR ion source plasma,” 19th International Congress on Plasma Physics (ICPP 2018), University of Alberta, Vancouver, Canada, 4 – 8 June, 2018

National Conferences

- **Sharma Shatendra K.**, Presented paper on “DFT Study of Electronic and Optical Properties of Cu₂O Nanostructures,” at two-day national conference on “Recent Advances in Condensed Matter Physics”, at Kurukshetra University Kurukshetra, 12 – 13 October, 2018
- **Sharma Shatendra K.**, Presented paper on “Chemical Synthesis of SnO₂ Nanoparticles for Smart Glass Coating,” at national conference on “Recent Trends and Advancements in Chemical Science”, Delhi University, Delhi, 29 – 31 March, 2019
- **Sharma Shatendra K.**, Paper presented on “DFT Study of Electronic Properties of Nickel Doped Potassium Titanate Nanostructures,” at national conference on “Recent Trends and Advancements in Chemical Science”, Delhi University, Delhi, 29 – 31 March, 2019

Memberships of Boards/Committees (Outside JNU)

- **Sharma Shatendra K.**, Nominated as Member, Board of Governors, International Advanced Research Centre for Powder Metallurgy and New Materials, Hyderabad; Invited as Subject Expert in Physics/ GeoPhysics on the UPSC panel, Govt of India; Invited as Member Expert Committee with DRDO, Ministry of Defence, Govt of India; Member, Board of Studies in Physics Uttarakhand Open University Haldwani (Uttarakhand); and Member Expert Committee in Netaji Subhash Institute of Technology (NSIT), Delhi.

Advanced Instrumentation Research Facility (AIRF)

Advanced Instrumentation Research Facility (AIRF) is a specialized research facility which now houses about 30 sophisticated state-of-the-art instruments with various supporting/ basic facilities. AIRF activities started from year 2008 onwards. It caters to the interdisciplinary applications in research to all the JNU Science Schools which includes the School of Biotechnology, School of Environmental Sciences, School of Information Technology, School of Life Sciences, School of Physical Sciences, Special Centre for Molecular Medicine and Special Centre for Nanosciences of JNU, as well as other academic research institutes and private companies/ industries within and outside Delhi. This research facility serves as an academic, research and scientific service provider and facilitator. It also supports interdisciplinary academic and research activities by conducting regular workshops and training programmes. AIRF is presently headed by the Director - Prof. Dinesh Mohan, School of Environmental Science, JNU.

Highlights of AIRF

- To become internationally recognized centre for Excellence in Quality and Innovative scientific service solutions in the field of inter-disciplinary research & development using state-of-the-art cutting-edge scientific instrumentation.
- To generate highly skilled manpower at undergraduate /postgraduate/doctorate level on high-end analytical instruments through peer interaction and direct instrument usages.
- To be a source of ideas, innovation, research and development in the field of different high-end instrumentation techniques.
- To organize short intensive courses, conferences and seminars on sophisticated analytical equipment to develop the skill related to different instrumentation techniques which will benefit the scientific community.

During last year (April 2018 - March 2019) five workshops and training programmes were conducted which created awareness among the research community for the effective utilization of research facility leading to the substantial increase in the number of efficient users. The workshops and training programmes are conducted to provide efficient and trained professionals to maintain a pace in the development of research in the country. The increased manpower has helped in maintaining the smooth functioning of facility. During the past year the number of publications as the quality of the research publications has improved substantially. The support through DBT-fund towards the maintenance of the sophisticated instruments has brought about a marked reduction in down time of the instruments and has henceforth substantially boosted the qualitative use of the facility. These efforts have motivated researchers to explore the facility and get benefitted by it.

Major Equipments/Laboratory Facilities Housed at AIRF

- Transmission Electron Microscope (TEM)
- Scanning Electron Microscope (SEM)
- Gas Chromatograph Mass Spectrometer (GCMS) with Thermal Desorption System
- Laser Confocal Microscope with Fluorescence Correlation Spectroscopy (FCS)
- Time Resolved Fluorescence Spectrometer (TRFS)
- Flow Cytometer and Cell Sorter (FACS)
- Circular Dichroism (CD) Spectrometer with Stop Flow
- FT-IR/ Raman Spectrometer with Microscope
- Wavelength Dispersive X-ray Fluorescence (WDXRF) Spectrometer
- Energy Dispersive X-ray Fluorescence (EDXRF) Spectrometer
- X-ray Diffraction (XRD) System for Powder/ Thin Films with low temperature attachment
- X-ray Diffractometer (XRD) for Macromolecules & Protein Crystallography
- Surface Plasmon Resonance (SPR) Spectrometer and Potentiostat Galvanostat
- Capillary Electrophoresis System
- Liquid Nitrogen Plant
- 500 MHz Nuclear Magnetic Resonance (NMR) Spectrometer with solid state attachment (CP-MAS)
- Liquid Chromatography Mass Spectrometry (LCMS) with 2D nano ACQUITY System
- MALDI MS TOF/ TOF System with LC-MALDI
- Bio Analyzer
- Offgel Fractionator

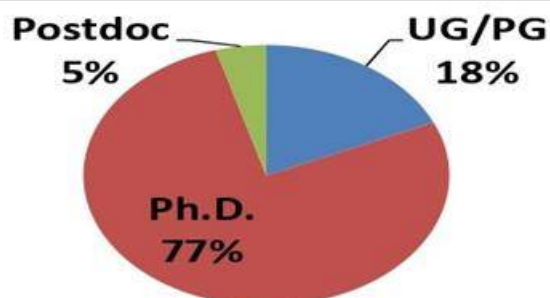

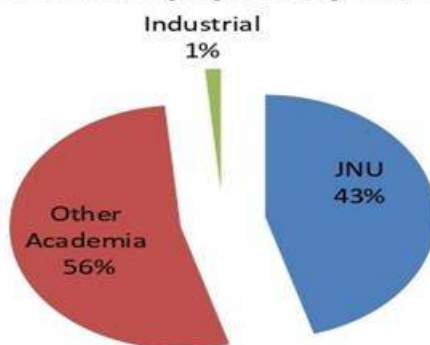

- FPLC
- Real Time Laser Scanning Confocal Microscope with motorized inverted microscope having Live Cell and Spectral Imaging,
- Fully Motorized Laser Total Internal Reflection Fluorescence (TIRF) Microscope, Integrated Live Cell Imaging Set-up
- Trinocular Research Microscope (anti-fungus type) for bright field, phase contrast, DIC, polarizing and digital camera attachment
- Physical Property Measurement System (PPMS), Closed Cycle based Cryogen free System
- Femtosecond Laser Laboratory: Femtosecond Laser Source (MaiTaiHP) with Fluorescence Up-conversion Spectrometer
- Electron Paramagnetic Resonance (EPR) Spectrometer
- FESEM with FIB and EBL
- Combined Confocal Raman - Atomic Force Microscope (AFM)
- STORM (Stochastic Optical Reconstruction Microscopy)
- Minor Equipments/Laboratory Facilities
- TEM & SEM Sample Preparation Laboratory
- Inverted Research Fluorescence Microscope
- Two Sample Preparation Laboratories with some Basic Facilities equipped with refrigerated and non-refrigerated ,micro-centrifuges, pH meters, weighing balances, ice machines, vortex mixers etc
- Manual Hydraulic Press for FTIR
- Semi Automatic 40Ton Hydraulic Press for XRF sample preparation
- Muffle Furnace (1400°C working temperature)
- Critical Point Dryer
- Turbo Freeze Dryer with Liquid Nitrogen fed Cold Stage
- -80°C Deep Freezer
- -20°C Deep Freezer
- MQ Plant
- Incubator and Shakers
- Laminar flow benches
- Chemical hoods
- Speed Vac
- Sputter Coater
- Sonicator/Ultrasonic Water Bath
- Lyophilizer

The existing state of the art instrumentation facilities at AIRF can be availed at nominal user charges. The details on the instrumentation facilities, contact person details and user charges etc. are available on JNU website at www.jnu.ac.in/AIRF.

Achievements of AIRF

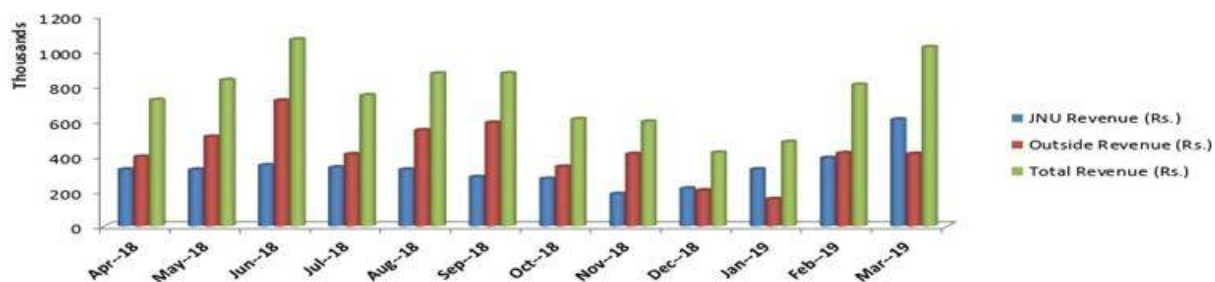

- AIRF has more than 3,500 users across India.
- AIRF is involved in assisting the research activities of ~700 researchers/students from different Science Schools of JNU and outside.
- Approximately Rs. 91 lakh revenue was generated.
- Five Workshops and Training programmes were conducted.

Visitors

AIRF was visited by many delegates from India and abroad who appreciated this advanced facility at JNU.

- 14 Participants of Summer school, School of Life Sciences, 9 July, 2018
- 40 participants (Kendriya Vidyalaya Sangathan (KVS) PGTs), from HRDC, JNU, 18 July, 2018
- Participants of 110th Orientation Programme, HRDC, 8 August, 2018
- Two-member delegation from Ph.D. Chamber of Commerce, 17 August, 2018
- Prof. MEC Rey, Wits University, South Africa, 4 September, 2018
- Participants of 16th Refresher Course in Physical Science/Nano Science, 7 September, 2018
- Dr. Jyotsna Sharma with Dr. R K Thakur, Prof. & Head, Deputy Director Amity University, Manesar, Haryana with M. Sc. (III Sem) Physics students, 9 October, 2018
- Dr. Deepah, HRDC, Dr. Rachana, Dr. Manish Nigam, 17 October, 2018
- Dr. Mohd. Tashfeen Ashraf, GautamBudhha University, Greater Noida, 17 October, 2018
- Dr. Shaili Srivastava, Amity University Haryana, 16 November, 2018
- Integrated MSc-PhD students (currently in 5th semester) of SCMM, 27 November, 2018
- Participants of 2nd Refresher Course in Environmental Studies (Interdisciplinary), HRDC, 3 December, 2018
- Prof. Prosun Bhattacharya, KTH-Stockholm, Sweden, 2 January, 2019
- Dr. Mohd. Ghaznavi Idris, Nioenergy & Tech, Guwahati Assam with 8 students, 7 January, 2019
- Dr. Swati Tiwari with eleven students of the M. Sc. 2nd semester, School of Biotechnology, 11 February, 2019
- Prof. M. Afzal Zargar participant LEAP Programme, HRDC/JNU, MHRD, University of Kashmir with 12 participants, 13 February, 2019
- Dr. Shashank K. Prasad, Assistant Professor, Dept. of Molecular Biology, Yuvaraja's College, University of Mysore with 18 students, 26 February, 2019

Accomplishments of Research Fellows/ PhD students of Dr. Tulika Prasad (12):

- **Richa Singh.** Poster presentation titled “Recent updates on drug resistance in *Mycobacterium tuberculosis*” in International Conference on Environmental and Biomedical Nanotechnology (ICEBN 2018) at JNU, New Delhi, 14 – 15 September, 2018
- **Richa Singh.** Poster presentation titled “Antimicrobial resistance in *Mycobacterium tuberculosis* and host immune responses” in International Conference on Environmental and Biomedical Nanotechnology (ICEBN 2018) at JNU, New Delhi, 14 – 15 September, 2018
- **Richa Singh.** Attended FCS Workshop and Poster presentation titled “Cell envelope fluidity of H₃₇ virulence variants of *Mycobacterium tuberculosis*” in National Workshop on Fluorescence and Raman Spectroscopy (FCS 2018) at JNU, New Delhi, 12 – 17 November, 2018
- **Arvind Kumar. Best Oral Presentation Award** for presentation titled “Method validation for simultaneous quantification of olmesartan and hydrochlorothiazide in human plasma using LC-MS/MS and its application through bioequivalence study in healthy volunteers” in National Seminar on Current & Future Prospects of Science Research in India (CFPSR-2019) at IFTM University, Moradabad, 15 February, 2019
- **Richa Singh.** Poster presentation titled “Characterization of cell envelope fluidity and fatty acids in H₃₇ virulence variants of *Mycobacterium tuberculosis*” in National Science Day Festival at JNU, New Delhi, 28 February, 2019
- **Arvind Kumar.** Poster presentation titled “High Performance liquid chromatography tandem mass spectrometric estimation of Olmesartan and hydrochlorothiazide concomitantly in human plasma” in National Science Day Festival at JNU, New Delhi, 28 February, 2019
- **Anam Rais.** Poster presentation titled “Nano-based approaches against Infectious Diseases” in National Science Day Festival held at JNU, New Delhi, 28 February, 2019

Research Guidance (2017-2018):

Year	Ongoing Ph. D. Students	Post doctoral fellow	Ph.D. Degree Awarded
2018-19	Four	One	One

- **Ph.D. Degree Awarded:** V. S. Radhakrishnan; Thesis Title: “Developing antifungal agents and characterizing their mechanism of action in opportunistic pathogenic yeast, *Candida albicans*”
- **M.D.S. Degree Awarded:** Dr. Azhar Ali; Department of Conservative Dentistry & Endocrinology, Centre for Dental Education and Research, AIIMS, New Delhi Thesis title: “Efficacy of Silver Diamine Fluoride and Fluor Protector N-varnish mineralizing agents on demineralized enamel lesions: An *ex-vivo* quantitative energy dispersive X-ray analysis (EDX)”

Other Contributions

- **Prasad Tulika,** Academic duties as Concurrent Faculty of Special Centre for Nano Sciences (SCNS), JNU.
- **Prasad Tulika,** As part of team of Core faculty member for Live Imaging, Confocal and Fluorescent Microscopy, Gas Chromatograph Mass Spectrometer and Flow Cytometer Cell Sorter Laboratories, AIRF.

Research Student Participation of Dr. Kavita Arora

- Two students participated in International Conference on Environmental and Biomedical Nanotechnology (ICEBN 2018), Jawaharlal Nehru University, New Delhi, India, 14 – 15 September, 2018.
- One student participated in International Conference on Materials for Energy Applications (ICME 2018), Department of Physics, S S Jain Subodh PG (Autonomous) College, Rambagh Circle, Jaipur, India, 6 – 8 December, 2018.
- Three students participated in Science Day, JNU, 28 February, 2018.

Papers Presented by Students

- Comparative Assessment of Synergism between Graphene oxide –Gold, Silver, Copper Based Nano-composites, Sugandha, Mamta Kushwaha, M.S. Gaur, **Arora Kavita**, Science Day 2019, JNU, 28 February, 2019.
- Early Immuno-diagnosis of Lung Cancer in Patient Sera: Targeting MAGE A2, Meenakshi Choudhary, Satbir Kaur, Shabab Angurana, S. P. Singh, **Arora Kavita**, Science Day 2019, JNU, 28 February, 2019.
- Synthesis of Au/Ag/Cu Trimetallic Nanoparticle and Their Catalytic Activity, Mamta Kushwaha, M.S. Gaur, **Arora Kavita**, Feb28, Science Day 2019, JNU, 28 February, 2019.
- Enhancing catalytic performance of trimetallic nanoparticles and applications, Mamta Kushwaha, Sugandha, M.S. Gaur, **Arora Kavita**, International Conference on Environmental and Biomedical Nanotechnology (ICEBN-2018), Jawaharlal Nehru University, New Delhi, India, 14 – 15 September, 2018.
- Comparative Analysis and Assessment of Synergism between Graphene Oxide and Gold/ Silver/Copper Based Metallic Nanocomposites, Mamta Kushwaha, Sugandha, M.S. Gaur, **Arora Kavita**, International Conference on Materials for Energy Applications (ICME 2018), S. S. Jain Subodh PG (Autonomous) College, Jaipur, Rajasthan, 6 – 8 December, 2018.

Participation in National/ International Conferences/ Meetings/ Workshops (06):

- **Arora, Kavita**, International Conference on Environmental and Biomedical Nanotechnology (ICEBN-2018), School of Environmental Science, JNU, New Delhi, 14 – 15 September, 2018.
- **Arora, Kavita**, In vitro Diagnostic Platforms for Biomarker detection, at Department of Biotechnology, Motilal Nehru National Institute of Technology (MNNIT) Allahabad, 18 – 24 February, 2019.
- **Arora, Kavita**, International Conference on Materials for Energy Applications (ICME 2018), Jaipur, Rajasthan, 6 – 8 December, 2018.
- **Arora, Kavita**, India-Japan Workshop on ‘Biomolecular Electronics & Organic Nanotechnology for Environment Preservation’ (IJWBME), CSIR-National Physical Laboratory, New Delhi, 6 – 9 December, 2018.
- **Arora, Kavita**, Women Conclave 2019 on International Women Day, jointly Organized by JNU & DST, JNU, New Delhi, 8 March, 2019.
- **Arora, Kavita**, International Science Day at JNU, New Delhi, 28 February, 2019.

Lectures Delivered (Outside JNU) (03)

- **Arora, Kavita**, Invited speech on “Comparative Analysis and Assessment of Synergism between Graphene Oxide and Gold/ Silver/Copper Based Metallic Nanocomposites” in International Conference on Materials for Energy Applications (ICME 2018), Department of Physics, S S Jain Subodh PG (Autonomous) College, Rambagh Circle, Jaipur, Rajasthan, 6 – 8 December, 2018.
- **Arora, Kavita**, Invited speech on “Fabrication Characterization and Applications of Graphene Oxide stabilized Gold/ Silver/Copper Based Metallic Nanocomposites” in India-Japan Workshop on ‘Biomolecular Electronics & Organic Nanotechnology for Environment Preservation’ (IJWBME), CSIR-National Physical Laboratory, New Delhi, 6 – 9 December, 2018.
- **Arora, Kavita**, Invited speech on “Nano and Bio Molecular Assemblies: Finding Way Towards Early and Easy Diagnosis of Diseases” in In vitro Diagnostic Platforms for Biomarker detection, Department of Biotechnology, Motilal Nehru National Institute of Technology (MNNIT) Allahabad, 18 – 24 February, 2019.

Memberships of Boards/ Committees (Outside JNU)

- **Prasad Tulika**, Member of American Society for Microbiology; Member of American Chemical Society; Life Member of The Cytometry Society, India; Life Member of The Indian Society of Chemists & Biologists; Life Member of Biotech Research Society of India (BRSD); Life Member of Indian Nanoscience Society (INS); Life Member of Nano Molecular Society (NMS) and Joint Secretary Elect for the Society; Designing Annual Academic Activity Calendar for Nano Molecular Society; Life Member of Association of Microbiologists of India (AMI); Joint Secretary of The Indian Society of Chemists & Biologists, Delhi Chapter; Life Member of Society of Biological Chemists (SBC, India); External expert member in the Student Review Committee of Department of Biotechnology, Delhi Technological University, New Delhi; Among Approved list of Paper Setters for Masters Level in various departments of Lucknow Integral University for Biotechnology, Bioengineering, Industrial Microbiology &

Fermentation Technology, Microbiology, Genetics, Environmental Microbiology and Nanobiotechnology; and External examiner of M. Tech (Biotechnology) and external expert for Student Review Committee for PhD in Department of Biotechnology, Delhi Technological University, New Delhi.

- **Arora, Kavita**, Joined as Life member (111-2018) - Indian Nano Biologists Association, September 2018; Regional Director, Delhi, Nano and Molecular Society (NMS), 2017-till date; Member of Two Research Advisory Committees in Department of Biotechnology, NSIT, Dwarka, New Delhi, 2016-till date; Life member (LM-07) Biosensor Society (India) since 2004; Life member (LMB-1018) Material Research Society of India (MRSI) since 2005; Life member (LM 1765) of Biotechnology Research Society of India (BRSI) since 2014; Life member of Indian Nanoscience Society since 2014; Founder and Life member (NMS/2014/LM/008) Nano & Molecular Society (NMS) of India since 2014; Life member (4209-2015) of Association of Microbiologists of India (AMI) since 2015; and Life member (4015-2017) Society of Biological Chemists (SBC) India since 2017.

Publications

Chapter in Book: 01

- **Arora, Kavita**, 'Chapter 10: Recent Biosensing Applications of Graphene-Based Nanomaterials', 'Handbook of Graphene, Volume 6: Biosensors and Advanced Sensors', Edited by Barbara Palys, Scrivener Publishing, 2019.

Research Projects (04):

- **Prasad Tulika**, Co-Investigator for "Pathway reprogramming and epigenetic status of chromatin in pathogenic fungus, *Candida albicans* in response to varied carbon sources" DBT Grant, 2018 – 2019
- **Arora Kavita**, JNU-UPE-II sponsored project entitled 'Immuno-functionalized Nano-composites for Cancer Diagnosis' 2014-2019 (ongoing).
- **Arora Kavita**, JNU-UPE-II sponsored project entitled 'Studies on elucidating Ag Nanoparticle as potent inhibitor of hyphal morphogenesis and drug resistance in opportunistic fungal pathogen, *Candida* and potential host cell toxicity' 2014-2019 (ongoing).
- **Arora Kavita**, 'Clinical Diagnosis of Major Depressive Disorder', DST purse phase II (2015 – on going).

- **Imam Khurshid**, Hebrew and question of identity in Israel, (UPE-II, JNU funded) project completed.
- **Rahman Mujeebur**, Modernity and Globalization: The Impact of English on the changing patterns of the language of Arabic Print Media (UPE-II, JNU funded) project completed.
- **Rahman Rizwanur**, Revisiting Arabian Nights in English translation, funded by the UPE-III.
- **Nawaz Mohd. Akram**, Role of Indian Scholars in the Development and Teaching of Arabic Language in India (After Independence) (UPE-II, 3rd Call, JNU Funded).

Centre for Chinese and South-East Asian Studies: (01)

- **Usha C.**, Project Name: Challenges in Translating Theories on Gender into Chinese. Sponsored by UPE-II grant, July 2015 – January, 2019, JNU.

Centre for English Studies: (08)

- **Bhaduri Saugata**, Co-Investigator (with Dhananjay Singh, CES, JNU, as Principal Investigator), Representing the Marginal; by UPE-II Scheme, JNU, 2014 – 2019.
- **Bhaduri Saugata**, Principal Investigator (along with Isabel Karremann, University of Würzburg, Germany), 'Literature in a Globalized World: Creative and Critical Perspectives', a research project under the University Grants Commission (UGC) – Deutscher Akademischer Austausch Dienst (DAAD) – Indo-German Partnerships in Higher Education Programme (IGP), 2016 – 2020, ongoing.
- **Bhaduri Saugata**, Principal Investigator (with Franson Manjali, CL, JNU, Asha Sarangi, CPS, JNU, Manidipa Sen, CP, JNU, and Soumyabrata Chaudhuri, SAA, JNU, as co-investigators), Modernity and its Linguistic and Cultural Dimensions in the Context of Globalization; by UPE-II Scheme, JNU, 2014 – 2019.

- **Bhaduri Saugata**, Principal Investigator, “Sounds of Solidarity: Martin Luther King’s Anthems of Ahimsa and Mahatma Gandhi’s Psalms of Spirituality”, research project funded by UPE-II (University with Potential for Excellence) Scheme, 2014 – 2019.
- **Kumar Udaya**, Principal Investigator. “Death, Political Imagination and Cultural Expression in Globalizing India.” UPE-II project. 2016 – 19.
- **Paranjape Makarand R.**, Co-Investigator (with Dhananjay Singh, CES, JNU, as Principal Investigator), “Representing the Marginal,” UPE-II, JNU, 2014 – 2019.
- **Paranjape Makarand R.**, PI, “Science and Spirituality in Modern India,” GPSS Project, extended phase, 2014 – 19.
- **Paranjape Makarand R.**, Principal Investigator (with co-PI Prof. Vyjayanti Raghavan, CKS, Prof. Md. Islahi, CAAS, Prof. Priyadarsi Mukherji, CCS, and Prof. Vijaya Ramaswamy, CHS, as co-investigators), “Asian Crossroads: Indic Neighbourhoods, Global Connections”, UPE-II, JNU, 2014 – 2019.

Centre for French and Francophone Studies: (07)

- **Chaudhry Kiran**, Translation of Contemporary Indian Literature into French – UPE Project (2014-2018): Principal Investigator (PI) Completed, December, 2018.
- **Chaudhry Kiran**, Translation of Premchand’s writings (Vividh Prasang) into French. Les écrits de Premchand (volume 1 and 2) Translated by Fernand Ouellet in collaboration with Kiran Chaudhry et al. L’Harmattan, Paris, 2018. ISBN: 978-2-343-16274-4
- **Kamala N.**, UPOE II – Translation of Contemporary Indian Literature into French – Completed, December, 2018.
- **Karkun Abhijit**, UPE II no. 144 on Teachers Training Programme for French Language Teachers.
- **Pralhad Baviskar Sharad**, UPOE II -- Philosophical anthropologies: A thematic study of French Literature Mid-term report submitted.
- **Cherian Sebastian Thejus**, UPE Project “Critical Transnationalism and Cultural Practice of Malayalam Cinema across borders” (concluded March 2019).
- **Kumarasamy Pugazhendhi**, Co-Prime Investigator, Subtitling: Technical and Linguistic Aspects, UPOE – II.

Centre of German Studies: (04)

- **Naithani Sadhana**, Began in March, 2018: Invited by Royal Asiatic Society of Great Britain and Ireland, London to research into a newly discovered archive of manuscripts by Pandit Ram Gharib Chaube, 2015 – 2019.
- **Naithani Sadhana**, Narratives of Time and Space in German Villages and Small Towns connected with folktales. Funded by several agencies in phases, 2015 – 2019.
- **Naithani Sadhana**, Fairy Tale Culture and Media Today. Co-applicant along with Professor Pauline Greenhill, University of Winnipeg, Canada Project period: 2014-2017. Funded by Social Science and Humanities Research Council, Canada. Supported by Jawaharlal Nehru University, New Delhi.
- **Sahni Madhu**, Traces of the Global (Project 7) 2014-2019, under UPE-II forthcoming 2 edited volumes

Centre of Indian Languages: (08)

- **Alam S M Anwar**, Evaluation and translation of Dalit and Adiwasi literature in Urdu: UPE-II, JNU, New Delhi, 2014 – 2019.
- **Choubey Devendra**, Mapping Knowledge and Practice in Contemporary India; by UPE-II JNU, Delhi, 2014 – 2019.
- **Navin Deo Shankar**, Designed, Completed and Uploaded MOOCs Hindi Project offered by MHRD & UGC on SWAYAM Portal for Three Papers PG Course entitled–Aadhunik Hindi Kavya Khand – 2, Hindi Sahitya Ka Itihas, Dalit Sahitya as Principal Investigator and Course Coordinator for first one as well.
- **Navin Deo Shankar**, Completed UPE II Project on 31 March, 2019 on “The Creative Vision and Social Concern of the Great Poet Vidyapati” offered by JNU.
- **Sinha Raman P.**, The Idea of History in Early Literary Historiography of Hindi by UGC/JNU, 2018 – 2019.
- **Zahri M. Asif**, Impact of Globalization and Cultural Transformation on Modern Urdu Nazm in the last half of the 20th Century by UPE-II (2015 – 2019).
- **Kumari Punam**, Completed UPE II Research Project of JNU, New Delhi in March, 2019, on the topic “Social and historical perspective of women in early Hindi poetry”.

- **Khan Md Tauheed**, “Ismat Chughtai ke Novelon ke Numainda kirdaron ka Nafsiyati aur Samaji Mutala”: UPE-II, JNU, New Delhi, 2014 – 2019.

Centre for Japanese Studies: (02)

- **Motwani Prem**, Working on a book entitled ‘Becoming world-class with Japanese Management’. The book is at the editing table.
- **Khanna Anita**, Principal Investigator, UGC E-Pathshala Project for Japanese, 2014 – 2019.

Centre for Korean Studies: (06)

- **Raghavan Vyjayanti**, “Emerging Korea and Korean Studies in India and South Asia: Comparative and Interdisciplinary Approaches” funded by Academy of Korean Studies Funded 5 year (2016-2021). It is a Core University Major Project
- **Kishore Kaushal**, (Co PI) “Emerging Korea and Korean Studies in India and South Asia: Comparative and Interdisciplinary Approaches” funded by Academy of Korean Studies Funded 5 year (2016-2021). It is a Core University Major Project
- **Ranjan Santosh Kumar**, (Co PI) “Emerging Korea and Korean Studies in India and South Asia: Comparative and Interdisciplinary Approaches” funded by Academy of Korean Studies Funded 5 year (2016-2021). It is a Core University Major Project
- **Ranjan Santosh Kumar**, “Contemplating the Historical Perspectives in Writings of Colonial Era: With Special Reference to India and Korea”, Korea Foundation Research Fellow, April-September 2018
- **Srivastava Satyanshu**, (Co PI) “Emerging Korea and Korean Studies in India and South Asia: Comparative and Interdisciplinary Approaches”, funded by Academy of Korean Studies Funded 5 year (2016-2021). It is a Core University Major Project
- **Raj Rahul**, One Asia Foundation supported research project title “Special Topics on Asian Community”, Duration of the project is 2018-20.

Centre for Linguistics: (01)

- **Haokip Pauthang**, Thadou Oral Literature; UPE-II, JNU, New Delhi, 9 March, 2018 to 31 March, 2019

Centre of Persian and Central Asian Studies: (06)

- **Asif Mazhar**, Chief Co-ordinator ITEC-MEA JNU English Language Training programme, 9 July – 12 October, 2018.
- **Hasan Syed Ainul**, Shah, Allauddin, Ahmed SK. Ishtiaque, Indian Impact on the Persian World: A Compilation of Thematic Urdu-Persian Encyclopaedia of Language, Literature and Culture, 2015 – 2018
- **Ansari Akhlaque Ahmad**, Major & Multi-disciplinary research project along with 6 other faculties on: Mapping Knowledge Tradition in India, under UPE II Scheme, JNU, New Delhi, 2014 (Ongoing)
- **Ansari Akhlaque Ahmad**, Iqbal and Spain, Major & Multi-disciplinary research project under UPE II Scheme, JNU, New Delhi, 2014 – 17 as Associate. 2014- Ongoing
- **Ansari Akhlaque Ahmad**, Editing of *Mehre Nimruz* by Mirza Ghalib, Ghalib Institute, New Delhi, 2018.
- **Ansari Akhlaque Ahmad**, Editing of *Qadir Nama* by Mirza Ghalib, Ghalib Institute, New Delhi, 2018-19
- **Ansari Akhlaque Ahmad**, Editing of *Makatib e Muhibbullah Shah Allahabadi*, Indo-Afghan Foundation, New Delhi, 2017-18

Centre for Russian Studies: (06)

- **Banerjee Ranjana**, India – Russia: Cultural Linkages through Language and Literature, 2014 – 2019.
- **Bandyopadhyay Arunim**, Tropes in the poems of Sergey Esenin and Jibananda Das (UPOE-II project), 2015 – 2020
- **Bhatnagar Meenu**, UPE-II project to develop audio-visual textbook of Russian, 2015 – 2019.

- **Narain Meeta**, Member, Project – UPE II (ID219), entitled Linguistic, Cultural, Ethnic and Religious Identities Among Countries of the Silk Road Region: India, Russia and Central Asian Countries, 2015 – 2020.
- **Verma Kiran Singh**, Project “Translation of Selected Post-Soviet Women Russian Writers into Hindi” (under UPOE II), JNU, New Delhi, 2015 – 2019
- **Saini Sonu** (PI) & Gautam Kumar Jha (Co-Pi). Understanding Cultural Transformations of India, Indonesia & Russia: Texting, Translation and Development of Corpora of selected Folklore. By UPE-II, JNU 2014 – 2019

Centre of Spanish, Portuguese, Italian and Latin American Studies: (01)

- **Ansari Nabel**, UPE II Project titled “Indo-Spanish Cultural Encounters”, JNU, 2016 – 2019.

- **Mukhopadhyay, G**, Studies on putative Cag T4SS components CagU and CagW of *Helicobacter pylori*; by UPE-II, 2015 – 2018.
- **Mukhopadhyay, C.K.**, Study on neuronal iron release component by dopamine; by DBT, 2017 – 2020.
- **Mukhopadhyay, C.K.**, Understanding the role of hyperglycemia on kidney iron homeostasis, by DBT, 2018 – 2021.
- **Mukhopadhyay, C.K.**, Studies on ferritin degradation by dopamine in astroglial cells; by DST, 2018 – 2021.
- **Mukhopadhyay, C.K.**, Identification of cellular redox sensitive factors in glial and neuronal cells involved in brain iron deposition; by UPE-II, 2014 – 2019.

- **Tyagi RK**, Development of single-cell derived clonal spheroids as a tool for drug discovery in cancer research; by DPRP, Department of Science & Technology (DPRP-DST), 2018 – 2021.
- **Tyagi RK**, Development of a rapid and robust high throughput reporter cell based bioassay for detection of xenobiotics in milk; by National Science Agricultural Fund (NASF), Indian Council of Agricultural Research (ICAR), 2018 – 2012.
- **Tyagi RK**, Vitamin D Receptor: a comprehensive study of naturally occurring non-synonymous receptor variants in vitamin D response; by DBT, 2018 – 2021.
- **Dhar SK.**, Role of hypothetical protein HP0897 in DNA replication of slowly growing human pathogenic bacteria *Helicobacter pylori*; by SERB, Department of Science and Technology (DST), 2016 – 2019.
- **Dhar SK.**, Development of novel lipid and polymer based nanoformulations for targeted delivery of antimalaria drugs; by Department of Biotechnology (DBT), 2017 – 2020.
- **Dhar SK.**, A genome-wide approach to identify the sites of initiation of chromosomal DNA replication (origins) and analysis of replisome proteins in human malaria parasite *Plasmodium falciparum*; by Department of Biotechnology (DBT), 2018 – 2021.
- **Tandon V.**, A novel approach to study the genomic and functional effect of bisbenzimidazoles: in accordance to develop broad- spectrum antibacterial effect; by DST-SERB, 2018 – 2021.
- **Tandon V.**, Development of single-cell derived clonal Spheroids as a tool for drug discovery in cancer research; by DST under Drug Pharma Research Project (DPRP), 2018 – 2021.
- **Tandon V.**, Investigation of effect of bisbenzimidazole on bacterial population dynamics: In accordance to develop broad spectrum antibacterial agent; by DBT, 2017 – 2019.
- **Tandon V.**, Development of point-of-care kit for rapid detection of bacterial antimicrobial resistance and prescription of appropriate therapy; by UPE-II , 2017 – 2018.
- **Das G.**, Identification of novel biomarkers in active and latent TB in conjunction with HIV Co-infection; by DBT, 2017 – 2020.
- **Das G.**, Role of Rv1694 (TlyA) in *Mycobacterium tuberculosis* survival and immune evasion-A prospective drug target by DST-SERB, 2017 – 2020.
- **Das G.**, Modulation of T effector memory (TEM) Vs T central memory (TCM) ratio for the immunotherapy and vaccine strategy of tuberculosis; by DST-SERB, 2017 – 2020.
- **Das G.**, Neo-therapeutic strategy for tuberculosis with the combination of conventional antibiotics and natural flavones compounds that inhibit biofilm by DBT-NE, 2018 – 2021.
- **Das G.**, Genome wide transcription analyses in drug resistant *Mycobacterium tuberculosis*: Identification and Immunomodulation of novel targets; by DBT's MDR-TB in NE, 2018 – 2021.
- **Bhattacharjee S.**, Elucidation of changes in the host-parasite homeostasis as a mechanism for the induction of artemisinin-resistance in *Plasmodium falciparum* by DST-SERB, 2016 – 2019.
- **Bhattacharjee S.**, Elucidation of the GET trafficking machinery and tail-anchored proteome in the human malaria parasite *Plasmodium falciparum* by Ramalingaswami Re-entry fellowship, 2015 – 2019.
- **Bhattacharjee S.**, Elucidation of secretory trafficking mechanisms of 'tail-anchored' proteins in *Plasmodium falciparum* infected erythrocytes; by UPE-II, 2016 – 2018.
- **Singh S.**, Principal Investigator: Developing capacity in molecular biology, genetic epidemiology and genomics for Surveillance at three field sites in India by NIAID, National Institutes of Health (NIH), USA, 2018 – 19.

World Congress on Infectious Diseases and Antibiotics-2018, J.N. Tata Auditorium, Indian Institute of Science, Bengaluru, India, Oral presentation by Prince Kumar, 28 – 29 November, 2018
- Prince Kumar, Shamseer Kulangara Kandi, Diwan S. Rawat, and **Mukhopadhyay Kasturi**, “Bactericidal activity of mono-carbonyl curcuminoids with improved solubility and stability against *Staphylococcus aureus*”, national conference on “Environmental pollution: Impact Assessment, Remediation, and Mitigation-2019”, School of Environmental Sciences, JNU, New Delhi, India. Poster presentation, 7 March, 2019
- Jyotsna Singh, Sana Mumtaz, Seema Joshi, **Mukhopadhyay Kasturi**, “Simultaneous Increase in Hydrophobicity and Cationicity Improves the Staphylocidal Activity of α -MSH (6-13)”, national conference on “Environmental Pollution: Impact Assessment, Remediation and Mitigation (NCEPIARM)-2019”, School of Environmental Sciences, Jawaharlal Nehru University, New Delhi, India, Poster presentation, 7 March, 2019
- Maneet Kumar Chakrawarti, Madhuri Singh, **Mukhopadhyay Kasturi**, “Microbial diversity assessment of air samples collected from University Health Center”, national conference on “Environmental Pollution: Impact Assessment, Remediation and Mitigation-2019”, ADB Hall, SES, JNU, New Delhi, India, Poster Presentation, 7 March, 2019
- Kanchan Tiwari, **Mukhopadhyay Kasturi**, “In vitro antimicrobial activity α -Melanocyte Stimulating Hormone (α -MSH) and its derivatives against *Escherichia coli*”, national conference on “Environmental Pollution: Impact Assessment, Remediation and Mitigation-2019”, ADB Hall, SES, JNU, New Delhi, India, Poster Presentation, 7 March, 2019
- Prachi Singh and **Mohan Dinesh**, Arsenic remediation from water using sustainable biochar in the conference entitled “World Water Summit-2018”, at New Delhi, 22 April, 2018
- **Mohan Dinesh**, Engineered Biochar – A sustainable solution to biomass burning, soil management, water purification and Climate Change Mitigation (Keynote speaker) conference on “Emerging Pollution Challenges on Earth Ecosystem–SAFAR, India’s Novel Initiative”, held at the Conference Centre of University of Delhi, organized by Environment Pollution Laboratory, Department of Environmental Studies, University of Delhi, 26 March, 2019
- **Mohan Dinesh**, Designer Biochar – A Smart and Sustainable Solution to Biomass Burning, Soil Management, Food Security, Water Purification and Climate Change Mitigation (Invited Talk, 7 November, 2018) in the symposium “Pursuing Clean Air and Water for All: Environmental Science and Technology Symposium in India”, at Shiv Nadar University, India, 7 April, 2018

- Vineet Vimal# and **Mohan Dinesh**, Pesticides remediation from water using sustainable biochar, in national conference on Environmental Pollution: Impact Assessment, Remediation and Mitigation (NCEPIARM-2019), at School of Environmental Sciences, Jawaharlal Nehru University, New Delhi, Sponsored by UGC-DSA-II, 7 March, 2019 (#presenter)
- Manvendra Patel#, Abhishek Kumar Chaubey, Rahul Kumar and **Mohan Dinesh**, Sustainable Biochars for sorptive removal of pharmaceuticals: Development and Applications, in national conference on “Environmental Pollution: Impact Assessment, Remediation and Mitigation (NCEPIARM-2019)”, at School of Environmental Sciences, Jawaharlal Nehru University (JNU), New Delhi, Sponsored by UGC-DSA-II, 7 March, 2019 (#presenter).
- Hemant Kumar# and **Mohan Dinesh**, Adsorptive removal of fluoride from water using biochar developed from slow pyrolysis of agricultural waste in national conference on “Environmental Pollution: Impact Assessment, Remediation and Mitigation (NCEPIARM-2019)”, at School of Environmental Sciences, Jawaharlal Nehru University (JNU), New Delhi, Sponsored by UGC-DSA-II, 7 March, 2019 (#presenter)
- Mukesh Kumar, **Garkoti S.C.**, Abhishek K. Verma, Shailendra Kumar. Variation in Community Structure and Soil Characteristics of Invaded and non invaded sites by Invasive Alien Plants in Chir Pine Forest, Nainital, Kumaun Himalaya. Poster session presented at: international workshop on “Economic and Ecological Impact of Invasive Alien Species”, Indian Statistical Institute, Kolkata, 21 – 23 February, 2018
- Mukesh Kumar, **Garkoti S.C.**, Abhishek K. Verma. Influence of Invasive Shrub Species on Understory vegetation and Soil Characteristics of Chir Pine Forest in Kumaun Himalaya, Poster session presented at: International Student Conference on Conservation Science, Indian Institute of Science, Bangalore, 27 – 30 September, 2018
- Abhishek K. Verma, **Garkoti S.C.**, Shipra Singh, Shailendra Kumar, Mukesh Kumar. Regenerating banj oak forests in central Himalaya: An opportunity to conserve it. Poster session presented at: International Biodiversity Congress, Forest research institute, Dehradun, India, 4 – 6 October, 2018

- **Vijay Kumar T. V.**, Talk on “Nature Inspired Metaheuristic Algorithms”, Inauguration Student Chapter, ACM USICT, University School of Information, Communication and Technology, Guru Gobind Singh Indraprastha University, New Delhi, 18 January, 2019.
- **Vijay Kumar T. V.**, Talk on “Software Development: Why, What and How”, Institute of Technology & Science, Mohan Nagar, Ghaziabad - 201007, 19 January, 2019.
- **Vijay Kumar T. V.**, Talk on “Data Analytics and Big Data”, AICTE-QIP sponsored one week short-term course on Intelligent Computing Techniques in Data Mining & Image Processing, Department of Computer Science and Engineering & Information Technology, Madhav Institute of Technology and Science, Gwalior, 2 February, 2019.

- **Vijay Kumar T. V.**, Talk on “Artificial Intelligence and Soft computing”, AICTE-QIP sponsored one week short-term course on Intelligent Computing Techniques in Data Mining & Image Processing, Department of Computer Science and Engineering & Information Technology, Madhav Institute of Technology and Science, Gwalior, 3 February, 2019.
- **Vijay Kumar T. V.**, Talk on “Machine Learning and Big Data”, international conference on Machine Learning, Big Data, Cloud and Parallel Computing: Trends, Perspectives and Prospects, Com-IT-Con 2019, Manav Rachna International Institute of Research & Studies, Faridabad, Haryana, India, 15 February, 2019.
- **Vijay Kumar T. V.**, Talk on “Data Science and Big Data”, international conference on Recent Trends in Engineering, Technology and Business Management (ICRTETBM 2019), Amity International Business School along with Amity Centre for Interdisciplinary research (ACIDR), Noida, Uttar Pradesh 21 February, 2019.
- **Vijay Kumar T. V.**, Talk on “Ants and Bees Inspired Computing”, international conference on Computational Intelligence and Communication Technology (CICT-2019), ABES Engineering College, Ghaziabad, Uttar Pradesh on 22 February, 2019.
- **Vijay Kumar T. V.**, Special lecture on “Data to Big Data”, Department of Computer Science and Engineering, Tripura University, 4 March, 2019.
- **Vijay Kumar T. V.**, Lecture on “The Role of Artificial Intelligence in Education”, 15 Days Refresher Course titled “ICT: Improving quality of Higher Education and innovation on Higher Education”, Faculty Development Centre, Tripura University, Agartala, 5 March, 2019.
- **Vijay Kumar T. V.**, Talk on “Genetic and Evolutionary Computation”, Machine Learning Workshop, March 7, 2019, Department of Computer Science, Sri Guru Gobind Singh College of Commerce, Delhi, 7 March, 2019.
- **Vijay Kumar T. V.**, Special Lecture on “Swarm Intelligence”, Department of Computer Science, School of Engineering & Technology, Pondicherry University, Puducherry, 18 March, 2019.
- **Vijay Kumar T. V.**, Talk on “Data Science”, Centre for Bioinformatics, Pondicherry University, Puducherry, 18 March, 2019.
- **Raza Zahid**, Invited Talk, “Grid Computing: An Insight,” Human Resource Development Centre, Jamia Millia Islamia, New Delhi, 18 September, 2018.
- **Raza Zahid**, Invited Talk, “Internet of Things (IoT): The Next Evolution of the Internet,” Human Resource Development Centre, Jamia Millia Islamia, New Delhi, 6 September, 2018.
- **Raza Zahid**, Invited Talk, Issues and Challenges in Computational Grid, Lakshmi Narain College of Technology, Bhopal, M.P., 13 August, 2018.
- **Raza Zahid**, Invited Talk, Internet of Things: Possibilities and Challenges, Central University of Haryana, Haryana, 17 April, 2018.
- **Kumar Sushil**, Network Simulation and Data Security, CCSIT, TMU, Moradabad, UP, 7 August, 2018.
- **Choudhary Ayesha**, Presented an invited talk titled “Dynamic Hand Gesture Recognition using Grassmann Manifolds for Intelligent Vehicles” at the 33rd Annual Conference of Ramanujan Mathematical Society, at the Department of Mathematics, University of Delhi, 1 – 3 June, 2018.
- **Choudhary Ayesha**, Presented an invited talk titled “Improving Life through AI” as Keynote Speaker on the occasion of IETE 50th World Telecommunication and Information Society Day (WT&ISD), at IETE HQ, New Delhi, 17 May, 2018.
- **Choudhary Ayesha**, Presented an invited talk titled “Positive Applications of AI for a Better Living” at the Annual World Telecom and Information society day (WTISD) organised by CDOT at C-DOT Campus New Delhi, 18 May, 2018.
- **Singh Karan**, Delivered an expert talk on “Social Impact of Innovative Computer Technology” at Bharti College, Delhi University, Delhi India, 29 March, 2019.
- **Singh Karan**, Delivered an expert talk on “Cyber Security and Challenges” for Challenges Before the Academia in the Era of Gadgets, E-Communication and Artificial Intelligence at Hansraj College, Delhi University, Delhi India, 15 – 28 December, 2018.
- **Singh Karan**, Delivered an expert talk on “Network Security” at Departments of Computer Science & Engineering, TMU, Moradabad, UP, India 8 August, 2018.
- **Singh Karan**, Delivered an expert talk on “Network Security” at Departments of Computer Science & Engineering, TMU, Moradabad, UP, India 8 August, 2018.
- **Singh Karan**, Delivered an expert talk on “Cryptography” at Departments of Computer Science & Engineering, I.I.M.T., Greater Noida, 22 May, 2018.
- **Singh Karan**, Delivered an expert talk on “Secure Image processing and Algorithm” at Departments Computer Science, Deewan Engineering College, Meerut, 25 May, 2018.

- **Singh Karan**, Chair of session for ICCCS at DDGA Gurgaon, New Delhi, 1 – 2 December, 2018.
- **Singh Karan**, Organize ICCCS 2018, Dronacharya College of Engineering, Gurugram, India, 2018.

- **Kulshrestha U.**, Invited talk on “Atmospheric Deposition of Reactive Nitrogen and Trace Species in South Asia”, during NADP meeting held at Albany, USA, 5 – 9 November, 2018.
- **Joshi P.K.**, Vulnerability of agriculture communities to climate change in Western Himalaya, India, Dean's seminar series, Faculty of Engineering & IT, University of Sydney, Sydney, 30 August, 2018.
- **Joshi P.K.**, FUSION - Framework to Unify Sensor Information for Observing Nature - Selected Earth observation applications using remote sensing data, Center for Advanced Modeling and Geospatial Information Systems (CAMGIS), University of Sydney, Sydney, 16 August, 2018.

National Lectures: (51)

- **Ramanathan A.L.**, “Glacier & Water Resource in Himalaya”, Miranda College, Delhi University Geographical Society annual function, 21 February, 2019
- **Ramanathan A.L.**, Lecture on “Sustainable Development”, Atma Ram Sanatan Dharma College, University of Delhi, 20 October, 2018
- **Saxena K.J.**, Lecture on Sustainable Development (as Chief Guest) in Ozone Day celebrations in Saket Degree College, Pratapgarh, 15 September, 2018
- **Saxena K.J.**, Lecture on Sustainable Natural Resource Management in Himalaya in International Training Course on “Natural Resource Management and Sustainable Livelihoods”, organized by National Institute of Rural Development and Panchayati Raj, Hyderabad, 21 September, 2018
- **Saxena K.J.**, Keynote address (as Chief Guest) on Agrobiodiversity and Sustainable Development organized by Institute of Social and Economic Change and Mangalore University, Mangalore, 24 September, 2018
- **Saxena K.J.**, Lecture on Sustainable Forest Management to the Forest Officers in an interaction session at the Ministry of Environment, Forests and Climate Change, New Delhi organized by Academic and Professional Studies Abroad (APSA), 12 February, 2019
- **Saxena K.J.**, Lecture on Climate Change Mitigation and Adaptation as part of an Add-on Module on Climate Change organized by Sri Venkateswara College, Delhi, 16 February, 2019
- **Thakur I.S.**, Bioremediation, detoxification and impact assessment of persistent organic pollutants in the environmental waste. Workshop on Environment Risk Assessment (ERA) and Food Toxicity” (ERFTA-18) Central University of Himachal Pradesh (CUHP), Dharamshala, H.P. , 8 – 9 March, 2018
- **Thakur I.S.**, Challenges of Biotechnology and Environmental Management and Sustainability, IIS University, Jaipur, 18 February, 2019
- **Saumitra Mukherjee**, National conference on “Groundwater Sustainability”, Session Chair in Manav Rachana University, Faridabad, 28 March, 2019
- **Saumitra Mukherjee**, Remote sensing Application an effective tool in Research Methodology, Invited lecture delivered in Geography Department of Jamia Milia Islamia, New Delhi, 6 March, 2019
- **Kulshrestha U.**, Invited talk on “Air Pollution in Delhi: Creation of Huge Lakes as a Holistic Solution”, during international conference (ESDACON 2019) at New Delhi, 11 – 13 January, 2019
- **Kulshrestha U.**, Invited distinguished lecture on “Integrated Approach in Air Pollution and Atmospheric Chemistry Research”, during IASTA conference at IITD, New Delhi, 26 – 28 November, 2018
- **Kulshrestha U.**, Invited talk on “Sustainable Development: A Synonym of Indian Traditional System”, at Shyam Lal College, New Delhi, 17 November, 2018
- **Kulshrestha U.**, Invited talk on “Role of Atmospheric Dust in Air Pollution Chemistry in Indian Region”, during Ozone Day celebration at Amity University, Noida, 24 September, 2018
- **Kulshrestha U.**, Invited talk on “Integrated Atmospheric Chemistry Approach for Controlling Air Pollution in Delhi”, on Ozone Day celebrated at Shiv Nadar University, Gr. Noida, 16 September, 2018
- **Kulshrestha U.**, Invited talk on “Solution of Air Pollution through Chemistry Research”, at Gargi College, Delhi University, New Delhi, 8 August, 2018

- **Kulshrestha U.**, Invited talk on “Creation of Artificial Huge Lakes to Control Air Pollution in NCR at GKIT”, Ghaziabad, 28 July, 2018
- **Kulshrestha U.**, Invited talk on “Thick with Dust: Air Pollution in the National Capital Region”, at the Center for Policy Research, New Delhi, 16 July, 2018
- **Kulshrestha U.**, Invited talk on “Identifying Clean Technology Options through Air Pollution Chemistry Research”, at JSS Academy of Technical Education, Noida during AKTU sponsored Faculty Development Program on Green Chemistry and Clean Technology sponsored by AKTU, Lucknow, 14 June, 2018
- **Kumar Krishan**, Talk on “Climate Change and its impacts”, at Department of Geography, Jamia Millia Islamia, 19 February, 2019
- **Kumar Krishan**, Keynote lecture on “Climate Change: History, Causes and Impacts”, at national conference organized by “Environmental Sustainability Management cell”, M D University, Rohtak, 15 February, 2019
- **Mohan Dinesh**, Delivered a lecture on “Quality Assurance/ Quality Control in Water Quality Monitoring and Analysis”, in Monitoring of Surface, Ground, Waste Water / Effluents, Data Interpretation and Quality Assurance, at National Institute of Hydrology, Roorkee, 11 – 13 February, 2019
- **Mohan Dinesh**, Delivered a lecture on “Uncertainty Measurement and its Incorporation in Water Quality”, in Monitoring of Surface, Ground, Waste Water / Effluents, Data Interpretation and Quality Assurance, at National Institute of Hydrology, Roorkee, 11 – 13 February, 2019
- **Paulraj R.**, Invited talk “Present scenario of Pollution in NCR region Delhi; Municipal solid waste: It’s Impact and Mitigation”, in national seminar on Sustainable Environmental Development, Gargi College, Delhi University, 14 March, 2019
- **Paulraj R.**, Delivered an Inspire lecture on “Sediments: Treasure of evolutions on Earth”, at ISF college of Pharmacy, Moga, Punjab, 2 November, 2018
- **Paulraj R.**, As National Coordinator presented the Theme: Environmental Geosciences for 36th IGC in the Workshop for 36th IGC-2020 at Jamia Milia Islamia, New Delhi, 27 – 28 April, 2018
- **Yadav Sudesh**, Talk on “Firecrackers and Air Quality in New Delhi Region”, international conference on “Challenge of Climate Change and Air Pollution – Impact on Health and Economy”, at MAMC, New Delhi, 14 – 15 December, 2018
- **Yadav Sudesh**, Talk on “Role of Pollutants Transformations In Delhi’s Air Pollution Problem”, Brainstorming Workshop on “Understanding the Atmospheric Phenomena resulting in Elevated Levels of Air Pollution in Northern Region (Indo-Gangetic Plain), Particularly in Delhi-NCR”, organized by CSIR-NEERI Delhi Zonal Centre, 21 February, 2019
- **Usha Mina**, Climate change and Organic Agriculture, in 21 day ICAR sponsored Summer School on “Enhancing resource use efficiency and profitability in organic farming”, IARI, 4 – 24 August, 2018
- **Meena Ramovata**, Invited talk “Effects of mobile phone exposure on stress pathways in rat brain”, in national seminar on “Sustainable Environmental Development”, organized by Gargi College, Delhi University, 14 March, 2019
- **Meena Ramovata**, Invited lecture “Health effect of mobile radiations and nanomaterials”, in Motilal Nehru College, Delhi University, March, 2019
- **Mishra A.K.**, Lecture delivered on “Air Pollution and Sustainable Development: Challenges Ahead”, Faculty Development Program on “Sustainable Development”, at Atma Ram Sanatan Dharma (ASRD) College, Delhi University, New Delhi, 15 October, 2018
- **Joshi P.K.**, Geo-informatics for Sustainable Environmental Development, national seminar on “Sustainable Environmental Development – challenges”, Gargi College (Delhi University), New Delhi, 14 – 16 March, 2019
- **Joshi P.K.**, Use of Geo-informatics in Environmental Management and Social Impact Assessment in Hydropower Projects, Annual Environment Meet 2018-19, NHPC, Faridabad, 1 March, 2019
- **Joshi P.K.**, Ecology and Climate Change. Delhi University, New Delhi, 22 February, 2019
- **Joshi P.K.**, Inherent Vulnerability of Agriculture Communities in Western Himalayas, international conference on “Climate Change toward Health and Agricultural Sustainability”, Guru Jambheshwar University of Science & Technology, Hisar, 19 February, 2019
- **Joshi P.K.**, Importance of Remote Sensing (RS) & Geographical Information System (GIS) in Forest Management. Forest Staff Training, Ludhiana, 15 – 16 February, 2018
- **Joshi P.K.**, Geoinformatics audits Coastal Ecosystems; International Center for Environment Audit and Sustainable Development (iCED), Jaipur, January, 2018
- **Joshi P.K.**, Importance of Remote Sensing (RS) & Geographical Information System (GIS) in Forest Management, IFS Officers Training, Chandigarh, 15 – 16 January, 2018

- **Joshi P.K.**, Importance of Remote Sensing (RS) & Geographical Information System (GIS) in Forest Management, IFS Officers Training, Dehradun, Uttarakhand, 7 – 8 December, 2018
- **Joshi P.K.**, Carbon Sequestration Assessment – Science & Methods, Forest Staff Training, Haldwani, Uttarakhand, 13 – 14 November, 2018
- **Joshi P.K.**, Geoinformatics for Environmental Conservation and Management, Multidisciplinary national seminar on “Global Environment and Social Responsibility”, Hindu Girls College, Jagadhri, 30 – 31 October, 2018
- **Joshi P.K.**, Geoinformatics for Environmental Conservation and Management, VI Rajasthan Science Congress, Central University Rajasthan, Ajmer, India, 13 – 15 October, 2018
- **Joshi P.K.**, Geoinformatics and its uses, national workshop on “Research Methodology in Sciences & Technology”, Department of Zoology and Environmental Science, Gurukula Knagri University, Haridwar, 11 October, 2018
- **Joshi P.K.**, Geoinformatics - Forests & Climate Change, IFS Officers’ Training Program, TERI, New Delhi, 9 August, 2018
- **Joshi P.K.**, Geoinformatics for Environmental Management, INSPIRE Science Camp, KIIT College of Engineering, Gurgaon, August, 2018
- **Joshi P.K.**, Carbon Sequestration Assessment – Science & Methods, Forest Staff Training, Raipur, Chhattisgarh, 11 July, 2018.
- **Joshi P.K.**, Importance of Remote Sensing (RS) & Geographical Information System (GIS) in Forest Management, IFS Officers Training, Raipur, Chhattisgarh, 10 July, 2018
- **Joshi P.K.**, Geoinformatics audits of forests/environment, International Center for Environment Audit and Sustainable Development (iCED), Jaipur, 24 May, 2018
- **Joshi P.K.**, Climate Change Education Science of Climate Change and Academic Research, Delhi University, New Delhi, 22 April, 2018
