HIGHLIGHTS

HIGHLIGHTS

Jawaharlal Nehru University, established in 1966, is a fitting National Memorial to Pandit Jawaharlal Nehru, a great statesman and visionary, and the first Prime Minister of India. Formally inaugurated on 14 November 1969 by Shri V. V. Giri, the then President of India, the University laid down the following objectives for itself:

to disseminate and advance knowledge, wisdom and understanding by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, a democratic way of life, international understanding and a scientific approach to the problems of society.

Towards this end, the University was entrusted with the task of:

- fostering the composite culture of India through the establishment of such departments or institutions as may be required for the study and development of the languages, arts and culture of India;
- taking special measures to encourage students and teachers from all over India to join the University and participate in its academic programmes;
- promoting awareness and understanding of the social needs of the country in the students and teachers and prepare them for fulfilling such needs;
- making special provision for integrated courses in humanities, social science and science and technology in the educational programmes of the University;
- taking appropriate measures for promoting interdisciplinary studies in the University;
- establishing such departments or institutions as may be necessary for the study of languages, literature and life of foreign countries with a view to inculcating an international understanding and holistic perspective amongst students; and
- providing facilities for students and teachers from various countries to participate in the academic programmes and activities of the University.

Given below are details of activities of Schools, Centres and other bodies of the University from 1 April 2020 to 31 March, 2021.

THE SCHOOLS

The University was envisioned as an institution essentially for post-graduate teaching and research. The Academic Advisory Committee of the University had originally planned that the University would be broadly structured into Schools, each with constituent Centres. Today the University has thirteen Schools:

- School of Arts & Aesthetics
- School of Biotechnology
- School of Computational and Integrative Sciences
- School of Computer and Systems Sciences
- School of Engineering
- School of Environmental Sciences
- School of International Studies
- School of Language Literature and Culture Studies
- School of Life Sciences
- Atal Bihari Vajpayee School of Management and Entrepreneurship
- School of Physical Sciences
- School of Sanskrit and Indic Studies
- School of Social Sciences
- School of Indian Traditional Music and Dance

It also has the following eight Special Centres:

- Special Centre for the Study of North East India
- Centre for the Study of Law and Governance
- Special Centre for Disaster Research
- Special Centre for E-Learning
- Special Centre for Molecular Medicine
- Special Centre for Nanoscience
- Special Centre for the National Security Studies
- Special Centre for Systems Medicine

DEFENCE RESEARCH AND DEVELOPMENT INSTITUTIONS

JNU has granted recognition and accreditation to the following prestigious institutions across the country. This has added to the true national character of the University. Representatives of these institutions serve on various academic and statutory bodies of JNU. Similarly, JNU faculty also participate in the academic bodies of these Institutions.

Defence Institutions

- Army Cadet College, Dehradun
- College of Military Engineering, Pune
- Military College of Electronics and Mechanical Engineering, Secunderabad
- Military College of Telecommunication Engineering, Mhow
- National Defence Academy, Pune
- Indian Naval Academy, Ezhimala, Kerala

Research and Development Institutions

- Centre for Cellular and Molecular Biology, Hyderabad.
- Centre for Development Studies, Thiruvananthapuram.
- Central Drug Research Institute, Lucknow
- Central Institute of Medicinal and Aromatic Plants, Lucknow
- Institute of Microbial Technology, Chandigarh
- International Centre for Genetic Engineering and Biotechnology, New Delhi
- National Institute of Immunology, New Delhi
- Inter-University Accelerator Centre, New Delhi
- Raman Research Institute, Bengaluru
- National Institute of Plant Genome Research, New Delhi
- Bhabha Atomic Research Centre, Trombay, Mumbai
- Inter-University Centre for Astronomy and Astrophysics, Pune
- Translational Health Science and Technology Institute, Faridabad
- Lal Bahadur Shastri National Academy of Administration, Mussoorie

FACULTY

The JNU faculty like the student body is also representative of the diversity of our country. Approximately one third of the faculty members are female. The complete data is given in the table below

Present Strength (as on 31.3.2021)	622	Male	427
		Female	195
Professors	Associate Professors	Assistant Professors	
257	129	236

● Female	4083	● OBC	3026	● Undergraduate (B.A. Hons.)	1436
		● Physically Challenged	346	● Part Time (Undergraduate Level)	234
		● General	3495		
		● Foreign Nationals	152		
Total	9074				

During 2020 – 2021 following number of students completed their Graduation and Research from JNU:

● Graduates	281
● M.Phil.	48
● Ph.D.	716

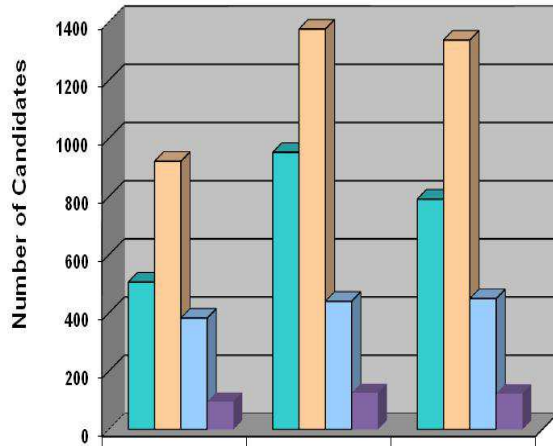

ADMISSIONS

The University admits students through an entrance examination which is conducted at 77 Centres in various parts of the country and at one Centre outside India, i.e. Kathmandu, Nepal. Admission announcements are made in all major national and regional newspapers in English and Indian languages. Admissions are made against a fixed number of seats in each programme of study, on the basis of merit in the admission test.

The University also conducts a Combined Entrance Test in M.Sc. Biotechnology, M.Sc (Agri.)/M.V.Sc, and M.Tech (Biotechnology) on behalf of 53 Institutes and Universities, including JNU.

One of the indispensable infrastructural supports for an academic community is the library. The library is under major renovation and has become an intellectual hub for the campus. The library procured 1469 printed books and 155 e-Books worth Rs. 33,61,887/- and Rs. 15,78,086/- respectively. The library received 26 books worth Rs. 28,559/- as Gifts/Gratis. The library subscribed to 48 Print Magazines, 40 Print Newspapers and 32 Online Databases. Besides, it got access to 14 databases from UGC eSS- Consortia.

UGC – HUMAN RESOURCE DEVELOPMENT CENTRE

Established in 1989, the Academic Staff College (renamed as the Human Resource Development Centre) has been conducting specific Refresher Courses for college and university teachers in International Relations, Social Sciences, Language & Literature Studies, Computer Sciences, Life Sciences, Environmental Sciences, Physics and Biotechnology. It also conducts Orientation Courses in Social and Natural Sciences.

Senior faculty members act as Course Coordinators and scholars from JNU and other institutes act as resource persons. 15 Refresher and 04 Faculty Induction Programme were held during the current year.

ADVANCED INSTRUMENTATION RESEARCH FACILITY (AIRF)

The Advanced Instrumentation Research Facility (AIRF) was set up by the university with the state of the art analytical equipments for research in Physical, Biological, Chemical and Environmental Sciences. The Time Resolved Luminescence/ Fluorescence Spectrometer that is one of the analytical equipments of AIRF was installed in the facility in the reporting period and is in regular operation.

The instruments housed in the AIRF are Transmission Electron Microscope (TEM), Scanning Electron Microscope (SEM), Gas Chromatograph Mass Spectrometer (GCMS), Flow Cytometer and Cell Sorter, Circular Dichroism (CD) Spectrometer with Stop Flow, X-ray Diffraction (XRD), Surface Plasmon Resonance (SRR), Liquid Nitrogen Plant, TEM & SEM Sample Preparation Laboratory, Inverted Research Fluorescence Microscope, Manual Hydraulic Press for FTIR, Muffle Furnace, Mixed Signal Oscilloscope, Critical point Dryer, Turbo Freeze Dryer with liquid nitrogen fed cold stage etc.

UNIVERSITY BODIES

The regulating bodies responsible for the functioning of the University are the University Court, the Executive Council, the Academic Council and Statutory Committees such as the Finance Committee.

University Court

The Court is the supreme authority of the University and meets once a year, on a date fixed by the Executive Council, to consider a report on the working of the University during the previous year together with a statement on the receipts and expenditure, the balance sheet as audited and the budget for the next financial year. The Court is vested with the powers to review the acts of the Executive Council and Academic Council (save when these authorities have not acted in accordance with the powers conferred upon them under the Act, the Statutes and the Ordinances) and to exercise the powers of the University not otherwise provided in the Act or the Statutes.

UNIVERSITY BODIES

The Legend

A university stands for humanism, for tolerance, for reason, for the adventure of ideas and for the search of truth. It stands for the onward march of the human race towards ever higher objectives. If the universities discharge their duties adequately, then it is well with the Nation and the People.

This visionary statement by the first Prime Minister of Independent India on the occasion of the diamond jubilee celebration of Allahabad University on 13 December, 1947, reflects the great importance that Jawaharlal Nehru attached to university education in India. He firmly believed that universities could play a crucial role in shaping and strengthening the life of a nation by inculcating in their students the cardinal values in which he believed.

As a fitting tribute to his vision, Jawaharlal Nehru University was established in 1966 under the JNU Act, 1966 (53 of 1966). As a further mark of respect, the University was formally inaugurated by the late Sh. V. V. Giri, the then President of India, on the birthday of Panditji on 14 November 1969, which also coincided with the birth centenary year of Mahatma Gandhi.

The University's objectives are:

to disseminate and advance knowledge wisdom and understanding, by teaching and research; and by the example and influence of its corporate life to promote the study of the principles for which Jawaharlal Nehru worked during his life-time, namely national integration, social justice, secularism, democratic way of life, international understanding and a scientific approach to the problems of society.

The uniqueness of JNU is evident from its basic philosophy, policies and programmes which are spelt out and embodied in the University Act. Accordingly, the University has always striven to evolve such policies and programmes of study as would be a qualitative and distinct addition to the national resource base in higher education instead of reflecting mere quantitative expansions of the existing facilities. The University thus has been concentrating on programmes that are of relevance to national progress and development. In this regard, the University has taken the following initiatives:

- A conscious effort has been made to promote ideas of national integration, secularism, scientific outlook, cosmopolitan and humanistic approach towards life.
- The national character of the University has been maintained by selecting students and faculty from all regions of the country.
- An interdisciplinary approach to teaching and research has been promoted in recognition of the fact that knowledge is indivisible and, accordingly, a structure of Schools and Centres of teaching has been established.
- The emphasis on teaching and research in non-conventional areas has ensured that duplication of facilities available in other universities is avoided as far as possible.
- Care has been taken to establish a model School of Language Teaching and Research in Indian as well as foreign languages with well-equipped language laboratories and Centres, where the study of the literature, culture and civilization of the countries concerned becomes feasible and effective.
- A system has been evolved whereby main academic decisions, such as the courses to be taught, their content and the methods of evaluation, are taken by the teachers themselves.
- Admissions are made entirely on merit through an open all-India Entrance Examination, held at 121 cities across the country.
- In accordance with the policy of the Government of India, the University provides reservations in both students' admissions.
- There is a liberal provision for merit-cum-means scholarships/fellowships. Students as well as faculty members are provided with financial support to undertake field trips in connection with their research both within the country and abroad.
- Participation in exchange programmes with universities/institutes abroad is encouraged to promote international understanding. The University has signed Memoranda of Understanding with a large number of foreign universities and institutions.

- A Grievance Redressal Committee has been set up to promote cordial relations between the students and the University administration.

The University was envisioned as essentially a post-graduate teaching and research institution. Presently, the University is structured into fourteen Schools:

1. School of Arts and Aesthetics
2. School of Biotechnology
3. School of Computer and Systems Sciences
4. School of Computational and Integrative Sciences (earlier School of Information Technology)

ADMISSION PROCESS

Admission to various programmes of study is regulated by policy and procedure approved by the Academic Council of the University from time to time.

The approximate number of seats available in each programme of study is decided by the Academic Council on the recommendations of the Centres/Schools concerned.

Reservation in admissions: The University provides (15% for SC and 7.5% for ST,) 27% for OBC 10% for EWS category and 5% for the person with disability. Over and above the intake fixed for each programme, 15% of seats are also reserved for foreign nationals, (except M.Phil. and Ph.D. programme). Of this quota of 15%, upto 7.5% of seats are reserved for those appearing in the entrance examination and the remaining 7.5% for candidates applying from abroad whose cases are considered in Absentia. The ratio is interchangeable if necessary.

Admission Notice: The admission notification is published all over India through advertisements in leading newspapers and employment news.

Written test: The written test for admission to various programmes of study is held at various centres all over the country. A question paper of three hours duration is set for each programme or each set of programmes of study. The tests are spread over four days, with two sessions of three hours on each day. Admission is made purely on merit, taking into account the candidate's performance in the written examination and the viva-voce, wherever prescribed.

Eligibility requirements for appearing in the entrance test: The eligibility criteria (for both general and reserved category candidates) for appearing in the entrance examination are formulated as per the guidelines laid down by the University in this regard. Candidates who are appearing in their respective qualifying examinations are also permitted to appear in the entrance examination. In the event of selection, however, their admission is subject to their passing and securing the prescribed percentage of marks in the qualifying examination and submission of all documents, including the final marksheet of the qualifying examination at the time of admission. The last date for admission to any programme of study is 14 August, 2019 and no admission is permitted thereafter.

Viva-voce examination: Candidates seeking admission to M.Phil. and Ph.D., programmes are required to appear for a viva-voce examination which is assigned 30% marks for M.Phil and Ph.D, all candidates who have secured a minimum of 50% marks for General Category and 45% marks for SC, ST, PWD and OBC Category Candidates in the written examination are invited for viva voce.

Selection of candidates: Separate merit lists are prepared for General Category, EWS, SC, ST, PWD and OBC candidates and foreign nationals for each course/programme of study. Final selection of candidates is made on the basis of their *inter se* merit in their respective categories based on their performance in the written test and viva-voce examination (wherever prescribed) and the score of deprivation points (wherever applicable).

Registration: The candidates who are selected for admission are required to complete all registration formalities within the time schedule drawn up by the university.

**SCHOOL OF ARTS &
AESTHETICS
(SA&A)**

SCHOOL OF ARTS AND AESTHETICS

School of Arts & Aesthetics (SA&A)

In 2020, the School of Arts & Aesthetics had to find innovative ways of shifting much of its teaching and resources to an online platform. The School of Arts and Aesthetics offers post-graduate degree courses (MA, M Phil and PhD) in the theoretical and critical study of cinema, visual and the performing arts. Unlike other schools of fine art, theatre, dance and media studies that teach the practice of the arts (painting, dancing, filmmaking) this is a Humanities School that offers an advanced – level of training in history and criticism of the arts, producing a cadre of scholars, critics and historians of the arts.

The School's pedagogy and research takes into account new ways of thinking about culture using a wide array of critical and theoretical approaches. Students are introduced to a range of research methods that combine archival, ethnographic, theoretical and cultural approaches and are encouraged to explore the interface between theory and practice. For this, the faculty encourages students to visit museums, exhibitions, and monuments and to attend festivals of theatre, film, dance and music. The pandemic has encouraged students to localize their studies to complete research that nearby. The school frequently hosts interactive sessions with eminent scholars and practitioners from within the country as well as from overseas. These were shifted online, and the students and faculty have participated in prestigious webinars and video presentations at the invitation of leading universities and organisations across the world. Usually, the School leads research oriented field-trips to, and site-seminars at, archaeological sites and monuments, as well as to document rituals and performances. These have been stopped until pandemic restrictions are removed.

The MA course offered by the School is cross-disciplinary. A range of core courses first offer an introduction to the visual, cinematic and performing arts, which are followed by core courses that focus on the history of these fields in India. Optional courses allow for a more intense engagement within the MA with particular areas or methods. The PhD programme offers a specialized focus in each of the three disciplines viz. Cinema Studies, Theatre and Performance Studies, and Art History and Visual Studies.

Over the years the School has also built up a valuable and expanding library and archive of photographs, audio and video recordings. Almost all teaching is multi-media to help students maintain live contact with performance, visual art and film. Students are encouraged to undertake their own field trips, and for this they are taught documentation methods, they are taught to curate exhibitions in the art gallery, to organize film festivals on specific themes and observe performance practices. The School continues to enrich the cultural environment of the University and the larger cause of the art studies. Through its degree programmes, research output, conferences, seminars, popular and scholarly publications, curatorial and performative projects and its alumni who are working in innumerable arts institutions and centres of learning, the School of Arts and Aesthetics has made a mark in the fields both in India and abroad.

- **Raj Amrit**, Presented a paper on “The Mobile phone and the transformed ecology of media reception in the villages and small towns of North India”, at the National Post-Graduate Student Conference “Contemporary Cinema, Televisual and Digital cultures: Aesthetics and Politics”, organized by the School of Arts & Aesthetics, JNU, 25–27 March, 2021.
- **Raj Amrit**, Was a Research Assistant with Prof. Devesh Kapoor, Director of Asia Programs and Starr Foundation Professor of South Asian Studies at The Johns Hopkins University School of Advanced International Studies, February, 2021.
- **Rastogi Akriti**, Presented a paper on “Indian Women Rising: Female Star Portfolios in the Era of Digital Platforms”, at the conference Towards New Visions: Women in Films, Media and Beyond Virtual Conference, organised by the University of Guelph, Canada and Indian Institute of Technology Madras (IITM) and hosted by Canada India Research Centre for Learning and Engagement (CIRCLE) 11–12 March, 2021.
- **Rastogi Akriti**, Presented a paper on “The Bollywood Star as a Deep fake Digital Assemblage”, and “Mapping Anxieties Off-Screen: An Ethnographic Account of the Film Industry in Mumbai”, at the Society of Cinema and Media Studies Conference, organized by the Society for Cinema and Media Studies, 17–21 March, 2021
- **Sahu Ipsita**, Presented a paper on “The Ecology of Educational Television and Techno-diplomacies in 1960s India”, at the online conference and twenty-first Annual Convention of the Media Ecology Association, *Communication Choices and Challenges*, organised by Adelphi University, New York, 17–20 June, 2020.
- **Sahu Ipsita**, Presented a paper on “Star Discourse in 1970s Bombay Cinema: The Inter-medial Landscape of Television and Print Media”, at the online post-graduate students’ conference, *Contemporary Cinema, Televisual and Digital Cultures: Aesthetics and Politics* organised by School of Arts and Aesthetics, Jawaharlal Nehru University, New Delhi, 25–27 March, 2021.
- **Sahu Ipsita**, Presented a paper on “Arrival of Television in India: Governmentality and Infrastructure”, at online conference *Asia at the Crossroads: Solidarity through Scholarship*, organised by Association for Asian Studies (AAS in Asia), Kobe, Japan, 31 August – 4 September, 2020.
- **Sahu Ipsita**, Presented a paper on “Narratives of Conflict: Film Culture and Censorship in 1970s India”, at online conference, *Screening Censorship Conference: New Histories, Perspectives, and Theories on Film and Screen Censorship* organised by Daniel Biltereyst (University of Ghent, Belgium) & Ernest Mathijs (University of British Columbia, Canada) 16–17 October, 2020.
- **Saigal Anisha**, Article “Lifeline 99 99: How a new theatre production overcomes the hurdle of connecting to audience virtually”, in *First Post*, 4 March, 2021.
- **Saigal Anisha**, Presented a paper on “Viral Influenza: The Rise of Parallel Stardom and the Influencer Economy”, in conference on “Contemporary Cinema, Televisual and Digital Cultures Aesthetics and Politics”, organized by the Department of Cinema Studies at the School of Arts and Aesthetics, JNU, Delhi, 25–27 March, 2021
- **Sameer Shashank**, Presented a paper on “The Negotiation of Bombay in *Sacred Games*, *Bombay Velvet* and *Kaala*” at the online conference: Contemporary Cinema, Televisual and Digital Cultures aesthetics and politics organised by the School of Arts & Aesthetics, JNU, 26–27 March, 2021.
- **Sen Shaunak**, Presented a wildlife documentary (as Director and Co-Producer) at IDFA Forum, November, 2020.
- **Sen Shaunak**, Received a Film Fellowship for a wildlife documentary (as Director and Co-Producer) from the Tribeca Film Institute, August, 2020.
- **Sen, Shaunak**, Presented a wildlife documentary (as Director and Co-Producer) at the Sheffield Doc Fest, June, 2020.

- **Sen, Shaunak**, Presented a wildlife documentary (as Director and Co-Producer) at DMZ Docs, September, 2020. Winner of the EBS Docuprime Commissioning Award.
- **Sen, Shaunak**, Presented a wildlife documentary (as Director and Co-Producer) at IFP Forum New York, September, 2020.
- **Sharma Tanushree**, Presented a paper on “Bombay’s Contemporary Action Film and its Transnational Geographies”, at the Conference Contemporary Cinema, Televisual and Digital Cultures: Aesthetics and Politics organised by the School of Arts and Aesthetics, Jawaharlal Nehru University, New Delhi, 25–27 March, 2021.

Theatre Performance Studies (TPS)

Accomplishment of TPS Students

- **Baruah, Stooti**, Participated as Roundtable Discussant in “Dr. Pashupati Prasad Mahato Memorial Lecture & National Webinar on Folk Performance, State and Epidemic”, organised by Dr. Pashupati Prasad Mahato Memorial Committee & Centre for Adivasi Studies and Museum, Vidyasagar University, 21 – 22 December, 2020.
- **Biswas, Benil**, Published article titled “Between Ekstasis, Ekphrasis and Kinesis: Theatricality and Performativities in the Poetry of Meena Kandasamy” in *Special Issue – Indian Writing in English: Perspectives on the Plural Nationspace* (Edited by Dr. Arunima Ray), *Journal of Comparative Literature and Aesthetics*, Vol. 44, No. 2, Summer 2021, pp. 61-72.
- **Biswas, Benil**, Delivered a lecture, “Sahitya as Kinesis: Performative text, context and embodied narrativization among the Matua-Namasudra of Bengal” as a resource person at the refresher course on Comparative Literary Studies: Indian Dimension, organised by HRDC and Department of Comparative Indian Language and Literature, University of Calcutta, online, 8 March, 2021.
- **Biswas, Benil**, Discussed Aniket Jaaware’s *Practicing Caste: on Touching and Not Touching*. Moderated by Prof. Wandana Sonalkar, at the Book Discussion Week 12, organised by Dalit Intellectual Collective, online, 24 October, 2020.
- **Biswas, Benil**, Delivered a lecture on Dr. B. R. Ambedkar’s *Mahad Satyagraha Not For Water But To Establish Human Rights* at the 3rd Open Discussion on Ambedkar Reading Series (CI/ARS-03), organised by Chandal Intellectuals, online, 24 September, 2020.
- **Dhanda, Komita**, Participated in [six!], an International Theatre and Performance Studies workshop held online, November, 2020 and April, 2021.
- **Dhanda, Komita**, Participated as a co-panelist in a webinar on “Development Communication in the Pandemic Paranoia: Exploring the potential of traditional performing arts”, organized by Lady Irwin College, University of Delhi, May, 2020
- **Dhanda, Komita**, Delivered a talk on “Media and Culture”, in an online conference on “One Year since the First Lockdown: India’s Unfolding Crisis”, organized by the Society for Social and Economic Research, New Delhi, March, 2021.
- **Eyvaze, Mohammad Reza**, Presented paper entitled, “Covid-19 Impact on Ethics and Religious Issues in Iran” at the International Webinar Covid-19 Challenges, Preparedness & Management [Global Perspective] organised by the Visakha Govt Degree College for Women, 15 May, 2020.
- **Eyvaze, Mohammad Reza**, Presented paper on “New methods in investigating Persian indigenous performances (Taziye)”, at the international webinar on “Research Methodology Trends, Quality, Ethics & Value - Global Perspective”, organized by the Maharajah’s College, Vizianagaram, Andhra Pradesh, 20–21 July, 2020.

- **Eyvaze, Mohammad Reza**, Presented a paper entitled “Performing Past, Narrating Today: *Ta’ziyeh* as a Historiographic Intervention in Shia Islam”, at the sixth international conference on Shi’i Studies organised by The Islamic College, 13 March, 2021.
- **Gandhi, Aastha**, Selected for International Graduate Seminar: The Dramaturgy of Research and Research-Creation, Concordia University, Montreal, 2021
- **Gandhi, Aastha**, Organized, conducted and participated in the ongoing *Edu V Enture Cologne (IVAC)* workshop, a virtual exchange project between Universität zu Köln, Pontificia Universidad Católica de Chile and JNU, 2021.
- **Gandhi, Aastha**, Presented her research on *Circus during Pandemic in India* for Circus 2021: adaptations and possibilities amid COVID-19 at Circus and its Others: Digital Panel Series, 2021.
- **Gandhi, Aastha**, Received Doctoral Fellowship for project Temporal Communities of the Cluster of Excellence program at FSGS, Freie University, Berlin, 2020.
- **Gandhi, Aastha**, Presented her research on *A Critical History of Indian Circus: Negotiations with Popularity, State and Laws* at Annual Colloquium, Friedrich Schlegel Graduate School of Literary Studies, Freie University, Berlin, 2020.
- **Gandhi, Aastha**, Presented her research on *Circus as a trans-temporal community: networks, circuits & mobile materials* at Cluster of Excellence, Temporal Communities: Doing Literature in a Global Perspective, Freie University, Berlin, 2020.
- **Gandhi, Aastha**, Invited lecture on “The Cold War, Its Aftermath, State Hegemony and the Artists”, University of Anbar, Iraq, 2020.
- **Gandhi, Aastha**, Invited as a panelist for a discussion on “Curating the New Normal”, organized by Samanvay Space, Delhi, 2020.
- **Gandhi, Aastha**, Elected Executive Committee - Student Representative for International Federation of Theatre Research, 2021 – 2023.
- **Ghosh, Deepshikha**, Presented a paper on “Reading Bodies Moving Texts: Exploring Teaching Learning Methodologies through Embodied Practices”, in webinar on international virtual summit on “Future Learning: New Texts, Trends and Perspectives”, organised by Jyoti Nivas College, Bengaluru, 24 – 26 September, 2020.
- **Ghosh Deepshikha**, Presented paper on “Fitting in: Research and Pedagogy of Dance as a Tool of Education within a University Space and Beyond”, at the international dance conference webinar titled “Navigating Location, Negotiating Identity”, organised by World Dance Alliance –Asia Pacific, Taiwan, 26 – 27 December, 2020.
- **Koul, Ayushi**, Presented a paper on “Bhand Pather: Folklore, Peasantry and Collective Memory”, at the international web conference on “Contemporary World Theatre”, organised by the Centre for Performance Research and Cultural Studies in South Asia, 23 November, 2020.
- **Kumar, Naman**, Participated as roundtable discussant in “Dr. Pashupati Prasad Mahato Memorial Lecture & National Webinar on Folk Performance, State and Epidemic”, organised by Dr. Pashupati Prasad Mahato Memorial Committee & Centre for Adivasi Studies and Museum, Vidyasagar University, 21 – 22 December, 2020.
- **Mitra, Pushpita**, Presented a paper in the second event of the Indo-Persian Musical Confluence series –“Persian Poetry in Indian Music”, hosted by the Herb Alpert School of Music, UCLA. The title of my paper was “Bengali Ghazals and the Persian Imagery of Kazi Nazrul Islam”, 22 November, 2020.
- **Patel, Arun**, Received the ‘Change Maker In Education’ (CMIE) Fellowship 2020-2021 of SCERT Delhi.
- **Pathak, Priyanka**, Received the fellowship for the project “Temporal Communities”, Freie University Berlin, 2020-2021.
- **Pathak, Priyanka**, Received a Short Research Grant from the Charles Wallace India Trust Scholarship, 2020-2021.
- **Pathak, Priyanka**, Attended a “Performance as Research” working group meeting of the International Federation of Theatre Research, 5–8July, 2020.
- **Tripathy, Prabhush R**, Published book chapter “What is Playing Cyborg: An investigation of the Gamer as a Figure”, in S. Malhotra, S. Dogra & K. Sharma, eds. *Inhabiting Cyberspace in India: Theory, Perspectives, and Challenges*. Springer, 2020.
- **Tripathy, Prabhush. R**, Delivered a talk on “What is Playing Cyborg: An Investigation of the ‘Gamer’ as a figure” on GSI adda (game studies India), 13 February, 2021.
- **Tripathy, Prabhush. R**, Invites as a panelist in a discussion on “Ludonomics” on GSI Adda, 23 January, 2021.
- **Priyadarshini, Pooja**, Attended SAA Academic writing workshop, 30 – 31 March, 2021.

- **Priyadarshini, Pooja**, Received certificate of participation in the five-day international webinar series on “Performance and Theatre Studies”, by the Department of English in association with IQAC, St Aloysius College, Mahatma Gandhi University, Kerala, 8, 12, 19, 22 & 26 January, 2021
- **Rajkumari, Mridupankhi**, Participated as roundtable discuss anion on “Dr. Pashupati Prasad Mahato Memorial Lecture & National Webinar on Folk Performance, State and Epidemic”, organised by Dr. Pashupati Prasad Mahato Memorial Committee & Centre for Adivasi Studies and Museum, Vidyasagar University, w. Bengal, 21 – 22 December, 2020.
- **Roy, Souradeep**, Essay, “Ajitesh Bandyopadhyay, Nandikar and the World” published in *South Asian Review*, 2020.
- **Roy, Souradeep**, Co-written article “Introduction: A Writing Pedagogy of Failure”, was published in the special issue “Writing (in) the Post Colony: Academic Writing in Indian Higher Education”, 2020 in *Sanglap*. He was also the co-editor of the issue.
- **Roy, Souradeep**, Interview with poet Mani Rao published in *Cordite Poetry Review*, 2021.
- **Shruthi, Amritha**, Participated in “Consortium of Six! - A workshop on Festival and Curatorial Practice”, organised by North-western University, USA and University of Cologne, Germany In Collaboration with Jawaharlal Nehru University, Universidad Católica de Chile, University of Ghana and Tel Aviv University, October 2020 – May, 2021.
- **Tiwari, Nisha**, Attended a workshop/seminar series titled 'Cultures of the Left', May, 2020 – July, 2020.
- **Tiwari, Nisha**, Participated and completed an international workshop title six, 4 November, 2020 – 5 May, 2021.
- **Vishnuprasad, M R.**, Published article entitled, “Embodiment of *Pakshikolam*: Performing the Molecular Human”, *Performance Research*, vol.25, no. 3, 2020.
- **Vishnuprasad, M R.**, Presented a paper entitled, “Embodying the Word: Performance and the Poem” in the Three-day national webinar “Literature: Performance of/in Life” conducted by Government College Madapally, Department of English, Vadakara, Kerala, 3–5 September, 2020.
- **Vishnuprasad, M R.**, invited to give a talk on “Poetry, Performance and Indigenous Imagination” at the Literary Camp conducted by Scheduled Tribes Development Department, Govt. of Kerala, 18 February, 2021.
- **Vishnuprasad, M R.**, invited to give a talk on “Embodied Knowledge and Performance” as part of a Talk Series conducted by Dialectical Research Forum, SSUS, Kalady, 14 October, 2020.
- **Yaoreipam, MK.**, Invited to be rapporteur at international webinar “Living in the present: Nagas in the 21st Century”, organized by Naga Scholar’s Association, 26 –28 November, 2020.
- **Yaoreipam MK.**, Discussant at Zoom Roundtable on “Self Determination as Human Rights”, organised by Naga Scholar’s Association, 13 August, 2020.
- **Yaoreipam MK.**, Discussant at the Zoom Roundtable on “Important Socio-cultural issues rising among the Tangkhuls in contemporary Times” Tangkhul Scholars’ Association, 12 June, 2020.

**SCHOOL OF BIOTECHNOLOGY
(SBT)**

School of Biotechnology (SBT)

Jawaharlal Nehru University (JNU), New Delhi was one of the first six Universities in India to initiate a Postgraduate teaching and research programme in the field of Biotechnology in 1985. Since 1985, it was running as the Special Centre for Biotechnology (CBT) under the joint sponsorship of the University Grants Commission (UGC) and the Department of Biotechnology (DBT), Ministry of Science & Technology, Govt. of India. To begin with, it was started to initiate Biotechnology education programme with an impetus to generate a workforce that could turn into a substantially trained pool to meet the country's demands. Considering the growth of Biotechnology at an international level, its applications in general spheres of life and the significant contributions made by the faculty of the Centre for Biotechnology, the Executive Council of JNU resolved to elevate the status of the Special Centre for Biotechnology to that of a School of Biotechnology (SBT) in 2006. Over the years, Biotechnology programme at JNU has established itself as a leading academic programme both from the teaching and research point of view. School of Biotechnology has ranked at number one position in the country consistently over many years by Bio-spectrum Bangalore. The faculty members of the School of Biotechnology are internationally recognized for their contribution to basic and applied aspects of Biotechnology research.

Research Specializations Offered

- Infectious Disease Biology
- Immunology and Vaccine Development
- Cancer Genetics, Genomics, Epigenomics, Molecular Pathology, Multi-omics data integration
- Functional Genomics of the Complex Diseases (i.e. Type2 Diabetes, Obesity, Dyslipidaemia, etc).
- Oxygen Biology & Microenvironment
- Transcription Control and Gene Regulation
- Protein Stability, Conformation and Folding
- Protein Aggregation and Amyloid Fibril Formation
- Bioprocess Monitoring and Modelling of the Recombinant Cultures; Metabolic engineering and Scale-up of the Recombinant Proteins
- Molecular Biophysics, Structural and Computational Biology
- Biochemical Engineering (Bioprocess Simulation)
- Bioprocess Engineering
- Bio-organic and Bio-conjugate Chemistry
- Nanobiotechnology, Microfluidics and Biosensor Development
- Biophotonics
- Biological big data analysis, Genome Science and Technology, Computational Biology
- Virus-Mediated Signal Transduction
- Molecular Cell Biology
- Optogenetics, Cilia Biology and Ciliopathies
- Molecular and Cellular Biology of Rare Genetic disorders
- Metagenomics and Bioremediation
- Plant Molecular Biology and Plant Biotechnology
- Synthetic Biology and Genome Engineering

Research Facilities

The School has excellent “state-of-the-art” research facilities for training in the modern areas of biological sciences. These include:

- Central Instrumentation Facility (CIF)
- Computer Lab for Computational Biology, Simulations and Bioinformatics
- Biosafety Level 3 (BSL3) Facility
- Biosafety Level 2 (BSL2) Facility

- Recombinant Product Development Facility
- Protein Production, Purification and Characterization Facility
- Spectroscopic Facility
- Microcalorimetric Facility
- Microscopic Facility
- Animal Cell Culture Facility
- Plant Tissue Culture Facility
- Algal Culture Facility
- BD FACSAria Fusion Flow Cytometer and Sorter (4Laser, 16 Colors) for Cell Analysis

Student Achievements

- Most of the M.Sc. students qualify national fellowships like CSIR, UGC, DBT, ICMR, etc.
- All Ph. D. Students attend/participate national and international conferences/seminar/ and give oral or poster presentation of their research work.
- Ms. Geetika Verma was selected for Newton-Bhabha Ph.D. Placement fellowship sponsored by DBT and IUSSTF to carry out advanced research in the area of Ion mobility Mass spectroscopy of human brain synuclein protein in the presence of polyphenols in the laboratory of Prof. Perdita Barran and visited the Michael Barber Centre for Collaborative Mass Spectrometry, Manchester Institute of Biotechnology, University of Manchester, UK from November 1, 2020 to February 28, 2021.
- Ms. Geetika Verma was selected for EMBO short-term fellowship tenable in the laboratory of Prof. Sheena Radford at the University of Leeds, UK to carry out advanced Mass spectroscopic studies of human brain alpha synuclein protein and its interactions with some anthocyanins.
- Mr. Kartik Majila (M.Sc. student) was selected as Khorana scholar 2020 at University of Wisconsin Madison, USA.

Future Plan

The School aims to excel in both teaching and research based on the latest developments in the field. We are in the process of implementing new course curriculum based on DBT curriculum and our strength in different specialized areas Biotechnology. The School is also planning to upgrade PhD course work from the coming academic session. We aim to secure funding from different government and CSR agencies for high end instrumentations like mass spectrometry, imaging, next-generation sequencing etc. Further, we would like to upgrade our current research infrastructure. The new building of SBT has been planned which we are expecting to get soon. The School also aims to initiate the following:

- Campus-wide electives: In future we plan to launch a new campuswide course (10- 15 hours per semester) for JNU students of other disciplines to learn biotechnology. For example, a JNU student of humanities may take elective course in biotechnology.
- Outreach Program: SBT faculty members would continue to reach out to the grassroots level (various schools and colleges) and offer lectures, hands on sessions and group discussions
- Establish a prestigious Academia and Industry Chair
- Encourage spin offs to generate revenue and novel avenues of employment

School of Computational and Integrative Sciences (SC&IS)

The **School of Computational and Integrative Sciences (SCIS)**, Jawaharlal Nehru University, presently has two academic groups dedicated to the areas of *Computational Biology and Bioinformatics* on the one hand and **Complex Systems** on the other. The overarching objective of the School is to develop and apply computational methods and techniques in different subject domain cutting across disciplines, with a special interest in particularly life sciences. Research investigations are carried out in theoretical, experimental and translational aspects of the chosen problem. This mission is reflected in the diverse faculty profile of the school which comprises researchers from the fields as varied as Genomics, Computational Biology, Plant Biology, Complex Systems, Bioenergy, Statistical Data Analysis and Modelling, Theoretical and Computational Chemistry, Petri nets and Graph Theory, Mathematical Biology, Computational Radio Frequency and Microwave, Antenna applications for Biomedical application. The integrative and interdisciplinary mode of teaching and research of the school is unique in the University system.

Programmes of Study

- Teaching and research programs in **Computational Biology** involve undertaking research, development, and application of computational tools and approaches in expanding the use of biological, agricultural, medical, behavioural or health data, including those to acquire, store, organize, archive, analyze, or visualize such vast data. In addition, research programs focus more on the development and application of data analytical and theoretical methods, mathematical modelling and computational simulation techniques to the study of biological, behavioural, and social systems.
- The School also runs courses in **Complex Systems** which will study the behaviour of mathematical, physical, living and social systems, identify patterns that underlie these inter-related systems, and examine properties such as emergence, evolution, network, structure and dynamics of these systems in a competitive environment.
- Taking note of the data explosion and emerging advanced machine learning approaches presents SCIS initiated an ambitious Post Graduate Diploma in Big Data Analytics in Bioinformatics to augment human resource in this new area. This short term academic programme are much needed now to keep pace with technological advances and societal needs.

The teaching and research programs are supported by good computational and communication infrastructure. School manages a centralized facility for high-performance computers, consisting of computer clusters with multiprocessor nodes, large-memory nodes and GPUs to facilitate specialized research. The school takes pride in being among the country's premier institutions in imparting high-value employability-related skills to its students such as in genomics data analytics, molecular simulations, data science and financial modelling and simulation.

We have setup a small-scale experimental facility to validate theoretical prediction and test innovative ideas as a small scale. These test beds are part and parcel of the school and seemingly drives our innovative idea.

The School organizes international conferences, seminars/symposiums regularly for the benefit of the academic community. Faculty of SCIS also has great collaboration with industry in their research and development efforts. Similarly SCIS has several MoUs with leading universities of the world to provide exposure collaboration and cooperation for faculty and students in a mutually benefited way.

Academic programmes of the School:

- Ph.D. programme in Computational and Integrative Sciences
- M.Sc. programme in Computational and Integrative Sciences
- Post-Graduate Diploma in Big Data Analytics (Biological big data)

Conferences organized by the School/Centre

- National webinar on Applications of Mathematics and Contemporary Use of its Scientific & Technical Terminology in Hindi (AM-CUSTT-H-2020, 14 – 16 June, 2020) organized by School of Computational and Integrative Sciences and Commission for Scientific and Technical Terminology, Ministry of Education, Govt. of India. Dr. Gajendra Pratap Singh, Convener, Dr. Sapna Ratan Shah and Dr. Kavita Arora were the Co-Conveners of this conference, 14 – 16 June, 2020.
- International conference on Recent Trends in Mathematics and its Applications to Graphs, Networks and Petri Nets(ICRTMA-GPN-2020), organized by School of Computational and Integrative Sciences and Vijnana Parishad of India. Dr. Gajendra Pratap Singh, Convener, Dr. Sapna Ratan Shah and Dr. Kavita Arora were the Co-Conveners of this conference, 20 – 24 July, 2020.
- International Conference of IAPS on Advances in Differential Equations & Mathematical Modelling (IC-ADE-MM-2020) organized by School of Computational and Integrative Sciences, JNU and International Academy of Physical Sciences. Dr. Gajendra Pratap Singh, Convener, Dr. Kavita Arora, Co-Convener and Dr. Sapna Ratan Shah, Member of the Local Organizing Committee organized this conference, 18 – 20 December, 2020.
- International Conference “Multiscale Simulation & Mathematical Modelling of Complex Biological Systems (MSMM’21)”, SCIS, Jawaharlal Nehru University, New Delhi organized by Dr. Arnab Bhattacharjee, 1 – 6 March, 2021.
- First India-UK online UKEIRI symposium on “Genome Regulation in Development and Disease”, (hosted by University of Manchester) Co-organized by Prof. Shandar Ahmad, 26 February, 2021. <http://sciwhylab.org/index.php/first-ukieri-sparc-online-symposium>
- First India-UK online SPARC workshop on “Transcriptional regulation in Developmental Biology Co-organized by Prof. Shandar Ahmad, 10 – 11 August, 2020 .<http://sciwhylab.org/index.php/sparcworkshop/>
- Workshop Series on Empowering Teaching Through Online Mode (WETOM), training thousands of university/college teachers in online technologies for virtual classroom and laboratory (April 2020 onwards) organized by Prof. Shandar Ahmad. <http://wetom.sciwhylab.org>

School of Computer and Systems Sciences (SC&SS)

The School of Computer and Systems Sciences was established in 1975. It is among the first few institutions in the country to offer a degree in Computer Science & Technology. The School offers Masters and Research programs leading to degrees in MCA, M.Tech in Computer Science and Technology, M.Tech in Statistical Computing, MPhil and Ph.D. in the areas of Computer and Systems Sciences. The School attracts the very best and most talented students from all over the country. The large number of applicants for admissions to the research programme of the School clearly indicates the prestige, reputation and popularity of the programmes offered by the school. This trend is also prevalent in the case of admission seekers from neighboring and other foreign countries. Besides the teaching and research programmes of the School, the School has been engaging methods and ways to stimulate research further and enhance the learning skills of the students by organizing weekly research seminars and National Seminar-cum-Technical Festivals for students from across India.

Conferences/Workshops organized by the School

- **Online ATAL Faculty Development Program on “CYBER SECURITY” under the Aegis of All India Council for Technical Education (AICTE), New Delhi, 26 – 30 May, 2020**
The workshop was inaugurated by Prof. R.K. Sharma from IIT Delhi and accompanied by assistant director of AICTE, Dr. Girdharilal Garg. The workshop coordinators were Prof. D.K. Lobiyal and Dr. Karan Singh. There were 14 speakers who discussed the cyber security issues.
- **Online ATAL Faculty Development Program on “INTERNET OF THINGS” under the Aegis of All India Council for Technical Education (AICTE), New Delhi, 31 May– 4 June, 2020**
The workshop was inaugurated by Shivakumar Mathapathi an adjunct faculty member at multiple universities including the University of California, San Diego, Sonoma State University, Santa Clara University, USA who was Chief Guest of event.
- **Online National Workshop on “CRYPTOGRAPHY” under the CRSI and DRDO, New Delhi, 22 – 26 July, 2020**
The workshop was inaugurated by Prof Bimal Roy president of CRSI, Kolkata was Chief Guest. The workshop coordinators were Prof. D.K. Lobiyal and Dr. Karan Singh. Here were 14 Speakers who discussed the cryptography and security issues.
- **Online ATAL Faculty Development Program on “CYBER SECURITY” under the Aegis of All India Council for Technical Education (AICTE), New Delhi, 23 – 27 November, 2020**
The workshop was inaugurated by Honourable Education Minister Shri Ramesh Pokhriyal 'Nishank'. The workshop coordinators were Prof. D.K. Lobiyal and Dr. Karan Singh.
- **International Conference on “NETWORK AND CRYPTOGRAPHY-NETCRYPT 2020, JNU”, New Delhi, 4 – 5 December, 2020**
The second international conference on Networks and Cryptology (NetCrypt) focused on all aspects of Computer Networks, Cryptology, Network security, Privacy, and Cybersecurity. A platform for researchers, engineers, academicians as well as

Chief Guest and guest of honor of the conference were Prof. Mohammad S. Obaidat, Founding Dean and Professor, College of Computing and Informatics, University of Sharjah, UAE, and Shri. Vinay Thakur, Chief Operating Officer (COO), National e-Governance Division (NeGD), Ministry of Electronics & Information Technology (MeitY), Prof. Bimal Kumar Roy, ISI, Kolkata. Prof. Dilshodjon Alidjonovich Rakhmonov, Uzbekistan, Dr. Saibal Kumar Pal, Defence Research & Development Organization, Scientific Analysis Group, Delhi. Prof. R S Yadav, MNNIT, Allahabad, Dr. Indivar Gupta, DRDO, New Delhi, Dr. KhairulAmali Mohammad “Sufian” Badar, USA, Professor Muzafer Saracevic, Serbia, Muhammad Rezal Kamel Ariffin, Dr. Om Pal, MIETY, New Delhi were the keynote speakers. The event was inaugurated by Honorable Guests and Prof. T. V. Vijay Kumar Dean School of Computer and Systems Sciences, JNU, New Delhi. Prof. D K Lobiyal, Dr. Karan Singh, and Dr. Sushil Kumar were the organizers of the event.

- **International Workshop Organized by SC&SS, JNU on “HOW TO MAKE INDIA AN ELECTRONICS MANUFACTURING HUB”, 7 – 8 August, 2020**

On 7 August, 2020, the Dean SC&SS, Prof. Vijay Kumar, invited The Vice Chancellor of JNU, Prof. Jagadesh Kumar who gave an Inaugural lecture which was followed by information “About the Workshop” by the Convener Dr. Asutosh Srivastava. Dr. Satya Gupta, Chairman, Indian Electronics and Semiconductor Association, spoke as the Keynote speaker.

School of Engineering (SE)

The School of Engineering offers five-year dual degree programmes with B. Tech in an Engineering discipline, and a Master's (MS/M.Tech) programme with specializations in Social Sciences/Humanities/Science/Technology. The School has attracted bright students for the academic year 2019-2020 in two streams: (a) Computer Science and Engineering and (b) Electronics and Communication Engineering through JoSAA-20 on the basis of Joint Entrance Examination (JEE) and also through Direct Admission of Students Abroad (DASA) scheme of Ministry of Education, Government of India.

The five-year dual degree programme is one of the very few programmes in the country, where the student would acquire skills in Technology and its application to a sustainable development of society. In the first half of the dual degree programme, the students would need to do compulsory foundation courses in the areas of basic sciences, humanities, social sciences and engineering sciences and engineering sciences apart from their departmental requirements in the core engineering discipline. The students will have option of choosing open category electives from a pool of courses to develop a broad inter discipline. The dual degree programme in JNU is novel in the sense that it would provide an opportunity to the students, especially in their fourth and fifth years of their programme to involve themselves in projects/dissertations and courses on Humanities, International Studies, Sciences, Languages, Linguistics and Social Sciences, in order to understand the demands of such disciplines and acquaint themselves with the frontier areas. Also, the proposed programme would offer beyond these goals a special set of skills that makes engineers sensitive to their social and environmental responsibility.

New Courses:

The Following three Ph.D. programs have been introduced:

S.N .	Programme Name	Programme Type	Offering School	Faculty Coordinator
1	Ph.D. in Computer Science Engineering	Regular	School of Engineering	Dean, SoE/ Dr. Ankit Choudhary
2	Ph.D. in Electronics and Communication Engineering	Regular	School of Engineering	Dean, SoE/ Dr. Ayushi Barthwal
3	Ph.D. in Mechanical Engineering	Regular	School of Engineering	Dean, SoE/ Dr. Deepak Sharma

The School proposes the inclusion of two courses in the syllabus of its dual degree program:

S.N.	Course Name and Code	Concerned Faculty	Offering School
1	Applied Data Analytics (Branch Elective, CSE)	Dr. Ankit Chaudhary	School of Engineering
2	Introduction to Linear Algebra (Open Elective, ECE)	Dr. Krishnan Rajkumar	School of Engineering

The School updated the syllabus of the following UG courses:

S.N.	Course Name and Code	Concerned Faculty	Offering School
1	Machine learning (EN- 502)	Dr. Prerana Mukherjee	School of Engineering
2	Digital Signal Processing (EN-513)	Dr. Varun Saxena	School of Engineering
3	Thermodynamics (EN-407)	Dr. Deepak Sharma	School of Engineering
4	Engineering Mathematics I (Calculus and Transforms) (EN-103)	Dr. Krishnan Rajkumar	School of Engineering
5	Engineering Mathematics II (Probability and Statistics) (EN-203)	Dr. Krishnan Rajkumar	School of Engineering

Conferences organized by the School/Centre

- School of Engineering organized a webinar on “Machine Learning and it’s industrial applications”. Faculty Coordinators: Dr. Prerana Mukherjee and Dr. Mukesh Kumar Giluka, 30 June, 2020
- School of Engineering and SCSS organized an “International Workshop on how to make India an electronic manufacturing hub”. Faculty Coordinators: Dr. Prerana Mukherjee and Dr Varun Saxena, 7 – 8 August, 2020
- School of Engineering organized “Workshop on “LTSpice”. Faculty Coordinators were Dr. Prerana Mukherjee, Dr. Ayushi Barthwal and Dr. Ashwani Kumar, 27 February, 2021

Accomplishments of students

S.N.	Name of Student	Achievements
1	Busi Surya Teja	Successfully completed a six-week online certified training on Programming with Python
2	Aditya Sharma	1. Participated in online quiz on Mahatma Gandhi organized by Govt. P.G College, Guna, M.P. 2. 2 nd position in Quiz-e-Hindustan
3	Divyansh Singh	Successfully completed Front and Development –HTML course from Great Learning Academy
4	Shashwat Verma	Successfully completed course on Embedded and IOT Systems organised by JNU
5	Amanullah Asad	1. 2 nd prize in Quizengamot quiz organised by Hindu College Delhi. 2. Finalist in Bullseye Mock stock challenge organized by Lady Shri Ram College for Women, New Delhi 3. First prize in Athena 2.0 Organised by Shaheed Bhagat Singh College, Delhi University.
6	Ramandeep	1. Successfully completed PYTHON course from Michigan University. 2. Successfully completed VIRTUAL REALITY course from University of London.
7	Vinay Kumar	Participated in webinar “Vaccine for COVID-19” organised by National Service Scheme, Jawaharlal Nehru University, 6 February, 2021
8	Kondra Dharma Sena	Guvi certificate for participating in Guinness World Record event
9	Vrishabhdwaj Maharshi	Successfully completed Machine Learning Scientist with Python Track from Datacamp
10	Samuel Raju Bethala	1. Participated in Road Safety Awareness Webinar organised by Honda Motorcycle & Scooter India Pvt. Ltd 2. Did a course on Covid -19 Contact Tracing by Johns Hopkins University
11	Devansh Upadhyay	1. Successfully completed Machine Learning by Stanford University through Coursera 2. Successfully completed Neural Networks and Deep Learning, course 1 of Deep Learning Specialization 3. Successfully completed Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization, course 2 of Deep Learning Specialization
12	Divyansh Pandey	1. Successfully completed coding fundamental-II course from Grasshopper Founder 2. Successfully completed 2 total hours of CSS3 and HTML5 courses from U UdeMy
13	Rohit Kumar Mahato	1. Successfully completed Fundamental of C programming from Coursera
14	Shubham Singh	1. Currently working on a Project (team) to design and develop new School of Engineering Website + All Clubs Website + Student Activity Council Website for the college

		<ol style="list-style-type: none"> Currently working on a Research Project related to Graph Neural Networks with Dr. Ruchir Gupta (Dean, SE, JNU) and Dr. Prerana Mukherjee (Asst. Prof., SE, JNU). Currently working on a Research Project related to prediction of optimal reaction routes by employing relevant Machine Learning models with Dr. Pritam Mukhopadhyay (Assoc. Prof. SPS, JNU). Successfully completed MLH Fellowship (January, 2021 – April, 2021): 12 week internship program. Successfully completed Open Source Development Contributed code to the Creative Common Catalog project right until the project development, 13 September - 10 December 2020 Attended CC Global Summit 2020
15	Harsh	<ol style="list-style-type: none"> Successfully completed an introduction to Artificial Intelligence course from NPTEL Successfully completed Introduction to Machine Learning course through Coursera from Duke University Successfully completed Career Edge - Knockdown the Lockdown online course offered by TCS iON
16	Abhishek Singh	Participated in online aptitude test organised by Sanpada College of Commerce and Technology, Navi Mumbai
17	Vishal Chaudhary	<ol style="list-style-type: none"> Participated in End-to-end tests for DLP (Data Leak Prevention) COLD Director of Technology - https://jnu-cold.herokuapp.com/ Speaker at Drupal Con Europe 2020 - https://events.drupal.org/europe2020/sessions/open-source-has-won-how-do-we-avoid-dying-success-panel
18	Kumar Gaurav	<ol style="list-style-type: none"> Successfully completed The Modern World, Part Two: Global History since 1910 on Coursera Successfully completed Programming for Everybody (Getting Started with Python) on Coursera. Successfully completed Introduction to HTML5 on Coursera. Successfully completed Python Data Structures on Coursera.
19	Rupesh Dubey	Successfully completed PYTHON BASIC COURSE on Coursera from Michigan University
20	Nabanil Mitra	<ol style="list-style-type: none"> Worked as the Campus ambassador for JNU for IIT BHU's techfest. Took part in google hashcode and got a rank of 8356 as a volunteer in the PAKDD conference .
21	Sankarapu Aswith	<ol style="list-style-type: none"> Volunteering internship by CollCom to create awareness about cyber security and cyber crimes June-August, 2020. Awarded by "Rising Leader Award" for Social media team

Future Plans

Following are the future plans of School of Engineering:

School will establish research laboratories to run M.Tech and Ph.D programs successfully in

- M.Tech. in Computer Science Engineering
- M.Tech. in RF & Microwave
- M.Tech. in VLSI
- Ph.D. in Computer Science Engineering
- Ph.D. in Electronics and Communication Engineering
- Ph.D. in Mechanical Engineering
- Seeking for constructing the School's building, more class rooms and laboratory rooms will be constructed with other infrastructure facilities (HEFA loan approved)

School of Environmental Sciences (SES)

The School of Environmental Sciences (SES) was founded in 1974. The School is one of the well know international centres of environmental research. The School has a vision to enhance global visibility and leading role in environmental policy making by means of modern education, research, awareness and futuristic policies through nurturing the best young minds. The school is inter-disciplinary in nature having physics, chemistry, biology and geology as four academic areas. However, faculty is carrying out research on various topics such as climate change, global warming, acid rain, air quality, arsenic in water, carbon sequestration, bioaerosols, river systems, landfills, geochemistry mapping, biodiesel, glacier melting, toxic metal accumulation, microwave radiation, sustainable development, Himalayan ecosystem, agro-ecology, remote sensing etc. across academic areas. School has a number of collaboration with national and international organization.

The School is having various co-curriculum activities. The Young Holistic (YoHo) programme is an example of an academic programme for all round development of the students.

New Courses (regular or remedial) introduced by the School/Centre. Give Course title/level, Number of Credits and Name(s) of faculty members offering the course, where needed

Sl. No.	Course title/Level	Number of Credits	Name of Faculty
1.	ES 690R Urban Climate and Air Quality	2	Prof. Krishan Kumar
2.	ES 691R Remote Sensing of Air Pollution	2	Dr. Arun Kumar Srivastava
3.	ES 696R Himalayan Ecology	2	Prof. P.K. Joshi and Prof. S.C. Garkoti

Conferences organized by the School/Centre:

- Webinar on World Metrology Day, 20 May, 2020.
- Webinar of International Biodiversity Day, 22 May, 2020.
- YoHo Quiz Competition on World Environment Day, 2 June, 2020.
- Webinar on World Nature Conservation Day, 28 July, 2020.

- Clarivate Analytics highly cited Researcher 2020 - Prof. Mohan Dinesh included in the 2020 'highly cited researchers' list published by Clarivate Analytics for the SEVENTH consecutive year. Each year, Clarivate™ identifies the world's most influential researchers — the select few who have been most frequently cited by their peers over the last decade. In 2020, fewer than 6,200, or about 0.1%, of the world's researchers, in 21 research fields and across multiple fields, have earned this exclusive distinction. This year's list identifies scientists and social scientists who produced multiple papers between 2009 and 2019 that rank in the top 1% by citations for their field and year of publication in the Web of Science citation index. Only 15 Indians featured as highly cited researchers in

2020. Earlier, Prof. Mohan Dinesh appeared in the Clarivate Analytics/Thompson Reuters highly cited Researcher lists 2019, 2018, 2017, 2016, 2015, and 2014.

Future Plans

The School of Environmental Science aspires to improve its QS ranking in future. The skill development of the students will be linked to the syllabus to provide them a self-reliant profession.

Students Awarded Degrees (SIS)

School of International Studies (SIS)

The School of International Studies is engaged in teaching and research of international relations, international politics, international trade, and area studies. It offers three Masters level Courses, and an M. Phil/Ph.D programme. Students who choose to do the Masters Program are part of the School, while those who wish to pursue their M. Phil and Ph.D can join any of the thirteen centres within the School. Entrance to these programs is based on a rigorous entrance test and selection process.

The School has a highly qualified faculty that specializes in the various field associated with the School. The faculty draws its inspiration from the highest traditions of scholarship set by the School and the JNU at large. Recently, the SIS has opened new programmes like Energy Studies and Human Rights Programme.

The SIS was established in 1955 and is one of the oldest schools of the University. The School is highly multi-disciplinary in its approach. The SIS has been a pioneer in establishing international relations as a distinct academic discipline and advancing knowledge of other regions as part of Area Studies, to Indian and foreign students. The SIS has acquired national and international reputation as a centre of advanced learning.

In its very early years, the School focused exclusively on research with the Ph.D. programme being at the core of its academic activities. However, subsequently after becoming a part of JNU in 1971-72, the School added M. Phil curriculum to its academic programme. Later in 1973-74, the School started offering a two year MA (Politics: International Studies) programme, which was further strengthened by offering an MA programme in Economics (with specialization on World Economy) at the Economic Division of the Centre for Studies in Diplomacy, International Law & Economics in 1995-96. The School started offering two year MA (International Relations and Area Studies Programme) from Monsoon Semester 2015-16.

Over the years, admissions have become fiercely competitive with the School attracting the brightest minds from India and abroad. The School has, as on 31 March 2021 awarded 1789 Ph. Ds and 4515 M.Phil degrees.

Admissions to various academic programmes at the School are supplemented by financial assistance (details available at JNU website). Further, a number of our M.Phil/PhD students also qualify the UGC/JRF, RGF, MANF fellowships.

Presently, the School has 105 faculty members: 44 Professors, 24 Associate Professors and 37 Assistant Professors, 01 Prof. Emeritus, 00 Research Assistants and 01 Documentation Officers. The faculty strength is further supplemented by several prestigious Chairs being instituted at the School (Appadorai Chair, Nelson Mandela Chair (CAS), Jean Monet Chair in CES and Chairs in Environmental Law and Space Law). The faculty of the School, by advancing pedagogical and applied knowledge, have established global reputations in their respective areas of expertise. It is also a matter of pride that several of our faculty members are on important government and non-government bodies, while others constantly engage with public discourses and civil society issues.

The School also engages with issues of contemporary relevance by organizing regular national & international seminars, workshops and symposia on various aspects of area studies, bilateral relations and themes relating to study of international relations.

The School also publishes a refereed quarterly journal, *International Studies*, which publishes original research articles on international relations and area studies. The journal, from its inception in 1959, has been publishing original research articles and has received international recognition. The School is known for the large number of seminars and workshops that all the Centres organize on multiple issues and themes. A large number of dignitaries, academics and others visit the School regularly.

The School also has UGC-sponsored/ funded Area Studies Programms like Gulf Studies in CWAS, Centre for Russian & Central Asian Area Studies Programme in CRCAS, European Area Studies Programme in CES, Francophone Area Studies Programme in CAS and Centre for Inner-Asian Studies in CIAS. Foreign languages like Arabic, Japanese, German, Russian and others are taught in the various Centres.

The School has 13 Centres and 2 special programmes and offers the following M.Phil/Ph.D. programmes

1. Canadian, US & Latin American Studies
2. European Studies
3. International Legal Studies
4. International Trade and Development
5. Chinese, Japanese and Korean Studies
6. International Politics, International Organization, Diplomatic and Disarmament Studies and Political Geography

Centre for African Studies (CAS)

The Centre for African Studies is an interdisciplinary centre for study of Africa. It aims at promoting African studies as an academic discipline for advancing knowledge and understanding of African affairs through inter-disciplinary perspective. It brings together scholars having an active interest in Africa from all over the country and abroad. The Centre has two major programme of studies- M. Phil. and Ph.D. It also offers courses for the M.A. programme offered by the School of International Studies. The teaching and research programme of the Centre has been designed to cover both the traditional as well the contemporary issues relating to the region.

The current academic curriculum of the Centre focuses on the following thrust areas: regional organizations, government and politics, state and civil societies, ideologies, governance, Diasporas, bilateral relations, issues of development and foreign policy of major African countries. Besides this the Centre has its own research focus on Global engagement with Africa.

To facilitate the development of research, training and interaction with scholars from abroad, the Centre holds a Nelson Mandela Chair, funded by ICCR, through which visiting faculty from African countries are invited every semester. The visiting faculty participates in various programmes and activities of the Centre.

Seminars and conferences are organized regularly by the Centre in order to strengthen its academic programmes by facilitating exchange of views among scholars. In pursuance of its aim, the Centre is involved in several academic

outreach programmes on African affairs involving Indian academic institutions. It hosts the permanent secretariat of African Studies Association of India (www.africanstudies.in), which is an apex academic association of Indian Africanist coming from all disciplines and from all Indian Universities and academic institutions.

UGC Area Studies Centre on African Studies (UGC-CAS)

The Centre has a regular UGC Centre for African Studies. It provides funding support to faculty for field visits to Africa and supports academic activities like research seminars, and publications.

Centre for West Asian Studies (CWAS)

The Centre for West Asian Studies conducts teaching and research programmes covering countries of West Asia and North Africa. It specializes in the domestic politics, foreign policy and socio-economic issues pertaining to countries extending from Morocco in the west to Iran in the east. The Centre conducts M.Phil and Ph.D. programmes and actively participates in and offers courses for the M.A. programme of the School of International Studies. It organizes periodic national and international seminars on important themes concerning West Asia and North Africa. Weekly student-faculty meetings (on every Thursday) offer opportunities for academic presentations for students and faculty and to listen to many scholars from national and foreign universities and institutions. The Centre provides an active intellectual environment for an interdisciplinary understanding of this dynamic region.

The Gulf Studies Programme (GSP) of the Centre was established in March 1978. It has developed into a vibrant centre of activities organizing seminars, symposia and lecturers besides teaching research and publications. Initially, the focus of its activities was confined to the Gulf Cooperation Countries, i. e. Saudi Arabia, Kuwait, UAE, Oman, Qatar and Bahrain, now, Iran, Iraq and Yemen are also covered. It has been promoting studies on issues of contemporary relevance and of academic importance. In promoting these studies, the focus is not only on the emerging political, economic and strategic dimension of bilateral relation but also on policy framework. Other areas include Religious Revivalism in the Gulf Region; Non-Resident Indian Entrepreneurs from the Gulf; Democratic Movements and Processes; Arms Race in the region and India; and the Gulf and India's Energy Security.

The CWAS continues to be an active centre for research and teaching. A total of 95 students were registered for the various teaching programmes in this period, 15 for M.Phil. and 80 for Ph.D. programme of the Centre during the period of the annual report.

Students admitted to various programmes of the study and awarded degrees

Students admitted for M. Phil/Ph.D.	15
Students admitted for direct Ph. D.	07
M.Phil. dissertations submitted	01
Ph.D. Thesis submitted	03
M.Phil Degree awarded	01
Ph.D. Degree awarded	15

In the M.Phil programme (which involves one year of course work) 2 compulsory courses and 18 optional courses were offered. The faculty strength was a total of 11 over this period. Research activities continued to be strong and there were many publications of books and articles by CWAS faculty and research students. The list of publications by faculty is provided in Appendix-I below.

Centre for Inner Asian Studies (CIAS)

The Centre for Inner Asian Studies is engaged in teaching and research on the whole of Central Asia, i.e., the five Central Asian Republics of Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan; Inner Mongolia, Tibet and Xinjiang autonomous regions of China; Mongolia and Afghanistan. All the academic activities at the Centre, including teaching and interdisciplinary research, have been designed to study and analyze history, politics, society, economy, geopolitics of energy and transport networks, in addition to the contemporary developments in different regions/countries covered by the Centre, and relate them to Indian experience and policy. The Centre has a regular M.Phil and Ph.D.

programmes that attract bright students having diverse background from across the country. Currently, the total number of students enrolled in M.Phil and Ph.D programmes of the Centre stand at 60. The Centre has two Professors, one Associate Professor and two Assistant Professors. The faculty members have contributed immensely to the Centre's academic pursuit through high quality publications in the form of articles and research papers, both at national and international level. All the faculty members also offer courses for two M.A. programmes of the School of International Studies.

The faculty members have participated in various national and international seminars, conferences and workshops, and presented papers, chaired sessions and acted as resource persons, panelists and moderators. They have also occupied positions as members of national and international academic institutions, organizations etc., besides being on the Editorial Board of reputed journals. Students of the Centre have been active in publishing research papers and participating in national and international seminars and conferences. The Centre Chairperson (Prof. Sharad K Soni) has been appointed as a Member, Governing Council of Southern Africa Future Institute of Innovation & Technology (SAFIIT), Midrand, South Africa. Prof. Soni has also been continuing as a Book Review Editor for *South Asia, Asian Ethnicity Journal* (Routledge, UK). One faculty member (Dr. Mahesh Ranjan Debata) has been continuing as Visiting Professor at the School of International Education, Yinchuan University of Energy, Yinchuan, Ningxia, China. Dr. Debata has also been appointed as Associate Editor, *International Journal of Business Anthropology* (North American Business Press, USA).

Taking into account the growing importance of Inner Asian Studies in India, the University Grants Commission (UGC) under its Area Studies Programme has recognized the Centre for Inner Asian Studies as advance studies and research Centre with the status of UGC-Centre for Inner Asian Studies. The Centre has an in-house library developed through its Area Studies grant by the UGC. The Centre has, thus, made successful efforts to carry out research and academic mandate of the University. In future, the Centre plans to participate in offering optional courses at School of Engineering in addition to developing online courses at the Special Centre for E-Learning.

Centre for Comparative Politics and Political Theory (CCPPT)

The Centre, which began as a Programme with a faculty of two, was recognized as a full Centre for Comparative Politics and Political Theory, in the School of International Studies, in 2008. CCPPT currently has 6 faculty members – 1 Professors, 1 Associate Professor and 4 Assistant Professors.

At present 40 (Forty) students are pursuing their Direct Ph.D and M.Phil. research in the Centre.

The Centre offers Six M. Phil/Ph.D. Courses including the course on Research Methodology. CCPPT regularly holds two Annual Research Workshops (one each in Monsoon & Winter semester) for Ph.D. and M.Phil. students respectively. The Centre also offers Four Core courses for the MA (PISM) programme of the School.

Centre for International Politics Organization and Disarmament (CIPOD)

The Centre for International Politics, Organization and Disarmament (CIPOD) comprises four distinct yet interlinked divisions:

- International Politics
- International Organization
- Diplomacy and Disarmament
- Political Geography

It is noteworthy that of the three original Divisions of the Centre, the two on International Organization and Disarmament were extremely innovative and remain rare in the university system of today. Soon afterwards, a separate division on Political Geography was also created in the Centre. In the latest restructuring of the School of International Studies in 2005, a new division of Diplomatic Studies (which was earlier part of another Centre) – was merged with CIPOD. The Diplomatic Studies division, since its inception in 1970, has been involved in teaching and research in historical and contemporary issues in diplomacy. In the year 2007, the Diplomatic Studies and Disarmament Studies have been merged into one Division, to be known as Diplomacy and Disarmament Studies Division (DAD).

In the reporting year, the Centre had 157 M.Phil and Ph.D.students. During the year, the Centre admitted into the Centre's M. Phil /Ph. D. Programme: 04 in INP, 01 in ORG, 09 in DAD and 02 in POG.

In the reporting year, Dr. Krishnendra Meena (who was earlier Assistant Professor with the Centre) joined as an Associate Professor, Political Geography Division. Also, Dr. Ranvijay joined as an Associate Professor, International Organization Division and Dr. Prasanta Sahoo joined as an Associate Professor, International Politics Division, Centre for International Politics, Organization and Disarmament, School of International Studies. In times of pandemic, Centre Faculty performed teaching (at Center and School level) and research supervision and other responsibilities keeping with the time lines.

Centre for Russian and Central Asian Studies (CRCAS)

The Centre for Russian and Central Asian Studies is the premier department in the country engaged in teaching and research of the Eurasian region which includes Russia, the Central Asian Republics, states in south Caucasus, Baltic countries, Ukraine, Belarus and Moldova. The region is important because it lies in India's extended neighbourhood and has become strategically very important in recent times. India has strong ties with the states of the region historically, strategically and for economic and geopolitical interests.

The Centre is recognised for advance research, knowledge and scholarship on the region not just in India but across South Asia, Central Asia, Russia and elsewhere. Faculty members and researchers from the Centre collaborate with scholars from across the world. Students from the Centre after completing their research programme have joined academic and research related occupations in Universities, Research Institutes and leading Think-Tanks in the country and abroad.

The Centre, previously known as the Centre for Soviet and East European Studies, was the largest area studies centre in the country. Since its inception in 1975, the primary aim of the Centre has been to foster interdisciplinary research on issues pertaining to this region by bringing together scholars, trained in diverse social science disciplines. The Centre has an excellent community of scholars specializing in disciplines ranging from Political Science, International Relations, History, Economics and Sociology to Russian Language and Literature. The Centre encourages interdisciplinary thinking and promotes opportunities for meeting, interaction and exchange of views with scholars from India and abroad. In terms of facilitating academic interaction, the Centre regularly organizes international/national seminars, round table discussions, talks and lectures.

The Centre has a regular M.Phil/Ph.D programme and offers courses for two M.A. programme of the School of International Studies. Since 1978, the Centre has immensely benefited from the UGC Area Studies Programme in terms of faculty appointment, capacity-building, research based on primary sources and fieldwork, collaborative endeavours with scholars and institutions in former Soviet republics. The international seminar organized by the Centre brings together large number of scholars from India and abroad to deliberate on issues of common interest. The Centre faculty has produced a large number of research publications that add to the generation of Indian perspectives on various issues relating to politics, society, economy and foreign policy of the states in the Eurasian region. It has fulfilled the original ideas inherent in the creation of Area Studies Programmes in the Country – interdisciplinary research, and development of knowledge based on independent and in-depth research. Through field-works and interaction with scholars and policy makers in post-Soviet countries, the faculty members and research scholars have provided diverse perspectives on various aspects of post-Soviet development.

The Centre has a library-cum-reading room created entirely out of its own resources and those of individual faculty member's contributions, without any fund support from outside. It has a collection of about 1,200 books and journals, including some rare ones. From the Area Studies grant, the Centre has procured books on diverse themes such as economy, political system, society, culture, energy security, terrorism, geo-politics and foreign policy. These books mainly relate to Russia and the Central Asian Republics and are available in the reference section of the main Library of the university.

The Centre has also been inviting foreign scholars as visiting faculty from post-Soviet countries, some of whom have spent a month each as visiting professors, while others have come for shorter duration and have delivered lectures in the Centre.

Centre for International Legal Studies (CILS)

The Centre for International Legal Studies conducts advanced studies and research on a vast compass of issues and challenges in the various sub-disciplines of public international law: Theories of International Law, International Human Rights Law, International Humanitarian Law, International Criminal Law, International Refugee Law, International Environmental Law, International Dispute Settlement, International Courts and Tribunals, International Trade Law, International Economic Law, International Energy Law, Intellectual Property Rights, Law of the Sea, International Water Law, International Maritime Law, International Air and Space Law, International Institutional Law. Legal research at the Centre has contributed to the articulation of the Indian approaches to International Law and also to the concerns of developing countries. It has also contributed to the development of the Third World Approaches to International Law. Through its critical engagement with mainstream scholarship and theoretical frameworks, the Centre aspires to contribute to a deeper understanding of the theoretical premises and biases of International Law today.

Centre for East Asian Studies (CEAS)

The Centre for East Asian Studies is one of the thirteen Centres in the School of International Studies, Jawaharlal Nehru University, New Delhi. Initially, established as a Centre for Chinese and Japanese Studies, it subsequently grew to include Korean Studies as well.

The students of the Centre are drawn from various social sciences and humanities such as History, Political Science, Economics, Sociology, International Relations and Chinese, Japanese and Korean languages. The key objective is to impart an interdisciplinary knowledge and understanding of the foreign policy, government and politics, society and culture and political economy of the respective areas. Students can explore new and emerging themes such as East Asian regionalism, the evolving East Asian Community, the rise of China, resurgence of Japan and the prospects for reunification of the Korean peninsula. Additionally, the Centre lays great emphasis on enhancing language skills. The academic curriculum covers various dimensions of modern and contemporary East Asia -China, Japan and Korea – one of the most dynamic and significant regions of the world today. A total number of 86 students are currently registered (about 47 in Chinese Studies, 22 in Japanese studies and 17 in Korean Studies) in the M.Phil and PhD. Programmes.

Scholars in the doctoral programme of the Centre specialise in the areas of their interest related to the East Asian region. Several students of the Centre have been recipients of prestigious research fellowships awarded by the Chinese, Taiwanese, Japanese and Korean Governments. Besides, the research scholars of the Centre also avail scholarships offered by the Japan Foundation, Nippon Foundation, Korea Foundation and the Academy of Korean Studies. The fellowships offered by the Nehru Memorial Museum and Library and the Indian Council of Cultural Relations also enable scholars of the Centre to conduct their field works and research in the East Asian countries. Over the years, the Centre has considerably expanded its international collaborations and networks and is well positioned to promote multidisciplinary studies and research on East Asia.

There are nine faculty members in the Centre. Each faculty member specializes and teaches courses in an area of his/her interest in the region. Dr. Sudhakar Vaddi has joined the Centre in January 2020. Several distinguished faculty who taught and mentored the young research scholars include late Prof. Gargi Dutt, late Prof. P.A.N. Murthy, late Prof. G. P. Deshpande, late Prof. Naranarayan Das and late Prof. R.R. Krishnan and Prof. K.V. Kesavan. Besides, Dr. Madhu Bhalla, Prof. H.S. Prabhakar, Prof. Lalima Varma taught at the Centre in the Korean, Chinese and Japanese Programmes during 1994-2019. The faculty members of the Centre supervised 85 Ph. D. theses, (Chinese Studies 47, Japanese Studies 29, and Korean Studies 09) and 173 M. Phil. dissertations (Chinese Studies 92, Japanese Studies 58 and Korean Studies 23) till date. In addition, Ms Kamlesh Jain and Dr. M. M. Kunju served as the Documentation Officers in Chinese and Japanese Studies respectively at the Centre and retired.

Several students of the Centre have been recipients of prestigious research fellowships awarded by Japan Foundation, Mombusho (Ministry of Education, Government of Japan), Saburo Okita Memorial fellowship, Nippon Foundation,

Korea Foundation, Korean Government Scholarship (up to 4 years) under the India-Korea Cultural Cooperation Agreement, Academy of Korean Studies Scholarship, Nehru Memorial Fellowship, China Government Scholarship (up to 4 years) under the India-China Cultural Cooperation Agreement, and Fellowship from the Chinese and Taiwanese Governments. Besides, students receive fellowships from the Indian Council of Cultural Relations. Apart from the scholarships for higher studies and research available at the University level, offered by the University Grants Commission, (Government of India) the Rajiv Gandhi Foundation and the Nehru Memorial Fund, there are a number of scholarships are available specifically for area studies research.

Centre for International Trade & Development (CITD)

The Centre for International Trade and Development (CITD) was established as an independent Centre in the School of International Studies, Jawaharlal Nehru University in July 2005. Prior to this the Centre was known as the International Trade and Development (ITD) division as part of the erstwhile Indian School of International Studies, which integrated with the newly established Jawaharlal Nehru University in the early 1970s as the School of International Studies.

Over the last 50 years ITD has created a niche for itself in teaching and research in international economics and economic development. The first head of ITD was the renowned economist, the late Professor A K Dasgupta. He was succeeded by our distinguished colleague Professor Ashok Guha, who was the guiding force of ITD since 1963, until his retirement. He continues to be involved in the teaching programmes of the Centre. Former faculty, include B.S. Minhas, Subimal Mukherji, Partha Dasgupta and others. Stalwarts like John Hicks, James Meade, Robert Baldwin and Richard Baldwin have visited the division to deliver lecture-series.

Initially ITD was primarily geared towards research, running very successful MPhil and PhD programmes for several decades. In 1995, we introduced a unique MA programme in Economics (with specialisation in the world economy), keeping in mind the changing economic environment of India and its integration with the world economy. The curriculum has been designed with a clear emphasis on emerging global. This MA programme has proved to be highly successful and is one of the most popular MA Economics programmes in the country.

CITD is perhaps the only economics department in the country focusing exclusively on international economics and economic development as its main areas of teaching and research, specialising in areas like trade & investment, technology, environment & natural resources, health& nutrition, finance, law & economics, poverty, inequality, and education.

The Centre is served by distinguished faculty trained at top ranking universities of the world. Faculty strive to maintain highest academic standards in teaching, and produce high quality, cutting-edge research and regularly publish articles in the leading academic journals of their field. Faculty members have been conferred with various honours, awards and distinctions for their academic and professional contributions.

Our graduates are well established in the academic world in India and abroad, holding positions of great responsibility in the government, international organizations and the corporate world.

The Centre runs a discussion paper series for early dissemination of research results, which is recognised by Ideas/Repec. To expose students to recent developments in the discipline of economics and provide a stimulating research environment, the Centre also conducts weekly seminars and organizes Conferences on select themes.

The Centre received an endowment from the Ford Foundation in 1993. This enabled the centre to provide scholarships to students, to maintain its own well stocked library and to appoint a Ford Fellow from time to time, who participates in its teaching and research activities.

The Centre remained active during the Covid lockdown period. Faculty and research students actively published papers and participated in several webinars. Teaching was successfully conducted in an online mode and new and innovative teaching methods were adopted.

Centre for South Asian Studies (CSAS)

The Centre for South Asian Studies is one of the oldest centres of the School of International Studies, Jawaharlal Nehru University (JNU), New Delhi, India. The importance of the centre is self-evident by the fact that lies in the South Asian region. The centre has the privilege of having widely known faculty members. The centre also takes pride in the fact that it has directly participated in the foreign policy making exercise in the country as two of its former faculty members Late Prof Bimal Prasad and Prof Emeritus Sukh Deo Muni served as Ambassadors to Nepal and Laos respectively. The centre has organised a range of national and international seminars, round tables, symposia and workshops with regional and international experts, policy makers, academicians and civil society members. The centre has hosted and conducted projects for various Ministries, Indian Council for Social Science Research, University Grants Commission, Asian Development Bank, Ford Foundation, International Development Research Centre, Regional Centre for Strategic Studies, USAID, United Nations High Commissioner for Refugees, UNESCAP and many other national and international bodies. The Centre for South Asian Studies covers studies and research on a range of aspects of 8 countries. All the academic activities including teaching and interdisciplinary research have been designed to objectively study and analyse history, politics, foreign policy, security, societies, economies, environment, regional cooperation/integration and contemporary affairs in different regions/countries covered by the Centre. The Centre has focused on academic pursuits that have strong intellectual value, deeper social relevance and wider national and international utilities and policy dynamics. Its programme of studies has attracted bright students having diverse background from various parts of India and also from other countries. It has evolved into a full-fledged institute of academic excellence, much admired by students, frequently consulted by the national governments and eagerly sought after by international organizations and other academic institutions. The profile of the students who have completed their studies from the Centre does show that a large number of them have joined premier academic and research institutions and equally handsome numbers are in the national and state civil services. Many of the students have done exceedingly well in media and non-governmental organizations, other tertiary sector activities and national and regional politics. The importance of the Centre has become more critical and vital both in the context of large-scale transformation in the global scenario and also within the countries that have been traditionally covered and studied by the Centre. There are immense opportunities for academic inquiry triggered by these new developments.

Centre for European Studies (CES)

The Centre for European Studies (CES) is a multi-disciplinary department in the School of International Studies which aims to promote teaching, research, and outreach activities that improve the understanding of Europe, the European Union (EU) and Indo-European/India-EU affairs. The Centre became functional in 2005. The CES aims to develop a pool of experts on Europe. Every year, the Centre admits about twelve to fifteen students in its M.Phil. and PhD Programme. Currently about 60 students are on the rolls of the Centre for the MPhil/Ph.D. programme and are pursuing research on wide ranging issues of security, economy, European integration, society and politics. Since the research in the Centre is interdisciplinary in nature, efforts are made to expose students to other social science subjects which go beyond their parent disciplines. Learning of at least one European language (apart from English) has been a critical component of the research programme of the Centre. In the newly emerging globalizing international environment, the emphasis is given to broad social science concepts along with specific European issues. Apart from empirical research on Europe, students are also encouraged to develop skills in broader theoretical research and analysis. The Centre has identified the Nordic, Baltic and the Mediterranean regions along with migration as new focus areas of research/teaching. So far the Centre has been awarded four Jean Monnet Chairs (Prof R K Jain, Prof Gulshan Sachdeva, Prof. Ummu Salma Bava and Prof Bhaswati Sarkar) three modules (Dr. Sheetal Sharma, Prof Bhaswati Sarkar) and other projects by the European Commission. The Centre has also been awarded the Jean Monnet Centre of Excellence for European Union Studies in India by the European Commission. The Centre of Excellence is being coordinated by Prof Gulshan Sachdeva. The Centre also received special funding under UGC Area Studies Programme.

Centre for Canadian, US & Latin American Studies

The Centre for Canadian, US & Latin American Studies (CCUS&LAS), consists of three programmes on Canada, US and Latin America. The Centre offers an M.Phil programme that runs for two years and a Ph.D. programme for four years. It also offers several elective courses for the Masters' Programme of the School. The evolution of the Centre can be traced as far back as 1955 when the Department of American History and Institutions was established as part of the Indian

School of International Studies intended to stimulate interest in the North American affairs. It became a part of Jawaharlal Nehru University in 1970. Latin American Studies started as a full-fledged programme in 1971 and Canadian Studies was formally launched in 2001.

All teaching faculty are engaged in teaching, research, guidance, participation in conferences and seminars both in India and abroad, organizing special lectures, round tables and discussions. They give lectures at various government institutions, such as Foreign Services Institute, New Delhi, Army War College, Indore, and Academic Staff Colleges of various other universities in India. The Centre has several activities involving the students: they initiate discussions on their Ph.D. themes with the rest of the Centre and defend their synopses; they also participate in relevant media programmes and assist the faculty in the course work. There are a total number of 46 students enrolled in the Centre for this year.

Future Plans

Centre for African Studies

Apart from continuing high level of research and teaching on African Studies, the Centre plans to expand its global engagement and outreach.

Centre for Canadian, US & Latin American Studies

- The Centre will work collectively as a team and enhance its potential in terms of publications in peer reviewed journals and also add value to the existing understanding on International Relations from the US, Latin American and Canadian perspective.
- The Centre plans to work with all the major strategic institutions of India such as the Department of Atomic Energy, ISRO and DRDO.
- The Centre plans to intensify capacity building and work towards making the younger generation a good strategic analyst.
- The Centre will also promote both faculty and student exchange with the best of institutions in the world. It will strive to achieve excellence and will be recognized as the most preferred Centre for both academic and policy research on major issues impacting India in International Relations from the key policy decisions made in the US and Latin America.
- The Centre will introduce Internship and PostDoctoral Fellowship opportunity for scholars.
- The Centre will also seek grants and funding for pursuing research on pertinent important themes

Centre for Comparative Politics & Political Theory

The Centre for Comparative Politics and Political Theory offers researchers the opportunity to specialize in global political thoughts and practices. The unique vision of comparing western political theory with political thoughts and practices from the nonwestern world makes CCPPT a pioneering Centre for research in South Asia. Research at CCPPT aims to provide strong foundation in comparative or multiple knowledge epistemologies that, for instance, could offer theories of indigenous political ecology - vital for the survival of the modern world amidst climate crisis. The Centre plans to build research networks with universities of the global south through research collaboration with centres/institutions with similar research agenda. Keeping in mind the imperatives of 'blended-modules' of teaching and research, CCPPT has specific plans to operationalize its Seminar room as a 'future-venue for combining offline and online mode of conferencing' and for holding of workshops with external and international academics. In this regard the Centre will have to depend on the Dean of the School for allocating the required budget for installing Audio-visual and hi-speed internet facilities in the seminar room.

Centre for Russian and Central Asian Studies

- Drawing on the best practices of the online teaching platforms across the world, the Centre endeavours to make digital engagement an important component of the teaching mode in the Centre — as an additional tool supplementing classroom teaching practices. This would enable students to remain connected with the learning process even during vacations, weekends and holidays, thereby overcoming the constraints of geographical distance and other related challenges.
- Digital engagement has opened a floodgate of opportunities, one of which would be to organize lectures of retired senior teachers of the Centre and School, on a regular basis, on themes of international relations and other related disciplines. The profound scholarship of the stalwarts in the field will be tapped through this mode and students would thus gain valuable exposure and knowledge in the process.
- Create an online resource base specific to the specialization of the Centre. The resource base would draw upon, not just the resources available globally on Eurasian studies but would also include the Centre's own contribution in the field through time bound quality publication of articles, books, monographs and commentaries.
- Introduce New Courses in the Field in alignment with the overall foreign policy vision of the country. India's approach to the Eurasian region and to the individual countries in the region will be an important component of the new courses. The idea clearly is to be pioneers in the field through credible research and publications.
- To introduce specialised courses in areas such as: Energy Security, Gender studies, Environment, Migration and Demographic issues, with special focus on the Eurasian region.
- Ensure high standard publication showcasing the original contribution of the Centre in the field of Eurasian Studies through primary data generated from extensive field studies.

Students Awarded Degrees (SLL&CS)

School of Language, Literature and Culture Studies (SLL&CS)

Established in 1969, it is one of the founding blocks of the University, the School of Language, Literature and Culture Studies (SLL&CS). It is one of the premier institutions in the country in the field of learning languages and pursuing higher studies and research in linguistics, literatures in various languages, and culture studies. Its global reputation has earned it place as one of the five degree-awarding partners of the prestigious Erasmus Mundus Joint Doctorate in “Cultural Studies in Literary Interzones” of the European Union, and one of its constituents, the Centre for English Studies, has been repeatedly adjudged as one of the top 100 departments of literary studies in the world. Furthermore, all the Centres of the School, and the School itself, have active international collaborations with leading universities of the world through AoC-s and MoU-s. SLL&CS has twelve centres: Centre of Arabic and African Studies (CAAS), Centre for Chinese and South-East Asian Studies (CCSEAS), Centre for English Studies (CES), Centre for French and Francophone Studies (CFFS), Centre of German Studies (CGS), Centre of Indian Languages (CIL), Centre for Japanese Studies (CJS), Centre for Korean Studies (CKS), Centre for Linguistics (CL), Centre of Persian and Central Asian Studies (CPCAS), Centre of Russian Studies (CRS), and Centre of Spanish, Portuguese, Italian and Latin American Studies (CSPILAS). Besides, the School also has a well-equipped Language Lab and Multimedia Complex (LLC). The different units of the School offer a variety of programmes in diverse subjects. There are Certificate, Diploma, and Advanced Diploma of Proficiency programmes in foreign languages like Bahasa Indonesia, Italian (currently not on offer), Mongolian, Portuguese and Pushtu, and also in Urdu language and Mass Media in Urdu. The School offers BA (Hons.), MA and MPhil/PhD programmes in foreign languages like Arabic, Chinese, French, German, Japanese, Korean, Persian, Russian and Spanish. The School also offers MA and MPhil/PhD programmes in English, Hindi and Urdu literature, and in Linguistics. Apart from these, SLL&CS offers MPhil in Portuguese, and MPhil/PhD in Hindi Translation, and in Tamil. Besides, the School also offers optional courses in Greek, Hebrew and Turkish languages. Over and above these existing programmes, the School has a Kannada Chair, and currently vacant professorial positions in Bengali, Assamese and Marathi, and there are concrete developments towards establishing a Chair of Odiya. Besides these formal programmes, a variety of Tool/Optional courses are offered within the School, which promote interdisciplinarity. The School also is at the spearhead of the highly successful Remedial Course in English under the Linguistic Empowerment Cell to all students of the University who need to increase their competence in the language for academic purposes. Besides teaching and research activities, the School also publishes its own journal, Journal of the School of Languages (JSL), which started publication in the seventies and has over the years published significant research on literatures, languages, culture studies, comparative studies, and translation that cut across language boundaries. Besides, some constituent units of the School have their own publications, like the CRS has its journal Critic, and the CSPILAS has its journal Hispanic Horizon. SLL&CS produces the very best scholars in the fields of language teaching, linguistics, literature and culture studies, as well as internationally acclaimed translators and interpreters. Members of the School, while providing directions and visions to their respective Centres and the School in general, have also distinguished themselves nationally and internationally by the quality and range of their individual research, publications and other achievements.

Future Plans

Centre for English Studies

- The Centre tried to carry out all its academic activities in spite of the pandemic and the lockdown, but in realizing how unprepared it was for the same, its future plans include investing more on online teaching learning resources, to be able to excel even more in the future, with the changing circumstances

Centre for French and Francophone Studies

- To develop further the sub-Saharan francophone component in the courses offered at Postgraduate level.
- To develop courses on subtitling & dubbing in films.
- To promote interdisciplinary research at M. Phil/Ph. D level.
- To promote interdisciplinary research in collaboration with other departments in the University and outside.
- To develop a translation database in collaboration with the end users.
- To promote intercultural studies.
- To develop courses related to Indic studies in French and Francophone countries.

Centre for Japanese Studies

- Upgradation and development of new courses.
- Introduction of online courses.
- Introduction of course on Business Japanese.
- Introduction of new courses on Japanese Culture, History, Society, Soft culture diplomacy, Indo-Japan relations etc.

Centre for Persian and Central Asian Studies

- Course in Uzbek Language will be introduced.

Centre for Russian Studies

- To start Certificate course in Russian (Online) from academic year 2021 – 2022.
- To undertake collaborative projects like Webinars/ Workshops/ Conference under MoU with Universities in the CIS countries.
- To prepare online modules on various aspects of Russian Language, Literature, Translation and Culture Studies.
- To invite writers, experts from different fields like Folklore, Culture, Films, Theatre, Media studies, etc. for lectures, interactions with the university community.
- To take steps to start Certificate courses in Polish, Serbian, Bulgarian, Hungarian and Lithuanian. For this purpose respective Embassies may be contacted for necessary assistance.
- To establish contact with various foreign Institutes/Universities for advance skill development in Simultaneous and Consecutive Interpretation for Faculty and Scholars.

Students Awarded Degrees (SLS)

School of Life Sciences (SLS)

During this reporting period, the country was largely on a lockdown due to the Covid-19 pandemic. This did not allow us to have physical interactions and also slowed down many activities. Despite it, the academic program has run very well and was in accordance with the university calendar. The School has made substantial all-round progress in teaching and research. This year 32 of our students obtained Ph.D. degree while 11 of them have submitted their theses and are awaiting their viva-voce examinations. In the year 2020, we had 32 new students registered for MSc and 26 for PhD programmes. The students and faculty members of the School published 117 papers in peer-reviewed journals, in addition to book chapters and books. Currently, the faculty of the School have 44 ongoing projects from various funding agencies. It has funding under the FIST II and CAS (DRS-I) programmes of DST and UGC, respectively, and have acquired new equipment for its Central Instruments Facility.

The Ph.D. programme of the School has five research groups (Table below) for admission of Ph.D. students, which help attract talented students and funding to the School.

Research Group	Group Name	Topics (For a detailed list, see SLS website www.jnu.ac.in/sls)
I GONH	Plant Biology; Virology; Biotechnology	Biology of Plant-virus Interactions; Genetic and epigenetic regulation of plant immune response; Functional Genomics and Metabolomics of Abiotic stress in Crop Plants; Plant molecular biology and fungal genetics; Plant developmental biology; Genetics and genomics of <i>Capsicum</i> sp.
II GTWH	Microbiology; Immunology; Infectology, Radiation and Cancer Biology	Carcinogenesis, Cancer Chemoprevention and Therapeutics; Yeast Molecular and Cell Biology; Microbiology; Cellular and Cancer Biology; Cellular and molecular immunology; Yeast Molecular Genetics in <i>S. cerevisiae</i> and the pathogenic fungus <i>Candida albicans</i> ; Radiation and Cancer therapeutics; Cell and molecular biology of the malaria parasite, <i>Plasmodium falciparum</i> ; Transcriptomics of vascular syndromes in diabetes and atherosclerosis
III GTRH	Genetics; Cell & Molecular Biology; Developmental Biology	Non-coding RNA, Stem Cells; Chromatin, transcription and Gene Regulation; Developmental biology with emphasis on autophagy in <i>Dictyostelium</i> ; Epigenetics and Chromatin Remodeling
IV GFOH	Animal Physiology; Neurosciences and Systems Biology	Neurobiology of Sleep-Waking-REM Sleep; Brain Ageing and its counter strategies; Sleep, Learning and Memory; Neurodegenerative disorders
V GFIH	Biochemistry; Biophysics; Bioinformatics; Nanobiology	Structural and Molecular Biology; Structural and Parasite Biology; Biochemistry of GPI biosynthesis; Biophysics, Nanobiotechnology; Biochemistry

The School is continuously trying to further strengthen its teaching and research activities along these five research groups. As part of our regular feature, the School would revise the curriculum and courses for M.Sc. and Ph.D. programmes.

Profile of the School

The School of Life Sciences (SLS) came into existence during 1970-71, and has been a premier department in the country undertaking inter-disciplinary research and teaching in Life Sciences.

The School has been reaching out to all parts of the country to pick students and has tried all possible methods of communication with the students including class-room interactions, examinations, quizzes, seminar presentations, reading and summarizing of research papers, undertaking original research projects and conceptualizing and convening of conference on current topics in the field etc., in order to ensure maximal reception of information by the students. In

the recent past the teaching and communication is in an “Online” mode. The student-teacher interactions, classes, presentations, meetings etc has been successfully conducted in this mode. The students have also taken examinations (quiz/assignments, mid-term and end-term) in this mode. Needless to say, there was no compromise in teaching and course content. With the main focus on **CELL AND MOLECULAR BIOLOGY**, SLS has built reputed research programmes in the areas specified in the Table above, employing microbes, plants and animals as model systems for these studies.

Faculty-wise list of specific research areas

S No	Name of the Faculty	Specialization
1.	Dr. Abhisheka Bansal	Molecular Parasitology
2.	Prof. Ajay K. Saxena	Macromolecular crystallography on human disease related proteins, Rational structure-based Drug Design and Vaccine Development
3.	Prof. Alok K. Mondal	Yeast Molecular and Cell Biology
4.	Dr. Amal C. Mondal	Alzheimer’s Disease, Parkinson’s Disease, Depression and its molecular mechanism
5.	Prof. Ananda K. Sarkar	Plant developmental biology
6.	Prof. Arun S. Kharat	Microbiology, Applied Microbiology/ Biotechnology/ Antimicrobial Agents/ Medicinal Plants
7.	Prof. Ashis K. Nandi	Molecular Plant Physiology, Plant pathogen interaction, systemic acquired resistance in plants
8.	Dr. Ashu Bhan Tiku	Radiation and Cancer Therapeutics
9.	Prof. Ashwani Pareek	Crop biotechnology, Functional genomics of abiotic stresses.
10.	Prof. Atul K. Johri	Vaccine development for Group B Streptococcus and other infectious agents using reverse vaccinology approach
11.	Prof. Birender Nath Mallick	Neural regulation and function of REM Sleep
12.	Prof. Deepak Sharma	Brain ageing and Mechanism of Action of Anti-ageing Drug in Rats
13.	Prof. K. Natarajan	Transcription, chromatin and gene regulation, Nutrient stress regulation of <i>Candida albicans</i> pathogenesis, skin biology and melanogenesis
14.	Dr. Karunakar Kar	Protein aggregation and prevention by selected natural compounds and engineered nanoformulations. Development of novel biomaterials for biomedical applications.
15.	Dr. Neelima Mondal	Regulation of p53 and related genes in cancer cells. Effect of synthetic compounds/drugs/phytochemicals on cell cycle regulation of cancerous and non-cancerous cells. How to overcome tamoxifen resistance in breast cancer cells?
16.	Dr. Nirala Ramchiary	Genetics and Genomics of Capsicum species
17.	Dr. Niti Puri	Molecular Mechanisms of Regulated Exocytosis from Mast Cells; Intracellular Protein Traffic in Immune Cells
18.	Prof. Pramod C. Rath	Genomic Biology of Repetitive DNA and Noncoding RNAs, Cytokines, Transcription Factors, Cell signaling and Disease; Mesenchymal Stem Cells from Bone Marrow and Regenerative Medicine; Molecular Aging
19.	Prof. Praveen K Verma	Plant molecular biology and fungal genetics
20.	Prof. Rana P. Singh	Modulatory Effects of Phytochemicals on Carcinogenesis and Genotoxicity in mammalian cell culture and Mouse Models, Tumor Angiogenesis
21.	Dr. Rohini Muthuswami	Chromatin Remodeling, Epigenetics
22.	Prof. Samudrala Gourinath	Structural and functional studies of crucial pathway proteins from gastric infection organisms (<i>E. histolytica</i> and <i>H. pylori</i>).
23.	Prof. Shweta Saran	Developmental programmed cell death in <i>Dictyostelium discoideum</i> with emphasis on starvation-induced autophagy.
24.	Dr. Sneha Lata Panwar	Role of mitochondria and GPCR-like proteins in <i>Candida albicans</i>
25.	Prof. Sneha S. Komath	GPI anchor structure and biosynthesis, regulation and function in <i>Candida albicans</i>

26.	Prof. Supriya Chakraborty	Molecular Biology of Plant viruses, host-virus interaction, Gene silencing
27.	Dr. Sushil K. Jha	Neurophysiology of Sleep, Learning and Memory
28.	Dr. Vikas Yadav	Cell and Molecular Biology; Nuclear Receptors and Transcriptional Regulations of Metabolic Vascular Syndrome
1.	Prof. R. Madhubala, Dr. A.S. Paintal Distinguished Scientist Chair of ICMR	Cellular and Molecular Biology of <i>Plasmodium falciparum</i> , <i>Leishmania</i> , Cancer: Drug Targets and Applications
2.	Prof. B.C. Tripathy, UGC BSR Fellow	Chloroplast Biogenesis; Biochemistry and Molecular Biology of Plant Pigments. Protein Targeting into Chloroplasts, Photodynamic Herbicides, Root-Shoot Interaction in Greening Process.

Accomplishments of Students: (03)

- **Surendra Kumar Anand**, Presented an oral presentation entitled “Modulation of neural cell proliferation in the brain of adult zebrafish after injury and paraquat exposure” at the "Virtual event of 2020 World Neuroscience and Psychiatry Conference (2020WNPC)", 19 – 20 March, 2021
- **Malavika M.**, Best poster presentation award (Second Prize) at the National e-conference on "Plant Health and Food Security: Challenges and Opportunities" organized by the Indian Phytopathological Society held at ICAR-IARI, New Delhi, 25 – 27 March, 2021
- **Agasti S.**, and Puri N., Oral presentation, abstract [ICIBLS/AB/245] on “Regulation of inflammatory mediator release by mast cells during allergic response by dynamic phosphorylation of *t*-SNARE SNAP-23”, in international conference on “Innovations in Biotechnology and Life Sciences (ICIBLS 2020)” organized by Department of Biotechnology, Delhi Technological University, 18 – 20 December, 2020

Conferences Organized: (02)

- **Singh Rana P.**, 14th International symposium on “Cancer Prevention and Therapeutics”, Jawaharlal Nehru University, New Delhi, India, 16 – 17 March, 2021
- **Kharat Arun S.**, Under Science Popularization project, conducted webinars for Senior Secondary School students, teachers and parents. Topics covered: 1. Wonders of Science. 2. Why choose Research as a Career? 3. Covid-19 Scenario in India and global comparison. Programs were organized for various schools in Delhi, Rajasthan, Himachal Pradesh and a few colleges in Maharashtra.

Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME)

Management education plays a key role in most of the systems and institutions, whether related to education, health, hospitality, or manufacturing. In the fast-moving and technology-driven world of today, even religious and family affairs need management consultation on various occasions. However, to meet the existing and emerging challenges, management education has to be designed innovatively and in consonance with the dynamics of the field. At present, most of the management schools are either standalone educational institutions or are a part of a university system.

A management institute based in a university like JNU has the advantage of offering a more comprehensive understanding of management and entrepreneurial principles. The Atal Bihari Vajpayee School of Management and Entrepreneurship (ABVSME) is a new school (center) in JNU. Today when our nation is putting every effort to empower its youth, management skills and entrepreneurship assume immense significance. ABVSME aims to carve out a niche for itself and provide opportunities to our youth to get quality education and training in the field of management and entrepreneurship. A few factors are likely to contribute to the success of ABVSME. JNU has strong national and international credentials and an enviable brand image; it has also earned its reputation for its multidisciplinary tradition of teaching and research. The addition of ABVSME to its existing schools will further enhance its image as a center of excellence. JNU is located close to the industry in Delhi and the NCR. This locational advantage would facilitate its placement programme.

ABVSME began its journey in 2018, and in July 2019 the first batch of Master of Business Administration (MBA) students joined the School. The teachers and the students have made their unique contribution to this first step of ABVSME, and the School's foundation has been soundly built. The School has now welcomed its second batch of MBA as well as the first batch of PhD students for the year 2020-2021.

The following are the various academic programmes of the School:

Existing Programmes

- Master of Business Administration (MBA)
- Ph.D. in Business Administration

Proposed Programmes

- Diploma in Entrepreneurship

Other Programme

- Management Development Programme (MDP)
- Faculty Development Programme (FDP)
- Quality Improvement Programmes (QIP)

Pedagogy

- Computational Thinking
- Structured lectures and teaching, with high modern methodology
- Guest lectures by the master in the field
- Panel discussions involving eminent academics and industry leaders
- Workshops & seminars
- Case studies & hands-on training sessions
- Project assignments
- Role playing
- Business games

- Industry visits

Future Plans

Industry Interface

A paradigm shift that is now underway seeks to promote new patterns of collaboration among industry consortia and university. At ABVSME we would like to bridge the gap between business school and industry. With the competent faculty we would be able to remove barriers for the interaction and the possible conditions for sustainable interaction from both academic and industry perspectives.

Global Collaboration

The changing global landscape of management education indicates that the future will demand much more if business schools are to support development goals, increase access to management education, develop more innovative curricula, share in the development of instructional resources and monitor and project the emerging needs of business organizations. At ABVSME we wish to weave the core tenets of collaboration and innovation, facilitated through a quality-focused program and strategy.

The workshop was coordinated by Dr. Priya Gupta. The objective of this workshop was for the students to gain needed skills to analyze real time data and build dashboards.
 - ABVSME organized a day’s workshop on “Data Visualization, Machine Learning and Data Mining using Orange an open-source toolkit” on 13 March 2021 by Dr. Ajay Chauhan, Founder and Chief Consultant at Research Siksha. The workshop was coordinated by Dr. Priya Gupta for the students to gain insight on another useful machine learning tool using GUI.

Accomplishment of Students

The following are the achievements of the students of ABVSME:

- Amrit Mahopatra of ABVSME, JNU published an article as a “Special Mention” on “Start-Up Funding: The Emergence of Venture Debt Funds” in Arbitrage Magazine, February’ 21 Edition, published by FI Club, Indian Institute of Management, Rohtak. Awarded, 10 March, 2021

Patents: (02)

- **Sijariya Rajeev**, Patent no. 2020102990 (Australian Government) Title of the invention: IPBE-Detect Quality of works: Intelligent process to detect employee's quality of works and notify it to authorities. Terms of Patent: eight years from 23 October, 2020.
- **Sijariya Rajeev**, Patent no. 2020103210 (Australian Government) Title of the invention: CTAO-Education Monitoring: IoT based Education monitoring for checking the class Teacher Available in a class and notes available on-line Notified Terms of Patent: eight years from 4 November, 2020.

Students Awarded Degrees (SPS)

School of Physical Sciences (SPS)

The School of Physical Sciences (SPS) is one of the leading departments in India both in terms of teaching and research. SPS has three major branches of science (Physics, Chemistry and Mathematics) in the same department and this provides a natural habitat for collaborative research in interdisciplinary areas. SPS offers Ph.D. and M.Sc. degree programs in all the three disciplines (Physics, Chemistry and Mathematics). Very recently, the school has started M.Sc. program in Chemistry (in 2017) and Mathematics (in 2019). Since the inception of School of Engineering, the faculty of SPS has been teaching the basic (theory and laboratory) courses in Physics, Chemistry and Mathematics in the B. Tech program of the School of Engineering. Most of the laboratories are well equipped with state-of-the-art research instruments. The school has state of the art computing facilities and well-equipped laboratories for Physics and Chemistry. SPS has a well-established Library with good collection of books and journals in all the three subjects. In M.Sc. programs, SPS offers traditional core courses in each subject, in addition, focus is given to offer specialized courses to students as elective courses to enrich their knowledge in specific domains. SPS offers well-designed M.Sc. laboratory courses including the traditional and modern experiments. In terms of research, SPS is one of the leading Schools where the faculties have made noteworthy contributions to the traditional disciplines of Physics, Chemistry and Mathematics, as well as to the areas at the interface of these subjects.

The faculty of SPS continues to publish research papers in reputed journals and present their work in both national and international conferences and seminars. The faculty and students regularly publish research papers in top international journals and their publications have received extensive citations in the scientific literature. During the past year, **89** peer reviewed research papers, **13** chapters in books, **19** conference proceedings, **01** patent and **02** popular level articles were published by SPS faculty and students.

The research emphasis of the Physics group has been on topics in Condensed Matter Physics, Chemical Physics, Disordered Systems, High Energy Physics, Mathematical Physics, Laser Physics, Neutrino Physics, Non-equilibrium Statistical Mechanics, Nonlinear Dynamics, Statistical Biophysics, Quantum Chaos and String Theory. Active research is also being carried out in the areas of Complex Fluids, Superconductivity, Magnetism, Semiconductors, Spintronic Materials, Thermoelectrics, Photovoltaics, Plasma Astrophysics, Quantum Optics, Quantum Information Science, Mesoscopic Systems, Polymers, Bio and Nano Materials, Thin Films, Quantum Dots, Strongly Correlated and Frustrated systems, Topological Materials, High entropy alloys, Magnetocaloric Materials and Materials for Nuclear energy applications.

The Chemistry group is active in the areas of Synthetic Organic Chemistry, Inorganic Chemistry, Physical Chemistry Especially Supramolecular Chemistry, Glycochemistry, Crystal Engineering, Ultrafast Spectroscopy, Materials Chemistry, Biophysical Chemistry, Bio-inorganic, Bio-organic Chemistry, Medicinal Chemistry, Peptide Chemistry and Structure Based Drug Design.

The Mathematics group has been working in Number Theory (Algebraic and Analytic), Elliptic Curves, Ergodic Theory and Dynamical Systems, Probabilities on Groups and Operator Algebras.

The research and teaching contributions of SPS have been recognized and acknowledged. Many of the faculty members are invited as speakers/chairs of sessions at conferences, both at national and international levels. Many of our students have gone on to become faculty and scientists in leading institutions and laboratories within India and abroad. The faculty and students regularly publish research articles in top international journals and their publications have received extensive citations in the scientific literature. Some faculty members have received prestigious awards and been elected fellows of reputed scientific academies. A large number of eminent researchers across the country and world have visited the SPS and delivered many talks in concurrent subject areas of Physics, Chemistry and Mathematics.

In recognition of the excellence in the teaching and research program at SPS, the UGC has been continuously supporting SPS since 1994 through various schemes such as DRS-COSIST and DSA. Apart from the UGC support, SPS has also received major funding from the DST under the FIST program in 2002, 2007 and 2013 which has been successfully implemented and completed. It is also worth mentioning that SPS faculty members have attracted considerable individual support through research projects from IFCPAR-CEFIPRA, CSIR, DST, DBT, NBHM (DAE), UGC, etc. SPS has received large amount of research funds from various funding agencies at national and international level.

New Courses

- **Makhal, K.**, introduced a regular course on “Group theory and its application in Chemistry” (Credit : 03) for M.Sc. (third semester) students in Chemistry.
- **Munde, M.**, introduced a regular course on “Physical Chemistry I” (Credit : 03) for M.Sc. Chemistry.
- **Munde, M.**, introduced a regular course on “Physical Chemistry II” (Credit : 03) for M.Sc. Chemistry.
- **Sasmal P. K.**, introduced an elective course on “Medicinal Inorganic Chemistry” (Credit : 03) for M.Sc. and Pre-Ph.D students in chemistry, biochemistry and biotechnology.

Conferences organized by the School/Centre

- **Webinar on Material Science, Technology and Society (MSTS) 8 – 9 May, 2020:**
SPS, Jawaharlal Nehru University organized a two-day meeting focused on Material Science Technology and Society. The Vice Chancellor, Prof. M. Jagadesh Kumar inaugurated the webinar. The external speakers included Prof. R. P. Sharma (IIT Delhi), Dr. Rajendra S. Dhaka (DU), Dr. Prasanna Kumar Sahoo (IIT Kharagpur). From SPS, Prof. Sanjay Puri, Prof. Satyabrata Patnaik, Prof. Subhasis Ghosh, and Dr. Pritam Mukhopadhyay delivered talks on various contemporary and challenging problems related to the theme of the webinar. The Meeting was organized by Prof. Kedar Singh and Dr. Rabindra Nath Mahato of the School.
- **Webinar on Nanoscience and Nanotechnology in the present scenario, 9 – 10 June, 2020:**
SPS and SCNS, Jawaharlal Nehru University organized a two-day meeting focused on Nanoscience and Nanotechnology in the present scenario. The Vice Chancellor, Prof. M. Jagadesh Kumar inaugurated the webinar and Prof. Kedar Singh delivered the welcome address. The external speakers included Prof. Sameer Sapra (IIT Delhi), Dr. Dillip Panda (Clemson, USA), Dr. Jasleen Kaur (NIST, USA), Dr. Praveen Kumar (IISc), Dr. Pankaj Poddar (NCL), Dr. P. C. Mondal (IIT Kanpur), Dr. Ashish Kumar Mishra (IIT BHU), Dr. Kuldeep Singh (CSIR, CECRI) and Dr. Manoj Gupta (CSIR Bhopal). From SCNS, Prof. Bijoy Kuanr and Dr. Pratima Solanki and from SPS, Dr. Pijus Sasmal delivered talks on various contemporary and challenging problems related to the theme of the webinar. The Meeting was organized jointly by Dr. Vinod Kumar of SCNS and Dr. Rabindra Nath Mahato of the School.
- **Webinar on National Mathematics Day, 22 December, 2020:**
SPS and SCIS, Jawaharlal Nehru University organized a meeting to celebrate National Mathematics day on the occasion of Ramanujan’s birthday. The Vice Chancellor, Prof. M. Jagadesh Kumar inaugurated the webinar and Rector III, Prof. Rana Pratap Singh delivered the welcome address. Prof. Kedar Singh spoke about the conference in the inaugural session and Dr. Gajendra Pratap Singh delivered the vote of thanks. The external keynote speakers were Prof. Shyam Lal (BHU) and Dr. Raj Vedam (Indian History Awareness and Research). The other speakers who delivered talks on various contemporary and challenging problems related to the theme of the webinar were Dr. Atul Kothari (National Secretary, Shiksha Sanskriti Utthan Nyas), Prof. H.S. Dhami (Kumaun University), Prof. Mukti Acharya (Christ University), Dr. Deepa Sinha (SAU), Shri Rakesh Bhatia (Shiksha Sanskriti Utthan Nyas) and Prof. Tarkeshwar Singh (BITS Pilani). The Meeting was organized jointly by Prof. Binod Kumar Kanaujia and Dr. Gajendra Pratap Singh of SCIS and Prof. Kedar Singh of the School.
- **Webinar on International Women’s Day, 8 March, 2021:**
SPS, Jawaharlal Nehru University organized a webinar to celebrate International Women’s Day with the focal theme of this year being “Choose to Challenge”, on 8 March, 2021. Prof. Kedar Singh inaugurated the webinar and Prof. Ram Sagar delivered the welcome address. Prof. Kedar Singh spoke about the conference in the inaugural session. Dr. Shilpi Agarwal introduced the eminent speakers and Dr. Poonam Mehta delivered the vote of thanks. The keynote speakers were Prof. Sharada Srinivasan (Padma Shree awardee in 2019, NIAS, Bengaluru) and Dr. Anita Aggarwal (Scientist E, Department of Science and Technology). Prof. Sharada Srinivasan delivered a talk with a special mention of her personal journey. Dr. Anita Aggarwal discussed the issues faced by women in science and comprehensively talked about various DST schemes in this regard. The lectures were thought provoking, lively and led to interesting deliberations. The webinar was organized by Dr. Shilpi Agarwal of the School.

- **Webinar on National Education Policy 2020 : opportunities in Research and Innovation, 8 March, 2021:** SPS, Jawaharlal Nehru University organized a webinar to discuss the National Education Policy 2020: opportunities in Research and Innovation on 31 March, 2021. The Vice Chancellor of JNU, Prof. M. Jagadesh Kumar inaugurated the webinar and Dr. Kedar Singh gave the welcome address. Dr. Ram Prasad Prajapati spoke on the theme of the meeting in the inaugural session and Dr. Pawan Kumar Kulriya gave the vote of thanks. The keynote speaker was Shri Atul Kothari (National Secretary, Shiksha Sanskriti Utthan Nyas). Dr. Sandeep Verma delivered his speech as the chief guest of the program. The other speakers were Prof. T. V. Kattimani (Vice Chancellor, CTU, Andhra Pradesh) and Prof. Nageshwar Rao (Vice Chancellor, IGNOU). The webinar was organized by Dr. Ram Prasad Prajapati and Dr. Pawan Kumar Kulriya of the School.

Accomplishment of Students:

Research students in SPS have been actively involved in the teaching and learning program of the school. The students are engaged as Teaching Assistants for various courses which helps them strengthen their base. The students are encouraged to participate in the schools/conferences/workshops which are relevant in their respective areas of study both at national and international levels. Some of the students have received fellowships/grants for participating in schools/conferences/workshops. Additionally, our students have been selected for postdoctoral and regular positions at some of the reputed institutions both in the country and abroad. The details under each category are given below:

Schools/Conferences/Workshops/Seminars attended by the Students:

- **Arpit Bansal**, Participated in the Annual Conference of the Ramanujan Mathematical Society, 28 – 30 December, 2020, Online.
- **Arpit Bansal**, Delivered a talk at POINT (People Online In Number Theory): New Developments in Number Theory, 1 February, 2021, Online.
- **Arpit Bansal**, Participated in the “Indian Women and Mathematics Annual Conference”, 27 – 28 March, 2021, Online.
- **Debamita Chatterjee**, Participated in Virtual Math Fest 2020, 20 – 26 July, 2020, Online.
- **Debamita Chatterjee**, Participated in the “Indian Women and Mathematics Annual Conference”, 27 – 28 March, 2021, Online.
- **Debamita Chatterjee**, Participated in the 35th Annual conference of Ramanujan Mathematical Society, 28 – 30 December, 2020
- **Manoj Prajapati**, Presented paper on “Expansive actions of automorphisms of locally compact groups G on $\text{Sub}G$ ” at the Virtual Math Fest 2020, 20-26 July, 2020, Online.
- **Manoj Prajapati**, Presented paper entitled “Expansive actions of automorphisms of locally compact groups on related compact spaces”, at the Annual Conference of the Ramanujan Mathematical Society, 28 – 30 December, 2020, Online.
- **Deepika Sharma**, Participated in “Virtual Math Fest 2020”, 20 – 26 July, 2020, Online.
- **Deepika Sharma**, Participated in the “Indian Women and Mathematics Annual Conference”, 27 – 28 March, 2021, Online.
- **Deepika Sharma**, Participated in the workshop on Harmonic Analysis organized by the National Centre for Mathematics, 7 – 12 December, 2020
- **Deepika Sharma**, Participated in the 35th Annual conference of Ramanujan Mathematical Society, 28 – 30 December, 2020.
- **Sheeba Shafaq**, Presented an oral talk on “Enhanced violation of Leggett-Garg Inequality in three flavour neutrino oscillations via non-standard interactions”, work with P. Mehta in the Online XXIV DAE-BRNS Symposium on high energy physics, 14 – 18 December, 2020
- **Sheeba Shafaq**, Presented a parallel flash talk on “Enhanced violation of Leggett-Garg Inequality in three flavour neutrino oscillations via non-standard interactions”, work with P. Mehta in the Online XIX International Workshop on Neutrino Telescopes, 18 – 26 February, 2021

Awards/Travel Fellowships received by students/postdocs:

- **Soumya Aggarwal**, Ph.D. student of Dr. Manoj Munde, received BEST ORAL PRESENTATION in “Biophysika-5: Virtual Symposium on Biophysics”, organized by CIRBSc, Jamia Millia Islamia, New Delhi, held virtually, 23 February, 2021
- **Deepika Sardana**, Ph.D. student of Dr. Sobhan Sen, received BEST POSTER PRIZE in “Biophysika-5: Virtual Symposium on Biophysics” organized by organized by CIRBSc, Jamia Millia Islamia, New Delhi, held virtually, 23 February, 2021
- **Deepika Sardana**, Ph.D. student of Dr. Sobhan Sen, received BEST POSTER PRIZE at “International Conference on Chemical and Environmental Sciences”, organized by Institute of Engineering & Management, Kolkata, 18 – 20 December, 2020.
- **Deepika Sardana**, Ph.D. student of Dr. Sobhan Sen, received ACS OUTSTANDING POSTER PRIZE at “NSCoS-2020: First National Students’ Conference on Spectroscopy; Virtual Conference”, organized by Guru Nanak Dev University and Chemical Research Society of India, 16 – 17 October, 2020

Future Plans:

The unique coexistence of three major science streams in SPS has facilitated collaborative and interdisciplinary research programs in the School. The primary focus would be to attract (both collective and individual-centric) research grants in interdisciplinary areas of science that resonate with the priority areas advertised by the funding agencies of the Government of India. After the successful implementation and completion of the FIST grant from DST, SPS will be applying for the next phase under FIST. SPS had requested for an extension of UGC-DSA for a period of one year.

Several new colleagues have joined SPS during the past year. The immediate requirement would be expansion in terms of space and infrastructure. This will facilitate faculty to host multiple research grants in their respective areas of expertise. In order to strengthen the existing academic programs (such as PhD and MSc in all the three branches of science at SPS), the main focus would also be to enrich the M.Sc. laboratories where students learn by performing experiments. The SPS has recently started M.Sc. programs in Chemistry and Mathematics, and we would like to expand those programs as well.

To keep the students engaged and motivated, more emphasis will be laid on organizing focused Online Webinar Series in addition to Conferences and regular seminars on specialized topics and invite eminent speakers to deliver the lectures.

School of Sanskrit and Indic Studies (SS&IS)

The School of Sanskrit and Indic Studies (संस्कृत एवं प्राच्य विद्याअध्ययन संस्थान) was created by upgrading the Special Centre for Sanskrit Studies to a full-fledged school on 18 December 2017. The earlier special centre was set up in 2001 with the following goals -

- Negotiate between, and bring together, through interactive projects, the traditional scholars/scholarship and the mainstream university scholars/scholarship
- Undertake maintenance and preservation of heritage texts and manuscripts
- Constitute and expound theoretical framework from the primary intellectual texts of the Sanskrit tradition, and
- Extend and validate the classical theories by applying them both to contemporary Indian reality (modern Indian languages, literature, etc.) and to contemporary European Languages and literature (to reverse the existing data-theory relationship between the Indian academy and the Western academy and to recover theory status for the Indian thought),
- Undertake comparative research in Indian and Western traditions of thought in linguistics, literary and cultural theory, philosophy including philosophy of language, metrics and prosody, sociological thought, polity, gender, and ethnic studies and culture.

The School of Sanskrit and Indic Studies (SSIS) currently has M.A., M.Phil., Ph.D. programs and five Certificate of Proficiency (CoP) courses in Sanskrit, Pali, Sanskrit Computational Linguistics, Yoga Philosophy and Vedic Culture. The school is planning to start several new courses and programs soon.

Centre for Philosophy

The Centre for Philosophy has been growing since the time we started our M.A. programme in 2013. In 2018-2019 we received the sixth batch of M.A. students. The Centre has already been effectively running its M.Phil/Ph.D. research programs since 2005-06. We have been able to consolidate our teaching program further by adding more optional courses for the students to choose from and thereby enabling them to build up specialization in the area of study of their choice. The programs of the Study have been so designed that they focus on engaging with problems and concerns of philosophy cutting across traditional and narrow disciplinary boundaries. There is a special emphasis on the methodological interface for generating new knowledge whether basic or applied. Besides Metaphysics, Epistemology, Ethics and Logic, we have introduced courses on Culture and Multiculturalism, Justice, Philosophy of Mind, Philosophy of Language, Philosophy of Social Sciences, Phenomenology, Social & Political Philosophy, Cognitive Science and Contemporary Indian Philosophy. We have had several visiting faculties in the Centre, who have contributed immensely to the academic activities of the Centre. In the last academic session, there were many foreign scholars who visited the centre. The Centre had one visiting professor and one guest faculty in the last year.

In the last academic year, the centre has organized a large number of talks by renowned scholars of both national and international repute. The Centre has been endeavoring to promote teaching and research in philosophy with its distinct position as a foundational discipline keeping a close connection with other disciplines in the Humanities and the Social Sciences.

Centre for Economic Studies and Planning

CESP has been a premier centre for teaching and research in Economics in India since its inception in 1973. Its drive for excellence has been based on a conscious aim of providing an objective environment for education and research in the subject, straddling all major intellectual traditions. The Centre actively encourages critical and independent thinking, respect for facts, and logic. These have been combined with recognition of the need to adopt a constructive approach to the development of the subject within each tradition, the need to represent alternative traditions in a faithful manner, and the need to be useful to society. There is continuous effort to combine theory, history, quantitative methods and field study, in the curricula.

The Centre's faculty actively engages in research both in the realms of abstract economic theory, development, and socio-economic history, and the formulation, evaluation and criticism of economic policy. Over the last four and half decades, the efforts of the faculty have been honoured with awards and recognition both from within the academic community and outside, in India and abroad. Yet the most eloquent testimonial to their efforts has been provided by the Centre's alumni, who have, by any yardstick of collective achievement, made meaningful and valuable contributions as part of a wide range of professions. Whether as members of faculty in some of the best known academic and research institutions in the country and abroad, as members of the administrative services and public sector organisations, as officers and economists in the financial and banking sector including the country's central bank and the World Bank, or as members of private sector organisations including research organisations and the media, and as leaders in the country's politics, our alumni continue to serve society at large, and provide the Centre with the motivation to build on its past achievements and scale even greater heights in the future.

New Courses

Centre of Social Medicine and Community Health

The Centre of Social Medicine and Community Health had an academically successful year. The process for restructuring of courses has made considerable progress. All faculty members have published in leading international and national journals. Their papers have been accepted in prestigious peer reviewed conferences. Several faculty members have lectured extensively outside the University. Besides the regular teaching and research activities, collaborative academic activities and research projects were undertaken by the faculty members. Several distinguished

scholars contributed to the Centre's activities and several students' publications appeared in journals and books. The Centre's Documentation Unit was upgraded, with substantial addition of books and automation.

Centre for Studies in Science Policy

- The Centre is in the process of setting up a ‘South Asia Hub on Frugal Innovation Research’, in collaboration with the Centre for Frugal Innovation in Africa (CFIA), and Erasmus-Leiden Delft Universities in the Netherland.
- The collaborative research in the areas of Responsible Research and Innovation (RRI) Framework, Sustainability Studies, UN Agenda 2030 (Sustainable Development Goals), has been given priority to align with the international research agendas.
- The Centre is planning to establish an Infographics Laboratory to promote information visualization and research data analytics; and also, to undertake advanced research in the areas of scientometrics, altmetrics, and new age research evaluation metrics. This Infographics Laboratory will be very unique within the Indian higher educational institutions. We are also very keen to collaborate with research institutions and research networks in the Global South to make use of this Lab for preparing various reports. The scientometric and altmetric studies will also be undertaken to measure national and regional progress in different branches of STEM (science, technology, engineering and mathematics) subjects as these are the foundations of the industrial and corporate world.

Centre for Economic Studies and Planning

- CESP has established itself as a premier centre for teaching and research in Economics. In the coming years, the Centre plans to further strengthen its teaching and research programmes.
- CESP has been recognised as a Centre for Advanced Studies by the UGC under its SAP/DSA scheme. The CAS funds are used for purchase of books and databases, for obtaining technical services, for fieldwork, for holding conferences and seminars, and for upgrading infrastructure.
- CESP currently maintains a data repository. While datasets from major official sources like the Census, NSS and CSO are included in the repository, there are significant gaps. Also, subscription to other important databases for international trade and finance, corporate affairs etc, some of which are commercial databases, need to be obtained. All of this would require considerable resources.
- Finally, in an increasingly integrated world, it is important to forge ties with other universities to facilitate programmes of research collaboration and faculty/student exchange. CESP has already initiated the process and hopes to accelerate progress on this front.

Centre for the Study of Law and Governance (CSL&G)

The Centre for the Study of Law and Governance (CSLG) adopts a multidisciplinary approach to framing research and teaching on the relationship between law and governance. The study of governance, in its various forms and at different sites, is central to several contemporary issues: reforms in public institutions and public law; the creation and establishment of procedures and rules that lead to greater efficiency, transparency and accountability; and the challenge of making governance more inclusive and participatory through the strengthening of democracy and civil society. The programme's inter-disciplinary focus is distinct from mainstream social science approaches to governance or law in its attempt to explore how practices of law and governance are embedded in political, economic, social and historical process, how practices of governance are dispersed over various sites ranging from the government, bureaucracy, judiciary, community and family, the socio-legal processes that deter or provide access to justice; and notions of govern mentality, sovereignty and rights in specific politico-jural regimes.

While the Centre's academic programme produces scholarly research on law and governance, it also seeks to translate theory into practices of governance by initiating debate, sharing research and encouraging dialogue between the academia, government, civil society and NGOs at the local, national and global levels. In the decade since it came into existence, CSLG has developed at least three attributes that make it a distinctive part of the intellectual landscape. First, the Centre is explicitly inter-disciplinary. Second, the Centre has developed a reputation as a location where academic rigour can be meshed with reflection on policy and advocacy. Third, the Centre has become a focal point for understanding the links between the formal legal framework and governance in practice.

Since its inception, CSLG has initiated a renewed interest in looking at how practices of governance get stabilized through law and how these practices open law to further contestation. CSLG is the only academic space in India, and possibly one of the few academic spaces in the world, to have directed intellectual energy towards bringing together an inter-disciplinary focus on the relationship between law and governance.

The agenda of public policy through an examination of doctrinal law remains incomplete without interrogating the socio-legal processes that embed the practices of governance. CSLG has moved away from the conventional methods of looking at black letter law to using economic and sociological approaches to law in order to redress lacunae in legal research per se in India. The manifold agendas of legal reform and public policy in India remain impoverished in the absence of substantial socio-legal research in many areas of law that impact the everyday life of Indian citizens.

Special Centre for Disaster Research (SCDR)

The Special Centre for Disaster Research (SCDR) is the first transdisciplinary center at JNU. The Centre was supported by the Ministry of Home Affairs and a Memorandum of Understanding was signed with the National Institute of Disaster Management, Delhi on 6 August, 2015. This facilitated initial research and helped in networking of experts to bring some transdisciplinary and comparative publications in disaster research.

The three key functional areas in the Centre are: (1) Legal Framework of Disaster Management, Governance and Implementation Machinery, (2) Geospatial Sciences, Satellite Imagery and New Information and Communication Technologies and (3) Ecological History, Anthropology and Study of Communities.

Master's and Ph.D. Programme in Disaster Studies

The Centre offers the following programme of Study (check detailed courses on [www.http//scdr.jnu.ac.in](http://scdr.jnu.ac.in)):

- Ph.D. Programme in Disaster Studies
- M.A. Programme in Disaster Studies

During the first countywide lockdown, the Centre organized 50 (fifty) webinars on various aspects of COVID19 starting from 18 March 2020 to 02 October 2020. These webinars had speakers from different parts of country and world and likewise attended and appreciated.

The following two major Webinars were organized by the Centre

- National webinar on Living with Disasters – Learning from Gandhian Philosophy (सर्वजनहिताय, सर्वजनसुखाय) (online). A session on Community Based Disaster Management – Gandhian Philosophy generated discussions on detail, 2 October, 2020
- UN International Day for Disaster Risk Reduction, 13 October, 2020

The Centre is closely working with SevaBharati (सेवाभारती) - a non-governmental organization (NGO) working among the economically weaker sections of Indian society to enable Disaster Risk Reduction preparedness among local communities.

**SPECIAL CENTRE FOR
MOLECULAR MEDICINE
(SCMM)**

SPECIAL CENTER FOR MOLECULAR MEDICINE

Special Centre for Molecular Medicine (SCMM)

Molecular medicine is a promising area of biomedical sciences that aims to understand the molecular determinants of human health and diseases and apply this knowledge for the prevention, diagnosis and treatment of the diseases. The Special Centre for Molecular Medicine (SCMM), established in 1999 at JNU, has pioneered research and education in India and is imparting Master (Post-Graduate) and Ph.D. (Doctoral) level training in various fields of molecular medicine. The centre aims to accomplish its goal through offering innovative and collaborative basic and clinical research programmes. Ever since its inception, the Centre has under taken many collaborative research activities with reputed national and international medical research institutions.

The objective of SCMM is to foster teaching and research activities in the study of human diseases using advanced tools of biochemistry and molecular and cell biology. SCMM conducts academic programmes for the training of young scientists (both clinical and non-clinical) who are keen to pursue a career in basic medical research. The academic programmes have been designed for non-clinical biologists/chemists, with sufficient knowledge to deal with medical problems, to enable them to develop and deliver product/processes to the society; and for clinicians with a basic clinical degree, who are keen to understand modern biology and chemistry at the molecular level, to enable them to apply this knowledge for drug development. For successful implementation of these objectives, SCMM offers M.Sc. and Ph.D. programmes of study.

The faculty members of the centre are pursuing teaching & research activities in the following thrust areas of molecular medicine in which the Centre offers the basic and clinical sciences students opportunities to pursue Ph.D. degree:

- Metabolic disorders such as cardiovascular diseases, role of iron in insulin resistance related pathogenesis, neurodegenerative disorders like Parkinson and Alzheimer diseases, and endocrine-related cancers.
- Nuclear receptors in health and diseases: to study underlying molecular mechanisms of nuclear receptors functions with special reference to VDR, THR, RXR, ER and AR. Involvement of PXR and CAR in drug metabolism and hepatic cancer. Role of nuclear receptors as drug targets in metabolic disorders and endocrine-related cancer. (RKT)
- Cell adhesion and signaling, Cell polarity and tissue patterning, Diseases associated with cell-cell junctions including rare diseases like Retinitis pigmentosa type 12 and modulation of cellular junctions by pathogens.
- Infectious and non-infectious diseases: hepatitis C, Leishmaniasis, Helicobacter pathogenesis, Candidiasis, Inflammatory Bowel Disease, Pathobiology of innate immune dysfunction, DNA replication and cell cycle regulation of medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*, application of codon-shuffling against *Mycobacterium tuberculosis* and *Plasmodium falciparum*, *Mycobacterium tuberculosis* and drug resistance, Enteropathogenic *E.coli*.
- Chemical biology, radiation biology and cell signaling; development of novel synthetic methodology for drug development and study of their mechanism of action based on genomics and proteomics against radiotherapy; cancer; development of antibiotics for gyrase resistant strains targeting topoisomerase 1A gene in bacteria.
- Synthetic organic chemistry: Synthesis of biologically active heterocycles using novel methodology with transition metalcatalyst.
- Designing /discovering codon shuffled de-novo peptide/protein inhibitors against essential/crucial proteins of pathogens. To study crucial host-pathogen interactions by designing codon shuffled de-novo peptide/protein inhibitors. Synthesis and selection of novel drug like de-novo peptide binders by codon shuffling method that may inhibit crucial host-pathogeninteractions in Malaria and Tuberculosis diseases.
- Tuberculosis: Mechanism of latency and re-activation of TB disease. Immunotherapy of TB and immune mechanism of host evasion, mechanism of drug resistance. Drug discovery for the therapy of regular drug resistant TB, vaccine discovery.
- Diagnostics and medical proteomics, and mass spectrometry-based metabolomics. Selected students will have the option to choose their research area depending on their merit/aptitude and according to the vacancy available.
- The biochemical and molecular mechanism(s) of metabolic disorder-induced chronic inflammatory diseases including diabetic and cardiovascular complications, cancer, asthma and COPD through cutting edge research and discover and develop potential mechanism-based molecular medicine for clinical intervention and therapy.

SCMM also offers **M.Sc. Programme in Molecular Medicine** with an aim to train the students in advanced tools and techniques of biochemistry, cell and molecular biology and organic chemistry in relation to human health and diseases. The students are encouraged to apply this training to identify novel molecular targets for the diagnosis and therapy of different diseases. The completion of the Human Genome project and various other genomes including pathogenic organisms and emergence of omics approaches have opened umpteen opportunities for the understanding of the molecular mechanisms of human diseases both from the host as well as pathogen's perspectives. Students are trained to use the tools of modern biology including bioinformatics so as to understand, retrieve and exploit the wealth of information to design modern and personalized medicines.

New Courses

- A new course entitled "**Research & Publication Ethics**" CM-653, 2 Credits, was introduced by the Centre as per the guidelines of UGC. Coordinator Prof. Vibha Tandon, shared by Prof. U C Yadav and Prof. Suman K. Dhar. It commence I from winter semester 2021.

Invited Online Lectures by Experts in the School/Centre

- **Dr. Sheffali Gulati**, Department of Pediatrics, AIIMS, New Delhi delivered a lecture entitled "Use of technology in Neuro developmental disorders" in the Lecture Series on National Diseases of Importance, 4 March, 2021.
- **Dr. Sudip Sen**, Department of Biochemistry, AIIMS, New Delhi delivered a lecture entitled "Stem cell therapy for degenerative diseases" in the Lecture Series on National Diseases of Importance, 11 March, 2021.
- **Dr. Ashwin Dalal**, CDFD, Hyderabad delivered a lecture entitled "Use of Molecular Diagnostics in Genetic Testing" in the Lecture Series on National Diseases of Importance, 18 March, 2021.

Accomplishment of Students/Researchers

Ph.D. Degree awarded: 04

- **Ms. Samreen Fatima**, has been awarded Ph.D. degree on the topic "Molecular Mechanism of Adaptation of *Mycobacterium tuberculosis*(*M.tb*) in Mesenchymal Stem Cells (MSCs)" under the supervision of Prof. Gobardhan Das, 17 June, 2020.
- **Ms. Mona**, has been awarded Ph.D. degree on the topic "Molecular Intervention of Multiple Drug Resistant Organism Pathogenesis by Neo-therapeutic Agents" under the supervision of Prof. Gobardhan Das, 17 June, 2020.
- **Ms. Pratibha** has been awarded Ph.D. degree on the topic "Studies on Molecular Mechanisms of Iron Mobilization in Astroglial Cells in Response to Catecholamine Neurotransmitter Dopamine" under the supervision of Prof. Chinmay Kumar Mukhopadhyay, 10 July, 2020.
- **Mr. Sudhir Kumar**, has been awarded Ph.D. degree on the topic "Studies on Atypical Nuclear Receptor SHP (NR0B2): Its Influence on Transcription Regulation of Its Interacting Partners" under the supervision of Prof. Rakesh K. Tyagi, 20 July, 2020.

M.Sc. Degree awarded: 02

- **Ms. Kaninka Saxena**, has been awarded M.Sc. degree on the topic "A Study of Possible Regulation Of Glycolytic Protein PGM1 by HDAC1 in *Plasmodium falciparum*" under the supervision of Prof. Suman K. Dhar, 21 July, 2020.
- **Ms. Shivani Sharma**, has been awarded M.Sc. degree on the topic Biochemical & Computational Analyses of the RIFIN-A Mediated Rosetting Phenomenon in *P.falciparum* infected erythrocytes under the supervision of Dr. Souvik Bhattacharjee, 21 July, 2020.

Future Plan

Research: Special Centre for Molecular Medicine is planning to expand its scope in the frontier areas of *Infectious Diseases, Metabolic Disorders, Radiation Biology, Cancer Biology, Drug Design and Drug Discovery* with an approach towards studies on *Molecular Targets, Molecular Diagnostics and Translational Research*.

Teaching: SCMM is currently offering M.Sc. in Molecular Medicine and Ph. D in the relevant research areas as mentioned above. pre-PhD course work covers modern areas of Molecular Medicine and state-of-the-art relevant techniques. SCMM will continue the current teaching programmes in future. Moreover, restructuring of both M. Sc and pre-PhD courses have been initiated with the joining of new faculties at the centre.

Our faculties are excelling in the different areas of research and all of us are collaborating with different research institutions and hospitals in the areas of several major human diseases that are included but not limited to malaria, cancer, AIDS, tuberculosis, gastritis. etc. The future research plans of faculties are given below:

Prof. Gauranga Mukhopadhyay

Prof. Mukhopadhyay's Laboratory is working on *H. pylori* Cag type IV secretion system. The work revealed a novel CagI independent surface localization of Cag A. Since it has been established that CagX and CagT is a surface exposed protein therefore they wanted to see whether CagX or CagT are affecting surface localization of each other or not. Few *in vivo* experiments are also required to establish these facts. Following are the major objectives and future plans to ascertain all the facts:

- To find out the amino acid residue(s) responsible for the interaction of CagX and CagT.
- To find out the role of other region of CagX which is a matter of investigation. The biological significance of these new interactions may have the way for the development of new avenues of research in TFSS.
- Also it has been planned to define the role of other components of *H. pylori* TFSS to understand the specialized and well adapted functions in detail.

Prof. Chinmay K Mukhopadhyay

This Research Group is working on 'Infectious diseases and metabolic disorders'. Below are the main objectives for future research work:

- To study the role of iron in leishmania-macrophage interaction.
Objective: Iron is essential for survival and growth for both the host and pathogen. The objective of the current study is to understand the mechanism by which *Leishmania donovani* interferes the iron homeostasis of host macrophages for its survival .
- To study the role of catecholamine stress hormones on cellular iron metabolism.
Objective: Adequate availability of iron is important for cellular energy metabolism. Catecholamines like epinephrine and norepinephrine promote energy expenditure to adapt to conditions that arose due to stress. To restore the energy balance epinephrine/ norepinephrine exposed cells may face higher iron demand. So far, no direct role of epinephrine/norepinephrine on cellular iron homeostasis has been reported. The objective of the current study was to explore the role of epinephrine/norepinephrine on cellular iron homeostasis.
- Brain iron homeostasis and neurodegenerative diseases
Objective: To study the regulation iron homeostasis in response to oxidative stress in neuronal and astroglial cells.

Prof. Rakesh K Tyagi

Nuclear Receptors in Health and Disease: Nuclear Receptor super-family is a large group of ligand-modulated transcription factors with 48 members presently identified in the human genome. Members of this family of receptors are involved in regulation of numerous physiological and patho-physiological processes and have enormous potential as targets for the treatment of diseases like cancer, diabetes, asthma and a multitude of metabolic disorders. For better understanding, towards targeting of these transcription factors by small molecule modulators, some of our ongoing comprehensive research projects relate to nuclear receptors PXR, CAR, RXR, AR, SHP, VDR, THR etc. and, their regulation during normal physiological controls and diverse metabolic disorders. The major objectives and future plans of our research group are covering the follows topics:

- Role of xenobiotic receptors PXR & CAR in drug metabolism.
- Comprehensive studies on polymorphism and modulation of Vitamin D Receptor (VDR) and Thyroid Hormone Receptor (THR).
- Genomic bookmarking 'and inheritance of 'transcription memory' by nuclear receptors.

Prof. Suman K. Dhar

The research group is primarily focused on investigation in the areas of 'Infectious diseases' related to understanding DNA replication and cell cycle regulation in two medically important pathogens: *Helicobacter pylori* and *Plasmodium falciparum*. Below are the future plans and objectives:

- Characterization of a putative replicative helicase loader Hp0897 and cell division protein FtsZ in *Helicobacter pylori* and screening of compounds for antibacterial activity.
- Role of human malaria parasite *Plasmodium falciparum* Histone Acetyl Transferase (HAT), PFGCN5 in parasite biology and its unique processing essential for parasite survival with a view to identify new target for therapy. Identification characterization of putative chromosomal replication origins and replisome proteins in *Plasmodium falciparum*.

Prof. Vibha Tandon

This research group is primarily focused on 'Drug Discovery' and 'Cancer Biology'.

The major objectives and future plans are as below:

- Development of radioprotectors for cancer therapy and elucidate their mechanisms of actions in normal tissues and cancerous tissues. The bisbenzimidazoles showed protection of normal cells and no effect on tumor in tumor bearing mice.
- Her group is trying to do the repurposing of drugs several drugs. She is trying to establish new small molecules as radiosensitizers.
- Design, Synthesis and Development of a New Class of Antibacterials to Combat Multi Drug Resistance Mechanistic understanding. Her group has developed small molecules targeting topoisomerase IA -- a comparatively novel bacterial target to overcome the resistance generated due to mutations in gyrases and other DNA enzymes.

Prof. Gobardhan Das

The research group is primarily focused on 'Infectious diseases' related to understanding *M. tuberculosis* infections.

The major objectives and future plans are as below:

- To study the molecular mechanism of susceptibility and resistance in murine models of *M. tuberculosis* infection.
- To compare the immunogenicity of virulent strain H37Rv and its mutant in macrophages derived from susceptible (BALB/c) and resistant (C57BL/6) strains of mice.
- To compare the T cell responses of virulent strain H37Rv and its mutant during *M.tb* infection in mice model.
- To study the molecular mechanism of activation of T helper subsets.

Prof. Anand Ranganathan:

Prof. Ranganathan's research laboratory has invented the novel method of directed evolution of proteins called codon-shuffling. Using this pioneering method, our laboratory has discovered a completely *de novo* protein M5, that was able to disrupt the ICAM-1 dimer formation *in vivo*.

The major objectives of this research group are as follows:

- To study the mechanism of role of Host ICAMs in cell invasion by *Mycobacterium tuberculosis* and *Plasmodium falciparum*.
- To explore the possibility of an HCL2-attenuated *M. tuberculosis* strain as a viable vaccine candidate.
- To study the effect of a novel molecule on mycobacteria, and represents a viable starting point for developing potent peptidomimetics.
- To discover new molecules for TB therapy.

Dr. Souvik Bhattacharjee

Plasmodium falciparum causes the majority of malaria morbidity and mortality worldwide, with an estimated 781,000 deaths and ~200 million confirmed cases annually (World Malaria Report, WHO, 2014). The current front line drugs are artemisinins that are used in combination with longer acting antimalarials (sulfadoxine/pyrimethamine) in artemisinin combination therapy (ACT). Currently there is no vaccine against malaria and the recent development of clinical resistance of *P. falciparum* to artemisinin derivatives threatens malaria control and eradication strategies in implementation worldwide.

The major challenges of this research group are as follows:

- To understand the cellular functions of kelch propeller domain containing protein PfKelch13.
- To study the artemisinin-resistance (reduced parasite clearance rate and increased survival half-life in peripheral blood following ACT) through the use of reverse genetics at the parasite level and host modification at the cellular level.

Dr. Shailja Singh

Our research focuses on understanding of the molecular signal and machinery involved in invasion and egress of *Plasmodium falciparum* merozoites from host erythrocytes, involving multidisciplinary approach such as live cell imaging, molecular biology, cell biology and protein chemistry. Real-time light microscopic visualization of in vitro blood-stage egress in live parasites has played a special role in studies on signals regulating these processes. We have demonstrated for the first time the role of intracellular Ca²⁺ in regulation of egress of *P. falciparum* merozoites from schizonts. A sharp rise in intracellular Ca²⁺ just before egress, observed by time-lapse video microscopy, suggested the role for intracellular Ca²⁺ in this process. Chelation of intracellular free Ca²⁺ with chelators such as BAPTA-AM or inhibition of Ca²⁺ release with phospholipase C (PLC) inhibitors blocks merozoite egress. Interestingly, chelation of intracellular Ca²⁺ in schizonts was found to block the discharge of a key protease PfSUB1 (subtilisin like protease1) and Perforin like proteins from apical organelles of *P. falciparum* merozoites to parasitophorous vacuole (PV) and host cell membranes. This leads to inhibition of processing of PfSERA5 (serine repeat antigen5); block in parasitophorous vacuolar membrane (PVM) rupture and permeabilization and merozoite egress. A complete understanding of the steps regulating egress and invasion of *P. falciparum* merozoites may provide novel targets for synthetic biology approaches that block invasion and egress and limit parasite growth. We are now studying the role of effectors on signaling cascades in invasion and egress of *P. falciparum* merozoites.

This research group is primarily focused on investigations to study mechanism(s) of regulation of Epithelial Tight Junctions in pathobiology.

The major objectives and future plans are as below:

- To investigate the mechanism(s) of regulation of Epithelial Tight Junctions in pathobiology
- To characterize of EspF-mediated TJ disruption by calcium switch assays.
- Functional characterization of the role of actin cytoskeleton in EspF-mediated TJ disruption

Dr. Dipankar Ghosh

This research group is focused on 'Infectious diseases' and is primarily involved in the investigations on 'infectious biofilms'.

The major objectives and future plans are as below:

- To study the early host-microbe relationships in oral *Lichen planus*
- To study the mechanism of pathobiology of MDR nosocomial bacterial biofilm infections.

Prof. Umesh Chand Singh Yadav

Prof. Yadav's group is engaged in the research to develop early diagnostic markers and mechanisms-based therapeutics for chronic inflammatory diseases including metabolic disorder-induced diabetic and cardiovascular disorders, cancers, asthma and COPD. The group has identified potential novel targets in endothelial dysfunction and macrophage foam cell formation induced by oxidized low-density lipoprotein, a 'danger' molecule elevated during metabolic syndrome. These molecular targets play initial and crucial role in the promotion of CVDs such as atherosclerosis. Further, the group has also identified the role of MMPs in cigarette smoke extract-induced activation of EGFR/Akt/GSK3 β / β -catenin pathway that mediates epithelial-mesenchymal transition in airway epithelial cells leading to airway remodeling and lung

dysfunction. The group has shown that small molecules derived from plants such as fisetin could ameliorate these inflammatory conditions.

The main focus of the future studies includes:

- Metabolomic alterations in air pollutant/ cigarette smoke extract-induced lung epithelial cells to assess and identify new biomarker and elaborate their role in lung dysfunction.
- Transcriptomic studies of cardiovascular cells (endothelial cells and cardiomyocytes) in the metabolic stressors induced atherosclerosis and cardiomyopathies.
- Proteomic and lipidomic changes in different types of cancers to identify novel therapeutic targets.

Dr. Vijay Pal Singh Rawat

Our research is focused in the fields of cancer and stem cell biology with special focus on the epigenetics, molecular alteration and small non-coding RNA. Our laboratory identifies and characterizes the functional role of these factors in cancer initiation and progression and normal stem cell biology. Since acute leukemia is a stem cell disease it has to be understood at the levels of stem cells. Our lab manipulates stem/progenitor cells using gene transfer or gene knockdown to assess the functional role of these factors in cancer initiation, progression and normal stem cell function using *in vivo* mouse models and *in vitro* stem cell assays. Using these models, we identify the molecular mechanism, cancer stem cell population and potential drug targets for the respective alterations (*PNAS, Blood, Leukemia, Cancer Cell, JCI and JEM*). We are currently, analysing the functional role of epigenetic factor TET genes and recently discovered DNA epigenetic marks 5hmC in normal stem cell biology and in leukemia development and its progression. Our lab expertise in establishing syngeneic and xenograft models to study leukemic initiating cell populations, immunotherapy agents and chemical agents for leukemia treatment.

Current Areas of Research:

- Identify and characterize cancer-patient-specific genetic and molecular alterations and their functional role in acute leukemia initiation and progression.
- Identifying the functional role of early developmental genes and non-coding RNA in leukemia development.
- Characterization of the functional role of DNA demethylation enzymes and DNA epigenetic marks in leukemia and stem cell ageing.
- Identification of novel drug targets for cancer treatment

Areas of Specialization: Leukemia, Normal and Cancer Stem cell and Drug Screening

- Genetics/Epigenetics and molecular biology of cancer
- Establishing syngeneic and humanize mouse models of blood cancer
- Identification of cancer stem cell using syngeneic and xenograft models
- Establishing *in vitro* and *in vivo* assays for drug screening

Special Centre for Nano Sciences (SCNS)

SCNS is an inter-disciplinary research and teaching centre at JNU. Nanosciences-related research topics pursued currently include nanoscale interface, biosensors, spintronics, ferromagnetic nano-elements, ferroelectric materials, nanocomposites, hybrid nanomaterials to name a few. The Centre has faculty members with background in Physics, Chemistry, Electronics, Biology, Materials Sciences, etc.

The research agenda of SCNS involves synthesis, characterization and device development of nanomaterials. These include (i) magnetic nanostructures (nano-wires and nano-particles) based nano-devices (microwave monolithic nano-devices and magnetic sensors) fabrication, (ii) magnetic nano-particles for target specific drug delivery by radio-frequency-hyperthermia, (iii) semiconductor quantum dots, nanoparticles and nanocomposites for solar cells and biosensors, (iv) multiferroic and ferroelectric nanomaterials for capacitors, UV sensors, wireless actuators, infra-red detectors, micro-electro-mechanical system (MEMS) devices, piezoelectric devices, ferroelectric nonvolatile random access memories (FeRAMs).. The fabricated signal processing devices are on-chip, light weight and hand held type use.

The central instrumentation facility of the SCNS has the following important major instruments: SEM-EDX, XRD, DLS, AFM, UV-VIS spectrometer, Fluorescence spectrometer, Raman spectrometer and zeta potential instrument.

Sensors and biosensors are needed for the clinical diagnosis and environmental contaminants detection. Different types of biosensors based on transducers and recognition elements can be fabricated for the desire analytes (mycotoxins cholesterol, glucose, LDL, urea, etc) detection. Electrochemical biosensors are promising techniques for early detection of diseases like cancer that can detect very low concentration (pg) of biomarkers. Microfluidic biosensors also have increasing interest to integrate advanced biosensors into lab-on-a chip for multi-analytes detection. Besides these, different nanomaterials are being used for water pollutants, pathogen detection and remediation of the heavy metals ions (lead and chromium) present in aqueous solutions.

The central theme of thin-film and electron microscopy research group is “Nanostructure - Physical property correlation in technologically important nanostructures using Transmission Electron Microscopy (TEM) and Scanning Electron Microscopy (SEM)”. Thin-film and electron microscopy laboratory installed an RF-DC magnetron sputtering system in September 2016. In addition, thin-films and bulk materials of functional oxides are being synthesized using sol-gel spin coating and solid-state synthesis methods. Lead-free ferroelectrics and antibiofilms are currently being investigated. TEM investigations are an integral part of the research which is carried out at AIRF of the university. An ion milling machine for preparing TEM samples was installed at AIRF in November of 2016.

Research on Nanobiotechnology and Nanomedicine are being carried out involving synthesis of nano-based drugs for infectious diseases and study of their molecular mechanisms of action, investigations on nano-based: drug delivery, therapy, toxicity and fluorescent bioimaging labels for the study of infectious diseases.

Conferences organized by the School/Centre: (02)

- Two-days Webinar on “Nanoscience and Nanotechnology in the Present Scenario” jointly organized by SPS and SCNS, JNU, New Delhi, 9 – 10 June, 2020.
- Two-days Webinar on “Recent Advances in Nanoscience and Its Applications” organized by SCNS, JNU, New Delhi, 27 – 28 July, 2020.

Paper Presented in Webinar: (01)

Future Plans

SCNS future plan would be to fill up all the vacant faculty positions where focus will be paid that most of the subject areas in these all subjects are covered by the faculties. More instruments will be arranged for M.Tech & Ph.D. laboratories for students. Since the last three years, SCNS is running successfully M.Tech program in two disciplines (Nanoscience and Nano-electronics), and in future SCNS will approach AICTE for its recognition and approval. Research proposals as well as to submit the proposals to organize seminars/conferences of national and international level aiming to strengthen the academic programs, internships programs and to establish the collaborative research programs in the Centre.

Special Centre for Studies in North East India (SCSNEI)

Special Centre for the Study of North East India (SCSNEI) at JNU was established in the year 2018, upgraded from a Programme of research and teaching called North East India Studies Programme (NEISP). In its new form, SCSNEI aims at expanding the horizons of research and teaching on North East India, rare in the country. The Special Centre is conceived with a purpose to build a corpus of academic works on the northeastern region of India. It also aims at holistic understanding of the region by bringing together different epistemic perspectives with strong commitment to multi-disciplinary research. While there are several research already undertaken on the region in different Schools and Centres of the university, the unique experiment initiated by SCSNEI is the ‘coming together’ of people and ideas for a better comprehension of the region. To fulfil this objective, SCSNEI initiates a collaborative exercise to run its academic programmes with the partnership of eight Schools of the university, viz. School of Language, Literature and Cultural Studies; School of Social Sciences; School of International Studies; School of Environmental Sciences; School of Arts and Aesthetics; School of Life Sciences; School of Bio Technology; and School of Computational and Integrative Sciences. SCSNEI provides a common platform to the faculty members working in the areas of humanities, social sciences, natural sciences, and other allied disciplines, whose works are directly or indirectly linked to the studies on the region. A further step towards fulfilling the objective is to expand the collaborative works outside the confines of JNU – with other academic and research institutions in the country and abroad. This area studies programmes, conceptualized under special circumstances, and owns added responsibility of locating North East India in the national and broader regional frames of reference. To bring the region in the centre of national discourses, SCSNEI has taken up activities of research and teaching that will not only familiarize Northeast India to the young academics, but also work towards positive intervention on the region and its people with expectations for rich dividend. The Special Centre shall play the role of a catalyst towards policy intervention by developing new methods and approaches for human development and holistic growth. To fulfil these objectives, SCSNEI is committed to work closely with state institutions, corporate bodies, civil society organizations and discerning scholars. SCSNEI focuses on areas of research, such as, social change, religion and statecraft, empowerment politics, regional economic growth, livelihood studies, border trade and state policies, global capital and institutions, conflict, peace and security studies, borderland studies, intercultural discourses, aesthetics and performance studies, traditional knowledge, health, biodiversity, folk medicine, etc. Students and researchers are encouraged not only to conduct in-depth research but also simultaneously develop social commitment to judiciously apply the freshly acquired knowledge. Acknowledging existing gaps between the people of the region and the rest of the country, SCSNEI shall focus on programmes that will also adequately emphasize on cultural connectivity and regional awareness. New programmes will be developed to enable capacity building and self-sustenance. SCSNEI is committed to develop this Special Centre as a unique institution not only within JNU but also in the entire country – a most vibrant and committed research institute on Northeast India studies.

Conferences organized by the School/Centre

- **Manjeet Baruah and Lipokmar Dzuwichu**, Organized a two-day national webinar (Young Scholars Conference) on ‘Space, Knowledge, Capital’. The Webinar was financially supported by Indian Council of Social Science Research, New Delhi, 18 – 19 February, 2021

Visitors to the School/Centre

- The Ninth Jayashree Roy Memorial Lecture was delivered by Dr. Kiran Hazarika (Member UGC, Chairperson for Steering Committee for Implementation of New Education Policy, and Principal, Tengakhat College, Dibrugarh) on the topic “National Education Policy 2020: Issues and Challenges of North East India”, 24 December, 2020
- The second Namaste Governor Acharya Awards in honour of Freedom Fighters of North East India, Sh. P B Acharya, Ex. Governor of Nagaland was the Chief Guest and Sh. Mohandas Pai, Chairman of Manipal Global Education was the Guest of Honor of the Award ceremony, 30 December, 2020

Future Plans

The Centre, proposes to establish the following:

- A building for SCSNEI.
- Iśāna Museum.
- Auditorium.

**SPECIAL CENTRE FOR SYSTEMS
MEDICINE
(SCSM)**

Special Centre for Systems Medicine (SCSM)

The Special Centre for Systems Medicine (SCSM) has been created at Jawaharlal Nehru University, New Delhi in December 2020. The main intent behind creating this new Centre is to develop technologies for arriving at the right clinical decisions and to develop in-depth knowledge in the underlying molecular and cellular networks of various diseases. The Centre will work on patient data correlating with the breadth and depth of reductionist and integrative clinically applicable models. It also aims to connect high-throughput various data sets with genomes, transcriptomes, proteomes, regulomes, metabolomes and immunomes as well as physiome to phenomics of pathomics.

New Courses (regular or remedial) introduced by the School/Centre

Ph D (Systems Medicine)

The Ph D (Systems Medicine) Course will be started from the next academic year to make a strong foundation in systems medicine. The credit courses will be divided in the first two semesters of the programme that include both basic and applied aspects. The second semester will mark the beginning of hands-on training in various aspects and techniques in systems medicine. The programme being interdisciplinary, the research scholar will work under the joint supervision of faculty members.

Conferences organized by the School/Centre

- The 14th International Symposium on “Cancer Prevention and Therapeutics” was successfully organized by the Special Centre for Systems Medicine & School of Life Sciences on 16 – 17 March, 2021 in online mode. Prof. Rana P. Singh was the organizer of this International Symposium.

Future Plans:

- MSc, PG Diploma and Certificate Courses in Systems Medicine will be started soon.

International Collaboration

The International Collaboration Office (ICO) aims at meeting the University's objectives at International level through coordinating and handling international relations activities. In line with international practices, the ICO has been working with University's faculty, staff and students as an innovative approach to ensure their engagement in the internationalisation agenda by taking into consideration wide input received from them. Such an approach has helped the ICO in implementing the internationalisation agenda of the higher education, which is also a focus area of National Education Policy (NEP), 2020. In recent years, the ICO has intensified its activities to build strong networking and connectivity at international level by not only dealing with matters relating to signing of Memorandum of Understanding (MoUs), Agreement of Cooperation (AoCs) and Student Exchange Agreements with International Universities/Institutes but also looking after all activities related to mobility/exchange of faculty and students of the University under various other programmes. In addition, the ICO facilitates JNU's participation in joint projects with partner universities/institutions.

The current Director of International Collaboration is Prof. Sharad K. Soni.

The following activities have been carried out by International Collaboration Office during the period from 1 April, 2020 to 31 March, 2021:

MoUs signed/renewed with Foreign Universities/Institutions:

- Kindai University, Japan
- Management Center Innsbruck, Austria and Student Exchange Agreement
- University of Serang Raya, Indonesia
- Southern Africa Future Institute of Innovation & Technology, Pretoria, South Africa
- Queen's University at Kingston, Canada
- Universitas Kristen Indonesia, Jakarta
- Armenian State University of Economics, Yerevan
- Barcelona University, Spain (Renewed)
- Humboldt-University Zu Berlin (HU), Germany (Renewed)
- National Chengchi University, Taiwan (Renewed)
- University of Dhaka, Bangladesh (Renewed)
- Kaunas University of Technology, Kaunas, Lithuania (Renewed)
- Yogyakarta State University, Indonesia (Renewed)
- University of Cologne, Germany (Renewed)
- Toyo University, Japan (Renewed)
- Korea Foundation Visiting Professorship Program (Renewed)
- The University of Queensland, Australia (Renewed)
- Vytautas Magnus University (VMU), Lithuania (Renewed)
- Vilnius University, Vilnius, Lithuania (Renewed)

Short-term mobility under Erasmus+ Programme with European Partner Universities:

Nomination of outgoing JNU students under above program (2020-21):

- One Ph.D student from CSMCH/SSS/JNU has been nominated for student mobility 2021 (from India to Gottingen) under Namaste+ Project at the Georg-August-Universitaet Goettingen (UGOE), Germany.
- One Ph.D Student from CA&AS/SLL&CS/JNU has been nominated at Universidad Autonoma de Madrid, Spain under Erasmus+International Credit Mobility Programme.
- One Ph.D Student from CGS/SLL&CS/JNU has been nominated for a virtual Spring School (EduVenture-Virtual Mobility project) on "Cultural Identities and Language Maintenance: Comparing Hispanic and Iranian Communities in the US and in Germany" from the University of Cologne, Germany.

- One B.A. 2nd Year Student from CSPILAS/SLL&CS/JNU has been nominated at Universidad Autonoma de Madrid, Spain under Erasmus+International Credit Mobility Programme.

SPARC Programme:

JNU continues to be the nodal institution for Norway under the MHRD initiated Scheme for Promotion of Academic and Research Collaboration (SPARC). Prof. Sharad K. Soni, Director International Collaboration is the Coordinator and Single Point of Contact (SPoC) for SPARC in JNU.

Prof. Shandar Ahmed of SCIS, JNU & SPARC PI organised the first online India-UK Bilateral SPARC Symposium at JNU, August 10-11, 2020.

Lecture/Webinar organized with Foreign Partner Universities:

ICO has conducted a series of online lecture/webinar to celebrate the 150th Birth Anniversary of Mahatma Gandhi in collaboration with foreign partner universities.

- A Lecture on “The Non-Violence of Mahatma Gandhi” was delivered by Prof. Antonio Rigopoulos, Department of Asian and North African Studies, Ca’ Foscari University of Venice, Italy, 13 July, 2020.
- A Webinar on “Gandhian Thoughts on Law and Philosophy” was organized in collaboration with City, University of London and Association of Commonwealth Universities, UK. The speakers from City, University of London included Ms. Sandhya Drew, Barrister & Senior Lecturer, who spoke on “Mind, Word and Deed: To what extent do we see the influence of Mahatma Gandhi’s Legal education on Him?” and Dr. Enrico Bonadio, Reader in Intellectual Property Law, who spoke on “Indian Intellectual Property Regimes and their Gandhian Philosophy”, 28 July, 2020.
- A Lecture on “Mahatma Gandhi’s Thoughts on Leadership in Uncertain Times” was delivered by Dr. Kenny Netshiongolwe, President and Vice Chancellor, Southern Africa Future Institute of Innovation and Technology (SAFIIT), South Africa, 19 August, 2020.
- A Lecture on “Learning from the Mahatma” was delivered by Birad Rajaram Yajnik, Curator, Mahatma Gandhi Digital Museums & Trustee, IGNCA, 28 September, 2020.

Activities under Partnership in Projects initiated by Partner Universities:

1. **NAMASTE+ Mobility Project:** JNU is a partner institution in this project (2019-2023), an initiative of DAAD within Indo-German Partnership in Higher Education Cooperation. The project involves the two-way mobilities of the students and academic staff between JNU and Georg-August Universität, Göttingen (UGOE).

Following meetings were attended by Prof. Sharad K Soni, Director IC:

- Virtual Namaste+ Partners’ meeting on “Evaluation Covid-19 Impact”, at Georg-August-Universität, Göttingen, 11 May, 2020.
 - Virtual Namaste+ Partners’ meeting on “Mid-term Review” at Georg-August-Universität, Göttingen, 3 June, 2020.
 - Virtual Namaste+ Partners’ meeting at Georg-August-Universität, Göttingen, 15 July, 2020.
- i. As part of Namaste+ Project Georg-August-Universität, Göttingen organized a series of virtual workshops on intercultural communication for administrative staff on 8, 15 and 22 October, 2020. Ms. Nirupa from the International Collaboration Office, JNU, was nominated to participate in these workshops. Through interactive exercises, case studies and group work, the virtual workshops enabled the participants to enter into an intensive dialogue about German and Indian culture leading them to a better understanding of the respective host culture and facilitate professional interaction with one another.
2. **SWAGATA ERASMUS+ Mobility Project:** JNU continues to be a partner Institution in this project initiated by three comprehensive German Universities – University of Cologne, University of Göttingen and Heidelberg University. The project involves the two-way mobilities of the students and academic staff between JNU and each of the three German Universities.

- Prof. Sharad K Soni, Director IC attended the virtual SWAGATA Consortium Project Meeting to review the progress of the project, 8 December, 2020.
3. **Tuning Academy (DITA) Erasmus+ Project on “Resources for Internationalization of Higher Education Institutions in India (RISHII)”**: JNU is one of the 19 partner Institutions participating in this project starting from 15 January, 2020. This is a European Union funded project (2020-2023) which has been initiated by University of Deusto, Bilbao, Spain.

The following events were attended by Prof. Sharad K Soni, Director IC along with other members of the Institutional Internationalization Team (JNU) of RISHII Project:

- Virtual RISHII Kick off meeting to discuss the project and its tasks ahead, 30 April, 2020.
- First online RISHII workshop on “Internationally Open Teaching Rubric”, 22 – 23 July, 2020.
- Second online RISHII general meeting and workshop on “Comprehensive Internationalization: Institutional Performance Assessment and Gap Analysis”, 17 December, 2020.

Participation in other Events/Meetings:

- Prof. Sharad K. Soni, Director IC, attended the virtual signing ceremony of MoU between JNU and UKI organized by Universitas Kristen Indonesia (UKI), Jakarta, Indonesia, 15 February, 2021.
- Prof. Sharad K. Soni, Director IC participated in a Consultative Meeting organized by the University Grants Commission (UGC) regarding dual/joint/twinning and credit transfer matters related to internationalization of higher education, 18 September, 2020.
- Prof. Sharad K. Soni, Director IC, attended a second virtual webinar on “Teaching, Learning and Assessment Methodologies on Distance Learning”, organized by University of Deusto, Bilbao, Spain, 6 May, 2020.
- Prof. Sharad K. Soni, Director IC attended the first virtual webinar on “Remote Attendance Learning Model”, organized by University of Deusto, Bilbao, Spain, 7 April, 2020.

UGC- Human Resource Development Centre (UGC-HRDC)

The Human Resource Development Centre (formerly Academic Staff College), JNU is India's premier institution for the upgradation of knowledge and skills of college and university teachers. An intellectual nerve centre, the UGC - Human Resource Development Centre at the Jawaharlal Nehru University was started in the year 1989. *It has successfully completed 32 years and has emerged as a major meeting ground of teachers in the country.*

Drawing upon the faculty of JNU as well as other prestigious institutions in and around Delhi, the HRDC, and JNU brings to its participants the cream of Indian scholarship as resource faculty.

The following main target groups have been identified for capacity building, knowledge enhancement and similar other programmes with the objective of a holistic approach focused on transformation of our institutions of higher education to a more facilitating academic environment conducive to innovations, creativity and quality advanced learning and research.

- Faculty members in institutions of higher learning engaged in teaching and research
- Teacher educators
- Key non-academic functionaries in institutions of higher learning for better governance and to facilitate efficient use of various fast growing ICT resources and applications
- Researchscholars

As per UGC notification letter D.O.No F.12-12/2020(HRDC) dated 1 July 2020, this year all the courses have been conducted through online mode only. We received hundreds of applications for a Faculty Induction Programme (in place of Orientation Programme), Refresher Courses and Short Term Courses from all over the country. The selection of participants for the various courses was thoroughly done by the screening committee for equal representation from every State, reaching to different segments of the society and the deserving individuals. Inaugural and valedictory programmes were organised for every course by inviting renowned personalities, Vice-chancellors, Rectors, Directors of Institutes etc. Interactive sessions with the Faculty trainees were done throughout the course to get their feedback and suggestions on their needs.

Coordinators and Resource Persons for 2020 - 2021

The HRDC, JNU has been fortunate in having the support and willing participation of some of the most distinguished scholars and public intellectuals of the country in all the programmes. Most of those who were invited have responded to our request to share their expertise with the participants. It is through their valuable cooperation that has made the HRDC, JNU, a very stimulating place for academic exchange. Apart from the different Schools and Centres of JNU, the HRDC, JNU gets its support from a number of institutions that cooperate with us by sending their distinguished scholars as resources persons. The academic environment and standard maintained by the HRDC, JNU attract the scholars in various fields to continue interactions with its participants.

The ICC has conducted the following events from 1 April, 2020 till 31 March, 2021 :-

Webinar on “Addressing Gender Issues in Higher Educational Institutions (HEIs): Challenges and Perspectives”, 27 October, 2020

- Internal Complaints Committee, Jawaharlal Nehru University, New Delhi conducted a webinar on the topic, “Addressing Gender Issues in Higher Educational Institutions (HEIs): Challenges and Perspectives” on 27 October, 2020. ICC had invited two resource persons, Mrs. Rekha Sharma, Chairperson of NCW and Dr. (Mrs.) Kochhar Kanwal Preet, Professor of Physiology, AIIMS, New Delhi.

The Inaugural speech at the webinar was delivered by Prof. Chintamani Mahapatra, Rector I. He pertinently dwelt on the UGC (Prevention, Prohibition and Redressal of Sexual Harassment of Women Employees and Students in Higher Educational Institutions) Regulations 2015. All Higher Educational Institutions and affiliated colleges must constitute ICC to handle and stem the problem of sexual harassment. He emphatically underlined that JNU has been practicing zero tolerance policy with regard to sexual harassment.

Prof. Punam Kumari, Presiding Officer, ICC, JNU welcomed the resource persons and participants with giving resource person's brief introduction. She also imparted the role of ICC, JNU to participants.

Mrs. Rekha Sharma, Chairperson of NCW started her speech with recalling sexual harassment case of Haryana and some likewise cases which take place on regular basis. She emphasized the need of imparting awareness and knowledge of laws related to women, especially The Sexual Harassment of Women at Workplace (Prevention Prohibition and Redressal) Act 2013 to all stakeholders in order to prevent growing sexual harassment at workplace.

Dr. (Mrs.) Kochhar Kanwal Preet, Professor of Physiology, AIIMS, New Delhi, categorically explained through her power point presentation that “what is Sexual Harassment, How to prevent it , how could one get help of various laws related to women's right and how could one heal our self psychologically once being sexually harassed”. Her presentation was hugely liked by student participants and they demanded for one more lecture or presentation by Dr. K.P. Kochhar.

Question-Answer session too held. The webinar ended with the vote of Thanks delivered by Dr. Manorma Tripathi, Member, ICC, JNU.

- A webinar on 'Empowering Women through Entrepreneurship' organised by National Commission for Women on 26 March, 2021 at 3.30 PM. Prof. Punam Kumari, Presiding Officer, ICC, JNU was invited and attended this webinar. Distinguished speakers from IIMB and India SME Forum were shared their insights on significance of women entrepreneurship and tips for setting up of a successful business. They were also joined by few successful, resilient women entrepreneurs who shared their stories and learning's with NCW.

Equal Opportunity Office

Jawaharlal Nehru University has been established by an Act of Parliament (53 of 1966). In order to ensure equal opportunity, the University has an Equal Opportunity Office (EOO), which was set up, perhaps, as the first of its kind in the country to aid and advise the students belonging to marginalized sections including the scheduled castes, scheduled tribes, other backward communities, minority communities, persons with disabilities, etc. pursuing various programmes of study at the University.

The terms of reference wherein the Equal Opportunity Office at the University may undertake activities are *inter alia* as under:

- To work out suitable programmes/schemes, including Remedial Courses, for improving performance of students from marginalized sections (whether at undergraduate, postgraduate, M.Phil, Ph.D. or other levels) and/ or to monitor the implementation of such programmes/schemes;
- To establish co-ordination with Government and other funding agencies (including Public Sector Undertakings/ Public Sector Banks) with a view to mobilizing financial and other resources required for educational empowerment of the students from marginalized sections;
- To provide information and act as a counseling-cum-guidance centre for students belonging to the marginalized sections, especially with regard to academic, financial and other matters;
- To help and create a socially conducive atmosphere for the growth of healthy inter-personal relations among students from marginalized sections and from various social backgrounds;
- To help and develop cordial inter-personal relationships between teachers and the students from marginalized sections for academic interaction and extra-curricular activities;
- To extend help/support to the students from marginalized sections to overcome problems and barriers emanating from discrimination at any level within its mandate;

- To organize or conduct seminars/ symposia/workshops/conferences/exhibitions, etc. from time-to-time on issues of contemporary significance for empowering, educationally and culturally, students belonging to the marginalized sections.

Access-Audit for Barrier Free Campus

An Access Audit of the entire campus had been carried out so as to make the academic, administrative and residential buildings and public places in the University campus accessible for the wheel-chair users and the visually impaired persons.

The University has been identified as a model higher education institution by the Department of Disability Affairs, Ministry of Social Justice and Empowerment, Government of India under the Scheme for Implementation of Persons with Disabilities Act (SIPDA) along with a grant-in-aid of Rs 8.51 Crores approx. for the execution of the first phase of work for creating a barrier-free environment, facilitating the University to make the requisite structural and other changes on the campus. Wherever possible, the Equal Opportunity Office has been assisting the University in the activities which are underway for creating such changes.

Steps towards Creation of a Barrier-Free Environment

Though certain measures (such as putting special ramps, disabled-friendly toilets, etc.) have been taken earlier in order to facilitate persons with disabilities, there were areas which necessitate further attention and improvement to make the University accessible for disabled persons. The ongoing activity under SIPDA to make the campus barrier-free is a major effort in this direction, making facilities for persons with disabilities which *inter alia* includes the following:

Ramps

- (i) Ramps have been provided in following hostels for physically challenged students:

a	Kaveri	b	Godavari
c	Periyar	d	Jhelum
e	Sutlej	f	Ganga
g	Koyna	h	Shipra
i	Brahmaputra		

- (ii) Ramps with tactile paving have been provided for physically challenged students:

- In all academic complex, School Buildings, Kaveri, Godavari, Periyar Hostels,
- Pavement from North Gate to Admin. T-Point
- Aravali Guest House, Aravali International Guest House, 24X7 Dhaba, Main Shopping Complex, Health Centre etc.

Lifts

Lifts have already been installed in various buildings of the University for facilitating the independence and mobility of the persons with disability. While certain measures have been taken in the past to make the lifts accessible to persons with disability, further steps, such as, installation of Braille systems, voice systems, etc., were undertaken to make the lifts more disabled-friendly.

Installation of lift(s):

- (i) Lift installation completed in:
Admin building, SSS-I, SSS-II, SSS-III, SES, SIS-I and SIS-II, SLL&CS-I, SLL&CS-II, Library Building, SLS, SC&SS

- (ii) Lift installation work in progress in:
Kaveri hostel, Godavari hostel, Periyar hostel, School of Physical Sciences, Centre for Law and Governance, Centre for Sanskrit Studies
- (iii) Lifts proposed:
HRDC (Old Academic Staff College) and JNIAS New Building

Toilets

A special measure has been taken to provide adequate lights in the toilets in the Schools and the Library to assist the students with low vision. Construction was carried out in the toilets on the ground floors in Koyna and Shipra hostels to make them more disabled-friendly. However, certain problems which are still being faced by students have been identified and efforts are underway to rectify such problems under the SIPDA scheme. Structural modifications in toilets in other areas of the campus are also underway for improved accessibility to persons with disabilities.

Construction of specially designed toilets for physically challenged students:

i.	Kaveri Hostel	ii.	Godavari Hostel
iii.	Periyar Hostel	iv.	Brahmaputra Hostel
v.	School of Life Sciences (East & West Wing)	vi.	Admin. Building
vii.	Social Science-I & III	viii.	SES Building
ix.	SLL&CS-I, II &III	x.	SIS- I &II
xi.	Centre for Sanskrit	xii.	Centre for Law and Governance
xiii.	SC&IS	xiv.	SPS
xv.	SCMM	xvi.	JNIAS New Building

ATMs

Two ATMs, touted as the State Bank of India's first 'real' disabled-friendly ATMs, have been installed at the University; one in the Poorvanchal Complex and the other near the Dr. B. R. Ambedkar Central Library building.

Most of ATMs are available with Ramp in this the campus.

Work in progress

- (i) Creation of Barrier free Campus including installation of barrier free lifts in Academic & Hostel Buildings.
- (ii) Construction of tactile footpath on right hand side from East Gate to Admin. Block at JNU.
- (iii) Construction of footpaths and repair of all the roads in the Campus.

Wheelchairs

Wheel Chairs are provide by Equal Opportunity Office to required students.

Blind Sticks for Visually Impaired Students

A significant proportion of visually impaired students pursuing various programs of studies at the University suffer from total blindness. As visually impaired students typically use blind-sticks for their mobility on the campus and in negotiating their way outside the campus, the Equal Opportunity Office purchased fifty good quality blind-sticks from Government e-Market and were distributed to the needy students (Visually impaired) of the University.

Mini Bus for Physically Challenged Students

Equal Opportunity Office has procured a disabled friendly AC mini bus from M/s. Samson Motor, Vasai under Corporate Social Responsibility (CSR), duly funded by Bharat Heavy Electrical Limited (BHEL)

Laptop Customized Software for VH Students

Equal Opportunity Office and Project Implementation Committee (PIC) to implement the initiative of Rural Electrification Corporation Ltd. (RECL), New Delhi supporting JNU generous donations under its CSR activity, purchased 50 laptops with customized software for the visually impaired students of JNU and 26 Laptops have been distributed to Visually impaired students on 31.3.2016. presently redistributed to required students.

Dr. B.R. Ambedkar Central Library & Helen Keller Unit

To meet the special needs of the visually impaired students the following facilities have been put in place at the Dr. B.R. Ambedkar Central Library of the University in collaboration with the Equal Opportunity Office.

- a. A Unit named after Helen Keller (Equipped with 20 Desktop installed with screen reading software, CD Rack & Book Rack) is instituted at the ground floor of the Central Library building. It also provides special services using assistive technologies to the visually impaired students/ researchers of the university by providing E-Books, E-journals, Online Databases, Books, apart from providing scanning facilities on demand. The MAGIC software has also been installed on 5 Desktops for the low vision students/ researchers. Two Braille Embossers are capable of printing Hindi, English text, graphics and maps into Braille.
- b. The Helen Keller Unit is equipped with the following assistive technologies:
 - **Desktop Computers** **30**
 - **JAWS** **30 on each computer**
 - **Kurzweil 1000** **30 on each computer**
 - **Computer headphones** **30 to each Computer**
 - **HP flatbed scanners** **20 to each computer**
 - **LexCam Scanners** **02**
 - **Refreshable Braille Display** **02**
 - **Braille Embossers** **02**

This unit has been extended to different Schools/ Centres like SSS-I, SSS-II, SIS, CSL&G and Sanskrit Centre. These software support features enabling the user to hear the e-text in different European languages, English and Hindi Language. The EOO has been working in collaboration with the Central Library to provide further support to the facilities at the library.

Certain additional facilities are made available to visually Impaired students include the following:

- Angle Daisy Player 90 to all visually impaired students
- Laptops 90 to all visually impaired students
- Wheelchairs 15 (for physically challenged students)
- Locker facility to all visually / physically challenged students on demand

The library organizes training and orientation programmes on the uses of assistive technology for the benefit of students to encourage the use of the technologies in day-to-day studies. The library is also a member of the Daisy Forum of India (DFI) and Bookshare.org to provide the e-text facilities to visually impaired students of the University.

Remedial Classes

The Centres/Schools conduct Remedial Classes for SC/ST/OBC (NC) minority community students as per UGC Scheme. The Centres/Schools have designated conveners. Students who need Remedial Classes are identified by conveners. The main objective of these classes is to make up the deficiency in the core subjects and optional subjects; improve academic skills; raise level of comprehension of basic subjects as well as to provide stronger foundation for further academic work; to strengthen their knowledge' skills attitudes in such subjects where quantitative and qualitative and laboratory activities are involved, so that the necessary guidance and training provided under the programme may enable the students to come

up to the level necessary for pursuing higher studies efficiently and to reduce their failure and dropout rate. Time table for Remedial Classes is displayed on the notice Boards of Centres/Schools from time to time. (Annexure I enclosed)

Welfare Activities for Students

Besides this, Equal Opportunity has purchased many books for students preparing for civil services, staff selection commission and UGC NET examination etc.

Equal Opportunity Office provide the space facility for SC/ST/OBC disable person for free coaching/lectures Audio/Video/Desktop (12) with projector facility in SC&IS building from 5 pm to 9 pm as per rule.

Equal Opportunity Office as Complaints Redressal Mechanism

The Equal Opportunity Office has been committed to fulfilling its mandate of maintaining social harmony among various sections of the University community. Whenever any case of social discrimination is brought before the Equal Opportunity Office, it is thoroughly investigated and examined, and suitable action is recommended. Addressing of issues related to any social discrimination faced by students or staff at any level is amongst the principal objectives of the Equal Opportunity Office.

The Equal Opportunity Office wishes success to all the members of the University and is always available for assistance at the following address:

Complaints: During the period under report no complaints were received.

University Level Anti-Discrimination Committee

In order to further strengthen the mechanism of ensuring equal opportunity and to check cases of discrimination, the University has constituted the following committee.

The Chairperson of the Anti Discrimination Committee as shown above also acts as the Anti-Discrimination Officer.

Prof. G. K. Chadha Memorial Fellowship for Differently Abled Students

The University has created an endowment fund of Rs. 5 lakh donated by the family of the late Prof. G. K. Chadha, former Vice-Chancellor of JNU, for award of 2-3 fellowships to Master's level students with the highest percentage of marks.

Linguistic Empowerment Cell (LEC)

Linguistic Empowerment Cell (LEC) is a unique capacity-building system evolved by JNU to empower the students, a very heterogeneous population, coming from different sections of the society and remote regions of the country. It caters to the linguistic needs of these students who may find it hard to cope with their regular programs in their respective schools and centers primarily for reasons of language. LEC runs graded courses in English, Hindi, Sanskrit and Indian Sign Language to the Indian and foreign students.

Institutional Ethics Review Board (IERB)

Institutional Ethics Review Board is functioning since September 2008; it offers assistance and guidance to researchers of JNU who need to work on Human Subjects and intend to table their proposals for 'ethical clearances'. Even though the need for ethical clearances for the intricate science and social science JNU research on human subjects should have been a key requirement but it is still not a mandatory one at IERB to let the supervisors/Centre and School level Committees feel responsible for this primary ethical evaluation. However, the number of proposals routed to IERB have seen an increase in recent times, due to which the expert evaluation meetings have increased per semester. The JNU – IERB is one of those regulatory mechanisms which builds capacities for a more meaningful interaction on the ground and facilitate international standards in research and publications. In fact IERB, its constituent elements and all the panelists are aware of the fact that for the advancement of knowledge, real life experimentation based research must go on, which may on most occasions involves living beings both human and non-human. It is both an individual as well as an institutional responsibility to protect the biosphere, cause no harm through experimentations to any of its constituents, be it a human being or any other form of life, or even the fine balance of the ecosystem. Besides this, the Constitution of the country has set up many institutions which have established laws and Codes on data collection, data sharing, and information dissemination to protect national interests, intellectual property rights, creative copyrights and human dignity of marginalized and vulnerable communities and people. It is a collective responsibility of the researcher and the institution to balance the risk against benefits, try and minimize risk and maximize benefits through appropriate study design and appropriate research procedures and tools. This is where the institutional ethical committee plays a critical role, more as an advisory body with a multi-sectorial, multidisciplinary body of experts rather than just another administrative hurdle for the young enthusiastic scientists.

Public Relations Office

The Public Relations Office of the University issued a number of press releases on various activities, forwarded press clippings and other reports/information pertaining to JNU appearing in the press, as feedback to the University authorities. It also responded to public queries relating to academic as well as administrative matters and received important visitors and delegations to the University. Replies to written queries were sent to those who sought information regarding various aspects of the University functioning.

A bi-monthly journal *JNU News* is brought out by the Public Relations Officer. It is edited and published by the PRO on behalf of the University. The journal serves to bridge the information gap and tries to initiate and encourage a constant dialogue between various constituents of the University community as well as with the rest of the academic world. The Annual Report of the University was also prepared and published both in English and Hindi by the PRO Office.

Guest House

JNU's three guest houses provided accommodation to 47 guests during the year under review. This year the numbers remained less due to the COVID-19 lockdown. The accommodation was given to the official guests only.

Rajbhasha Cell

For Translation (Hindi to English and vice-versa) and various Hindi related services, Rajbhasha Cell is established in JNU. It is headed by Assistant Director (OL) and assisted by Senior Translation Officer, Junior Translation Officer, Stenographer, Computer Operator and so on. Hindi Advisor, an honorary post to be deputed among Hindi Teachers of the University, advises the Cell for better implementation of Official Language Hindi among the university units. Currently, Dr. Malkhan Singh, CIL/SLL&CS is the Nominated Hindi Advisor.

Rajbhasha Cell acts under the administrative control of the Administration of JNU. It keeps on monitoring the implementation and the progressive use of official language of the union in the University & facilitates various schools/centres/sections/departments of the university to do office work in Hindi.

During the year under report, Rajbhasha Cell of the university undertook the following online assignments/activities:

- **Quarterly Hindi Meetings:-**Rajbhasha Cell convened (02) Official Language Implementation committee meetings. During the year the 1st meeting was convened on 24 November, 2020. It makes the arrangements for the KV children to present their Patriotic songs and other cultural activities on the occasion of Independence Day (15th August) and Republic Day (26th January). The children are awarded some gifts by the Vice Chancellor of the University

Apart from the above, Rajbhasha Cell constantly strives to propagate official language Hindi among the staff members of the university. It collects the **Quarterly Progress Report** of Hindi from the various sections/schools/centres/ departments of the university and arranges to send the compiled report to the MHRD, UGC and Regional implementation office (RIO) of the Department of Official Language. The above report is filled in online on the platform of DOL, MHA.

Rajbhasha Cell does undertake various Hindi translation works of Annual Report of JNU, Annual Accounts, Audit Report, Academic Ordinance, Court Meeting Agenda and Minutes, Tender Notices, Admission Notices, advertisements for recruitment and other purposes and all the Documents covered under section 3(3) of the Official Language Act i.e. routine orders, Circulars, Notices, memoranda etc.

Hindi Translation Services and implementation of Hindi is the main job-work of the Cell. It also offers help/services to facilitate usage of Hindi on computers such as installing of Hindi software Unicode and in the E-Office. Rajbhasha Cell is a watchdog for Hindi implementation & Hindi related other services in the University.

Chief Proctor

Statute 32 of the Statutes of the University deals with maintenance of discipline among students of the University; all powers relating to discipline and disciplinary action in relation to students shall vest in the Vice-Chancellor. Statute 10(3) (a) states that there shall be a Chief Proctor appointed by the Executive Council of the University.

The Chief Proctor's Office has been in existence since 1986. The Proctorial Team consists at present of one Chief Proctor assisted by Seven Proctors (of which three is a woman Proctor). The Chief Proctor's office is responsible for maintaining discipline among the students of the University. In the execution of its duty of maintaining peace and harmony on the campus, it relies, by and large, on the philosophy of taking reformatory measures rather than punitive steps. In cases involving violation of disciplinary norms, however, appropriate disciplinary action is taken.

Legal Cell

The Legal Cell was set up in J.N.U around the year 2007. Earlier, the existing cases against the University were being dealt with by their respective concerned branches. There were no inter-linkages among the departments *vis-à-vis* the

legal issues. After the formation of the Legal Cell, all the pending legal issues/cases with different sections were clubbed together and consolidated functioning happened through the empanelled legal counsels of the University. The Legal Cell therefore is a nodal point for all University related litigation, vetting of Memorandum of Understanding, tender documents and other legal documents.

The Legal Cell has been assisting all the stake-holders, viz. faculty, staff and students in the legal issues faced by them from time to time *vis-à-vis* providing legal advisory work like vetting of legal documents, draft agreements, MoUs, Tender documents and interpreting matters having potential of legal repercussions. The number of court cases dealt by the Cell from its inception are as under:-

S. No.	Particulars		
1.	Total cases listed	-	492
2.	No of cases Disposed of	-	317
3.	No of cases Pending	-	175

During the period under report, the number of fresh cases received and disposed of were as under:-

From 01.04.2020 TO 31.03.2021

S. No.	Particulars		
1.	Total cases listed	-	47
2.	No. of cases Disposed off	-	24
3	No. of cases Pending	-	23

175 cases are pending in the court as on 31.03.2021 including the 23 cases for the period 01-04-2020 to 31-03-2021.

The Legal Cell has been continuously monitoring the court cases and liaising with various departments of the University and legal counsels for legal compliances. It also continues to exercise constant liaisoning with Standing/Additional Standing Counsels of the University for feedback and compliance in matters of court cases and other issues also concerning interest of the University.

Security Department

During the period under review, the following important steps were taken by the Security Department for strengthening the Security system in the JNU Campus.

- During Covid-19, security office provided lockdown passes to JNU and contractual staff who were staying outside the campus including housekeeping staff, Sanitation staff, and Hostel mess staff, for smooth entry on their way to campus.
- CCTV cameras were installed in some hostels and school buildings. During Covid-19 security staff helped the Covid positive families in campus for ambulance, ration, medicine and other outside requirements.
- Covid-19 awareness Announcement was carried out in all the campus area regarding wearing of mask and maintaining of social distancing and avoiding unnecessary movement of people on road during curfew.
- During Covid-19 thermal screening of peoples was carried out at all the gates, Schools, hostels, Admin building
- Successful Covid-19 testing camp and vaccination camps were organized in campus.
- During lock down many hostel night checking was carried out with the coordination of security staff.
- Maintenance of all fire extinguishing/ fire fighting system in the hostel area, residential building and school building in campus.
- Firefighting training was conducted in schools hostels and residential area one staff vehicle Scorpio was purchased by Transport department for university.
- Successful Security arrangement during the unveiling the statue of Swami Vivekananda at JNU by prime minister through video conferencing.

Communication and Information Services (CIS)

JNU initiated several efforts for setting up a campus-wide computer network in the academic complex of the University in the year 1996. Keeping options in mind for future expansions, the network was carefully planned, using fiber-optic cabling to connect all the major academic buildings. JNU decided that a separate centre was needed to look after Network Operations centrally and a Center was created by the name Communication and Information Services (CIS).

The Communications and Information Services Centre was set up in February 1997 as an independent Centre headed by the Director. By May 1997, the site was ready, and it started functioning with a small workforce of select persons drawn from different departments of the university. In 2001, CIS became part of the School of Information Technology (SIT).

In August 2011, the Vice-Chancellor approved the re-structuring of the Communication and Information Services (CIS) by merging the Technical and Computer staff working in CIS, E-Governance and University Computer Maintenance Cell (UCMC) for smooth functioning of E-governance and network-related activities as a separate Service Center for central ICT facilities of JNU.

The bandwidth has been rising gradually since right from the inception of CIS. In 2002, the internet bandwidth of the campus was increased to 2 Mbps. This was doubled in 2003, and tripled in 2004, and like this usage of intranet bandwidth of campus moved up to 1Gbps in 2005. JNU has 10 Gbps of internet bandwidth of each link coming from two different ISPs and integrated at our end to give seamless access from two ISPs. Presently, the University has the bandwidth of 10Gbps through National Knowledge Network (NKN).

CIS have the following groups:

Network and ICT infrastructure group:

At present, CIS had deployed about 44 km of Optical FiberCable (OFC) across the campus connecting all the academic complexes including the new buildings, all the hostels and other facilities through fiber net connectivity. CIS also installed 2000 Nos. of Wireless Access Points for the campus WiFi connectivity. The Network group supports the operational management of both active and passive components of Network and Wi-Fi services across the campus. The team also renders their service related to Firewall, Internet Service Provider and Internet management, network authentication system, Network Monitoring System, and Domain name Control System, which are the backbone activities of the campus network.

The group also maintains the JNU Private Cloud, which hosts about 36 support software / servers hosted for JNU intranet usages.

CIS launched the official University website, www.jnu.ac.in in 1997. Website is the front interface for all the important academic and administration information for an organization. JNU implemented Content Management System based website, which consists of 120 micro sites of the University. This group put their best efforts for updating the information and provide services logically in the 24 x 7 monitoring of website functionality.

e-Governance Group:

The e-Governance Cell was formed in the year 2006 for the automation of administration and academic processes of the University. In the year 2011, the cell is merged with CIS. The following are support service and operational management activities undertaken by this group:

Software Implemented through Government Sources:

- **eOffice Suite** of NIC: JNU has implemented successfully entire eOffice Suite since year 2015. This suite consists of e-File, e-Leave, KMS, e-Tour, PIMS and SPARROW
- **e-Procurement** and Central Public Procurement Portal by NIC: JNU has successfully implemented the e-Procurement system for e-Tendering since 2015.

- **GEM** by GoI: JNU has successfully implemented the procurement process under GeM since 2017.
- **Online Consumable Request Management System:** JNU customized and implemented the software acquired from DoPT Computer Cell for automation of activities of the Central Stores and Health Center for their consumable items of the stores. The software is running smoothly and adding value to the departments since year 2016.
- **Online RTIMS:** JNU has implemented the Online RTIMS system developed and implemented by the DoPT. This system has been functioning in JNU since year 2014.

In-house Developed Software:

- Student Registration Software (Post Admissions, Semester Registration, Hostel Allotment, No Dues Clearance, Result Processing etc.) under JNU EduERP initiatives
- Digital tracking and Management Software for thesis tracking and online thesis submission process.
- Health Centre Pharmacy Inventory Management Software for the Students Health Center
- Research Project Management Software.
- Helpdesk Management Software – Implemented for CIS and Engineering Branch
- Implemented Online Recruitment software for Teaching and Non-Teaching Posts (ORMS)
- University House Allotment System
- Health Centre OPD Appointments
- Online Minutes of Executive Management
- Unified Payment Gateway System (JNU Cashless Campus)

Central Data compilation and preparing MIS reports, other data related activities at the level of University to support the administration:

- All ranking schemes (NIRF, ARIIA, QS, WUR, ACU, THE WEEK - HANSA, TOI, etc.,)
- Monitoring and updating the data for 18 e-Schemes of MHRD/UGC from time-to-time basis.
- National Academic Depository – uploading of the NAD portal data of JNU in coordination with CDSL

University Computer Hardware Maintenance Group:

University Computer Maintenance Cell (UCMC) under Communication and Information Services, Jawaharlal Nehru University has been established to provide hardware and software support to the end users of the University. This cell is also rendering and monitoring the end point solutions for various virus and malware threats.

Technical support is available between 09:00 am – 05:30 pm from Monday to Friday (except holidays).

Learning Management System, Video Conference and other related infrastructure Management group:

- Operations Management for Online Learning Management System (MOOCs)
- Operations Management of Video Conference facilities deployed at various locations of the campus
- Operations Management of Net Meeting System, Online Viva Voce of M.Phil / PhD, Dissertation / Thesis
- Smart Card based Biometric Attendance System of JNU
- Deployment of Surveillance System at the critical entry points of the University and CCTV Camera, and its operational Management and monitoring.

The major activities performed by CIS for the period of Year 2020-2021:

- JNU Online Admission process, Students Registration, Assessment, Evaluation and Online Convocation of the University.
- Capacity Building and ICT Training to JNU community

- Strengthening and deployment of new Software in the University to meet its online requirements especially digital systems deployed during the covid19 pandemic to manage administrative and academic activities of the University.
- Deployment of CCTV cameras in the hostels
- Deployment of Central UPS in high availability mode in CIS Data Centre
- Upgrade of central facility Software and Hardware deployed in CIS Data Centre
- Initiative taken for deployment of Unified EduERP across the University as single suite with integrated dashboard.
- Deployed Perimeter Firewall along with activation other cyber security utilities to protect university data.
- Deployed Fiber to the Home (FTTH) technologies in the limited residential complexes to expand JNU WiFi Services at Dakshinapuram and Uttarakhand residential blocks of the University.
- Deployed high end UPS systems in the Data Centre of the University to scale up the ICT Infrastructure requirement of the University.

CENTRAL FACILITIES

DR. B. R. AMBEDKAR CENTRAL LIBRARY

**UNIVERSITY SCIENCE
INSTRUMENTATION CENTRE**

**ADVANCED INSTRUMENTATION
RESEARCH FACILITY**

Dr. B R Ambedkar Central Library

Dr. B.R Ambedkar Central Library is a nine-storey building and has a carpet area of about one lakh sq. ft. It is situated in the midst of the academic complex of the University and is the hub of all academic activities. All the Reading Halls are air-conditioned. Entire library is connected through LAN & WI-FI. All the Schools, Centers and Offices of the University are connected to the Library through INTRANET.

The Central Library has a seating capacity for 1000 and facilitates the use of laptops or reading table. There is one reading hall open 24x7 which permits the use of personal books by the readers.

Reader Services

During the period under the report, there were 2982 new members registered including faculty, staff, and trainees of Academic Staff College. Library issued No Dues Certificates to 2411 users and had 1771 circulation transactions.

Resource Sharing/ Inter Library Loan (ILL)

Library issued 31 and received 29 books on Inter Library loan through DELNET

Procurement of Electronic and Print books:

Library procured 1469 print books and 155 e-books worth Rs. 33,61,887/- and Rs.15,78,086/- respectively. It received 26 books worth Rs. 28559.00 as gift. The collection has 26,688 theses and dissertations which is accessible through OPAC.

Technical Processing of Books:

Processing section processed 1469 (Purchased Books), 26 Gifted books and 57 Exim Library books a respectively during the financial year of 2020-2021. The New, Gifted records/books were added to the various collections of Library like Social Sciences, Sciences, Afro-Asian Languages, European Languages, Russian Languages and U.N. Documents Collection.

Subscription to Periodicals and Electronic Databases:

Dr B R Ambedkar Central Library subscribed to 48 Print Magazines, 40 Print Newspapers and 32 Online Databases. Besides, it got access to 14 databases from UGC eSS- Consortia. The total expenditure on subscription of print/online journals and online databases for the year 2020-2021 was 284 lakh approximately.

Online Databases Subscribed by Dr. B. R. Ambedkar Central Library during the year:

ACM Digital Library; Benchmarking & Analytics-Incites Database; China Academic Journals - (CAJ-Web Series F,G,H and J); CEIC Global Database + India Premium DB+ World Plus DB; CAS-Scifinder Academic Unlimited Access Plan; Cambridge Crystallographic Data Centre; EBSCO Academic Search Complete; EBSCO E-Book Academic; EBSCO-Soc Index; EBSCO- International Security & Counter Terrorism Ref. Centre; Emerald 312 e-Journal Collection; Hein Online Academic Core Collection Database; IOP Science Collection; Indiatat; IEEE-IEL Online Database; Manupatra; PNAS Tier-4; Pro Quest Academic Research Library; Newspaper Direct – Library Press Display; Prowess Database; Royal Society of Chemistry Gold – ESS Collection; Springer Nature includes Nature Chemistry, Nature Materials, Nature Microbiology, Nature Physics Journals; Sage Publishing (Management & Organization studies 120 subject collection and Sage Business Collection); TAIR- Phoenix Bioinformatics; Turnitin- Originality Check; Grammarly Premium; EBSCO Discovery Service; EZproxy License. The Library is also having the perpetual access of Pro Quest Historical Newspapers Times of India Archive; Society for Industrial and Applied Mathematics (SIAM) and South Asian Archive.

Online Databases available through INFLIBNET eSS Consortia during the year:

American Chemical Society -ACS Legacy Archives; American Institute of Physics (AIP) - AIP Archive; American Physical Society -PROLA (Physical Review Online Archive); Annual Reviews; Economic & Political Weekly; Institute for Studies in Industrial Development (ISID); J-Gate Custom Content for Consortium (JCCC); JSTOR; MathSciNet; Oxford University Press - OUP Archive; Project Muse; Springer Link 1700 Collection + Nature Journal; Taylor & Francis; Web of Science.

EXIM Bank Library:

The Exim Bank – Economics Library specializing in the discipline of economics was set up in July 2000 as a part of the JNU Library system. All the basic services like the On-line Public Access Catalogue (OPAC), borrowing, reference and photocopying facilities are provided by the library to its users. It acquired 57 books worth Rs. 4, 94,759.00 during the year 2020-2021.

Digital Library System and Services

The library is using Virtua, Integrated Library Management Software for housekeeping jobs in different sections viz. Processing, Periodicals, Readers Services, Humanities, Science Division and the Circulation for the Issue/Return. The users can check the availability of all the library resources and can download the full text of e-resources like theses and newspaper clippings etc. The total number of bibliographical records in library database is 5,79,241. The Digital library system has been strengthened with the following:

1.	Total bibliographical records in Library Database	5,79,241
2.	Number of data CD's in the collection	684
3.	Total number of Desktops	
a.	Cyber Library	145
b.	Central Library (Office area)	150
4.	Total Number of Servers	04

Library housekeeping operation

The Library is in the process of completion of bibliographic and patrons data migration from VIRTUA ILMS to Koha ILMS (Open source software) and is under implementation stage. The web OPAC of KOHA is now available on INTRANET.

In-Out Management System

The Central Library has developed In-Out Management System for patron attendance in library.

Helen Keller Unit

Dr. B.R Ambedkar Central Library is committed to providing equitable access to information to all. The Helen Keller unit has 20 computers installed with JAWS & Kurzweil software to help visually challenged students access computers and online resources; headphones, scanners, 02 Braille embosses. Hindi OCR software is also installed in 02 computers. The unit has manpower to scan the reading materials for the visually impaired students. Further 95 laptops & 85 digital voice recorders were distributed to visually impaired students of the University.

User Awareness Programmes on library and its services, knowhow of internet and its use, Hindi typing were organized for the visually impaired students

Cyber Library

The Cyber library is located at the ground floor and has 145 computers for the students community to access OPAC and the subscribed online resources.

Remote Access

Ezproxy-remote access has been provided to all registered users. It is an advanced authentication system which facilitates remote access to subscription-based content through single sign on facility.

Single Window Search

Central Library, JNU has implemented Web-scale Discovery Services (WDS), Ebsco Discovery services (EDS) which is known as single window search. This service integrates a number of resources and facilitates the users in accessing required information through a single search interface.

e-Procurement & GeM

During the year 2020, the Central Library has procured two servers through GeM Portal. All the store items are being purchased through GeM Portal. AMC of online UPS has been completed through e-Procurement.

TURNITIN:

To check plagiarism, all JNU faculty and M.Phil./PhD students have been provided Turnitin accounts. The account for JNU faculty is created by Central Library. The faculty members are responsible for creating accounts for their research scholars. This facility is also available for the affiliated institutions of the university. The Library has checked 1234 documents and provided the similarity report generated through the software to the scholars.

URKUND (OURIGINAL):

Central Library, JNU with support of INFLIBNET also provided access to URKUND (Ouriginal) anti-plagiarism tool for the JNU Faculty and Students. Library got generated 194 similarity reports through the software and provided to the scholars.

DRILBIT SOFTWARE

The Central Library, JNU is providing access to Drillbit Software (Anti-plagiarism software) for the JNU faculty and students. It supports checking of document written in Non-English Languages (Regional) and Foreign Languages. Library has checked 48 documents and provided the similarity report generated through the software to the scholars.

GRAMMARLY:

Dr. B R Ambedkar Central Library has subscribed to the Grammarly@edu Software/ Tool. It is an automated grammar tutor and revision support tool and works one-on-one with students to develop essential writing skills, reinforce proper revision habits and prevent plagiarism. One may upload drafts of one's writing assignments to Grammarly to receive immediate instructional feedback on over 250 points of grammar. An algorithmic and structured approach to text revision ensures that valuable learning moments are seized upon when proofreading. It is accessible through <http://www.grammarly.com> or a link given on library website.

Access to Online Newspapers and Press Clippings:

Library has an indigenous database of about 8 lakh newspaper clippings which can be accessed through OPAC (Online Public Access Catalog). These news clippings which are from 21 newspapers from 1974 onwards and have been categorized under 72 subject categories.

Pest Control

Comprehensive pest control treatment was done 4 times to protect the library material from termites and other insects during the period.

Display of JNU Faculty Books at Word Book Fair 2019

The Central Library organized a display of books in the first-ever virtual book fair New Delhi World Book Fair (NDWBF) from 6 – 9 March, 2021.

Users Attendance System

The Library has designed and developed a bsystem using Open Source Software for tracking entry of authentic users at the entrance. (<http://10.107.16.102/libatten>)

Digital Notice Board

The Library has a Digital Notice Board which displays information pertaining to the university, forthcoming holidays, events, and Library opening and closing timings.

Document Delivery Services

The Library also provides research papers/articles on demand to the users. Around 300 research papers were provided to faculty members/students.

Event Organized by Dr. B. R. Ambedkar Central Library

- Webinar on Anti-Plagiarism Software for Regional Languages(Check-For-Plag) 30 May, 2020
- Webinar on Shodh Shuddhi: Addressing Plagiarism through Urkund, 30 May, 2020.
- Webinar on Scholarly Writing and Publishing, 10 June, 2020.

- Three-day Workshop on Publishing Ethics and Research Methodology, 12 – 14 August, 2020.
- Webinar on 'SciFidner-n: Less search, more research', 11 – 15 September, 2020.
- e-Workshop on Research Support Services and Publication Ethics, 23 – 25 September, 2020
- e-Workshop on Publishing Ethics, 15 October, 2020.
- Two-Day e-Workshop on Research Methodology and Publication Ethics, 22 – 23 October, 2020
- e-Workshop on Research Support Services and Publication Ethics, 5 – 6 November, 2020
- e-Workshop on Publishing Research, 17 December, 2020
- e-Workshop on Research Methodology, 11 – 12 January, 2021
- Library orientation Programme, 20 – 22 January, 2021
- Two-Day National Webinar on Research Methodology and Publication Ethics, 4 – 5 February, 2021
- Five-Day e-workshop on Research Methodology and Publishing Ethics, 10 – 14 March, 2021

University Science Instrumentation Centre (USIC)

Invited Talks/ Guest lectures by the Faculty

- Sharma Shatendra K., “X-ray diffraction Techniques”, national e-workshop on X-ray diffraction held organized by Amity University Haryana, 24 September, 2020.

Patent Filed

- Indian patent: Fabric with self cleaning property, complete specifications filed for Indian Patent, 8 April, 2019.
- Indian patent: An antimicrobial face mask using nano-particle coating, Patent Application No. 202011017740 filed in India, 25 April, 2020.

Advanced Instrumentation Research Facility (AIRF)

Advanced Instrumentation Research Facility (AIRF) is operational since 2008 and at present running more than 30 sophisticated state-of-the-art instruments (Annexure-1) with supporting sample processing facilities to support research scholars. It caters to the interdisciplinary applications in research not only to all the JNU Science Schools which includes the School of Biotechnology (SBT), School of Environmental Sciences (SES), School of Life Sciences (SLS), School of Physical Sciences (SPS), Special Centre for Molecular Medicine (SCMM) and Special Centre for Nanosciences (SCNS) but also to other academic research institutes and private companies/industries within and outside Delhi. AIRF supports inter-disciplinary academic and research activities by conducting regular workshops/webinars and trainings programmes. AIRF is presently headed by the Director - Dr. Shailja Singh, Special Centre of Molecular Medicine (SCMM), JNU and Associate Director- Dr. Usha Mina, School of Environmental Science (SES), JNU. AIRF has two permanent faculty, eleven permanent staff and five temporary staff under DBT project to carry out day to day activities.

Objectives:

- To become an internationally recognized Centre for Excellence in quality and innovative scientific service solutions in the field of inter-disciplinary research & development using cutting-edge advance scientific instrumentation.
- To generate highly skilled manpower at postgraduate/doctorate level on high-end analytical instruments through peer interaction and direct instrument usages.
- To be source of ideas, innovation, research and development in the field of different high-end instrumentation techniques.
- To organize short intensive courses, conferences and seminars on sophisticated analytical equipments to develop the skills related to different instrumentation techniques which will benefit the scientific community.

Minor Equipments/Laboratory Facilities

- TEM & SEM Sample Preparation Laboratory
- Inverted Research Fluorescence Microscope
- Two Sample Preparation Laboratories with some Basic Facilities equipped with refrigerated and non-refrigerated, micro-centrifuges, pH meters, weighing balances, ice machines, vortex mixers, etc.
- Manual and Automatic Hydraulic Press for FTIR

- Semi Automatic 40Ton Hydraulic Press for XRF sample preparation
- Muffle Furnace (1400°C working temperature)
- Critical point Dryer
- Turbo Freeze Dryer with liquid nitrogen fed cold stage
- -80°C Deep Freezer
- -20°C Deep Freezer
- MQ Plant
- Incubator and Shakers
- Laminar flow benches
- Chemical hoods
- Speed Vac
- Sputter Coater
- Sonicator/Ultrasonic Water Bath
- Lyophilizer

Achievements

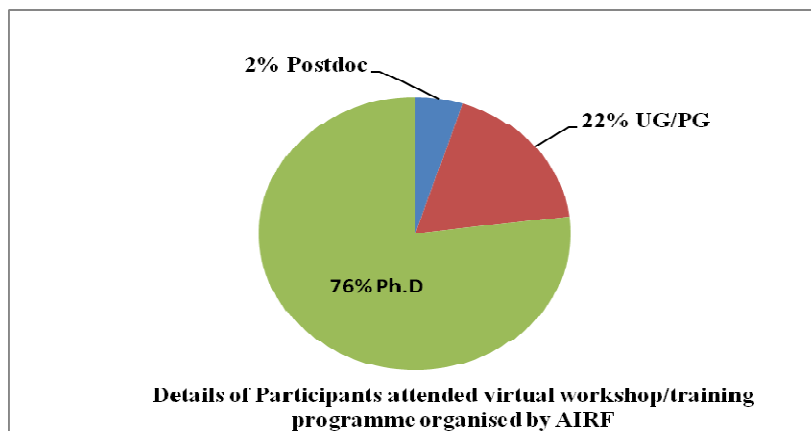

Virtual Workshops and Training programmes

During April 2020 - March 2021, eight virtual workshops and training programmes have been conducted to create awareness among the research community for the effective utilization of research facility leading to the substantial increase in the number of efficient users. The virtual workshops and training programmes are conducted to provide efficient and trained professionals to maintain a pace in the development of research in the country. The increased manpower has helped in maintaining the smooth functioning of facility. During the past year the number of publications came out after usage of advance instruments of AIRF has improved substantially. The support through DBT-fund towards the maintenance of the sophisticated instruments has brought about a marked reduction in down time of the instruments and has henceforth substantially boosted the qualitative use of the facility. These efforts have motivated researchers to explore the facility and get benefitted by it during the pandemic time as well.

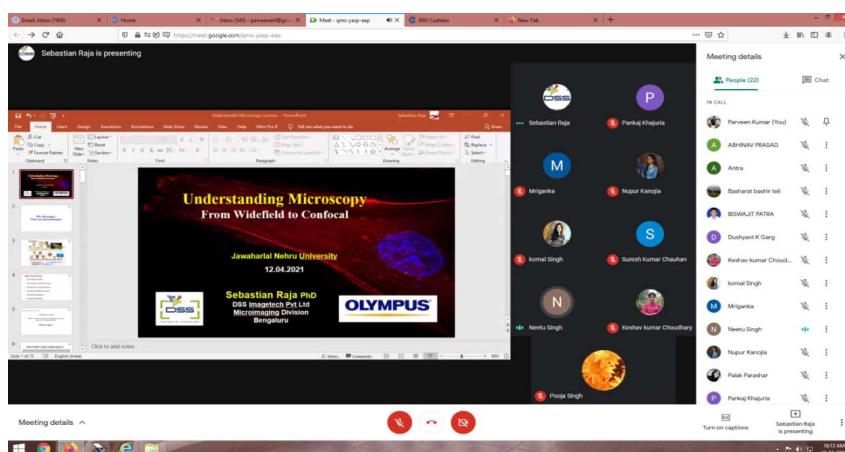

Details:

S. No.	Virtual Workshop/Training programmes	Coordinators	Number of Participants	Achievement
1.	Microscope and Accessories Required for Live Cell Imaging, 7 September, 2020	1. Dr. Neetu Singh, AIRF, JNU 2. Mr. Prabhat Kumar, AIRF, JNU	20	1. Participants learnt about imaging using live cell microscopy techniques and its different applications. 2. Virtual Demonstration of Live cell imaging equipment.
2.	Computational Method in Hit and Lead identification/optimization for drug discovery, 19 – 20 November, 2020	1. Mr. Saroj Kumar Jha, AIRF, JNU 2. Mr. Prabhat Kumar, AIRF, JNU	60	1. Participants have gone through different aspects of Computational method in Hit and Lead identification/optimization for drug discovery 2. Demonstration of Schrodinger software uses for different applications.
3.	Basic Image Analysis with NIS Elements, 22 December, 2020	1. Dr. Neetu Singh, AIRF, JNU 2. Mr. Ashok Kumar Sahu, AIRF, JNU	20	1. Participants were exposed to Introduction to Image Analysis software, i.e NIS elements

				2. Virtual demonstration of image analysis using NIS elements software.
4.	Basics of Combined Confocal Raman - AFM System and its Research Applications, 30 – 31 December, 2020	1. Mr. Saroj Kumar Jha, AIRF, JNU	20	1. Participants understood the principal of confocal Raman and Atomic Force Microscope system. 2. Different Applications of Combined Confocal Raman Atomic Force Microscope Equipment 3. Analysis of Raman and AFM data using project four software.
5.	Basic Image Analysis with NIS Elements, 22 January, 2021	1. Dr. Neetu Singh, AIRF, JNU	20	1. Participants were exposed to Introduction to Image Analysis software, i.e. NIS elements 2. Virtual demonstration of image analysis using NIS elements software
6.	Advanced Image Analysis with NIS Elements, 28 January, 2021	1. Dr. Neetu Singh, AIRF, JNU	20	1. Participants exposed to Advance image analysis using NIS elements software
7.	Basics of FTIR Techniques, 25 February, 2021	1. Dr. Manoj Pratap Singh, AIRF, JNU 2. Mr. Saroj Kumar Jha, AIRF, JNU	20	1. Participants have gone through the basics of FTIR Techniques. 2. Different Applications of FTIR equipments. 3. Virtual demonstration of FTIR equipment and analysis of acquired data.
8.	Value added course-“Analytical Tools & Techniques in Environmental Research,” 22 – 26 February, 2021.	AIRF, JNU and Department of Environmental Sciences, J.C. Bose University of Science and Technology, YMCA, Faridabad.	35	1. Advance instruments application in environmental science research.

AIRF stakeholders and revenue

AIRF provided services to more than 2,000 users across India that includes JNU users. Among research scholars users are of postgraduate, Ph. D and post-doc research fellows. Outside JNU users are from the different government organization and institutes like IITs, IISERs, different CSIR labs, different central universities like Delhi University, Jamia Milia Islamia, Aligarh Muslim University, BHU etc. and private research organizations like Amity, Shiv Nadar University, etc. This facility is also used by the researchers from the different section of industry like pharmaceuticals industry, food industry, and industry from the different manufacturing as like automotive industry etc. Approximately Rs. 50 lakh revenue was generated.

New advance instruments installed:

Following major and minor equipment were procured during 2020-2021

Major Equipment:

- Fourier Transform Infrared Spectroscopy (FT-IR)
- X-Ray Irradiator System

Minor Equipments or supporting setup

- Probe Sonicator
- Automated Pellet Press
- Acoustic enclosure for AFM
- Low Temperature Sonicator for XRF and EPR
- Air Handling unit for Mass SpecLab
- Ultrasonic bath for Mass Spec Lab
- Embedded open oven

Grants

AIRF facility is supported by inhouse grants from JNU and DBT: JNU-DBT national training facility for state of the Art equipment used in biotechnology research.

Accomplishments of Research Fellows/ PhD students of Dr. Tulika Prasad (8):

- Anam Rais (working under **Prasad Tulika**) awarded ICMR Senior Research Fellowship, 2020.
- Anam Rais (working under **Prasad Tulika**) selected for oral presentation titled “Biocompatible fluorescent carbon dots for in vitro imaging” in International Conference on Innovations in Biotechnology and Life Sciences 2020 event organized by Delhi Technological University, 18 – 20 December, 2020.
- Arvind Kumar (working under **Prasad Tulika**) attended and presented poster titled “Bioanalytical Method Development for Guanfacine quantification in human plasma by LC-MS/MS and its application in bioequivalence study” in International Conference on Innovations in Biotechnology and Life Sciences 2020 event organized by Delhi Technological University, 18 – 20 December, 2020.
- V. S. Radhakrishnan (working under **Prasad Tulika**) attended and presented poster titled “Nano-strategies against multidrug resistance and pathogenicity in opportunistic fungal pathogen, *Candida albicans*” in International Conference on Innovations in Biotechnology and Life Sciences 2020 event organized by Delhi Technological University, 18 – 20 December, 2020.
- Preeti (working under **Prasad Tulika**) attended and presented poster titled “Broad-spectrum antimicrobial activity of ZnO QDs (5-6 nm) against multidrug resistant microbial isolates” in international conference on Innovations in Biotechnology and Life Sciences 2020 event organized by Delhi Technological University, 18 – 20 December, 2020.
- Richa Singh (working under **Prasad Tulika**) attended and presented poster titled “Clinical resistant isolates of *Mycobacterium tuberculosis* exhibit enhanced cell envelope fluidity due to altered fatty acid composition” in International Conference on Innovations in Biotechnology and Life Sciences 2020 event organized by Delhi Technological University, 18 – 20 December, 2020.
- Megha (working under **Prasad Tulika**) attended and presented poster titled “Synthesis and characterization of fluorescent zein nanoparticles for biomedical applications” in International Conference on Innovations in Biotechnology and Life Sciences 2020 event organized by Delhi Technological University, 18 – 20 December, 2020.

Research Guidance (2020-2021):

Year	Ongoing Ph. D. Students	Post-doctoral fellow	Ongoing M.Tech.
2020-21	Four	One	Two

- **Ph.D. Thesis Submitted:** Richa Singh; Thesis title: “Characterization of cell envelope fluidity and lipid mediated drug resistance in human pathogen, *Mycobacterium tuberculosis*”
- **Ph.D. Thesis Submitted:** Arvind Kumar; Thesis title: “Method of development and validation for estimation of drugs in biological fluids by liquid chromatography tandem mass spectrometry”
- **M.Tech (Nanoscience) Minor Project:** Saurabh Kumar; Dissertation title: “Curcumin based nanoparticles to enhance bioavailability for wound healing”
- **M.Tech (Nanoscience) Minor Project:** Fareen Zaidi; Dissertation title: “Study on Artemisinin based nanostructures for biomedical applications”
- **M.Tech (Biomedical Engineering) Major Project:** Shaleen Jain; Dissertation title: “Preparation of tumor targeting combinatorial therapy using nanoparticle conjugated natural compounds”
- **M.Sc. Dissertation (Bio & Nanotechnology):** Namita Pandey; Dissertation title: “Synthesis and characterization of biocompatible, fluorescent zein nanoparticles for biomedical applications”

Other Scientific and Academic Contributions:

- **Prasad Tulika**, Teaching and Research Supervision of M.Tech. and Ph.D. students of Special Centre for Nano Sciences (SCNS), JNU as Concurrent Faculty.

- **Prasad Tulika**, Courses taught in 2020-21:

M. Tech.

1. Nanobiotechnology & Nanomedicine (NS 660) -Theory
2. Design and Synthesis of Nanostructures (NS 663) -Theory
3. Research Methodology and IPR (NS 654) -Theory
4. Practical courses (NS 655 & NS 671)

Ph.D.

1. Nanobiotechnology & Nanomedicine (NS 619) --Theory
2. Design and Synthesis of Nanostructures (NS 663)--Theory
3. Research Methods for Study of Nano-Bio Interactions [NS 626] –Theory

- **Prasad Tulika**, Designed Brochure and Compiled JNU UPE-II Report in 2020.
- **Prasad Tulika**, Member of Organizing Committee of 2-days Webinar on “Recent Advances in Nanoscience and its Applications” organized by Special Centre for Nano Science, JNU, New Delhi, 27 – 28 July, 2020.
- **Prasad Tulika**, Member of Panel of Experts for question paper setting of Special Centre for Nano Science (PhD-Nanoscience and M.Tech.- Nanoscience) for JNU Entrance Exam, 2020.
- **Prasad Tulika**, Internal/ External Expert for Research Advisory Committee (RAC) of some students of School of Biotechnology, School of Environmental Science, School of Computer and Systems Sciences and Special Centre for Nano Science, JNU and in Department of Biotechnology, Delhi Technological University.
- **Prasad Tulika**, External Examiner for M.Tech. Dissertation of some students of Department of Biotechnology, Delhi Technological University, 2020.
- **Prasad Tulika**, Joint Secretary of Nano Molecular Society (Since November, 2016 till date i.e. 2021); Designing Annual Academic Activity Calendar for Nano Molecular Society.
- **Prasad Tulika**, Member of Organizing Committee of NMS Webinar for World Nanotechnology Day, 9 October, 2020.
- **Prasad Tulika**, Observer in JNUEE 2020 viva-voce/ interview for selection of candidates for M. Phil. and Ph.D. programme of School of Sanskrit and Indic Studies, 9 – 12 November, 2020.
- **Prasad Tulika**, Member of Organizing Committee of NMS Webinar for National Science Day, 28 February, 2021.
- **Prasad Tulika**, Part of team of core faculty member for Live Imaging, Confocal and Fluorescent Microscopy, Gas Chromatograph Mass Spectrometer and Flow Cytometer Cell Sorter Laboratories, AIRF.

Conference/ Seminar Papers: (07)

- **Prasad Tulika**, “Functional Nanostructured Materials for Applications in Nanobiotechnology and Nanomedicine”, in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.

- Anam Rais, L. A. Khan, K. Rawat and **Prasad Tulika**, “Biocompatible fluorescent carbon dots for *in vitro* imaging”, in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.
- Arvind Kumar, S. P. Dwivedi and **Prasad Tulika**, “Bioanalytical method of development for guanfacine quantification in human plasma by LC-MS/MS and its application in bioequivalence study”, in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.
- V. S. Radhakrishnan and **Prasad Tulika**, “Nano-strategies against multidrug resistance and pathogenicity in opportunistic fungal pathogen, *Candida albicans*”, in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.
- Preeti, V. S. Radhakrishnan, Sushanto Mukherjee, Sujata Mukherjee, Surinder P. Singh and **Prasad Tulika**, “Broad-spectrum antimicrobial activity of ZnO QDs (5-6 nm) against multidrug resistant microbial isolates”, in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.
- Richa Singh, V. S. Radhakrishnan, D. S. Chauhan, Ranjan K. Nanda and **Prasad Tulika**, “Clinical resistant isolates of *Mycobacterium tuberculosis* exhibit enhanced cell envelope fluidity due to altered fatty acid composition”, in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.
- Megha and **Prasad Tulika**, “Synthesis and Characterization of Fluorescent Zein Nanoparticles for Biomedical Applications”, in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.

Research Projects: (01)

- **Prasad Tulika**, Principal Investigator for “Developing silver nanoparticles as novel inhibitors of drug efflux pump proteins in *Candida albicans*, a pathogenic yeast,” DBT Grant under Drug Development Section of Medical Mycology, 2020-21.

Participation in National/ International Conferences/ Meetings/ Workshops: (10)

National: (10)

- **Prasad Tulika**, Attended NMS Meeting for National Science Day, 28 February, 2021.
- **Prasad Tulika**, Attended and delivered lecture in international conference on “Innovations in Biotechnology and Life Sciences 2020 event”, organized by Delhi Technological University, 18 – 20 December, 2020.
- **Prasad Tulika**, Attended NMS Meeting for World Nanotechnology Day, 9 October, 2020.
- **Prasad Tulika**, Attended and delivered lecture in seminar on “National Science Policy 2020” organized by Jawaharlal Nehru University, 28 August, 2020.
- **Prasad Tulika**, Attended 2-days webinar on “Recent Advances in Nanoscience and its Applications” organized by Special Centre for Nano Science, JNU, New Delhi, 27 – 28 July, 2020.
- **Prasad Tulika**, Attended and delivered lecture in World Environment Day Seminar on “Environment: Challenges and Control” organized by the Department of Applied Science, PC & Humanities, Babu Banarasi Das Engineering College, Lucknow, UP, 5 June, 2020.
- **Arora, Kavita**, Served as a member of “Local Organizing Committee” in the three - day international conference on “Advances in Differential Equations & Mathematical Modelling (IC-ADE-MM-2020)”, held online at School of Computational and Integrative Sciences, JNU, New Delhi and International Academy of Physical Sciences (IAPS), 18 – 20 December, 2020
- **Arora, Kavita**, Corked as Member of “Local Organizing Committee” in the two-day international conference on “Emerging Trends in Vedic Mathematics & Applications in Science, Technology and Social Sciences Research (ETVM-ASTSSR-2020)”, hosted at Special Centre for E-Learning, JNU, New Delhi, (Online) 16 – 17 August, 2020.
- **Arora, Kavita**, Chaired a technical session on “Applied Mathematics” in the five-day international conference on “Recent Trends in Mathematics and Its Applications to Graphs, Networks and Petri Nets (ICRTMA-GPN-2020)”, hosted at School of Computational and Integrative Sciences, JNU, New Delhi, India, online, 20 – 24 July, 2020.

- **Arora, Kavita**, Has worked as “Co-Convener” in the three-day national webinar on “Applications of Mathematics and Contemporary Use of its Scientific & Technical Terminology in Hindi (AM-CUSTT-H-2020)”, hosted at School of Computational and Integrative Sciences, Jawaharlal Nehru University, New Delhi, India, online, 14 – 16 June, 2020.

Memberships of Boards/ Committees (Outside JNU): (16)

- **Prasad Tulika**, Member of American Society For Microbiology; Member of American Chemical Society; Life Member of The Cytometry Society, India; Life Member of The Indian Society of Chemists & Biologists; Life Member of Biotech Research Society of India (BRSI); Life Member of Indian Nanoscience Society (INS); Life Member of Nano Molecular Society (NMS) and Joint Secretary Elect for the Society; Designing Annual Academic Activity Calendar for Nano Molecular Society; Life Member of Association of Microbiologists of India (AMI); Joint Secretary of The Indian Society of Chemists & Biologists, Delhi Chapter; Life Member of Society of Biological Chemists (SBC, India); External expert member in the Student Review Committee of Department of Biotechnology, Delhi Technological University, New Delhi; Among Approved list of Paper Setters for Masters Level in various departments of Lucknow Integral University for Biotechnology, Bioengineering, Industrial Microbiology & Fermentation Technology, Microbiology, Genetics, Environmental Microbiology and Nanobiotechnology; External examiner of M. Tech. (Biotechnology) and external expert for Student Review Committee for PhD in Department of Biotechnology, Delhi Technological University, New Delhi; External Expert of Project Appointment Committee of School of Chemical and Life Sciences, Jamia Hamdard; and Member of Organizing Committee of Webinars of Nano Molecular Society in 2020-21.

- **U.C. Kulshrestha**, *Deposition Research through Student Network (DRSNet) India:* I have started this network for atmospheric deposition research, which primarily involves his PhD students. It is a very unique network which has dynamic number of sites across India depending upon the number of PhD students and their objectives. It is managed by the students with their fellowships and contingency support. 2013 onwards
- **U.C. Kulshrestha**, *JNU ENVIS RP which is funded by MoEFCC. Project coordinator is Prof U C Kulshrestha while co-coordinator is Dr Usha Mina.* The ENVIS RP has gained huge visibility of the activity of the School of Environmental Sciences among students and other stakeholders. (2020)
- **U.C. Kulshrestha**, *Holistic Environment program:* A recently launched a new program called 'Holistic Environment'. The program is aimed to avoid component base decision making and to go for an integrated approach for suggesting or providing solutions for different environmental problems. (2020)
- **U.C. Kulshrestha**, *Young Holistic Program:* The program aims to develop skills and entrepreneurship of the students by conducting activities, which are named as 'Young Holistic (YoHo)' activities. There are around 30 activities such as Debates, Research Synthesis, Quiz, Yoga, Floriculture, Keyword to essay writing etc. in the list. The program will encourage students to develop life skills through such integrated initiatives. It has a further scope of grants and networking for students and research scholars, (2020)

- **Agrawal R. K.**, “Deep Learning”, IET Distinguished Lecture Series, Institute of Engineering & Technology, Dr. APJ Abdul Kalam Technical University, Lucknow, 3 May, 2020
- **Agrawal R. K.**, “Machine Learning for Climate Smart Agriculture”, Online Training on Machine Learning for Climate Smart Agriculture, The Centre for Advanced Agricultural Science and Technology at Central Campus, MPKV, Rahuri, 15 – 16 May, 2020
- **Agrawal R. K.**, “Deep Learning Models and Challenges”, TEQIP-III sponsored Online Short Term Training Programme on Recent Advances in Artificial Intelligence, NIT Uttarakhand, 27 July, 2020
- **Agrawal R. K.**, “Image Processing and its Applications”, ACM Students Chapter and DRAGON Workshop on Image Processing and Deep Learning, The Northcap University, Gurgaon, 29 – 30 July, 2020
- **Agrawal R. K.**, “Machine Learning methods and its applications”, Online Short Term Course on Applications of Machine Learning in the Advancements of Computer Science under TEQIP-III, 17 August, 2020
- **Agrawal R. K.**, “Convolutional Neural Network”, Advanced Research Applications in Artificial Intelligence” (ARAAI-20), Institute of Engineering & Technology, Dr. APJ Abdul Kalam Technical University, Lucknow, 30 August, 2020
- **Agrawal R. K.**, “Deep Learning Models and Challenges”, TEQIP-III sponsored online short term course “Recent advances in Data Science, Image and Natural Language Processing” (RADSINP-2020), NIT Jalandhar, 22 September, 2020
- **Agrawal R. K.**, “Deep Learning Models and its Challenges”, ATAL FDP on Deep Learning and Artificial Intelligence, Indira Gandhi Delhi Technical University for Women, 22 September, 2020
- **Agrawal R. K.**, “Decision Support Systems for Health Informatics”, FDP on Data Analytics: Present and Future, Madan Mohan Malaviya University of Technology, Gorakhpur, 12 October, 2020
- **Agrawal R. K.**, “Machine Learning methods and its applications”, TEQIP-III sponsored Online Short Term Training Programme on Industry-Academia Convergence in Electronics & Communication Engineering, NIT Uttarakhand, 30 October, 2020
- **Agrawal R. K.**, “Unsupervised Classification and Recent Clustering Methods”, FDP on Machine Learning and Applications (MLA-2020) under AICTE Training and Learning (ATAL) Academy, IIITM Gwalior, 23 November, 2020
- **Agrawal R. K.**, “Neural Network Design and its Architecture”, ATAL FDP on Neural Network and Deep Learning, Guru Gobind Singh Indraprastha University, 24 November, 2020
- **Agrawal R. K.**, “Feature Reduction Methods with Applications”, FDP on Machine Learning and Applications (MLA-2020) under AICTE Training and Learning (ATAL) Academy, IIITM Gwalior, 25 November, 2020
- **Agrawal R. K.**, “Machine Learning methods and its applications”, Refresher Course on Mathematics/Operational Research/Statistics and Computer Science on the theme “Zero to Infinity: A journey of Knowledge at CPDHE University of Delhi, Delhi, 5 December, 2020
- **Agrawal R. K.**, “Machine Learning”, One Week Online STTP on Machine Learning Sponsored by AICTE, Manav Rachna International Institute of Research & Studies, Department of Computer Science and Engineering, 15 December, 2020
- **Agrawal R. K.**, “Machine Learning methods and its applications”, Online Faculty Development Programme on Artificial Intelligence and Machine Learning – Basics and Applications’ organized by CALEM under the Aegis of PMMMNMTT, Ministry of Education, Government of India in collaboration with Department of Computer Science and Applications, Panjab University, Chandigarh, 22 December, 2020
- **Agrawal R. K.**, “Machine Learning methods and its applications”, ICTE sponsored STTP Phase III on “Machine Learning and its Applications in Data Analytics”, S.S.G.M.C.E. Shegaon, 23 – 24 December, 2020
- **Agrawal R. K.**, “Medical Image Analysis”, Faculty development program on the emerging areas of “Potential Research Avenues in Computer Science & Biology”, Malnad College of Engineering, Karnatka, 20 January, 2021
- **Agrawal R. K.**, “Steganalysis: A Machine Learning Approach”, STTP on “Information Security in the Era of Deep Learning: Challenges & Opportunities”, Delhi Technological University, Delhi, 9 February, 2021

- **Agrawal R. K.**, “Brain Computer Interface”, Two weeks Refresher Course” on the theme: “Emerging ICT trends in Teaching-Learning”, Punjab University, Chandigarh, 11 February, 2021
- **Agrawal R. K.**, “Machine Learning”, Workshop on Programming and Software Tools for UG courses, Rajdhani College, University of Delhi, Delhi, 20 March, 2021
- **Agrawal R. K.**, “Deep Learning Models for Medical Image Analysis”, Invited Talk, International conference on Computational Intelligence in Data Science (ICCIDS 2021), Kalavakkam, Chennai, 20 March, 2021
- **Lobiyal, D. K.**, Wireless Security, on October 07, 2020 in FDP on “Cyber Crime & Security” at Department of Information Technology, GB Pant University, Pantnagar, Uttarakhand, 5 – 17 October, 2020
- **Lobiyal, D. K.**, Research Methodology for Computer Science, ICARS, Delhi, 28 June, 2020
- **Lobiyal, D. K.**, 5G Vision and Reality in the Refresher’s Course in computer Science in Kashmir University, 9 March, 2021
- **Lobiyal, D. K.**, Societal Impact of Machine Learning in SSM College, Dinanagar, Punjab, 27 January, 2021
- **Lobiyal, D. K.**, NEP, in the workshop on “Transforming Online Learning for Equitable, Inclusive and Quality Education with special focus on National Education policy 2020” in Satjinda Kalyana College, Rohtak, Haryana, 10 October, 2020
- **Lobiyal, D. K.**, IoT and 5G Synergy at NERIST, Itanagar, Arunachal Pradesh, 25 February, 2021
- **Vidyarthi, D.P.**, “How to Write Research Paper in Computer Science & Engineering”, ETTCS-2020 lecture series, MG Central University, Motihari, Bihar, 11 June, 2020
- **Vidyarthi, D.P.**, “Introduction to Cloud Computing-I”, e-FDP on Cloud Computing, University of Kashmir, Srinagar, Kashmir, 20 July, 2020
- **Vidyarthi, D.P.**, “Introduction to Cloud Computing-II”, e-FDP on Cloud Computing, University of Kashmir, Srinagar, Kashmir, 20 July, 2020
- **Vidyarthi, D.P.**, “Resource Provisioning in Cloud Computing using Auction Mechanism”, e-FDP on Cloud Computing, University of Kashmir, Srinagar, Kashmir, 25 July, 2020
- **Vidyarthi, D.P.**, “Auction in Cloud Computing”, Online STC “Cloud of Things: Theoretical and Practical Implications” at Dr. BR Ambedkar NIT Jalandhar, 11 August, 2020
- **Vidyarthi, D.P.**, “An Overview of Heuristics and Meta-heuristics”, FDP on Advanced Research Applications in Artificial Intelligence (ARAAI-20), 1 September, 2020
- **Vidyarthi, D.P.**, “Genetic Algorithm: How to apply”, Online STC “Soft Computing: Theories and Applications” at Dr. BR Ambedkar NIT Jalandhar, 14 September, 2020
- **Vidyarthi, D.P.**, “Machine Learning and its Applications”, Shaheed Rajguru College of Applied Sciences for Women, University of Delhi, 9 October, 2020
- **Vidyarthi, D.P.**, “Resource Provisioning in Fog-integrated Cloud: A Machine Learning Approach”, FDP, Department of Computer Science, Aligarh Muslim University, Aligarh, 28 October, 2020
- **Vidyarthi, D.P.**, “Resource Provisioning in Fog-integrated Cloud: A Machine Learning Approach”, FDP, Department of Computer Engineering, Institute of Engineering & Technology, Lucknow, 29 October, 2020
- **Vidyarthi, D.P.**, “Auction in Cloud Computing”, FDP on Multidisciplinary Research Innovation in Engineering, Science and Technology for Sustainable Development, Bipin Tripathi Kumaon Institute of Technology, Dwarahat, Uttarakhand, 3 November, 2020
- **Vidyarthi, D.P.**, “An Overview on Heuristics and Meta-Heuristics”, FDP on Artificial Intelligence: building foundation through data exploration, preprocessing and representation, International Institute of Information Technology, Naya Raipur, 21 November , 2020
- **Vidyarthi, D.P.**, “Resource Provisioning in Cloud Computing using Auction” Interdisciplinary Refresher course on Engineering and Technology organized by UGC HRDC Mizoram University, 14 December, 2020
- **Vidyarthi, D.P.**, “Auction in Cloud Computing”, FDP on Emerging Trends of Information Technologies and Its Applications, organized by Ajay Kumar Garg Engineering College, Ghaziabad, 16 December, 2020
- **Vidyarthi, D.P.**, “Resource provisioning in Fog-integrated cloud: A Machine Learning Approach”, FDP on Emerging Trends of Information Technologies and It’s Applications, organized by Ajay Kumar Garg Engineering College, Ghaziabad, 17 December, 2020
- **Vidyarthi, D.P.**, “Auction in Cloud Computing”, Faculty Development Program (FDP) on Data Management, R R Institute of Modern Technology, Lucknow, 18 January, 2021

- **Vidyarthi, D.P.**, “Green Routing Algorithm for IoT Enabled Software Defined WSN” AICTE sponsored Short Term Training Programme on Internet of Things (IoT): Challenges and Applications, USIC&T, GGSIP University, New Delhi, 1 February, 2021
- **Vidyarthi, D.P.**, “Heuristics and Meta-heuristics: An overview”, Skill Development Certificate Course on Advances in Data-Driven Statistical Applications and Computational Techniques, Bharathiar University, Coimbatore, 20 February, 2021
- **Vidyarthi, D.P.**, “Genetic Algorithm: How to apply”, Skill Development Certificate Course on Advances in Data-Driven Statistical Applications and Computational Techniques, Bharathiar University, Coimbatore, 20 February, 2021
- **Vidyarthi, D.P.**, “Genetic Algorithm an AI Tool: How to Apply”, 2nd national virtual conference on Applications of Deep Learning in Artificial Intelligence for Health Care (NCDAH – 2021), Dr. N. G. P. Arts and Science College, Coimbatore, Tamil Nadu, India, 25 March, 2021
- **Kumar, Rajeev**, Ethical Writing: Learning form experiences of day-to-day live examples @ ICARS Delhi, June, 2020
- **Kumar, Rajeev**, Introduction to Prob. Theory in Machine Learning @ NIT Jalandhar, September, 2020
- **Chand, Satish**, Delivered a talk on Video-on-Demand in recent trends in communication, networking and computing paradigms, University College of Engineering & Technology, Bikaner Technical University, Bikaner, Rajasthan, 7 – 18 September, 2020
- **Chand, Satish**, Delivered a lecture on Placement Cell and Career Opportunities in Role of Guidance and Career Counselling in the Perspective of Present Pandemic Situation of Covid-19, National Level Multidisciplinary webinar, organized by Mankar College, Burdwan (W.B), 6 August, 2020
- **Vijay Kumar, T.V.**, Talk on “Data Science and Big Data”, Webinar on Data Science and Big Data, Organized by School of Engineering and Information Technology, Sanskriti University, Mathura, Uttar Pradesh, 22 May, 2020
- **Vijay Kumar, T.V.**, Talk on “Data Streams and Classifying Imbalance Datasets”, Research Connect: 20- Research Practices in Data Streaming and Class Imbalance Classification”, Organized Online by Department of Information Technology, Amity School of Engineering and Technology, Amity University, 22 June, 2020
- **Vijay Kumar, T.V.**, Talk on “Artificial Intelligence and Data Science”, Short-Term Training Program (STTP) on “Data Science & Learning Systems for Engineering Research & Design” under TEQIP-III, organized online by NIT Kurukshetra & ECB Bikaner, 24 – 30 June, 2020
- **Vijay Kumar, T.V.**, Talk on “Data Science and Machine Learning”, Inaugural Session of Lecture Series on Emerging Trends and Technologies in Computer Science (ETTCS-2020), organized online by Department of Computer Science and Information Technology, Mahatma Gandhi Central University, Motihari, Bihar, 4 July, 2020
- **Vijay Kumar, T.V.**, Talk on “Machine Learning and Data Science”, e-Short Term Course (e-STC) on “Machine Learning: Theory and Applications (MLTA-2020)”, organized online by the Department of Physics, Dr. B R Ambedkar National Institute of Technology Jalandhar, 9 – 13 September, 2020
- **Vijay Kumar, T.V.**, Talk on “AI and Machine Learning in Research”, in the Valedictory Session of the One Week Online Faculty Development Programme on Introduction to Machine Learning in Research (Concepts and Practical Use), organized by Ramlal Anand College and Ramanujan College, University of Delhi, Delhi, 10 – 18 October, 2020
- **Vijay Kumar, T.V.**, Talk on “Balancing Exploitation-Exploration during Information Search” in the Faculty Development Programme on Machine Intelligence for Information Retrieval, organized by NIT Kurukshetra, Haryana, 4 – 8 November, 2020
- **Vijay Kumar, T.V.**, Talk on “Understanding Data Science & Artificial Intelligence”, Webinar on “Data Science, Artificial Intelligence and Applications”, Organized by DST Centre for Interdisciplinary Mathematical Sciences Institute of Science, Banaras Hindu University, Varanasi, 20 December, 2020
- **Vijay Kumar, T.V.**, Talk on “Machine Learning and Data Science”, 2-Days Workshop on Insights into Data Science and its Applications, Organized by Department of Computer Engineering, Sarvajanic College of Engineering and Technology, Surat, 9 – 10 January, 2021
- **Vijay Kumar, T.V.**, Talk on “Challenges in AI and Data Sciences”, in the 11th International conference- CONFLUENCE’ 2021, organized by Amity School of Engineering and Technology, Amity University, Uttar Pradesh, India, 28 – 29 January, 2021

- **Vijay Kumar, T.V.**, Talk on Data Science and Big Data in the Ten Days Skill Developments Certificate Courses “Advances in Data-Driven Statistical Applications and Computational Techniques”, organized by Department of Statistics, Bharathiar University, Coimbatore, Tamil Nadu, 12 – 21 February, 2021
- **Vijay Kumar, T.V.**, Talk on Nature Inspired Computational Intelligence in the Ten Days Skill Developments Certificate Courses “Advances in Data-Driven Statistical Applications and Computational Techniques”, organized by Department of Statistics, Bharathiar University, Coimbatore, Tamil Nadu, 12 – 21 February, 2021
- **Vijay Kumar, T.V.**, Talk on “AI and Data Science” in the Second Faculty Development Programme (FDP) on Innovations and Research trends in Artificial Intelligence, organized by Banasthali Vidyapith, Rajasthan, 3 – 8 March, 2021
- **Vijay Kumar, T.V.**, Talk on “Artificial Intelligence and Data Science”, 3rd Technical Symposium on Artificial Intelligence and Machine Learning, organized by Amity University, Noida, Uttar Pradesh, 4 – 5 March, 2021
- **Vijay Kumar, T.V.**, Talk on “Artificial Intelligence and Cyber Security”, International Cyber & Information Security Conference 2021, organized online by Global Counter Terrorism Council, New Delhi, 15 – 17 March, 2021
- **Raza, Zahid**, Talk on “Resource Provisioning in Cloud Computing using Auction Mechanisms”, Ten Days Skill Developments Certificate Courses on Advances in Data Driven Statistical Applications and Computational Techniques, Bharathiar University, Coimbatore, Tamil Nadu, 16 February, 2021
- **Raza, Zahid**, Talk on “Computing Paradigms: Past, Present and Future”, DST PURSE Sponsored Webinar Series on Advanced Computing, Bharathiar University, Coimbatore, Tamil Nadu, 2 November, 2020
- **Raza, Zahid**, Talk on “Grid Computing: Another Drop in the Ocean of Distributed Computing”, J J College, Trichy, Tamil Nadu, 6 June, 2020
- **Sharan, Aditi**, Invited talk on “Unsupervised learning” in FDP on “Machine Learning and Pedagogy” at Deen Dayal Upadhyaya College, Delhi University, 12 May, 2020
- **Singh Piyush Pratap**, Delivered Special Lecture on “Cyber Attack and Malware” in a FDP on Cyber Security conducted by AICTE ATAL FDP at MGAHV (Online) 8 – 12 February, 2021
- **Kumar, Sushil**, Classical Cryptography, ATAL Faculty Development Programme (Online) on Cyber Crime & Security, Department of Information Technology, College of Technology, GBPUAT, Pantnagar, India, 24 November, 2020
- **Kumar, Sushil**, Classical Cryptography, AICTE Sponsored Faculty Development Programme (Online) on Cyber Crime & Security, Department of Information Technology, College of Technology, GBPUAT, Pantnagar, India, 5 – 17 October, 2020
- **Kumar, Sushil**, Trust Evaluation for Lightweight security in Internet of Things using ns-3, Workshop on “Security”, ICARS, New Delhi & Sharda University, Greater Noida, 6 – 10 July, 2020
- **Kumar, Sushil**, Wireless Network Simulation using ns-3, Workshop on “Internet of Things”, ICARS, New Delhi, 22 – 26 June, 2020
- **Kumar, Sushil**, Energy Oriented Optimization in Sensor- Enabled Internet of Things using NS-2, Workshop on Research Tools, ICARS, New Delhi, 29 June, 2020 – 3 July, 2020
- **Kumar, Sushil**, Working on NS-2 and NS-3” in Workshop on Research Tools, ICARS, New Delhi, 29 June, 2020 – 3 July, 2020
- **Singh, Karan**, “Block Cipher” for AICTE SPONSORED FDP “Cyber Crime and Security”, at G.B.P.U.A.T., Pantnagar, Uttarakhand, 5 – 17 November, 2020
- **Singh, Karan**, “Symmetric and asymmetric” for AICTE SPONSORED FDP “Cyber Crime and Security”, at G.B.P.U.A.T., Pantnagar, Uttarakhand, 23 November – 5 December, 2020
- **Singh, Karan**, “Cryptography and network security”, Faculty Development Program on “Computational Intelligent Systems and Security – 2020” School of Computer Science and Engineering, Shri Mata Vaishno Devi University, Katra, Jammu & Kashmir, 20 – 24 July, 2020
- **Singh, Karan**, “Trust Management in WSN” at one-week online Faculty Development Program On Information Security and Privacy (ISP-2021) (Sponsored by ISEA – II Phase) Organized by Department of Computer Science & Engineering, MNNIT Allahabad, Prayagraj, 10 – 14 March, 2021
- **Singh, Karan**, “Trust Management in Wireless Sensor Networks” at one week online Faculty Development Program On Information Security and Privacy 2020 (ISP 2020) (Sponsored by: ISEA – II Phase) Organized by Department of Computer Science and Engineering, Motilal Nehru National Institute of Technology Allahabad Prayagraj, Uttar Pradesh, 26 – 30 May, 2020

- **Singh, Karan**, “Cyber Security” at Faculty Development Program (FDP) on “Information Security: Issues and Challenges (ISIC 2020)” in the Department of Computer Science & Engineering at MNNIT Allahabad, Uttar Pradesh, 17 – 21 November, 2020
- **Singh, Karan**, “Cyber Security and Algorithms” at National Participating in Workshop on Security, ICARS, New Delhi, 6 -10 July, 2020
- **Singh, Karan**, “Trust Management in WSN” at National Participating in Workshop on Internet of Things, ICARS, New Delhi, 22 – 26 June, 2020
- **Singh, Karan**, “Research Tools” at National Workshop on Research Tools at ICARS, ICARS, New Delhi, 29 June – 3 July, 2020
- **Singh, Buddha**, Deliver a talk on e-learning and national education through webinar at Mathura Prasad Mahavidyalaya, Konch, Jalaun, Bundelkhand University, Jhansi, 9 October, 2020
- **Sharma, Saurabh Kumar**, Delivered a talk on “Complexity in SARS-CoV-2 Genome Data: Mathematical Modeling of Epidemic in the broad area of Sustainable Development After COVID-19: Environmental Issues and Challenges” at Deva Nagri College, Meerut (C.C.S. University, Meerut), UP., June, 2020

- **Mukherjee Prerana**, Delivered panel talk on “Problem 1 ITU-ML5G-PS-019 Evaluation Criteria in ITU AI/ML in5G Challenge Open House” and Roundtable No. 2, France (Online mode), 19 August, 2020

National : (23)

- **Kumar Ashwani**, Delivered expert lecture on career prospects after undergraduation in Sri Aurobindo College, University of Delhi, New Delhi, 20 – 24 January, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Practical Antennas: from Basics to Advancement” in one-week STC on “Advances in Antenna Design Techniques and Simulations using CST Studio Suite” held in Dept ECE of NITTTR, Chandigarh (Govt. of India), 22 – 26 June, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Advanced Antennas: Fabrication and Measurement Techniques” in one-week STC on “Advances in Antenna Design Techniques and Simulations using CST Studio Suite” organized by Dept ECE of NITTTR, Chandigarh (Govt. of India), 22 – 26 June, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Circularly Polarized Antennas: Need of Applications”, in one-week STC on ‘Antenna Design Techniques and Software Simulations using HFSS’ held in Dept ECE of NITTTR, Chandigarh (Govt. of India), 13 – 17 July, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Role of Defected Ground Structure (DGS) in Antennas”, in one-week STC on ‘Antenna Design Techniques and Software Simulations using HFSS’ held in Dept ECE of NITTTR, Chandigarh (Govt. of India), 13 – 17 July, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Fabrication and Measurement Techniques of Advanced Microstrip Antennas” in AICTE sponsored one-week STTP on “Antenna Design and Analysis Using Mathematical Solvers” held in Aditya Institute of Technology and Management, Tekkali (TEQIP funded, UGC recognized and AICTE approved Institute), 29 October – 3 November, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Transformations of Conventional Antennas Into Microstrip Antennas and their Advancement in Modern Communications” in AICTE sponsored one-week STTP on “Antenna Design and Analysis Using Mathematical Solvers” held in Aditya Institute of Technology and Management, Tekkali (TEQIP funded, UGC recognized and AICTE approved Institute), 29 October – 3 November, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Miniaturization Techniques for Advanced Antennas” in AICTE sponsored one-week STTP on “Design and Simulation of Miniature Antennas for IoT Applications-DSMAIA-2020” held in MVGR College of Engineering (A), Vizianagaram, A.P. (accredited by NBA & NAAC, UGC recognized and AICTE approved Institute), 23 – 28 November, 2020.
- **Khandelwal Mukesh K.**, Delivered expert lecture on “Antenna’s Transformations For Modern Wireless Communications” in a one-week Faculty Development Programme (FDP) programme on “Emerging Technologies in the field of RF and IoT” at HMRITM, Delhi, 20 – 26 March, 2021.

- **Saxena Varun**, Delivered expert lecture on “Digital Learning with Multi-disciplinary Approaches”, International Faculty Development Program, JSS Academy of Technical Education, Noida, 12 – 17 June, 2020
- **Saxena Varun**, Delivered expert lecture on “Online Assessment” at 2nd Faculty Induction Program, Dr. Baba Saheb Ambedkar Marathwada University, Aurangabad, Maharashtra, 3 November, 2020.
- **Saxena Varun**, Delivered expert lecture on “Online Assessment on evaluation, Examiner.in” at the 3rd Faculty Induction Program, Dr. Baba Saheb Ambedkar Marathwada University, Aurangabad, Maharashtra, 21 December, 2020.
- **Saxena Varun**, Delivered expert lecture in a short-term training program on “Digital Learning for Advanced Pedagogical Techniques and Research Methodologies”, at Lingaya’s Vidyapeeth, Faridabad, Haryana, 10 – 16 February, 2021.
- **Saxena Varun**, Delivered expert lecture on “Examiner in - Online Assessment platform” at the 4th Faculty Induction Program, Dr. Baba Saheb Ambedkar Marathwada University, Aurangabad, Maharashtra, 2 March, 2021.
- **Mukherjee Prerana**, Delivered expert lecture on Role of IoT in Smart Transportation under chaotic environment in the Short-Term Training Programme (STTP) on Internet of Things (IOT) for Emerging Engineering Applications at Manav Rachna International Institute of Research and Studies (MRIIRS) Faridabad, 10 – 17 August, 2020.
- **Mukherjee Prerana**, Delivered expert lecture on IoT in Smart Transportation under chaotic environment in the Short-Term Training Programme (STTP) on Internet of Things (IOT) for Emerging Engineering Applications at Manav Rachna International Institute of Research and Studies (MRIIRS) Faridabad, 24 – 29 August, 2020.
- **Mukherjee Prerana**, Delivered expert lecture on “IoT in Smart Transportation Under Chaotic Environment” in the Short-Term Training Programme (STTP) on “Internet of Things (IOT) for Emerging Engineering Applications” at Manav Rachna International Institute of Research and Studies (MRIIRS) Faridabad, 7 – 11 September, 2020.
- **Mukherjee Prerana**, Delivered expert lecture on “IoT in Smart Transportation under Chaotic Environment” in the AICTE-ATAL sponsored Faculty Development Program on “Internet of Things” at Babasaheb Bhimrao Ambedkar University, Lucknow, 5 – 9 October, 2020.
- **Mukherjee Prerana**, Delivered expert lecture on “Generative Adversarial Network Applications in Computer Vision” in the AICTE STTP on “Recent Advancements in Artificial Intelligence and Machine Learning” at J. C. Bose University of Science and Technology, YMCA, Faridabad, 22 – 27 March, 2021.
- **Mukherjee Prerana**, Delivered expert lecture on “AI and ML in Smart transportation in the AICTESTTP” on “Recent Advancements in Artificial Intelligence and Machine Learning” at J. C. Bose University of Science and Technology, YMCA, Faridabad, 22 – 27 March, 2021.
- **Mukesh Giluka & Mukherjee Prerana**, Served as a Global Mentor in ITU AI/ML in 5G challenge organized by CISCO and ITU-Tin, France, June – December, 2020
- **Mukherjee Prerana**, Served as a Judge for Hackathon by Devpost Theme: Lifehacks, Website: bothacks2020.devpost.com, 30 – 31 August, 2020.
- **Rajkumar, Krishnan**, Delivered expert lecture on “Generalizations of the Selberg integral and combinatorial connections” in Seminar on “Algebraic Combinatorics Seminar”, Institute of Mathematical Sciences, Chennai, 10 September, 2020.
