

Jawaharlal Nehru University

Press Note

13 October 2017

The JNU Administration is concerned over the fact that almost a year has passed without any information on Mr. Najeeb Ahmed, who had gone missing from the university campus in October last year.

The Administration has been in touch with the investigating agencies, but the university is waiting for a new lead in the case from the investigating agency. At the administrative level in JNU, the Deans of various Schools and Chairpersons of the Special Centres have also been requested to suggest ways of expediting the search for Najeeb.

The JNU Community sympathises with and shares the insurmountable grief of the members of Najeeb Ahmed's family. The university has been and is putting all its efforts towards the search for Najeeb Ahmed.
